

# Transport Access Program

## Hazelbrook Station Upgrade

Community Notification

February 2019

### Project Update

Transport for NSW is upgrading Hazelbrook Station to make it easier for everyone to access, including those with a disability, limited mobility, parents/carers with prams and customers with luggage.

In February we will continue with site establishment and commence on-site work for the station upgrade, starting with service investigation and relocation.

### Weekend Work

From **4am Saturday 16 February to 2am Monday 18 February** work will be undertaken in addition to standard working hours during a scheduled Sydney Trains shutdown to ensure the safety of workers and pedestrians.

During this time access to the footbridge maintained under local traffic control. Customer access to the station and to opal card readers will be closed to allow works to occur. Please visit [transportnsw.info](http://transportnsw.info) for up to date information regarding services at this time.

Work during this time will include:

- Bringing equipment onto platforms
- Electrical service relocation
- Installation of hoarding
- Excavation for lift pit and landing
- Installation of new cables.

Equipment to be used includes excavators, piling rig, dump and concrete trucks, crane, concrete pump, generator, mobile lighting tower, hi-rail truck, power and hand tools.

Some of these works may be noisy and bright, and we will try to reduce the impacts where possible.

### Changes to station toilet access

From **25 February the male toilet will be closed for approximately one month** as part of the station amenities upgrade. During this time, the female toilet will be converted to a unisex toilet for commuter use.

### Standard Working Hours

Standard work hours are between **7am to 6pm, Monday to Friday** and **8am to 1pm Saturdays**.

We apologise for any inconvenience and thank you for your patience while we undertake these important works.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
