

Australian Government

BUILDING OUR FUTURE

February 2018

Road work at the intersection of O’Riordan Street, Sir Reginald Ansett Drive and Joyce Drive.

The Australian and NSW Governments are upgrading roads east of Sydney Airport to improve traffic flow and access to the airport and Port Botany.

As part of the Airport East project, we need to rebuild the intersection at O’Riordan Street, Sir Reginald Ansett Drive and Joyce Drive to work in with the surrounding road upgrades and widening of Joyce Drive.

We are carefully planning this work in stages to minimise disruption in the area. We have planned three full weekend shifts between **9 February 2018** and **26 March 2018** to complete the work.

The first weekend of work has now been successfully completed.

The second weekend of work is scheduled for **9pm Friday 23 February to 5am Monday 26 February 2018**, weather and construction conditions permitting.

You will be notified of the final weekend of work in a separate notification.

There will be temporary traffic changes in place which will affect travel times. **Motorists are advised to expect delays, allow extra travel time and avoid non-essential travel in the area.**

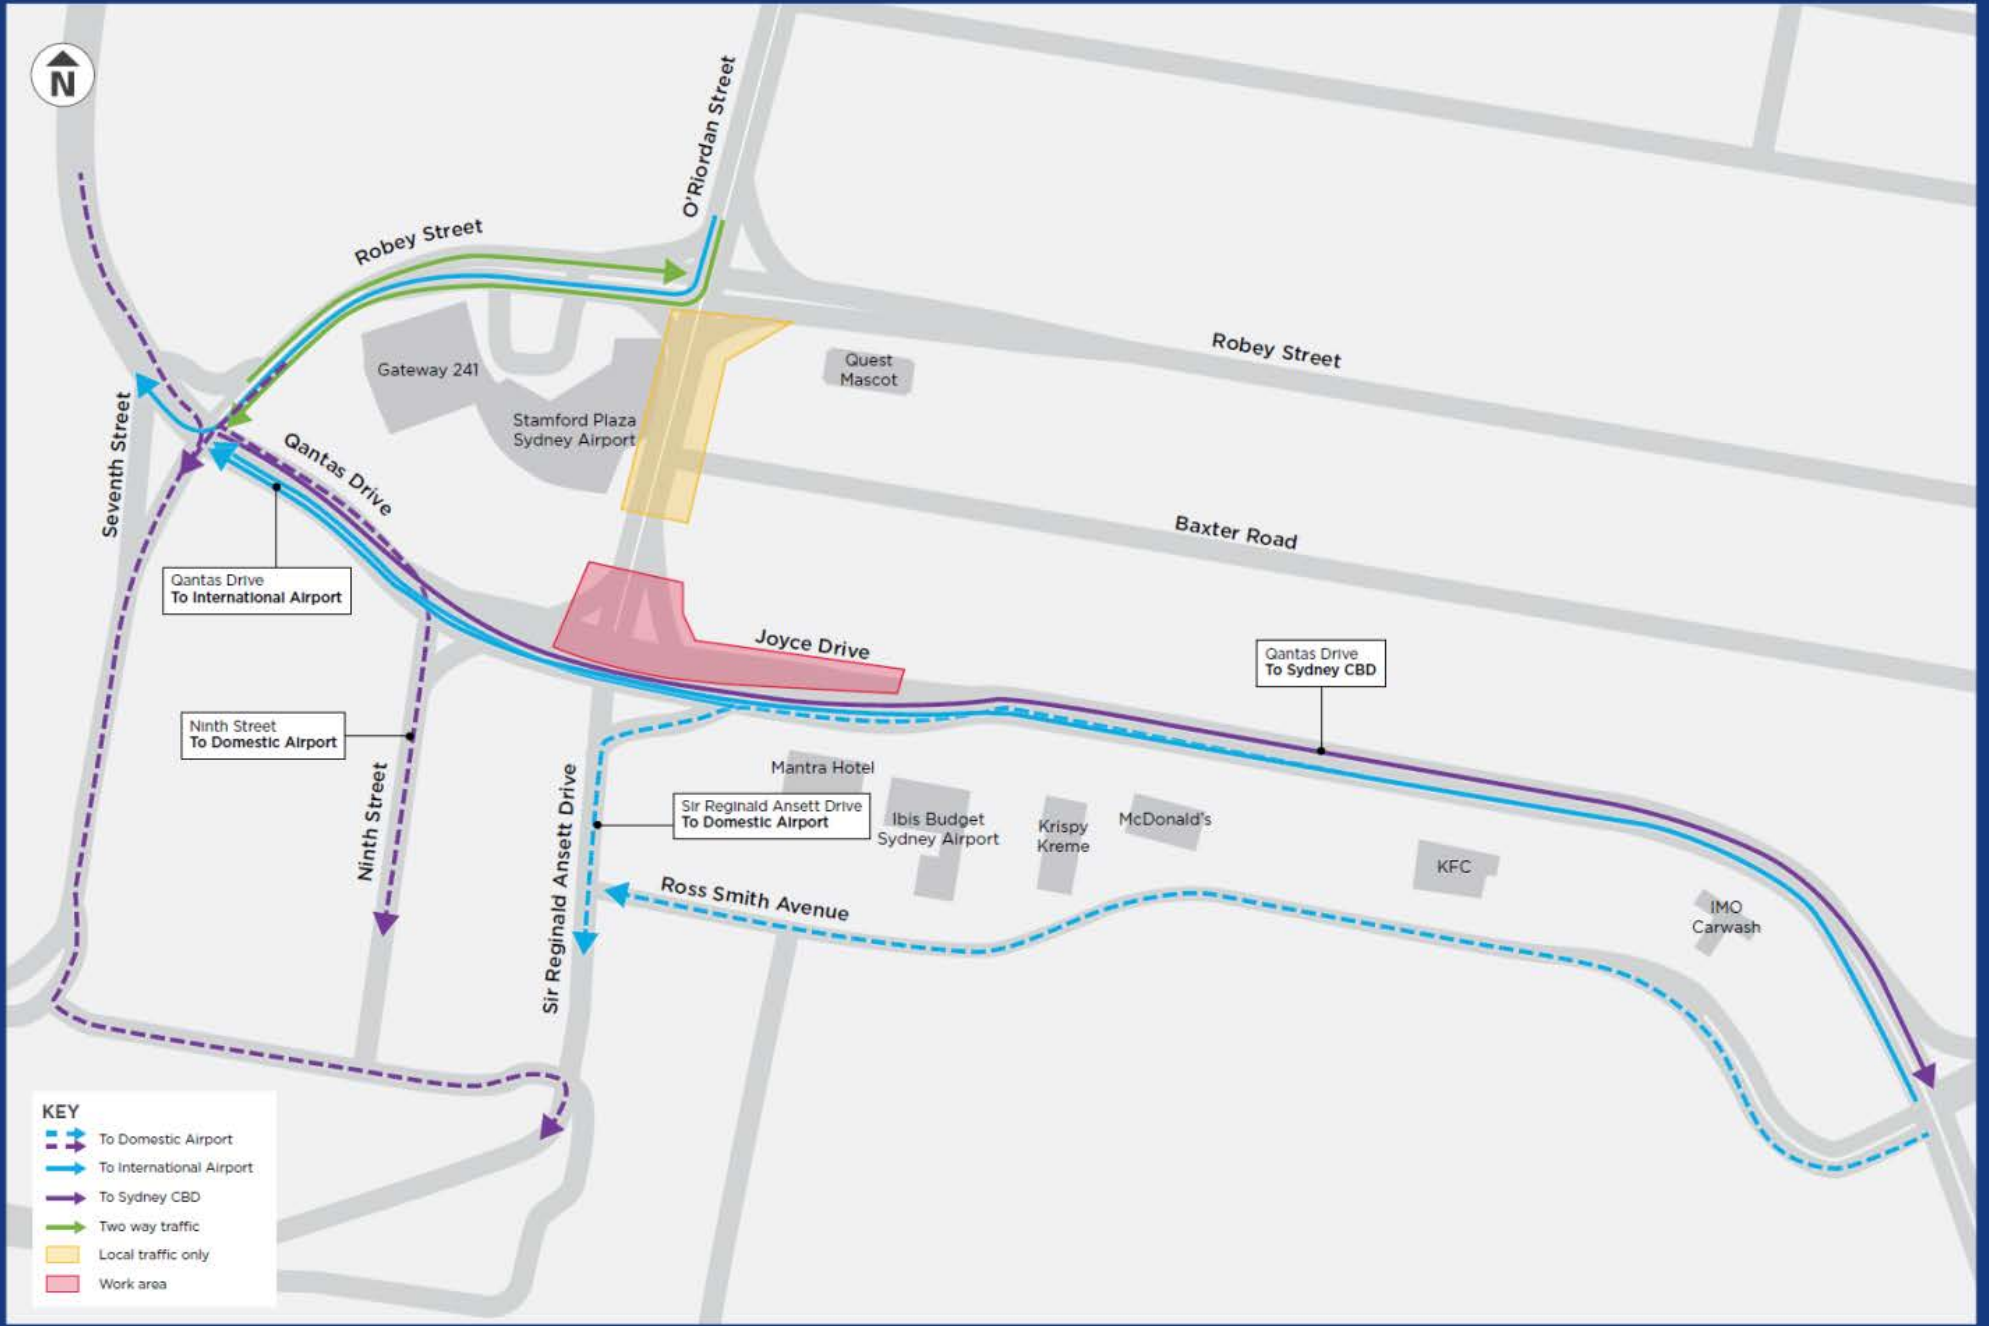

There will be extensive signage, traffic controllers and NSW Police in place to help direct traffic in and around the work area. Follow the direction of traffic controllers and signs at all times and keep to the speed limit.

Weekend Two

We will be carrying out work at the intersection of O’Riordan Street and Joyce Drive;

- motorists heading westbound can access the Domestic Airport from Ross Smith Avenue and Sir Reginald Ansett Drive.
- motorists heading eastbound on Qantas Drive should turn right into Seventh Street to access the Domestic Airport, where a contraflow arrangement will be in operation. Heavy vehicles will be directed to Ninth Street.
- motorists heading southbound on O’Riordan Street can access the Domestic Airport from Robey Street and then Seventh Street or Ninth Street.
- access to the International Airport will be via M5 East and Marsh Street.
- the southern section of O’Riordan Street, between Robey Street and Joyce Drive will be closed and will only be accessible for local traffic.
- one lane in each direction will remain open on Joyce Drive.

Weekend Two

How will the work affect you?

Work during the weekends will include:

- removing and excavating the existing road
- laying and rolling new asphalt
- line marking and installing signage.

There will be some noise, dust, vibration and disruption associated with this work. Machinery and equipment used will include trucks, excavators, lighting towers, road saws, paving machines, rollers, vacuum trucks, grinders, light vehicles and hand tools.

Lighting towers will be directed away from properties at night, where possible. Pedestrian access will be maintained at all times, although minor temporary detours will be in place during the work.

Roadwork speed limits are enforceable, please follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
