

## Night work on O’Riordan Street, Mascot, from Tuesday 18 April

### The NSW Government is preparing to upgrade roads north of Sydney’s Kingsford Smith Airport to improve traffic flow and connections to and from the Airport and Port Botany.

Roads and Maritime Services will carry out further investigation work to confirm the location of existing utilities. This work will include digging several small trenches (approximately two metres long by one metre wide) to confirm the location of utilities. This work is a continuation of similar investigation work completed in recent months.

The investigation work will be carried out on O’Riordan Street, between Qantas Drive and Bourke Road. The information gathered from this investigation will continue to help us develop the detailed design for the Airport North project.

We will carry out a maximum of **17** night shifts between **Tuesday 18 April** and **Sunday 14 May 2017** **excluding Friday and Saturday evenings and public holidays**, weather permitting. Our working hours will be from **7pm** to **6am**.

#### How will the work affect you?

There may be some noise associated with this work at times, but we will do everything we can to minimise its impact including working at different locations along the road.

#### Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Please keep to speed limits and follow the direction of traffic controllers and signs.

For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

#### Contact

Contact our Project Manager Dean Gregory on 1300 852 557 or [airportnorth@rms.nsw.gov.au](mailto:airportnorth@rms.nsw.gov.au). For more information on our projects, visit [rms.nsw.gov.au](http://rms.nsw.gov.au).

Thank you for your patience during this important work.
