

## Wynyard Station construction will continue in December 2017

In planning for Tomorrow's Sydney we have upgraded Wynyard Station to provide increased customer capacity and an improved gateway to Barangaroo and Sydney's financial district.

### What we're doing at Wynyard

The York Street entrance at Wynyard Station is now open to the public, providing access from York Street to Wynyard Station, Wynyard Walk and the surrounding precinct.

In December, we will be continuing work to finalise the station upgrade:

**Day works:** 7am to 6pm Monday to Sunday

**Night works:** 7pm to 6am Monday to Sunday

Work in December includes completion of finishes and electrical services at the station and installation of the heritage artwork. Work will take place on the Concourse, at the York Street entrance, at the York Street escalators and on the platforms outside of peak times.

We will also be working to prepare for the installation of LED screens on Wynyard Walk in December.

### How will this work affect you?

#### Temporary closure of the York Street escalators

The York Street escalators at Wynyard Station will be temporarily closed to customers during the following period to prepare for the heritage artwork installation:

- From 11pm Friday 1 December until 5am Monday 4 December 2017.

**Customers can use the escalators at the Clarence Street exit during this period. The York Street lobby and lift will remain open for the duration of this work.**

#### Pedestrian changes

Parts of the concourse and platforms may be temporarily unavailable outside of peak times while work is completed. Signage will be installed to notify users.

#### Traffic changes

Deliveries to and from the site may occur via York Lane, 24 hours a day, seven days a week. Subject to approval, deliveries may also be made via George Street and York Street between 10pm and 5am, Monday to Sunday.

Large and oversize deliveries at night may require a partial road closure. Traffic controllers and signage will be in place to ensure the safety of pedestrians and road users.

#### Noise and dust

You may experience some noise during this work from drilling, hammering and use of hand tools during construction hours. Every effort will be made to reduce the impact to residents and businesses while work takes place.

Where required, any dust generating activities will be watered down and vehicles will be switched off when not in use to minimise noise.

## Contact information

For general project enquiries, please call **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au). If you have any urgent enquiries or complaints during these works, please contact the **24-hour Construction Response Line on 1800 775 465**.
