Dear Sir

I'm a member of HCA and strongly support their response to you. Please find below a copy of the repo from HCA.

Regards

TAHIR
[REDACTED]

We have significant concerns over the Regulations in their current format, especially in related to small and sole operators in the industry. The proposed burden will be very heavy for small and sole operators and most will invariably not be able to meet all the proposed regulations - particularly around safety obligations, record keeping and data availability. The fines for noncompliance are high and the potential prosecution for failure to meet obligations very serious.

We have submitted the document and will be having a followup meeting with TfNSW to discuss the questions and concerns raised in our submission.

Please feel free to read through the NSWCA response and if you agree with the concerns outlined and related comment you can do one of the following:

1. If you are a member then forward an email to pointtopoint@transport.nsw.gov.au and advise them that you are a member of the HCA, are concerned for your business and support the views presented by the NSW Hire Car Association in their formal submission.
2. If you are not a member, then forward an email to pointtopoint@transport.nsw.gov.au and advise them that you are not a member of the HCA, but you are concerned for your business and support the views presented by the NSW Hire Car Association in their formal submission.

The deadline is 5pm Tuesday 9 May.

Please take urgent action as the continued survival of small and sole operators in the hire car industry depends on us all taking a united stand in seeking clarification on the issues raised in the current proposed Regulations.

Thanks and regards

Tahir
