

Airport North Precinct Upgrade - temporary traffic changes in Mascot

The NSW Government is upgrading roads north of Sydney's Kingsford Smith Airport to improve traffic flow and connections to and from the Airport and Port Botany.

Transport for NSW are continuing to deliver this important project. In February 2020 a number of temporary traffic changes will be in place over the weekends which may cause delays in the area.

These temporary traffic changes will allow us to connect underground cabling and install new pavement, drainage, and traffic signals across the project area.

Traffic changes

- **9pm Friday 14 February to 5am Monday 17 February:** One of the lanes on O'Riordan Street heading towards the international airport will be closed between Robey Street and Joyce Drive. The right turn from O'Riordan Street into King Street will also be closed during this time. Motorists can turn right into Coward Street as an alternative option.
- **11pm Saturday 22 February to 7am on Sunday 23 February:** Traffic control will be in place at the intersection of O'Riordan Street and Joyce Drive to install new traffic signals.
- **9pm Friday 28 February to 5am Monday 1 March:** One of the southbound lanes on O'Riordan Street heading towards the international airport will be closed between Robey Street and Joyce Drive.

Motorists are encouraged to allow extra time when travelling to the airport during this work. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Please keep to speed limits and follow the direction of traffic controllers and signs.

We will be updating the project webpage each weekend to provide more information about these closures and suggested alternative routes. Please visit www.rms.nsw.gov.au/projects/sydney-airport/airport-north.

How will the work affect you?

There may be some noise, light and vibration associated with this work. We will make every effort to minimise the impact by using noise mats and directing lighting towers away from properties.

Contact

If you have any questions, please call our delivery partner John Holland on **1300 862 844** or email comms.precinct@jhg.com.au.

Visit www.rms.nsw.gov.au for more project information.

Thank you for your patience during this important work.
