(B) On 15 March 2017, the NSW Government invited MCH to enter into negotiations to finalise all outstanding issues in relation to MCH's unsolicited proposal and to enable MCH to submit the Binding Offer.

(C) On the Commencement Date, the NSW Government accepted the Binding Offer.

(D) The Principal and Macquarie now wish to enter into this deed to set out the terms and conditions on which Macquarie will:

(1) investigate, finance, plan, design, construct, commission and complete the OSD Works;

(2) make payments to the Principal as consideration for the rights and benefits granted to Macquarie under this deed; and

(3) interface and coordinate its works and activities with the Rail Contractors' Activities and the Station Developer’s Activities.

(E) As between the Principal and Macquarie, the Principal will:

(1) grant to Macquarie the right to undertake the Over Station Development;

(2) grant to Macquarie a licence over the Construction Site for the purpose of carrying out the OSD Works; and

(3) grant call options under each of the Call Option Deed (North Tower Lot) and the Call Option Deed (South Tower Lot), which upon exercise, will result in the transfer of the freehold interest in the Development Lots to the Development Lot Purchaser in accordance with this deed and the Call Option Deed (North Tower Lot) and the Call Option Deed (South Tower Lot).

If Macquarie:

(i) disagrees with the Principal Design Non-compliance Notice and notifies the Principal of this within 10 Business Days (or such further time frame as requested by Macquarie in writing and agreed to by the Principal) after receipt of the Principal Design Non-compliance Notice, either the Principal or Macquarie may refer the matter for determination under clause 40; or

(ii) fails to notify the Principal’s Representative within the time period under clause 15.4(g)(i) (as extended by agreement between the parties) that it disagrees with the Principal Design Non-compliance Notice, Macquarie is deemed to have agreed with the Principal Design Non-compliance Notice and must, within 20 Business Days after receipt of the Principal Design Non-compliance Notice, propose amendments required to the Updated Stage 2 DA Design Docs to remove such non-compliance with the OSD Design Parameters and resubmit the amended aspects of the Updated Stage 2 DA Design Docs to the Principal’s Representative, and the provisions of clauses 15.4(i) and 15.4(k) will apply.

(c) On receipt of the detailed list referred to in clause 21.2(b)(ii), Macquarie must carry out the work referred to in that list and, on completion of that work, request the Principal's Representative to issue a Certificate of Practical Completion (OSD Design Parameters), and clauses 21.2(a) and 21.2(b) will reapply.

(d) If the parties fail to agree on a mutually convenient time to jointly inspect those parts of the OSD Works or a party fails to attend the joint inspection, either party may refer the matter for dispute resolution in accordance with clause 40.
21.3 Requesting Certificate of Practical Completion

(a) When Macquarie considers it has achieved Practical Completion of a Separable Portion, Macquarie must give the Principal written notice in the form set out in part C of Schedule B2 for that Separable Portion together with a copy of each of:

(i) the Certificate of Practical Completion (OSD Design Parameters) for that Separable Portion;

(ii) the Approved Engineer's Certificate (Post Completion) for the relevant OSD Works for that Separable Portion; and

(iii) an Occupation Certificate for the whole of the OSD Works for that Separable Portion which has been issued and is in force to enable occupation of the relevant OSD.

(b) The Principal's Representative must, within 10 Business Days after receipt of all the documents referred to in clause 21.3(a), provide to Macquarie a certificate in the form set out in part D of Schedule B2 for the Separable Portion the subject of Macquarie's notice under clause 21.3(a).

(c) If the Principal's Representative does not issue a Certificate of Practical Completion within 10 Business Days after receipt of all the documents under clause 21.3(a):

(i) Macquarie must notify the Principal's Representative of the failure to issue the Certificate of Practical Completion; and

(ii) if the Principal's Representative does not issue a Certificate of Practical Completion within 5 Business Days after receipt of the notice under clause 21.3(c)(i), the Principal's Representative is deemed to have issued a Certificate of Practical Completion for the Separable Portion the subject of Macquarie's notice under clause 21.3(a).

21.4 Effect of Certificate of Practical Completion

The issue of a Certificate of Practical Completion is evidence that Practical Completion of a Separable Portion has been achieved but is not an acknowledgment that Macquarie has otherwise complied with its obligations under this deed.

21.5 Providing documents to the Principal

As soon as practicable, and in any case within 60 Business Days after Practical Completion of a Separable Portion, Macquarie must do all things required to procure the issue and delivery to the Principal of copies of the following items:

(a) as-built drawings for those parts of the OSD Works for that Separable Portion contained from basement level 5 to level 6 (inclusive) (in hardcopy and in an electronic format reasonably required by the Principal); and

(b) all certificates issued by any Authority in relation to those parts of the OSD Works for that Separable Portion contained from basement level 5 to level 6 (inclusive) which have not previously been delivered to the Principal.

22. EARLY OCCUPATION LICENCE

(a) The parties agree that:

(i) the OSD Works may be undertaken in stages; and
(ii) if Macquarie wishes to occupy a part of the OSD prior to the achievement of Practical Completion of the Separable Portion relevant to that part of the OSD, this clause 22 will apply.

(b) Macquarie must, at least:

(i) 1 month; and

(ii) 10 Business Days,

prior to the date on which it reasonably anticipates Early Occupation Area Practical Completion will be achieved in respect of the Early Occupation Area, give a notice in writing to the Principal's Representative specifying:

(iii) that part of an OSD that Macquarie wishes to occupy prior to the achievement of Practical Completion (Early Occupation Area); and

(iv) the date by which it reasonably anticipates Early Occupation Area Practical Completion will be achieved in respect of the Early Occupation Area.

(c) Within 10 Business Days after giving a notice under clause 22(b), Macquarie must:

(i) if Early Occupation Area Practical Completion has been achieved, provide to the Principal's Representative a Certificate of Early Occupation Area Practical Completion in the form set out in part E of Schedule B2; or

(ii) if Early Occupation Area Practical Completion has not been achieved, notify the Principal's Representative as to when Macquarie expects Early Occupation Area Practical Completion will be achieved and clause 22(b) will apply again.

(d) If Macquarie issues a Certificate of Early Occupation Area Practical Completion under clause 22(c)(i), the Principal must grant Macquarie a licence to occupy an Early Occupation Area subject to:

(i) the terms and conditions of the Occupation Certificate;

(ii) the licence terms and conditions set out in Schedule A7; and

(iii) the terms of:

(A) the Building Management Statement if the Building Management Statement has been registered; or

(B) the Draft BMS (as that term is defined in the Station Delivery Deed) if the Building Management Statement has not been registered.

(e) Macquarie may request, and subject to Macquarie complying with this clause 22, the Principal must grant Macquarie a licence, at one or more times, over one or more Early Occupation Areas.

(f) If Macquarie provides the Principal with a copy of an Occupation Certificate for that part of the Concourse Link Works (as that term is defined in the Station Delivery Deed) and works within the 50 Martin Place Ancillary Amenities Lot, the Principal must grant Macquarie a licence to occupy the 50 Martin Place Ancillary Amenities Lot subject to:

(i) the terms and conditions of the Occupation Certificate;
(ii) the licence terms and conditions set out in Schedule A13; and

(iii) the terms of:

(A) the Building Management Statement if the Building Management Statement has been registered; or

(B) the Draft BMS (as that term is defined in the Station Delivery Deed) if the Building Management Statement has not been registered.

23. **DEFECTS**

23.1 **Macquarie to rectify Defects**

As soon as practicable after the Date of Practical Completion of a Separable Portion, Macquarie must, in accordance with the provisions in this clause 23, rectify any Defects in the OSD Works for that Separable Portion.

23.2 **Defects Notice**

(a) The Principal may, at any time during the Defects Correction Period, give a notice (Defects Notice) to Macquarie of any Defects which, in the reasonable opinion of the Principal, is required to be rectified pursuant to clause 23.1.

(b) Any Defects Notice issued by the Principal under clause 23.2(a):

(i) must identify the Defect; and

(ii) must specify a reasonable time for rectification of the Defect.

(c) In respect of the rectification work, there will be a separate Defects Correction Period for the relevant Defect of a stated duration not exceeding 12 months.

23.3 **Obligations of Macquarie**

Macquarie must:

(a) allow or procure the Principal and its Associates reasonable access from time to time during the Defects Correction Period to the Construction Site or the Development Lots (as applicable) to inspect the OSD Works for the purpose of this clause 23;

(b) rectify any Defect specified in the Defects Notice within the reasonable period of time specified in the Defects Notice (as extended under clause 23.6); and

(c) give notice to the Principal when, in Macquarie's opinion, those Defects have been rectified.

23.4 **Principal may rectify Defects**

If Macquarie does not complete any rectification work required pursuant to a Defects Notice within the reasonable period of time specified in the Defects Notice (as extended under clause 23.6) then:

(a) the Principal may have the rectification work carried out; and

(b) Macquarie must pay to the Principal on demand a sum equal to the Cost of the rectification work reasonably incurred by the Principal.
23.5 **Access to remedy Defects**

Each party must ensure that a party which is rectifying or remedying Defects has access to the relevant area of the Construction Site or the OSD for the purposes of rectifying or remedying those Defects in accordance with this clause 23.

23.6 **Extension of rectification period**

Where Macquarie has not completed rectification of a Defect within the reasonable period of time specified in the Defects Notice for that Defect but is diligently pursuing a remedy of the Defect, the Principal must, if requested by Macquarie in writing, extend the period for rectification by a period or periods as reasonably determined by the Principal.

24. **TRANSFER OF FREEHOLD TITLE**
25. **MACQUARIE PAYMENTS**

25.1 **Macquarie Payments**

Macquarie must pay the Macquarie Payments to the Principal in accordance with this clause 25 and the Payment Schedule, as consideration for all rights and benefits granted to Macquarie under this deed.

25.2 **Core Payment 1**
26. PRINCIPAL INITIATED VARIATIONS

26.1 Variation Impact Request

(a) Subject to clause 26.15, if the Station Developer has given a notice to the Principal in accordance with clause 35.2(c)(vii) of the Station Delivery Deed that a SDD Variation can only be implemented if a corresponding Variation is implemented under this deed (Corresponding Variation), the Principal's Representative must issue to Macquarie a Variation Impact Request for that Corresponding Variation within 5 Business Days after receipt of the Station Developer's notice under clause 35.2(c)(vii) of the Station Delivery Deed.
(d) The Variation Impact Request must request that Macquarie provides an estimate of the third party costs that Macquarie will incur in preparing a Variation Impact Proposal, and Macquarie must provide that estimate within 5 Business Days after receipt of the Variation Impact Request (or such longer period as is reasonable having regard to the nature of the request).

26.2 Variation Impact Proposal

(c) The Variation Impact Proposal must set out detailed particulars of Macquarie's view on:
(i) the Variation Costs of the proposed Variation;

(ii) the effect which the proposed Variation will have on the OSD Program (including any extension of time required to a Date for Practical Completion);

(iii) any Approvals required to implement the proposed Variation, and the effect of the proposed Variation on any existing Approvals and on the ability of Macquarie to comply with those Approvals;

(iv) the effects which the proposed Variation will have on Macquarie's ability to satisfy its obligations under a Project Document (including any warranties given by Macquarie under a Project Document) or exercise its rights under a Project Document;

(v) any relief which is required from Macquarie's obligations under this deed to ensure that it is left in a no better and no worse position than it would be in if the Variation were not implemented;

(vii) the quantum of any potential claim by Macquarie under clause 2 of Schedule E6 or clause 3 of Schedule E7 (as applicable); and

(viii) any other information requested by the Principal in the Variation Impact Request.

26.3 **Cost of preparing Variation Impact Proposal**

If:

(a) Macquarie prepares a Variation Impact Proposal in accordance with clause 26.2; and

(b) the Principal does not issue a Variation Order in respect of the proposed Variation (including if the Principal withdraws or rejects the Variation Impact Request),

then the Principal must reimburse Macquarie within 20 Business Days after the demand from Macquarie the additional and reasonable, arm's length third party Costs incurred by Macquarie in:

(d) performing its obligations under clause 26.6.

26.4 **Election by the Principal**
(b) In the case of a Corresponding Variation, the Principal:

(i) must accept the Variation Impact Proposal (by issuing a Variation Order) if:

(A) under the Station Delivery Deed, the Principal elects to proceed with the SDD Variation which relates to or gave rise to the Corresponding Variation;

(B) the Principal agrees (or it is determined under clause 40) that the Corresponding Variation is required; and

(C) the Principal agrees with (or it is determined under clause 40) the details set out in the Variation Impact Proposal provided under clause 26.2(c);

(ii) must reject the Variation Impact Proposal if, under the Station Delivery Deed, the Principal elects to not proceed with, or withdraws the SDD Variation which relates to or gave rise to the Corresponding Variation; or

(iii) must withdraw its Variation Impact Request if:

(A) the parties have agreed that the Corresponding Variation is not required to enable the relevant SDD Variation to be implemented; or

(B) the Station Developer’s determination has been referred to dispute resolution pursuant to clause 40 and it has been determined that the Corresponding Variation is not required to enable the SDD Variation to be implemented.

26.5 **Principal accepts Variation Impact Proposal**

If the Principal accepts the Variation Impact Proposal in accordance with clause 26.4(a):
(a) Macquarie must implement the Variation on the basis of the Variation Impact Proposal (as submitted by Macquarie, determined pursuant to clause 40 or otherwise agreed by the parties);

(b) Macquarie will be relieved of its obligations under this deed to the extent specified in the Variation Impact Proposal (as submitted by Macquarie, determined pursuant to clause 40 or otherwise agreed by the parties);

(c) the relevant Date for Practical Completion will be extended as specified in the Variation Impact Proposal (as submitted by Macquarie, determined pursuant to clause 40 or otherwise agreed by the parties); and

(d) the Principal must pay Macquarie the Variation Costs of the Variation in accordance with clause 28.

26.6 Principal rejects Variation Impact Proposal

If the Principal rejects the Variation Impact Proposal in accordance with clause 26.4(a)(iv) (except in circumstances where the SDD Variation that gave rise to the Corresponding Variation has been withdrawn by the Principal under the Station Delivery Deed), either party may require that the parties consult in good faith and use their reasonable endeavours to agree on a mutually acceptable resolution to the matters set out in the Variation Impact Proposal which are in dispute.

26.7 Parties reach agreement

If the parties reach agreement on the disputed matters in the Variation Impact Proposal and the Principal directs Macquarie to implement the Variation by issuing a Variation Order:
(a) Macquarie must implement the Variation on the basis of the Variation Impact Proposal (as varied by the parties' agreement);

(b) Macquarie will be relieved of its obligations under this deed to the extent specified in the Variation Impact Proposal (as varied by the parties' agreement);

(c) the relevant Date for Practical Completion will be extended as specified in the Variation Impact Proposal (as varied by the parties' agreement); and

(d) the Principal must pay Macquarie the Variation Costs of the Variation in accordance with clause 28.

26.8 If parties fail to reach agreement

(a) If the parties are unable to reach agreement within 20 Business Days after the Principal rejects the Variation Impact Proposal in accordance with clause 26.4(a)(iv) (except in circumstances where the SDD Variation that gave rise to the Corresponding Variation has been withdrawn by the Principal under the Station Delivery Deed), either party may:

(i) subject to clause 26.8(a)(ii), refer the matter for dispute resolution in accordance with clause 40; or

(ii) in the case of a Corresponding Variation where the Principal or the Station Developer has referred the SDD Variation to dispute resolution in accordance with clause 52 of the Station Delivery Deed, refer the matter for dispute resolution in accordance with clause 52 of the Station Delivery Deed in which case the parties acknowledge and agree that:

(A) they will be bound by the determination process under clause 52 of the Station Delivery Deed; and

(B) the determination under clause 52 of the Station Delivery Deed is final and binding on the parties.

(b) In making a referral under this clause 26.8, the relevant party must refer all disputed matters under the Variation Impact Proposal to be determined in accordance with clause 40 or clause 52 of the Station Delivery Deed (as applicable).

26.9 Principal may direct that Variation proceed

(a) If a party refers the matter for dispute resolution under clause 26.8, the Principal may also direct Macquarie to implement the Variation by issuing a Variation Order whether or not any matters in dispute have been agreed in accordance with clause 40.

(b) If the Principal issues a Variation Order under clause 26.9(a):

(i) the disputed matters in the Variation Impact Proposal will, until the Principal and Macquarie otherwise agree or a determination is made in accordance with clause 40 of this deed or clause 52 of the Station Delivery Deed (as applicable), be reasonably determined by the Principal's Representative. In making his or her reasonable determination, the Principal's Representative must determine all disputed matters in the Variation Impact Proposal required to enable the Variation to be implemented;

(ii) Macquarie must proceed to implement the Variation on the basis of the Variation Impact Proposal and the matters determined by the Principal's
Representative under clause 26.9(b)(i) (notwithstanding that any matters in dispute have not been agreed or determined in accordance with clause 40 of this deed or clause 52 of the Station Delivery Deed (as applicable));

(iii) Macquarie will be relieved of its obligations under this deed to the extent specified in the Variation Order;

(iv) the relevant Date for Practical Completion will be extended as specified in the Variation Order; and

(v) necessary adjustments will be made following the determination of a dispute under clause 40 of this deed or clause 52 of the Station Delivery Deed (as applicable) (where applicable).

26.10 **Principal's options following determination**

(a) Following determination of a dispute referred to in clause 26.8 in accordance with clause 40 of this deed or clause 52 of the Station Delivery Deed (as applicable), the Principal may, only if it has not already exercised its right to issue a Variation Order under clause 26.9, elect to do either of the following:

(i) subject to clause 26.10(b), require Macquarie to implement the proposed Variation in accordance with the Variation Impact Proposal as varied by the determination; or

(ii) withdraw the proposed Variation (in which case clause 26.3 applies),

by written notice to Macquarie (which in the case of clause 26.10(a)(i) must be a Variation Order).

(b) The Principal must not require Macquarie to implement the proposed Variation under clause 26.10(a)(i) where it has been determined in accordance with clause 40 that the proposed Variation should not proceed.

26.11 **Macquarie to implement Variation**

If the Principal gives a Variation Order pursuant to clause 26.10(a)(i):

(a) Macquarie must carry out the Variation described in the Variation Order on the basis of the Variation Impact Proposal (as varied by the determination, once made);

(b) Macquarie will be relieved of its obligations under this deed to the extent specified in the Variation Impact Proposal (as varied by the determination, once made);

(c) the relevant Date for Practical Completion will be extended as specified in the Variation Impact Proposal (as varied by the determination, once made); and

(d) the Principal must pay to Macquarie the Variation Costs in accordance with clause 28.

26.12 **Instruction to proceed**

(a) Subject to clause 26.4(c)(ii), the Principal's Representative may at any time instruct Macquarie to implement a Variation by issuing a Variation Order for:

(i) a Corresponding Variation where the Principal has exercised its right to instruct the SDD Variation which relates to or gave rise to the Corresponding Variation under clause 35.13 of the Station Delivery Deed, whether or not
the Principal has issued a Variation Impact Request under clause 26.1 or whether or not Macquarie has issued a Variation Impact Proposal under clause 26.2 in response to a Variation Impact Request;

(b) In giving an instruction under clause 25.12(a), the Principal's Representative will determine (acting reasonably), all matters required to enable the Variation to be implemented, including the matters set out in clause 26.2(c), until the Principal and Macquarie otherwise agree or a determination is made in accordance with clause 40 of this deed or clause 52 of the Station Delivery Deed (as applicable).

(c) If Macquarie disagrees with a matter determined by the Principal's Representative:

(i) Macquarie may refer the matter for dispute resolution:

(A) subject to clause 26.12(c)(i)(B), in accordance with clause 40 of this deed; or

(B) in the case of a Corresponding Variation where the Principal or the Station Developer has referred the SDD Variation to dispute resolution in accordance with clause 52 of the Station Delivery Deed, refer the matter for dispute resolution in accordance with clause 52 of the Station Delivery Deed in which case the parties acknowledge and agree that:

(aa) they will be bound by the determination process under clause 52 of the Station Delivery Deed; and

(bb) the determination under clause 52 of the Station Delivery Deed is final and binding on the parties;

(ii) Macquarie must proceed to implement the Variation on the basis determined by the Principal's Representative notwithstanding that the matters in dispute have not been agreed or determined in accordance with clause 40 of this deed or clause 52 of the Station Delivery Deed (as applicable);

(iii) Macquarie will be relieved of its obligations under this deed to the extent specified in the Variation Order; and

(iv) any necessary adjustments will be made following any agreement or determination under clause 40 of this deed or clause 52 of the Station Delivery Deed.

26.13 **No liability unless Variation Order**

(a) Macquarie will not be entitled to make any Claim against the Principal arising out of, or in any way in connection with, any Variation, except where Macquarie is directed to implement a Variation pursuant to a Variation Order issued by the Principal under this clause 26 or where clauses 26.3 or 42 apply.

(b) Subject to clause 26.13(c), if:
(i) the Principal's Representative issues a Variation Order;

(ii) the Variation the subject of the Variation Order did not arise from any wrongful act or omission of Macquarie or any of its Associates or any breach of a Project Document by Macquarie; and

(iii) either:

(A) the relevant Variation Order was issued pursuant to clause 26.12(a)(i) (including the Principal's Representative's determination of the matters set out in clause 26.2(c)) without any corresponding Variation Impact Request being issued to Macquarie; or

(B) except in circumstances where the Principal has issued a Variation Order under clause 26.12(a) and Macquarie is in breach of its obligation to provide a Variation Impact Proposal, Macquarie has provided the Principal's Representative with a Variation Impact Proposal which complies with the requirements of clause 26.2(c), including details of the effect that Macquarie anticipates the Variation will have on Macquarie's ability to satisfy its obligations under this deed (including any warranties given by Macquarie under this deed) and exercise its rights under this deed,

then Macquarie's liability under this deed will be reduced to the extent that liability arises as a result of:

(iv) the matters notified by Macquarie in the Variation Impact Proposal, as determined by the Principal's Representative pursuant to clause 26.12(a) in the Variation Order or adjusted pursuant to clause 26.12(c)(iv) (as applicable); and

(v) the actual adverse effect which the Variation has upon Macquarie's ability to satisfy its obligations under this deed and exercise its rights under this deed.

(c) Where Macquarie is required to submit a Variation Impact Proposal pursuant to clause 26, if Macquarie fails to notify the Principal's Representative of any adverse effect of the Variation on Macquarie's ability to satisfy its obligations under this deed (including any warranties given by Macquarie under this deed), then:

(i) Macquarie will be deemed to have warranted to the Principal that the Variation does not have any such adverse effect and the Variation will not limit or otherwise affect Macquarie's obligations or liabilities under this deed; and

(ii) the Variation will not be taken to limit or otherwise affect Macquarie's obligations or liabilities under this deed.

26.14 Template

Schedule B4 contains a template which the parties may use to document a Principal initiated Variation. The parties are not obliged to use this template.

(B) provided the Principal with sufficient details of the proposed Variation (including details of any changes proposed by Macquarie to the Final Plans and Specifications or to the Martin Place Metro Station Works) to enable the Principal to make an assessment of the impact of the proposed Variation upon the OSD Works, the Station Developer’s Activities and Martin Place Metro Station; or

(i) by an Authority, Macquarie must give the Principal a copy of any notice provided to Macquarie by that Authority; or

(ii) to enable a variation proposed by Macquarie under clause 36 of the Station Delivery Deed to be implemented, Macquarie must give the Principal details of that variation and the impact upon that variation if the Variation proposed by Macquarie under this clause 27.1 is not implemented,

at the same time that Macquarie provides the Principal with the information referred to in clause 27.1(c)(i)(B).

(e) Within 20 Business Days after the date on which Macquarie gives the Principal the notification, and provides the details, required by clause 27.1(c), the Principal must give written notice to Macquarie that:

(i) the Principal does not object to the proposed Variation; or

(ii) the Principal has determined that the proposed Variation:

(A) would cause the OSD Works to not comply with the OSD Design Parameters; or

[Redacted]

and that the Principal requires Macquarie to either:

(C) not implement the Variation; or
(D) only implement the Variation subject to the conditions required by the Principal (acting reasonably),

(each a Variation Notice).

(f) The Principal must act reasonably in making any determination under clause 27.1(e)(ii) and must have regard to any notice provided to the Principal by Macquarie under clause 27.1(d) in making that determination.

(g) If the Principal does not give Macquarie a Variation Notice within 20 Business Days after the date on which Macquarie gives the Principal the notification, and provides the details, required by clause 27.1(c), Macquarie may issue a written notice to the Principal requesting that the Principal provide Macquarie with a Variation Notice.

(h) If, in the case of a Variation referred to in clause 27.1(a), the Principal does not issue a Variation Notice to Macquarie within 10 Business Days after the notice issued by Macquarie under clause 27.1(g), the Principal will be deemed to have issued a Variation Notice to Macquarie pursuant to clause 27.1(e)(ii)(C).

(i) If in the case of a Variation referred to in clause 27.1(a):

(i) the Principal gives a Variation Notice to Macquarie pursuant to clause 27.1(e)(i), Macquarie may proceed to implement the Variation on the basis notified by Macquarie to the Principal under clause 27.1(c);

(ii) the Principal gives a Variation Notice to Macquarie pursuant to clause 27.1(e)(ii)(C) (or is deemed to have given a Variation Notice to Macquarie pursuant to clause 27.1(h)), Macquarie may:

(A) withdraw the proposed Variation; or

(B) amend the proposed Variation and notify the Project Control Group of the amended Variation and re-submit details of the amended Variation to the Principal in accordance with clause 27.1(c), in which case this clause 27.1 will re-apply to the amended Variation; or

(j) If, in the case of a Variation referred to in clause 27.1(b):

(i) the Principal gives a Variation Notice to Macquarie pursuant to clause 27.1(e)(i), Macquarie must proceed to implement the Variation on the basis notified by Macquarie to the Principal under clause 27.1(c); or

(k) Any review or comment by, or direction of, all or non-compliance with the OSD Design Parameters by the Principal (or any failure by the Principal to review, comment or give a direction) in relation to a Variation proposed by Macquarie does not:

(i) give rise to any responsibility or liability of the Principal for the design of the OSD Works or any other aspect of the OSD Works; or

(ii) limit or otherwise affect Macquarie’s obligations under this deed.

27.2 Macquarie to bear risks and costs

Unless otherwise agreed in writing by the Principal, Macquarie will:

(a) bear all risks and Costs associated with a Variation proposed under clause 27.1 or clause 27.3 (including any amounts that are payable by Macquarie or the Principal to any of the Rail Contractors under any Follow-on Contractor Cooperation and Integration Deeds or any other contracts entered into between the Principal and the Rail Contractors);

(b) Macquarie may in its absolute discretion effect any Unrestricted Variation.

28. VARIATION COSTS

(a) If a Variation directed by the Principal under clause 26 results in Variation Costs then:

(i) if the Principal does not agree that a Variation to the OSD Works is required or the quantum of Variation Costs payable to Macquarie under clause 26 is the subject of a Dispute, the Principal must pay Macquarie its Variation Costs:

(A) pending agreement between the parties or determination of the Variation Costs in accordance with clause 40 of this deed or clause 52
of the Station Delivery Deed (as applicable), as reasonably determined by the Principal; and

(B) following determination or agreement between the parties, as so determined or agreed,

progressively within 16 Business Days after each month in which the relevant work was undertaken. If the Variation Costs paid under clause 28(a)(i)(A) are more or less than the Variation Costs for the relevant month as subsequently determined or agreed, the difference must be paid by the relevant party to the other; or

(c) Subject to clause 26.6A and clause 26.6(g), this clause 28 is an exhaustive code of Macquarie’s rights in any way in connection with any Variation under clause 26. (iii) the Principal may provide feedback on any proposed name and/or any signage in connection with that name; and

(iv) Macquarie may have regard to the Principal’s feedback provided under clause 29.1(b)(iii) however Macquarie is not required to take into account that feedback.

1. GENERAL

1.1 Definitions

In this Schedule A6:

Station Project Works has the meaning given to the term "Station Works" in the Station Delivery Deed.

Station Project Plan has the meaning given to the term "Project Plan" in the Station Delivery Deed.

1.2 General requirements

(a) Each Project Plan must contain, as a minimum, the contents specified in the relevant sections of this Schedule A6.

(b) Where content requirements overlap between Project Plans, Macquarie may avoid duplication by cross referencing.

(c) Where this Schedule A6 requires the same Project Plan to be produced as a Development Consent or other relevant Approval does, a single Project Plan is to be provided which complies with all requirements.

(d) All Project Plans must describe their interface with other Project Plans.

(e) The Construction and Site Management Plan must be produced separately. Otherwise Project Plans may be combined for convenience.

(f) The Principal's Representative may review each Project Plan and, within 10 Business Days following submission of the Project Plan to the Principal's Representative, determine whether the Project Plan complies with the requirements of this Schedule A6 and if the Project Plan does not comply with the requirements of this Schedule A6 (Minor Non-Compliances excepted), notify Macquarie that the Project Plan has been rejected and specify the non-compliances with detailed reasons.

(g) If any Project Plan does not comply with the requirements of this Schedule A6 or Macquarie has not updated any Project Plan in accordance with the requirements of this Schedule A6, the Principal's Representative may by written notice direct Macquarie to amend or update the Project Plan specifying:

(i) the reasons why such amendment or update is required (or why the Project Plan does not comply with this Schedule A6); and

(ii) the time within which such updating must occur (which must be reasonable, having regard to the amount of work required),

and Macquarie must comply with such direction.

(h) Each Project Plan that is amended or updated in accordance with clause 1.2 of this Schedule A6 must be submitted by Macquarie to the Principal's Representative for review in accordance with this clause 1.2 of Schedule A6.
Execution version

(l) If Macquarie receives a notice in accordance with clause 1.2(f) of this Schedule A6, Macquarie must, within 10 Business Days, submit a revised Project Plan to the Principal’s Representative which complies with the requirements of this Schedule A6 whereupon the provisions of this Schedule A6 will reapply to the revised Project Plan or affected plans (as applicable).

(j) If the Principal’s Representative notifies Macquarie of any Minor Non-Compliances:

(i) the Principal’s Representative may recommend an action that may be taken by Macquarie to address the Minor Non-Compliances; and

(ii) Macquarie must complete the recommended action, or take any other action Macquarie deems reasonable in the circumstances to correct the Minor Non-Compliances to the extent required for that Project Plan to comply with this Schedule A6, within the time frame (if any) specified by the Principal’s Representative (as applicable).

(k) If the Principal’s Representative does not give Macquarie a notice pursuant to and within the time period referred to in clause 1.2(f) of this Schedule A6, the Principal is deemed to have not rejected the relevant Project Plan.

(c) **(Additional amount of GST payable):** If GST becomes payable on any supply made by a party (Supplier) under or in connection with this deed:

(i) any party (Recipient) that is required to provide consideration to the Supplier for that supply must pay an additional amount to the Supplier equal to the amount of the GST payable on that supply (GST Amount), at the same time as any other consideration is to be first provided for that supply; and

(ii) the Supplier must provide a tax invoice to the Recipient for that supply, no later than the time at which the GST Amount for that supply is to be paid in accordance with clause 5.1(c)(i).

(d) **(Variation of GST):**

(i) If the GST Amount recovered by the Supplier from the Recipient under clause 5.1(c) for a supply varies from the amount of GST paid or payable by the Supplier on that supply, then the Supplier will provide a corresponding refund or credit to, or will be entitled to receive the amount of that variation from, the Recipient.

(ii) The Supplier must issue an Adjustment Note to the Recipient in respect of any adjustment event occurring in relation to a supply made under or in connection with this deed within 7 days after the Supplier becomes aware of the adjustment event.

(b) The Expert must receive the written submissions and responses of the Parties in accordance with the procedures specified in these Rules and may require further information or documentation from the Parties which is reasonably necessary to determine the Dispute.

(c) The Expert must decide whether a conference is necessary to receive further information. The Expert must inform the Parties of the subject matter of any conference and may hear representations only on those matters during any such conference.

(d) The Expert must disclose to both Parties all information and documents received.

(e) If a Party fails to make a written submission, the Expert may continue with the process.

(f) Subject to section 4 of these Rules in relation to conferences, meetings and discussions with the Expert must only take place in the presence of both Parties.

(e) The Expert shall act independently and without bias.

3. WRITTEN SUBMISSIONS

(a) Within 5 Business Days after the date this expert determination process begins, the Party who gave notice under clause 40.11 of the OSD PDA (Party A) must give the other Party and the Expert a written statement of the Dispute referred for Expert determination, any agreed statement of facts, a written submission on the Dispute in support of Party A’s contentions and all documents and other evidentiary material on which it relies.

(b) Within 5 Business Days after the statement in section 3(a) is served, the other Party must give Party A and the Expert a written response to Party A’s submissions including any cross claim. The other Party’s response must not raise new matters.

(e) The Expert must disclose to both Parties all information and documents received by the Expert on a private and confidential basis.
(f) Any times fixed pursuant to these Rules may be varied by agreement of the Parties and the Expert. In the absence of such agreement, or proper cause being shown by a party, the Expert may vary the times fixed on such terms as he or she considers reasonable in the circumstances.
