**BUILDING OUR FUTURE**

July 2016

## **Gipps Street (old) and Great Western Highway intersection permanent closure from Monday 18 July**

**The Australian and NSW governments are funding this work as part of the \$70 million upgrade of Gipps Street and Kent Road (the Werrington Arterial Road). This project is part of the \$3.6 billion Western Sydney Infrastructure Plan.**

Roads and Maritime Services is carrying out work to build a new left hand turning lane on the Great Western Highway into Gipps Street. Due to this work, the intersection at the Great Western Highway and Gipps Street (old) will be permanently closed from **Monday 18 July 2016**, weather permitting.

The closure of this intersection is required to ensure the safety of vehicles entering the left hand turning lane. Access to Gipps Street (old) will be maintained via Reserve Road and Putland Street.

The intersection between Gipps Street and the old Gipps Street will remain for construction vehicles only.

The attached map helps to explain the permanent intersection closure.

### **How will the work affect you?**

There will be no direct access to Gipps Street (old) from the Great Western Highway after 18 July 2016.

### **Traffic changes**

Signage will be in place along Great Western Highway to advise road users of changed access arrangements.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, call 132 701, visit [livetraffic.com](http://livetraffic.com) or download the Live Traffic NSW App.

## Western Sydney Infrastructure Plan

The Australian and NSW governments are providing \$70 million to build the Werrington Arterial Road as part of the Western Sydney Infrastructure Plan, a \$3.6 billion, 10 year road investment program for western Sydney. The Plan will deliver major road infrastructure upgrades to support an integrated transport solution for the region and capitalise on the economic benefits from developing a planned western Sydney airport at Badgerys Creek.
