Transport for NSW is upgrading electrical infrastructure as part of the Power Supply Upgrade Program, which is designed to meet expected power requirements for Sydney's future rail network and new fleet of air-conditioned trains.

### Upcoming activities

<table>
<thead>
<tr>
<th>Date</th>
<th>Time</th>
<th>Activities</th>
</tr>
</thead>
</table>
| Monday 9 December to Friday 13 December and Monday 16 December to Friday 20 December | 7am – 5pm | - Electrical work within the new sectioning hut installed at Mount Kuring-Gai.  
- Tree trimming and vegetation removal for bushfire protection (subject to approval) around the new sectioning hut. |

For detailed information regarding this work, please see map over the page.

### Traffic changes

Between 10am and 4pm Monday 9 to Friday 13 December, and Monday 16 to Friday 20 December, one southbound lane on the old Pacific Highway will be closed. Traffic control will be in place to provide directions to bike riders and motorists.

### Construction equipment

Equipment to be used during the work activities include a generator, an excavator, chainsaw, wood chipper, work vehicles and various hand and power tools.

Transport for NSW is committed to minimising noise impacts on the community. We switch off equipment when it is not being used, place equipment as far away from properties as possible and monitor our work activities to make sure noise levels are being managed effectively.
Keeping the community informed

If you would like to speak with the project team about this work, please contact us through the details provided below. Thank you for your understanding during this work.
