I am an independent operator currently working in excess of 60 hours per week in order to maintain and slowly grow a business.

I spend a numbers of hours each week ensuring that my paperwork is up to date. This paperwork provides accurate information for the payment of BAS each quarter and income tax each year.

The proposed changes to our industry (Point to Point Transport (Taxis and Hire Vehicles) Regulation 2017, if implemented will see the demise of single vehicle operators as there is both insufficient time to create and maintain the reporting structure recommended, insufficient income/funds to employ an administrator for the business whilst attempting to earn a living, pay BAS and income tax.

I am not currently a member of the Hire Car Association.

As stated above I am concerned for the longevity of my business and fully support the views presented by the NSW Hire Car Association in their formal submission (copy attached).
