

# Spring Farm Parkway Stage 1

## Out of hours work notification | July – October 2022

Construction on the Spring Farm Parkway Stage 1 is now underway, and will provide a new four lane divided road extending one kilometre connecting Menangle Road to Menangle Park Urban Release Area including the interchange at the Hume Motorway with north facing ramps. Work on this project will continue during standard construction hours. **From Monday 18 July to Friday 14 October 2022**, weekend and night work will also occur to enable works on the Hume Motorway and will include:

### Roadworks to widen the median strip on the Hume Motorway

- Installation of temporary barriers
- Road resurfacing and line marking
- Excavation
- Construction of median and temporary pavements
- Barrier removal.

### Protection work around the support columns of the Mark Evans Bridge

- Guardrail removal
- Excavation of foundations
- Construction of concrete foundations and barriers

### Construction of temporary access off the Hume Motorway

- Installation of temporary barriers
- Excavation
- Line marking
- Construction of temporary access pavements

### Use of the site compound to:

- Stockpile material
- Undertake associated office-based work.

Location of out of hours work along Hume Motorway and Menangle Road

## How will this work affect you?

During the night work machinery and equipment including trucks, vibratory rollers, vehicles, lighting towers, saw cutters, concrete truck and pumps, generators, cranes, excavators, paving machines and line markers may be used.

This work may be noisy at times. Where possible we will take steps to minimise noise and disruption by:

- Completing saw cutting and vehicle movements before midnight.
- Undertaking noise monitoring
- Moving machines and equipment away from residences
- Communicating over distance by radio and hand signals
- Turning vehicles and equipment off when not in use.

## Work schedule

We will be working standard construction hours between 7am to 6pm Mondays to Fridays, and 8am to 1pm Saturdays.

Sundays and night work will also be required between **Monday 18 July and Friday 14 October 2022, from 6pm to 7am**, weather permitting.

During this time there will also be temporary traffic changes on the Hume Motorway. To minimise impacts to traffic and to ensure the safety of workers and road users, night work will take place on the Hume Motorway and will involve temporary changes to traffic. These changes will include:

- Temporary lane closures of one to two lanes to enable line marking and barrier placement.
- Temporary speed limit reduction to 40km/h throughout the duration of the night work,

Electronic signage will advise road users of these changes. Please keep to the reduced speed limit and follow the directions of traffic controllers and signs.

For the latest traffic updates, call **132 701**, visit **livetraffic.com** or download the **Live Traffic NSW App**.
