How will the work affect you?

Our work may be noisy but every effort will be made to minimise impact on residents by:

- changing our construction methods to reduce night work impact as much as possible
- changing between work locations to minimise continuous impact on the same groups of residents
- using equipment fitted with noise mitigation devices and monitoring noise at night.

Traffic changes

Temporary traffic changes will be in place to ensure the work zone is safe for workers and motorists. During the work, there will be partial road closures on Glenmore Parkway and Wentworth Road, with traffic movements down to one lane in each direction.

Electronic message signs will be in place to direct road users through these changes. Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.
