APRIL 2013

Roads and Maritime Services (RMS) is investigating improvements to the Waterfall Way from the Pacific Highway to Connells Creek. Two route options have been developed and were presented to the community during 2011. The project team is now holding a value management workshop (VMW), which is an opportunity for the community to work collaboratively with RMS in the assessment of each route option. RMS is seeking two community members to nominate to participate in this workshop.

Prior to nominating, please carefully consider your suitability based on the following **self assessment criteria**.

- Ability to commit the necessary time (you cannot substitute other people if you can't make it) to:

 - A full day value management workshop planned for **Tuesday 7 May 2013** from 8:30am to 5pm (lunch included). Both sessions will be held in **Bellingen**.

All nominees that satisfy the selection criteria below will be invited to attend the two hour pre-workshop briefing. The two community representatives to participate in the Value Management Workshop will be selected at random at this briefing session. Only these two participants will be required to attend the full-day workshop.

You are either (please tick);

- A property/business owner or tenant in the study area, regularly using the Waterfall Way

- A property/business owner or tenant in Bellingen, Raleigh, Urunga, Dorrigo, Fernmount or other nearby area, regularly using the Waterfall Way in this area
