

Bells Line of Road has reopened to two lanes of traffic at Mount Tomah following the removal of concrete barriers overnight. This section will continue to operate under changed traffic conditions including reduced speed limits of 40km/hr, for the safety of workers and motorists.

Investigations works are continuing with slopes remaining susceptible to change and subject to weather conditions.

These conditions are expected to remain in place for the foreseeable future pending the outcome of these investigations that will determine a permanent solution. Additional work to permanently stabilise the slopes and restore Bells Line of Road to its prior condition will be required at a later date and traffic impacts will be advised once known.

Transport for NSW and DM Roads are committed to keeping the local community updated on the rehabilitation of this road, and thank motorists and the community for their patience. For the latest traffic updates, call 132 701, visit [livetraffic.com](https://www.livetraffic.com) or you can download the [Live Traffic NSW](#) App.
