How will the work affect you?

Some work activities may be noisy. We will do everything we can to minimise noise impacts, including using quieter equipment where we can, turning off equipment and vehicles when they are not in use and completing noisier tasks by midnight.

We are continuing to work as hard as we can to complete this project as quickly as possible. If you have any concerns about the ongoing work schedule please send your comments to our delivery partner, Ward Civil, on 1800 897 841 or at projects@wardcivil.com.au.

Traffic changes

Minor traffic disruptions will have traffic control measures in place. Access to driveways and buildings will be maintained at all times.

Due to works required to be carried out at night, we will utilise traffic control setups that will affect traffic flow around the Woodville Road and Parramatta Road intersection. Traffic changes may affect travel times.

Please keep to speed limits and follow signs and traffic controllers' directions.

For traffic updates, you can call 132 701, visit livetraffic.com or download the Live Traffic NSW App.

Transport for NSW thanks the community for their patience while we continue this important work.
