

Investigation work at Rawson Street and Parramatta Road, Auburn from 14 March

March 2022

The Australian and NSW Governments are investing more than \$400 million to improve safety and reduce crashes on NSW roads.

Transport for NSW will be carrying out investigation work at the intersection of Rawson Street and Parramatta Road, Auburn to help plan for future road safety improvements in the area.

The work will include investigating ground surface and above ground conditions, placement of underground utilities and taking soil samples.

The below map shows the location of our work.

Our work schedule

We will be on site for four day shifts and six night shifts between **Monday 14 March** and **Monday 11 April**, weather permitting.

Our day work hours will be from **7am to 6pm, Monday to Friday** and from **8am to 1pm on Saturday**. Our night work hours will be from **8pm to 5am**, the next day, **Sunday to Thursday**.

How will the work affect you?

Some of our work will need to be carried out at night to minimise disruption to traffic and reduce safety risks to our workers and motorists.

Our work may be noisy at times, but we will do everything we can to minimise its impact, including completing the noisier tasks by midnight. We will stage our work to ensure we do not complete noisy work more than two nights in one week.

All work is in line with the current Public Health Orders and a COVID-19 Safe plan is in place, including face masks where appropriate.

Traffic changes

There will be some temporary traffic changes during our work hours to ensure the work zone is safe.

Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Thank you for your patience during this important work.
