

# Airport precinct upgrade – Weekly update

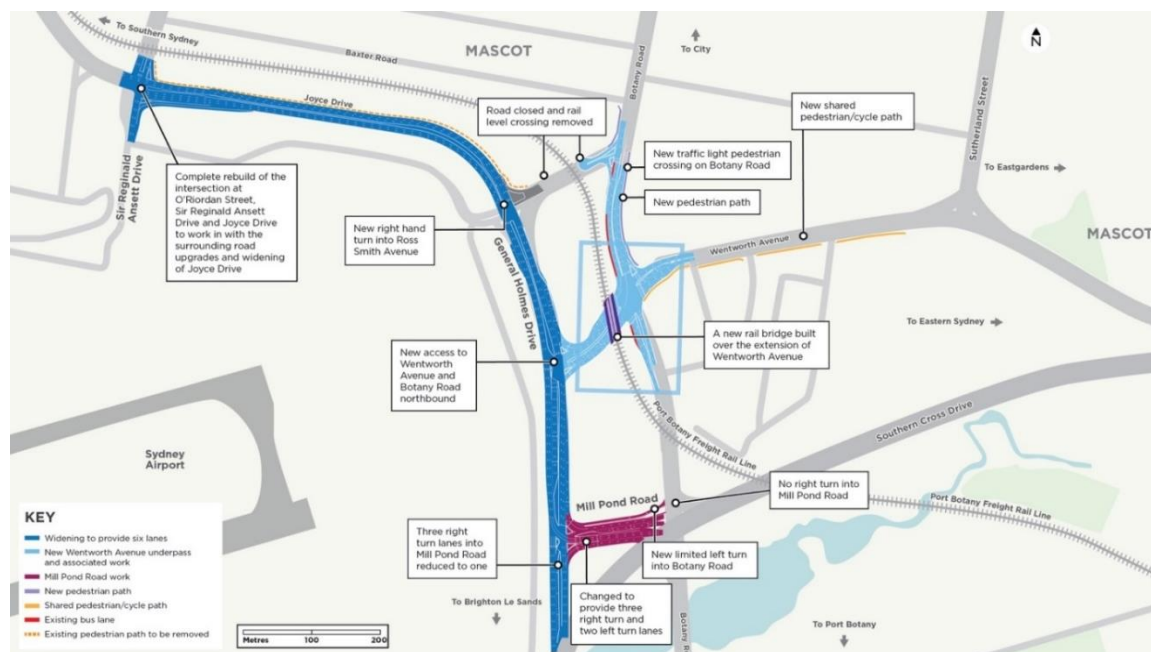

Week commencing Sunday 27 January 2019

## Airport East project work includes:

- earthwork, including pavement work and installing traffic lights on Joyce Drive
- service identification and relocation, including excavation along Joyce Drive
- service identification and relocation along General Holmes Drive
- roadwork including pavement work, median work and installing traffic barriers on General Holmes Drive
- identifying underground utility locations and pavement investigation along Botany Road, Botany Lane, Bronti Street, Mill Pond Drive, Wentworth Avenue, Hardie Street, Beresford Street, General Holmes Drive and Joyce Drive
- service identification and relocation, including removing and replacing street lights along Botany Road
- construction work at the intersection of Botany Road and Wentworth Avenue, including installing drainage and traffic barriers
- construction work inside the site compound on Wentworth Avenue and along Botany Road and Wentworth Avenue including trenching and excavation
- kerb and footpath work along Botany Road, near Bronti Street. A pedestrian detour will be in place for this work
- use of the storage site in Dransfield Avenue
- construction work including piling and excavation at the new rail bridge near Botany Road
- construction work including access, spoil and vegetation removal from Mill Pond Drive
- road work including traffic light trenching on Mill Pond Drive
- operating and monitoring groundwater systems 24/7
- delivery of construction vehicles and equipment to the work areas.

Standard construction hours for the **Airport East project** are from **7am to 6pm, Monday to Friday** and **8am to 1pm on Saturday**, excluding public holidays. Out of hours work will include up to **five-night shifts** during the week and extended hours on Saturday. Our night working hours are **9pm to 5am**. Not all work during this time will be noisy.

## Airport East Precinct Upgrade

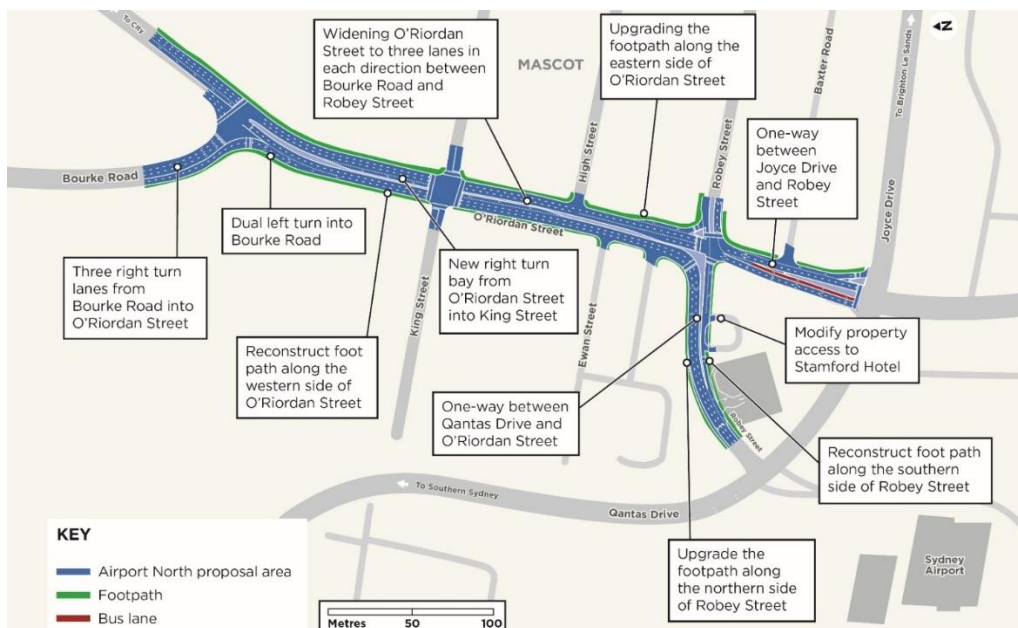

## Airport North project work includes:

- traffic management and roadwork including removing and replacing line marking, installing signs and traffic barriers and temporary traffic changes along O’Riordan Street between Bourke Road and Joyce Drive
- the pedestrian footpath will be closed on the eastern side of O’Riordan Street between High Street and Robey Street. Pedestrian diversions will be in place
- service identification in O’Riordan Street, Bourke Road, High Street, King Street, Robey Street and Baxter Road. This involves the use of a vacuum truck to safely identify the locations of underground services
- service relocation including excavation and trenching across and along O’Riordan Street near Bourke Road, King Street, High Street and Robey Street
- kerb and traffic light adjustments and installing pram ramps along O’Riordan Street near King Street
- pavement work and removal of concrete medians on Robey Street
- service relocation and investigation including excavation and stormwater work on Robey Street
- service identification and relocation including trenching along O’Riordan Street between Robey Street and Baxter Road
- ongoing pedestrian changes and detours during construction work, please follow direction of signage
- removal of tree stumps and topsoil including excavation and material removal in work areas along O’Riordan Street
- installation of environmental controls
- use of site compounds at 166 and 200 O’Riordan Street for delivery and removal of equipment and materials
- delivery of construction vehicles and equipment to the work areas.

Standard construction hours for the **Airport North project** are from **7am to 6pm, Monday to Friday and 8am to 1pm on Saturday**, excluding public holidays. Out of hours work will include up to **five-night shifts** during the week, our night working hours are **9pm to 5am**. Not all work during this time will be noisy

## Airport North Precinct Upgrade

There may be some noise, dust, vibration and disruption associated with this work. Machinery and equipment used may include trucks, excavators, paving machines, rollers, lighting towers, road saws, plate compactors, vacuum trucks, grinders, cranes, elevated work platforms, chainsaws, mulching machines, light vehicles, hand tools, concrete trucks and equipment.

We will continue to make every effort to minimise the impacts to the local community.

**If you have any questions about the work on either project**, please contact our delivery partner, John Holland Group on **1300 862 844** or [comms.airportprecinct@jhg.com.au](mailto:comms.airportprecinct@jhg.com.au).

For more information on our projects, visit [www.rms.nsw.gov.au/sydneyairport](http://www.rms.nsw.gov.au/sydneyairport).

Thank you for your patience during this important work.
