

Airport precinct upgrade – Weekly update

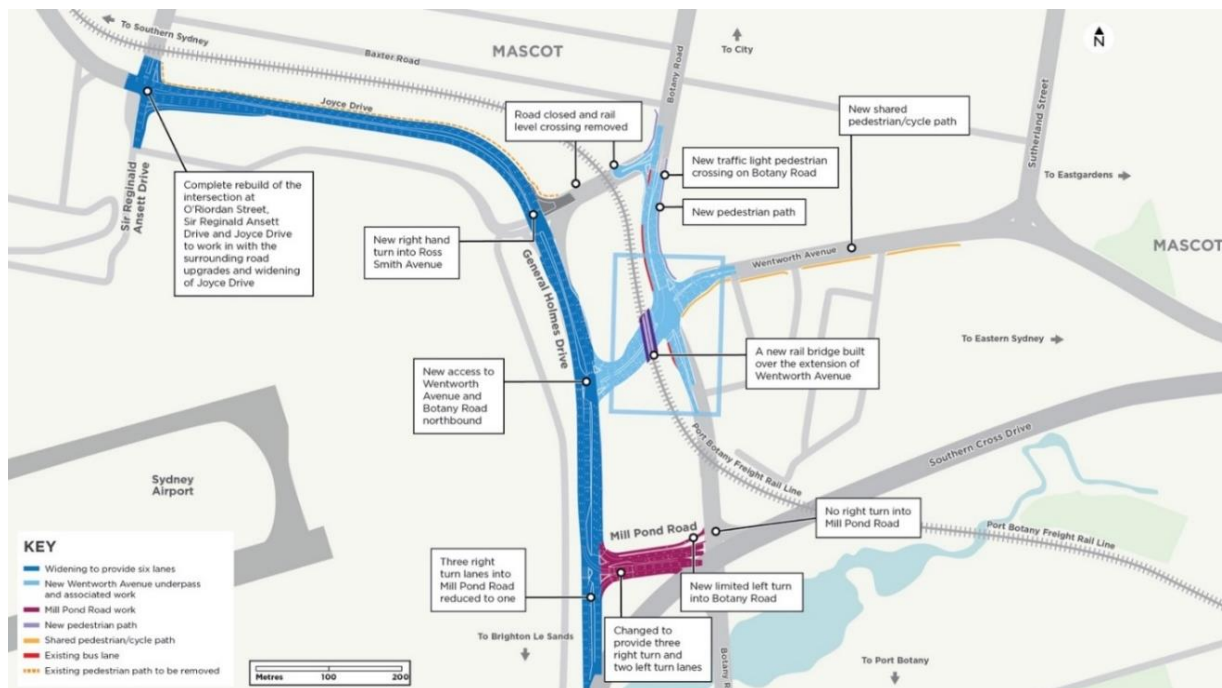

Week commencing Sunday 10 February 2019

Airport East project work includes:

- service identification and relocation along Joyce Drive
- service identification and relocation, including trenching and light pole removal and installation along General Holmes Drive
- road work, including asphaltting, line marking, traffic lights and barrier installation on General Holmes Drive and Joyce Drive
- identifying underground utility locations and pavement investigation along Botany Road, Botany Lane, Bronti Street, Mill Pond Drive, Wentworth Avenue, Hardie Street, Beresford Street, General Holmes Drive and Joyce Drive
- construction at the intersection of Botany Road and Wentworth Avenue, including the installation of traffic light cables, line marking, barrier and kerb installation
- construction inside the site compound on Wentworth Avenue and along the work area on Botany Road and Wentworth Avenue, including trenching, excavation and drainage work
- major road work at the Botany Road and Wentworth Avenue intersection from 8pm Friday 8 February to 5am Monday 11 February, avoid non-essential travel in the area, traffic detours in place
- construction, including piling and excavation at the new rail bridge location near Botany Road
- use of the storage site in Dransfield Avenue
- construction and roadwork, including excavation, access, spoil and vegetation removal on Mill Pond Drive
- operating and monitoring groundwater systems 24/7
- delivery of construction vehicles and equipment to the work areas

Standard construction hours for the **Airport East project** are from **7am to 6pm, Monday to Friday** and **8am to 1pm on Saturday**, excluding public holidays. Out of hours work will include up to **five-night shifts** during the week and extended hours on Saturday. Our night working hours are **9pm to 5am**. Not all work during this time will be noisy.

Airport East Precinct Upgrade

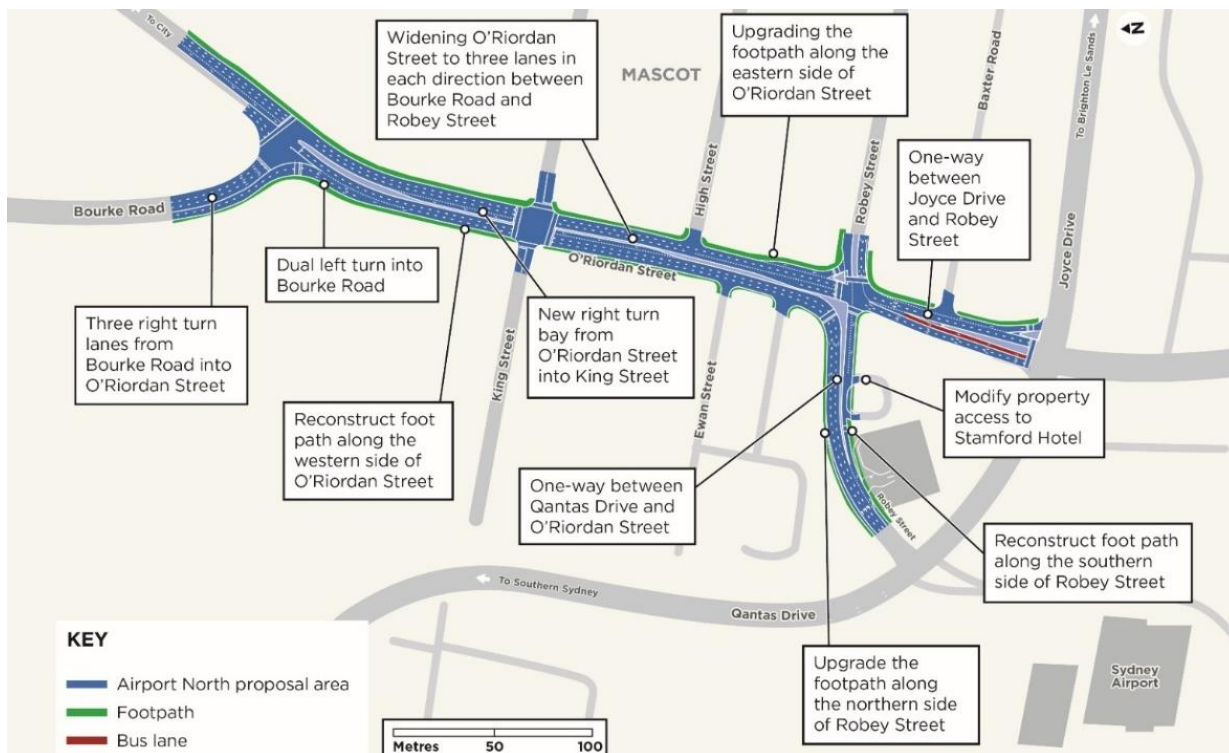

Airport North project work includes:

- traffic management and roadwork, including line marking and line removal, sign and traffic barrier installation and temporary traffic changes along O’Riordan Street between Bourke Road and Joyce Drive
- the pedestrian footpath is closed on the eastern side of O’Riordan Street between High Street and Baxter Road – pedestrian diversions are in place.
- service identification in O’Riordan Street, Bourke Road, High Street, King Street, Robey Street and Baxter Road. This involves the use of a vacuum truck to safely identify the locations of the underground services
- service relocation, including trenching and road crossing across and along O’Riordan Street near Bourke Road
- temporary footpath work and pram ramp installation including excavation along O’Riordan Street near Bourke Road
- road crossing, including trenching along O’Riordan Street near King Street and High Street
- service relocation, including excavation, trenching and stormwater work on Robey Street and Baxter Road
- drainage installation on O’Riordan Street, north of Robey Street
- roadwork and traffic changes on O’Riordan Street southbound from High Street to Joyce Drive. Please follow the directional signage and obey road work speed limits
- ongoing pedestrian changes and detours during construction work, please follow direction of signage
- removal of tree stumps and topsoil, including excavation and material removal in work areas along O’Riordan Street
- installation of environmental controls
- use of site compounds at 166 and 200 O’Riordan Street for delivery and removal of equipment and materials
- delivery of construction vehicles and equipment to the work areas

Standard construction hours for the **Airport North project** are from **7am to 6pm, Monday to Friday and 8am to 1pm on Saturday**, excluding public holidays. Out of hours work will include up to **five-night shifts** during the week, our night working hours are **9pm to 5am**. Not all work during this time will be noisy.

Airport North Precinct Upgrade

There may be some noise, dust, vibration and disruption associated with this work. Machinery and equipment used may include trucks, excavators, paving machines, rollers, lighting towers, road saws, plate compactors, vacuum trucks, grinders, cranes, elevated work platforms, chainsaws, mulching machines, light vehicles, hand tools, concrete trucks and equipment.

We will continue to make every effort to minimise the impacts to the local community.

If you have any questions about the work on either project, please contact our delivery partner, John Holland Group on **1300 862 844** or comms.airportprecinct@jhg.com.au.

For more information on our projects, visit www.rms.nsw.gov.au/sydneyairport.

Thank you for your patience during this important work.
