

Heavy Patching along Jenolan Caves Road for emergency repair work

The NSW Government has prioritised essential maintenance work across the West Region encompassing all major corridors to perform essential emergency recovery and maintenance work.

Transport for NSW will carry out the work, which includes heavy patching work along Jenolan Caves Road from the Great Western Highway to Hampton.

Work will start **23 March 2022** and will take approximately **two months** to complete weather permitting.

We will be working between **7am and 5pm on weekdays**. We will let you know in advance if we need to do any work outside these times.

How will the work affect you?

The work will involve the use of machinery which generates some noise. We will make every effort to minimise noise by turning off machinery and vehicles when not in use.

Traffic changes

There will be some temporary traffic changes to ensure the work zone is safe.

Single lane closures and a 40km/h speed limit will be in place during work hours and may affect travel times. Motorists should allow up to 10 minutes extra travel time during this work.

Please keep to speed limits and follow the direction of traffic controllers and signs. For the latest traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

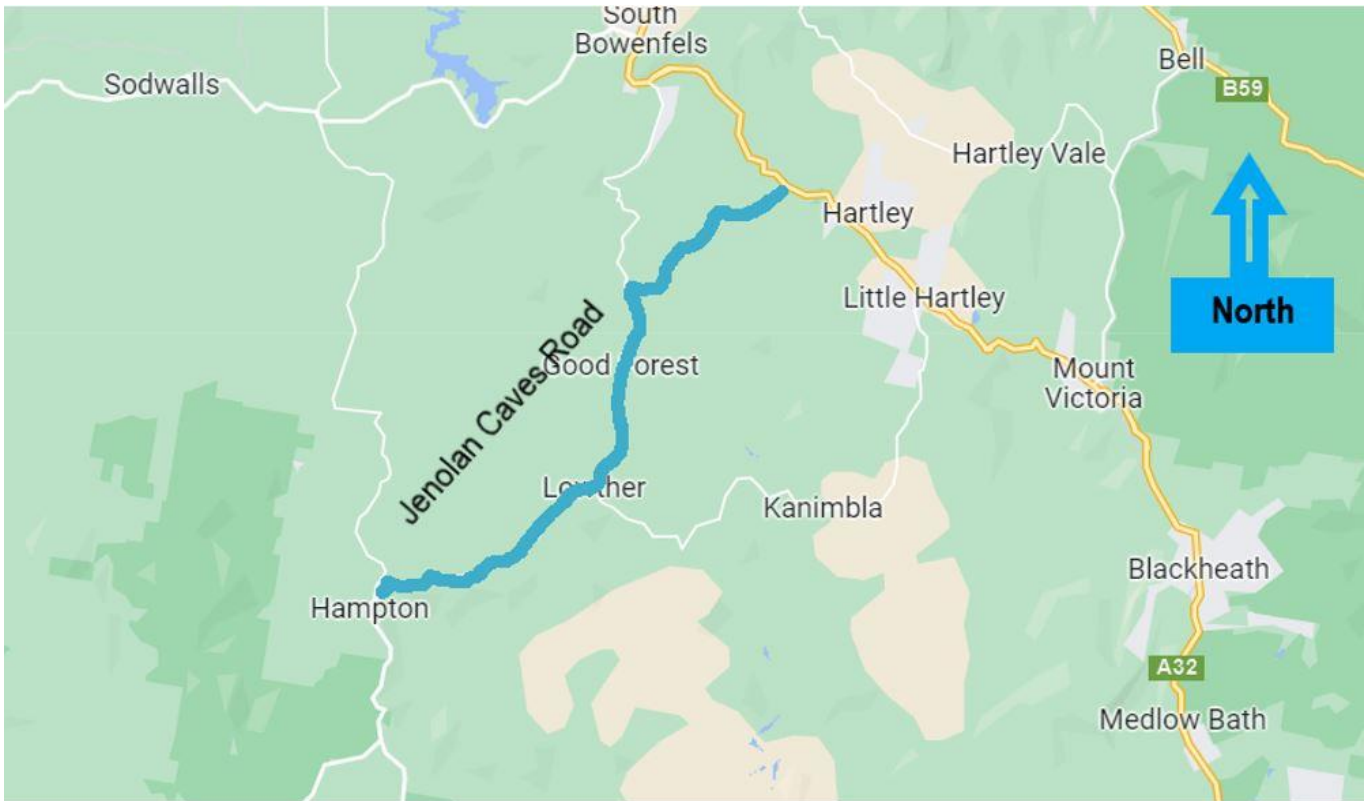

Contact

If you have any questions, please contact the project team on 1800 167 499 or email western.projects@transport.nsw.gov.au
