

Airport North precinct - Night work on Robey Street and O’Riordan Street, Mascot, from Sunday 17 September

The NSW Government is preparing to upgrade roads north of Sydney’s Kingsford Smith Airport to improve traffic flow and connections to and from the Airport and Port Botany.

Roads and Maritime Services is working closely with Sydney Airport as it finishes work to widen and improve Qantas Drive around the entrance and exit to the Domestic Terminal. Sydney Airport is due to finish this work in early October.

To ensure the upgraded Qantas Drive integrates smoothly into the surrounding road network, Roads and Maritime will carry out early work on the Airport North project at the western end of Robey Street and the southern end of O’Riordan Street. At the end of this work, traffic arrangements in this area will change. We will provide further information to the community about the traffic changes separately.

Work location and activities

Work will take place on Robey Street and O’Riordan Street from **Sunday 17 September to Saturday 14 October 2017**.

Work include laying new asphalt, line marking, installing new traffic signs and will take place over a maximum of **16 night shifts** across this period.

Working hours will be from **10pm to 5am**.

The map below shows the location of the work.

How will the work affect you?

There may be some noise and disruption associated with this work. We will make every effort to minimise noise by using flexible noise shields, where possible to reduce noise generated by construction activities.

Machinery and equipment used may include lighting towers, excavators, asphalt machines, light vehicles, rollers, vacuum trucks, grinders and hand tools. Lighting towers will be directed away from residential properties at night, wherever possible.

There will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Pedestrian and vehicle access will be maintained at all times, although minor temporary detours may be in place during the work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Contact

If you have any questions, please contact the Community Information Line on **1300 862 844** or airportnorth@rms.nsw.gov.au
