

Australian Government

BUILDING OUR FUTURE

October 2018

Work at the intersection of Botany Road and Wentworth Avenue, Mascot

The Australian and NSW Governments are upgrading roads east of Sydney Airport to improve traffic flow and access to the airport and Port Botany.

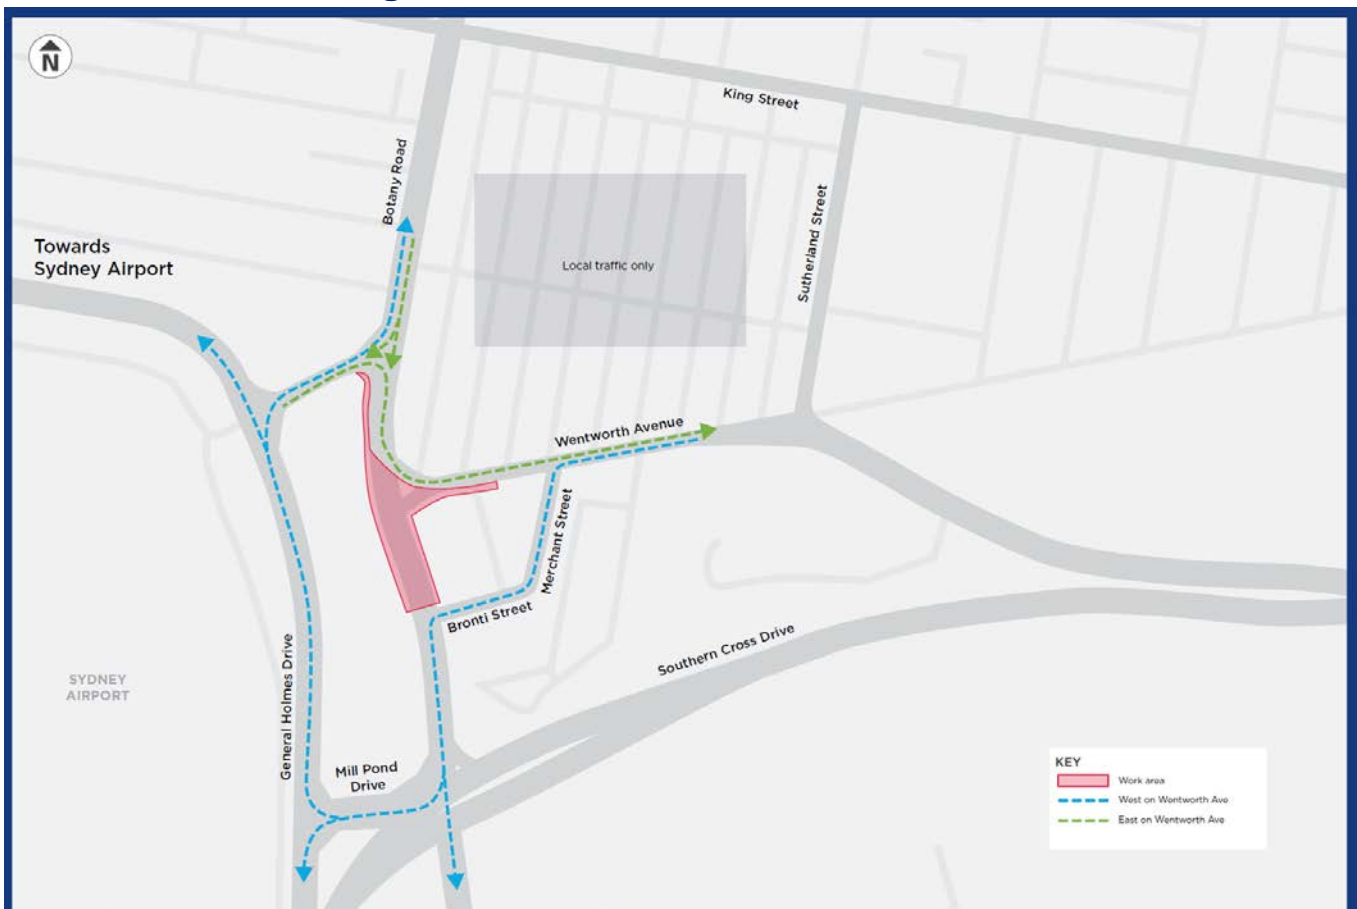

As part of the Airport East project, we need to rebuild the intersection at Botany Road and Wentworth Avenue, Mascot, to tie in with the new Wentworth Avenue underpass.

We have carefully planned this work to minimise ongoing disruption in the area. The work will take place during two full weekend shifts between **8pm, Friday 12 October 2018** and **5am, Monday 15 October 2018** and **8pm Friday 19 October** and **5am, Monday 22 October**.

The scheduled work is dependent on weather and construction conditions.

There will be temporary traffic changes in place which will affect travel times. Motorists are advised to expect delays, allow extra travel time and avoid non-essential travel in the area. There will be extensive signage, traffic controllers and NSW Police in place to help direct traffic in and around the work area. Follow the direction of traffic controllers and signs at all times and keep to the speed limit. We have prepared a map with the work area and the detours clearly marked.

Weekend traffic changes

Public transport changes

Route 301, 303, 309, 310, M20 and 400 buses running through the intersection of Botany Road and Wentworth Avenue will be diverted and will miss some bus stops.

Signs will be installed at these stops to inform customers of the nearest alternative stop. Visit transportnsw.info to plan your trip.

How will the work affect you?

A large portion of the intersection will be closed to traffic during the weekend while we re build the intersection.

Access will be maintained for businesses and residents, although there may be detours and delays in travel times during the weekend.

If you're travelling from the east, use an alternative route like Foreshore Road and Gardeners Road.

Work at the intersection will include:

- removing the existing road surface
- excavating down to the new road level
- re-building the new road
- laying new asphalt and line marking
- installing temporary traffic lights and signage.

There will be some noise, dust, vibration and disruption associated with this work. Machinery and equipment used will include trucks, excavators, hammers, lighting towers, road saws, paving machines, rollers, vacuum trucks, grinders, light vehicles and hand tools.

Lighting towers will be directed away from properties at night, where possible. Pedestrian access will be maintained at all times, although minor temporary detours will be in place during the work.

Roadwork speed limits are enforceable, please follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions or need additional information, please contact our delivery partner John Holland Group on **1300 862 844** or comms.airporteast@jhg.com.au. For more information on this project, visit www.rms.nsw.gov.au/sydneyairport.

Thank you for your patience during this important work.

Translating and Interpreting Service

If you need an interpreter, please call the Translating and Interpreting Service (TIS National) on **131 450** and ask them to telephone Roads and Maritime Services on 1300 862 844

Arabic
