

## Airport North precinct - Night work on Robey Street, Mascot, from Sunday 27 August

### The NSW Government is preparing to upgrade roads north of Sydney's Kingsford Smith Airport to improve traffic flow and connections to and from the Airport and Port Botany.

Roads and Maritime Services will carry out minor road adjustment work in Robey Street. The work is required to tie in with the current Sydney Airport roadwork on Qantas Drive.

This work will include:

- removing the concrete median
- minor road repairs
- line marking.

The work will be carried out on Robey Street, between Qantas Drive and O'Riordan Street. We have included a map to show the location of the work.

Due to traffic conditions in the area, we will carry this work out at night. There will be a maximum of **five night shifts** between **Sunday 27 August and Tuesday 12 September 2017**, weather permitting. Our working hours will be from **10pm to 5am**.

### How will the work affect you?

There may be some noise and disruption associated with this work. We will make every effort to minimise noise by using flexible noise barriers, where possible to reduce noise generated by construction activities.

Machinery and equipment used may include lighting towers, excavators, trucks, light vehicles, plate compactors, jackhammers, concrete saws, vacuum trucks, grinders and hand tools.

Lighting towers will be directed away from residential properties at night, wherever possible.

### Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe. Lane closures will be in place and may affect travel times. Pedestrian and vehicle access will be maintained at all times, although minor temporary detours may be in place during the work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.
