NSW GOVERNMENT

Intersection upgrade at Pennant Hills Road, Cumberland Highway and Adderton Road, Carlingford from 1 August 2022

July 2022

The Australian and NSW Governments are investing more than $400 million to improve safety and reduce crashes on NSW roads.

Transport for NSW is upgrading the traffic lights at the intersection of Pennant Hills Road, Cumberland Highway and Adderton Road, Carlingford as part of the Road Safety Stimulus Program. Upgrading the traffic light displays will improve traffic light visibility and safety at the intersection for pedestrians and road users.

Work will include upgrading signage, replacing some existing traffic light posts with taller posts with mast arms and moving one post to improve visibility. We will also be delivering minor upgrades to the footpath and kerb ramps, and painting new line markings at one of the existing pedestrian crossings. The below map shows the location of our work.

Our work schedule

We will be on site for **eight night shifts** between **Monday 1 August** and **Monday 5 September 2022**, weather permitting.

Our night work hours will be from **8pm to 5am,** the next day, **Sunday** to **Thursday**.

We will not work on Saturdays.

How will the work affect you?

Our work needs to be carried out at night to minimise disruption to traffic and reduce safety risks to our workers, pedestrians and motorists.

Equipment used may include a concrete saw, concrete truck, jack hammer, scissor lift, small excavator and powered hand tools. This may make our work noisy at times, but we will do everything we can to minimise impacts, including using quieter equipment where we can, turning off equipment and vehicles when they are not in use and completing the noisier tasks by midnight.

If you have any concerns or questions about the planned work, or how it may impact you, please contact the project team as detailed below.

Traffic changes

There will be some temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Transport for NSW thanks the community for their patience while we complete this important work.
