

# Option A: Flat Rock Baseball Diamond

This is the primary, temporary tunnelling site south of Middle Harbour. Tunnelling would proceed in both directions from this site.

Option A is located at the current Flat Rock Baseball Diamond, adjacent to Flat Rock Drive.

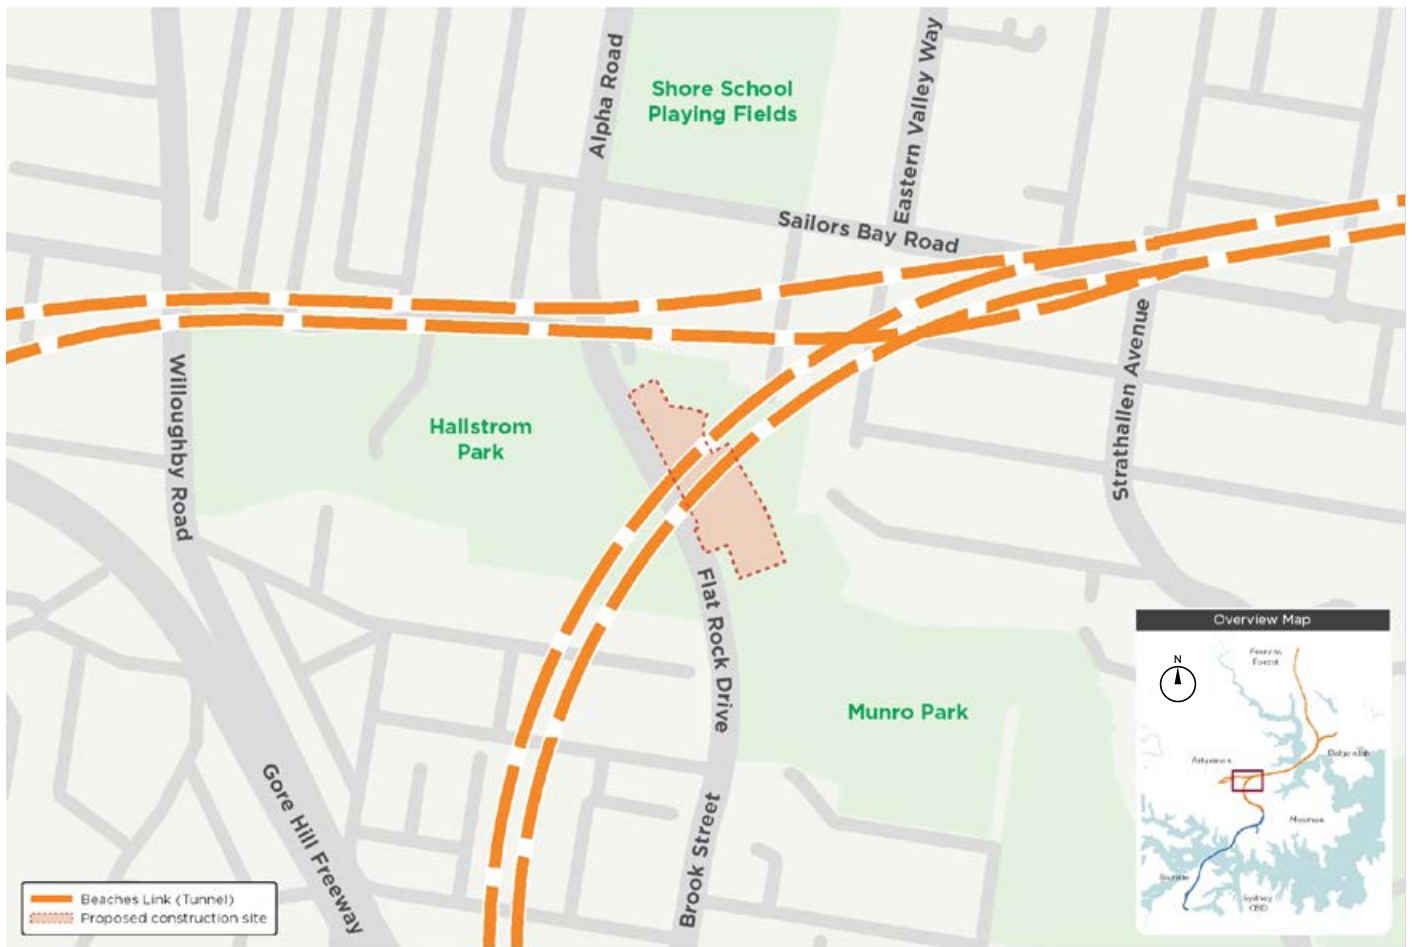

## Key activities

- Entry site for roadheader machines tunnelling north, south and west
- Beaches Link tunnel fit-out
- Tunnel spoil removal by truck directly onto Flat Rock Drive to the Warringah Freeway.

## Reducing our impact

- We will work with Willoughby Council and local sports clubs to minimise the impact on sporting activities in the area while it is unavailable during construction
- No impact to Willoughby Leisure Centre indoor facilities, netball courts or car park
- Shared user path remains open for the duration of construction
- Opportunity for major refurbishment of the area following construction
- Single large site in a strategic location reduces the need for additional intermediate sites
- Allows road access directly off Flat Rock Drive to keep trucks off local streets
- No direct impact to private properties
- Acoustic shed for tunnelling works to contain noise and dust.

# Option B: Flat Rock Drive

This is the primary, temporary tunnelling site south of Middle Harbour. Tunnelling would proceed in both directions from this site.

Option B is located near Flat Rock Drive in an area re-vegetated by Willoughby Council over the last 20 years.

## Key activities

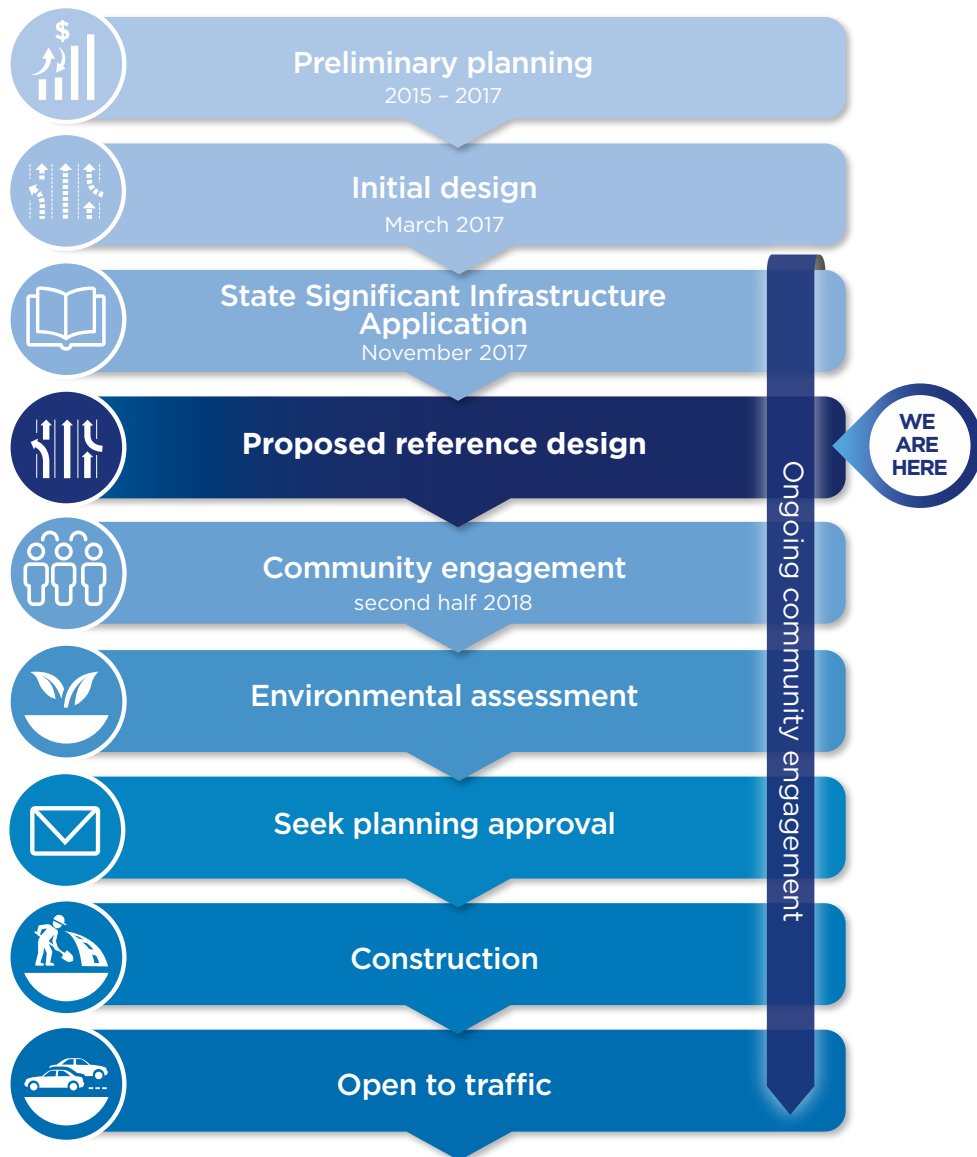

- Entry site for roadheader machines tunnelling north, south and west
- Beaches Link tunnel fit-out
- Tunnel spoil removal by truck directly onto Flat Rock Drive to the Warringah Freeway.

## Reducing our impact

- Impact on bushland is limited to an area that has been re-vegetated by Willoughby Council over the last 20 years
- Shared user path to be re-routed and remain open during construction
- Opportunity to provide new recreation facilities, or re-vegetate the site post-construction. We will work with Willoughby Council on the final form of the site in consultation with the community

- No impact to baseball diamond, Willoughby Leisure Centre indoor facilities, netball courts or car park
- Single large site in strategic location reduces the need for additional intermediate sites
- Allows road access directly off Flat Rock Drive to keep trucks off local streets
- No direct impact to private properties
- Acoustic shed for tunnelling works to contain noise and dust.
