

South Batemans Bay Link Road – utility adjustment work starting from Wednesday 11 August to prepare for construction

The NSW Government is funding a safe and efficient connection between the South Batemans Bay Link Road and the Princes Highway.

Early work activities

We will be carrying out utility adjustment work for the South Batemans Bay Link Road project to prepare for major construction.

We will be working from **Wednesday 11 August for approximately seven weeks**, weather permitting. Work will be carried out between **7am and 6pm from Monday to Friday** and **8am to 1pm Saturday**. The utility adjustment work will not affect motorists on the Princes Highway however you may see utility technicians in the area. Underboring work during August may require short stop/slow traffic conditions when equipment is required to move across the Princes Highway.

Work includes decommissioning, relocation and protection of the existing Optus and Telstra utilities as well as two underbores for water mains across the Princes Highway.

How will the work affect you?

There may be some noise associated with this work, however we will make every effort to minimise impacts to nearby residents.

Traffic changes

During these early works there will be minimal impacts to traffic. Once construction starts in coming months there will be temporary traffic changes and reduced speed limits implemented to ensure the work zone and road is safe for motorists and workers.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Detailed design

The project team are using the recommendations from the submissions report to help shape the final design for the project. The submissions report reviewed all community feedback received during the display of the concept design. The final design will be available to the community in the coming months.

We will continue to keep you informed as we move into the next stage of the project

Thank you for your patience while we carry out this essential work.

Contact

If you have any questions, please contact the project team on 1800 549 159 or southbatemansbaylinkroad@transport.nsw.gov.au
