

Investigation work on the M4 Motorway and the Prospect Highway from Monday 22 June

The NSW Government is planning to upgrade 3.6 kilometres of the Prospect Highway between Reservoir Road, Prospect and St Martins Crescent, Blacktown to reduce congestion and to help meet future traffic demands on this corridor.

Roads and Maritime Services will carry out essential utility investigation work to help finalise the detailed design ready for construction for the upgrade of the Prospect Highway.

Contractors working on behalf of Roads and Maritime will use a vacuum truck and concrete cutters to dig through the road pavement and footpath to depths of about two metres in several locations along the Prospect Highway, Blacktown Road, Reconciliation Road and Reservoir Road.

In addition to this work 13 boreholes and eight test pits will be drilled near and adjacent to the highway and on-ramp to the Prospect Highway.

This work will be carried out for **six weeks** from **Monday 22 June to Friday 31 July**, between **7am and 6pm** from **Mondays to Fridays**, and **Saturdays** from **8am to 1pm**, excluding Sundays. Some **night work** will be needed between **8pm and 5am** from **Sundays to Fridays**, weather permitting.

Changed traffic conditions

Lane closures will be in place while this work is carried out to ensure the safety of road users and workers. Road users are asked to follow the direction of traffic controllers, adhere to reduced speed limits and follow traffic signs.

There will be some noise associated with this work but every effort will be made to minimise the impact on residents and businesses.

Up to date information, including any date changes and detours will be displayed on electronic message signs along the road.

We apologise for any inconvenience this work may cause and appreciate the patience of residents and road users.

For further information please contact the project team during business hours on 1300 660 275 or prospecthighway@rms.nsw.gov.au.
