

Transport Access Program

Wye Station Upgrade

Project Update

January 2020

January work

Construction on the Wye Station Upgrade is progressing well, with ongoing upgrades to the station facilities and lift shaft construction having been undertaken throughout the month of December.

Construction activities will continue in January and will include:

- building new station access stairs and retaining walls at Wye Road
- work to the station toilets and waiting room.

Equipment to be used includes excavators, concrete trucks, concrete pumps, power and hand tools.

The site will be closed from Friday 20 December 2019. We wish the community a restful holiday period.

Work will recommence from Monday 6 January 2020, and most work will continue to be carried out during standard construction hours, which are **7am to 6pm Monday to Friday**, and **8am to 1pm Saturday**. We will notify nearby residents and businesses in advance if we need to work outside these times.

Ongoing access changes to Gorokan Road Commuter Car Park

Access to the Gorokan Road Commuter Car Park has changed to enable construction of the new station entry to occur. Traffic control and signage is in place to assist pedestrians and vehicles with this change. Please follow directional signage and the instructions from traffic controllers during standard working hours. This change is temporary and will be in place until mid-2020.

Toilet and waiting room closure

The existing toilets and waiting room on the island platform are closed for refurbishment. The waiting room will re-open in early 2020 and the toilets will re-open in late March 2020. Two temporary unisex toilets are located on the platform.

Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: www.transport.nsw.gov.au/wyee. For further information on the project, please call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au. For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on 1800 775 465.
