

## Minor construction work at Wynyard Station in late January and February 2018

In planning for Tomorrow's Sydney we have upgraded Wynyard Station to provide increased customer capacity and an improved gateway to Barangaroo and Sydney's financial district.

### What we're doing at Wynyard

The York Street entrance at Wynyard Station is now open to the public, providing access from York Street to Wynyard Station, Wynyard Walk and the surrounding precinct.

In late January and in February, we will carry out minor construction work at Wynyard Station and Wynyard Walk during the following hours:

**Day works:** 7am to 6pm Monday to Sunday

**Night works:** 7pm to 6am Monday to Sunday

Work includes completion of finishes and electrical services including the final changeover of electrical supply at the station. We will also be conducting final testing of the emergency systems at the station outside of peak times.

Work will take place on the concourse, at the York Street entrance, at the York Street escalators and on the platforms outside of peak times.

### How will this work affect you?

#### Temporary closure of the York Street escalators

The York Street escalators at Wynyard Station will be temporarily closed to customers during the following period to complete finishes above the escalators:

- Each night from 9pm until 5am the next day, from Sunday 28 January to Thursday 1 February 2018.

**Customers can use the escalators at the Clarence Street exit during this period. The York Street lobby and lift will remain open for the duration of this work.**

#### Pedestrian changes

Parts of the concourse and platforms may be temporarily unavailable outside of peak times while work is completed. Signage will be installed to notify users.

#### Traffic changes

Deliveries to and from the site may occur via York Lane, 24 hours a day, seven days a week. Subject to approval, deliveries may also be made via York Street between 10pm and 5am, Monday to Sunday. Large and oversize deliveries at night may require a partial road closure. Traffic controllers and signage will be in place to ensure the safety of pedestrians and road users.

#### Noise and dust

You may experience some noise during this work from drilling, hammering and use of hand tools during construction hours. Every effort will be made to reduce the impact to residents and businesses while work takes place. Where required, any dust generating activities will be watered down and vehicles will be switched off when not in use to minimise noise.

**Changes to pedestrian access at the York Street entrance of Wynyard Station**

Sunday 28 January to Thursday 1 February 2018 from 9pm to 5am each night
