

# Airport precinct upgrade – Weekly update

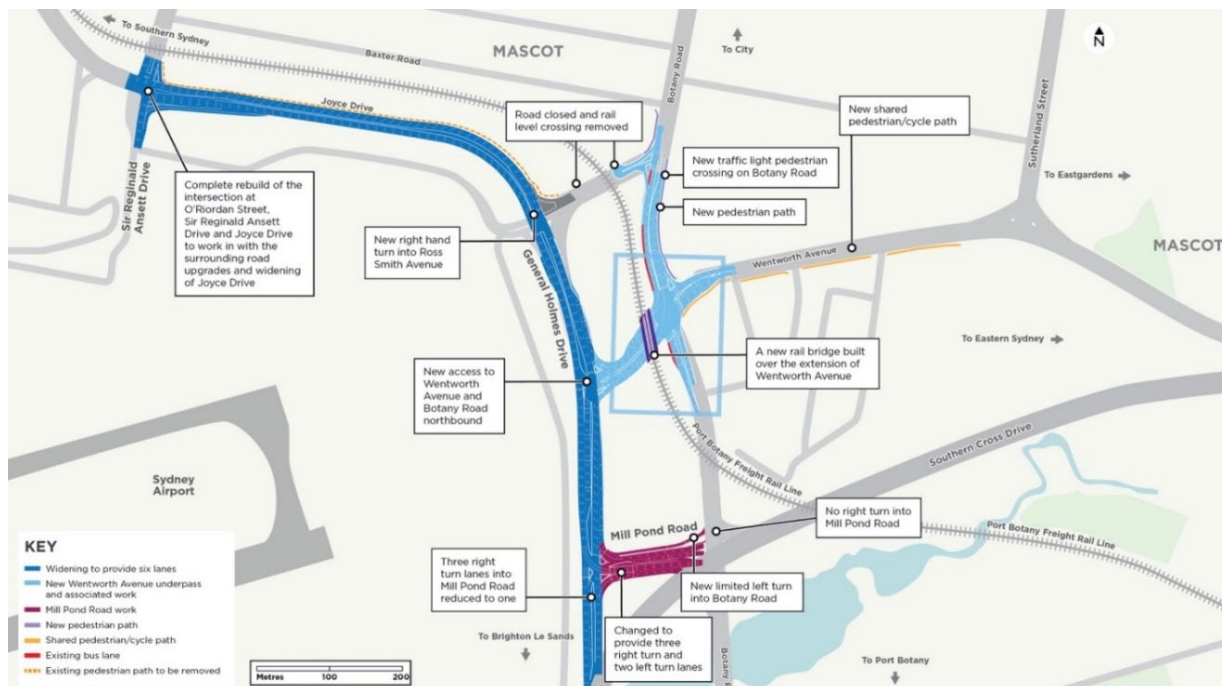

Week commencing Sunday 24 February 2019

## Airport East project work includes:

- service identification and relocation along Joyce Drive
- service identification and relocation, including trenching and light pole removal and installation along General Holmes Drive
- road work, including pavement work, asphaltting, temporary line marking, traffic signals and barrier installation on General Holmes Drive and Joyce Drive
- road work, including signal trenching, pavement work and asphaltting on Mill Pond Drive
- identifying underground utility locations and pavement investigation along Botany Road, Botany Lane, Bronti Street, Mill Pond Drive, Wentworth Avenue, Hardie Street, Beresford Street, General Holmes Drive and Joyce Drive
- traffic management and roadwork, including sign and traffic barrier adjustment and temporary traffic changes at the intersection of Botany Road and Wentworth Avenue
- construction work inside the site compound area on Wentworth Avenue and along the work areas on Botany Road and Wentworth Avenue, including drainage work, trenching, dewatering system installation and kerb and footpath work
- construction work, including piling, concrete work and excavation at the new rail bridge location near Botany Road
- use of the storage site in Dransfield Avenue
- construction work, including access, spoil and vegetation removal from Mill Pond Drive
- operating and monitoring groundwater systems 24/7
- delivery of construction vehicles and equipment to the work areas

Standard construction hours for the **Airport East project** are from **7am to 6pm, Monday to Friday** and **8am to 1pm on Saturday**, excluding public holidays. Out of hours work will include up to **five-night shifts** during the week and extended hours on Saturday. Our night working hours are **9pm to 5am**. Not all work during this time will be noisy.

## Airport East Precinct Upgrade

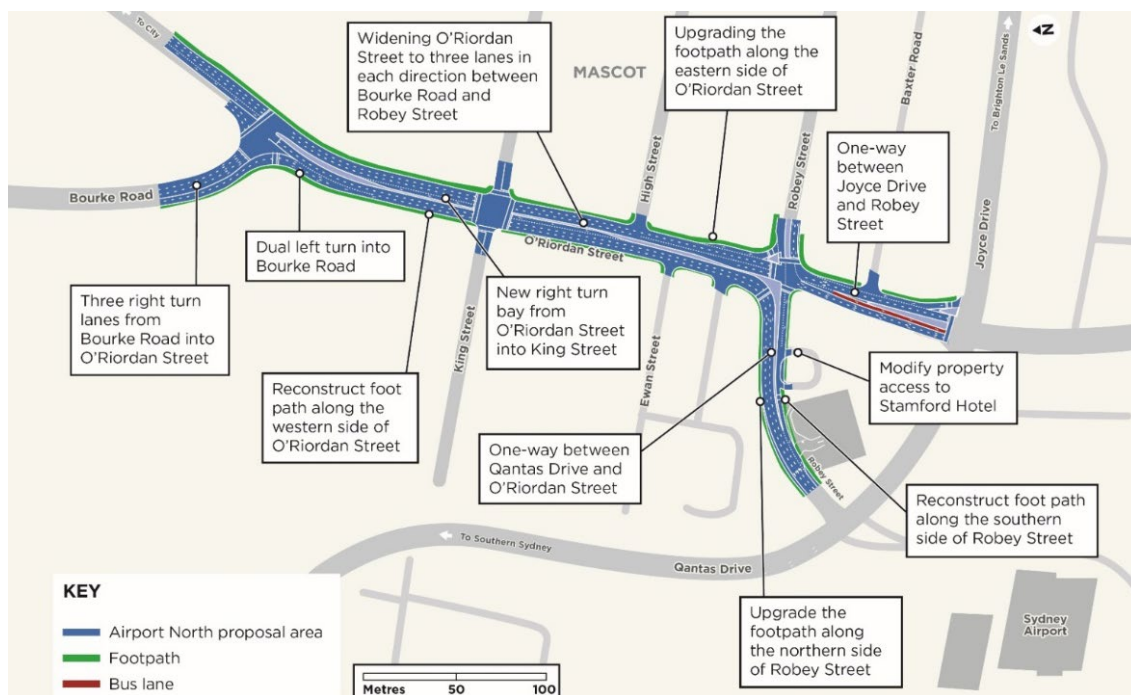

## Airport North project work includes:

- traffic management and roadwork, including line marking and line removal, sign and traffic barrier installation and temporary traffic changes along O’Riordan Street between Bourke Road and Joyce Drive
- the pedestrian footpath is closed on the eastern side of O’Riordan Street between High Street and Baxter Road – pedestrian diversions are in place
- service identification in O’Riordan Street, Bourke Road, High Street, King Street, Robey Street and Baxter Road. This involves the use of a vacuum truck to safely identify the locations of the underground services
- service relocation, including trenching and stormwater work along O’Riordan Street near Bourke Road
- roadwork, including streetlight preparation work and installation of temporary construction access ramps along O’Riordan Street near Bourke Road and King Street
- service relocation, including road crossings, excavation and utility trenching along O’Riordan Street between King Street and High Street
- roadwork, including traffic light, line marking and signage adjustments, light pole and stormwater work along O’Riordan Street and Robey Street
- service relocation, including road crossing and utility trenching along O’Riordan Street between Robey Street and Joyce Drive
- ongoing pedestrian changes and detours during construction work, please follow direction of signage
- removal of tree stumps and topsoil, including excavation and material removal in work areas along O’Riordan Street
- installation of environmental controls
- use of site compounds at 166 and 200 O’Riordan Street for delivery and removal of equipment and materials
- delivery of construction vehicles and equipment to the work areas

Standard construction hours for the **Airport North project** are from **7am to 6pm, Monday to Friday and 8am to 1pm on Saturday**, excluding public holidays. Out of hours work will include up to **five-night shifts** during the week, our night working hours are **9pm to 5am**. Not all work during this time will be noisy.

## Airport North Precinct Upgrade

There may be some noise, dust, vibration and disruption associated with this work. Machinery and equipment used may include trucks, excavators, paving machines, rollers, lighting towers, road saws, plate compactors, vacuum trucks, grinders, cranes, elevated work platforms, chainsaws, mulching machines, light vehicles, hand tools, concrete trucks and equipment.

We will continue to make every effort to minimise the impacts to the local community.

**If you have any questions about the work on either project**, please contact our delivery partner, John Holland Group on **1300 862 844** or [comms.airportprecinct@jhg.com.au](mailto:comms.airportprecinct@jhg.com.au).

For more information on our projects, visit [www.rms.nsw.gov.au/sydneyairport](http://www.rms.nsw.gov.au/sydneyairport).

Thank you for your patience during this important work.
