Thank you for your email regarded to your response to what your point to point to your answer the government has produce more traffic by registering Uber as a hire car who least a plate to run a business by the year 2020 will not longer have a business if we lose the bus lane. I have been in business for 30 years you the government creative licence for us to run this business you the government have now deregulated our business without compensation as you use the term technology which is fine but you made the regulations for us to be in this business but you destroyed our livelihood you the government I feel have no idea what you have done but all I know you have created horrendous traffic and it will get worse by the year 2020 knowing we will lose the bus lane we the hire car industry will have no more Corporal clients thanks to you the government
