**Warwick Allison
Chief Engineer Signals & Control Systems**

This approval is applicable to the item being used on RailCorp infrastructure in accordance with RailCorp installation standards and procedures. It makes no conclusions about the suitability for use under any other circumstances, and any reliance on the approval by any other organisation is done so entirely at that organisation's own risk. Should changes be made to the equipment which alters its model number, performance characteristics or dimensions a new application for type approval must be made.
