November 2019

Spring Farm Parkway Stage 1 – Submissions Report

The NSW Government is planning the Spring Farm Parkway, a key east-west link to support the Greater Macarthur Growth Area.

Stage 1 of the Spring Farm Parkway would provide a new four lane divided road, connecting Menangle Road to the Hume Motorway. The entire parkway would also create a key connection between Spring Farm, Elderslie and Menangle Park and service existing and future residential land releases in the Greater Macarthur Growth Area.

In February and March 2019, Roads and Maritime Services invited comments from the community and stakeholders on the Review of Environmental Factors (REF) and concept design for Stage 1 of the proposed parkway.

During the consultation we received 117 submissions on the proposal. We have now considered all community and stakeholder feedback we received. We have prepared a submissions report to respond this feedback and the report is now available online at rms.nsw.gov.au/springfarmparkway.

What happens next?

After considering all feedback and responses, along with the aims and objectives of the proposal, we have decided to proceed with Stage 1 of Spring Farm Parkway, with minor changes to the proposal. Please see Section 3 of the submissions report for detail on the changes.

We have written directly to individuals and stakeholders who provided submissions during the consultation. We value the community's feedback and will continue to engage with the community and stakeholders as this project progresses.

We will now progress to finalise the detailed design and any further environmental considerations for Stage 1 of Spring Farm Parkway.

Contact

If you have any questions, please contact 1800 316 866 or email springfarmparkway@rms.nsw.gov.au. For more information on our projects, visit rms.nsw.gov.au.

We thank everyone for considering the proposal and for providing feedback.

Translating and Interpreting Service

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone Roads and Maritime Services on 1800 316 866

Arabic
