Explanatory Table

Pitt Street Integrated Station Development

Over Station Development Project Delivery Agreement (South OSD)

Contract Number: 506

Sydney Metro notes that Schedule F1 (electronic files) contains a large number of files and therefore these documents have not been made available on Sydney Metro's contracts register. Sydney Metro has determined to make such information available by inspection at its offices subject to any overriding public interest against disclosure. Please contact Sam Field (Sam.Field@transport.nsw.gov.au) to arrange a time to inspect.

Capitalised terms in this table have the meanings given to them in the Pitt Street Integrated Station Development Over Station Development Project Delivery Agreement (South OSD) (OSD PDA), unless the context indicates otherwise.

In preparing this explanatory table, the Principal has:

(a) identified the reason(s) under the Government Information (Public Access) Act 2009 (NSW) (GIPA Act) for each redaction; and

(b) weighed each redaction against the following key public interest considerations for disclosure:

(i) promoting open discussion of public affairs, enhancing government accountability or contributing to positive and informed debate on issues of public importance;

(ii) creating public awareness and understanding on issues of public importance;

(iii) enhancing government transparency and accountability;

(iv) informing the public about the operations of the agency;

(v) ensuring effective oversight of the expenditure of public funds and the best use of public resources; and

(vi) ensuring fair commercial competition within the economy.

(A) the General Conditions and Schedule A2 (Definitions), Schedule A5 (Planning Applications and Approvals), Schedule A7 (Modification Procedure), Schedule A8 (Dispute Procedure), Schedule A9 (Design Development Procedure), Schedule A25 (Termination of Station Delivery Deed) and Schedule D3 (Transfer of Title); and

(d) Where the PS Developer considers that there is an Error in or between the provisions of this deed, it must promptly notify the Principal's Representative in writing, who must give the PS Developer a direction as to the interpretation to be followed. The Principal will have no Liability to the PS Developer arising out of or in any way in connection with any such direction as to interpretation.

(c) (Breach by the Principal) Clause 1.6(a) and clause 1.6(b) do not limit any Liability which the Principal would have had to the PS Developer under this deed as a result of a breach by the Principal of a term of this deed but for clause 1.6(a) and clause 1.6(b).

(d) (Exercise of statutory functions) The PS Developer acknowledges that:

(i) Authorities (other than the Principal) that have jurisdiction over aspects of the OSD Works, parts of the Construction Site and other areas affected by the OSD Works may, from time to time, exercise their statutory functions and powers in such a way as to disrupt, interfere with or otherwise affect the carrying out of the OSD Works; and

(ii) except to the extent expressly stated otherwise in this deed, the PS Developer bears the risk of all occurrences of the kind referred to in clause 1.6(d)(i), and the Principal will have no Liability to the PS Developer arising out of or in any way in connection with such occurrences.

neither the Principal nor the Principal's Representative assumes or owes any duty of care to the PS Developer to inspect, or if it does so inspect, in inspecting, the performance of the PS Developer's obligations or the OSD Works for errors, omissions or compliance with the requirements of this deed;

relieve the PS Developer from, or alter or affect, the PS Developer's Liabilities, obligations, warranties or responsibilities; or

prejudice or limit the Principal's rights against the PS Developer,

whether under this deed or otherwise according to Law; and

the PS Developer is relying on its own skill and judgment, and that of the PS Developer's Associates, in relation to all aspects of the PS Developer Submissions, the OSD Works and the OSD Project and is not relying on the skill or judgment of the Principal or any of the Principal's Associates.

(a) (Entitlement) The PS Developer is entitled to an extension of time to a Milestone Date only if:

(i) the PS Developer has complied with clause 20.3(b)(i) (PS Developer's Program) and clause 2.1(a) or clause 2.2(a) of Schedule A11 (Progress Reports) (as applicable);

(ii) the PS Developer is delayed in:

(A) lodging the Detailed SSD Application by the Date for Detailed SSD Application Lodgement; and/or

(B) achieving Completion,

(as applicable) by one or more Delay Events;

(aa) details of the Delay Event;

(bb) details of the likely delay; and

(cc) a description of all measures which the PS Developer has taken and will be taking to preclude the occurrence of the delay and minimise the consequences of the delay; and
Execution Version

(B) in the case of an ongoing delay, every 10 Business Days after the date on which the notice is given pursuant to clause 20.6(a)(ii)(A), the PS Developer has given to the Principal's Representative written notice which provides details of the status of the delay and an update on the details required by clause 20.6(a)(ii)(A); and

(iv) the PS Developer has given the Principal's Representative, within 15 Business Days after the cessation of each delay caused by a Delay Event, a written claim for an extension of time specifying:

(A) the number of days claimed;

(B) details of the Delay Event and why the Delay Event actually caused the PS Developer to be delayed in lodging the Detailed SSD Application by the Date for Detailed SSD Application Lodgement or achieving Completion (as applicable), including a statement of the facts and the provisions of this deed on which the claim is based;

(C) detailed evidence in satisfaction of the requirements of this clause 20.6;

(E) details of the Delay Costs arising from the Delay Event to which it believes it will be entitled; and

(F) all other information reasonably required by the Principal's Representative.

20.7 Limiting factors

(a) (No entitlement) The PS Developer is not entitled to any extension of time (and the Principal has no Liability to the PS Developer) if the PS Developer fails to deliver notices in the form and within the time required by clause 20.6(a)(ii)(A), clause 20.6(a)(ii)(B) and clause 20.6(a)(iv).

(b) (Reduction of entitlement) The PS Developer's entitlement to an extension of time will be reduced to the extent that:

(i) this deed provides that the Principal will have no Liability to the PS Developer;

(ii) a delay caused by a Delay Event and a delay caused other than by a Delay Event occur at the same time and the PS Developer would have been delayed even if the Delay Event had not occurred;

(iii) the PS Developer or any of its Associates caused or contributed to the delay;

(iv) the PS Developer failed to comply with:

(A) a Cooperation and Integration Deed; or

(B) its obligations under this deed in connection with the Interface Contractors,

and such failure caused or contributed to the delay the subject of the PS Developer's claim;
(v) the delay was or would have been reduced had the PS Developer or any of its Associates taken all reasonable steps to preclude the occurrence of the Delay Event and minimise the consequences of the delay (other than applying additional resources to make up the time lost); or

(vi) the delay is caused by or contributed to by a failure of the PS Developer to comply with its obligations under a PS OSD Contract Document, a failure of the PS North Developer to comply with its obligations under a PS North OSD Contract Document or a failure of the PS Contractor to comply with its obligations under a PS Station Contract Document.

20.8 Determination of extension of time claim

(a) (Principal's determination) The Principal's Representative must, within 20 Business Days after receiving a claim which complies with clause 20.6(a)(iv) (Extensions of time), make a determination of the extension of time to which the PS Developer is entitled and give the PS Developer:

(i) written notice of the determination which includes the extension of time granted and the adjusted Milestone Date; or

(ii) if no extension is granted, written notice of that decision.

(b) (Principal's discretion to extend) The Principal may, in the Principal's absolute discretion, extend a Milestone Date at any time, and for any reason, by giving written notice to the PS Developer regardless of whether:

(i) the PS Developer has claimed or is entitled to an extension of time under this deed; or

(ii) the Principal's Representative has previously either rejected any claim or failed to make a determination under clause 20.8(a).

(c) (Not for the benefit of PS Developer) The Principal is not required to exercise the discretion under clause 20.8(b) for the benefit of the PS Developer.

(d) (No impact on Delay Event) The Principal's exercise of its discretion under clause 20.8(b) does not limit the PS Developer's right to claim an extension of time to a Milestone Date or to claim Delay Costs where, but for the exercise of such discretion, the PS Developer would have been entitled to an extension of time to a Milestone Date and/or to Delay Costs (as applicable).

(e) (Principal may take into account) In determining a claim for an extension of time, the Principal is not obliged to, but may in its sole discretion, take into account:

(i) the latest accepted version of the PS Developer's Program at the time of the relevant extension of time claim; and

(ii) any other information available to the Principal's Representative at the time the determination is required to be made, including information regarding the progress of the OSD Works up to the time the determination is required to be made.

(f) (Time not at large) A failure by the Principal's Representative to grant an extension of time in accordance with this clause 20.8 will not cause time to be set at large, but does not affect the right of the PS Developer to claim damages.
20.9 Delay Costs

(b) **Claim** The PS Developer must give to the Principal’s Representative, within 15 Business Days after the cessation of the Delay Event, a written claim specifying details of the Delay Costs claimed and how those Delay Costs have been calculated.

(c) **Limiting factors** The PS Developer agrees that the PS Developer is not entitled to Delay Costs if the PS Developer does not strictly comply with the time limits within which the notice and claim must be given under clause 20.9(b).

(d) **Determination of Delay Costs** The Principal’s Representative must, within 20 Business Days after receiving a claim which complies with clause 20.9(b), make a determination of the Delay Costs to which the PS Developer is entitled and give the PS Developer written notice of the determination.
21. DIRECTIONS TO SUSPEND AND ACCELERATE

21.1 Suspension

(a) **(Right to suspend)** The Principal's Representative may, at any time, direct the PS Developer to require its Subcontractors to suspend all or any part of the OSD Works (and, after a suspension has been directed, to procure the re-commencement of the carrying out of all or a part of the OSD Works) if the OSD Works or the carrying out of the OSD Works:

and the PS Developer must promptly comply with such direction immediately after receipt of such direction.

21.2 Acceleration

(a) **(Direction)** The Principal's Representative may, by notice in writing expressly referring to this clause 21.2, request the PS Developer to procure the acceleration of the OSD Works if, in the opinion of the Principal's Representative, the OSD...
Works are directly and materially impacting on, or are likely to directly and materially impact on, the PS Contractor's Activities or the Interface Works.

(b) **(Notice of impact of acceleration)** If the Principal's Representative makes a request under clause 21.2(a), the PS Developer must, within 15 Business Days after receipt of such request, inform the Principal's Representative of the time and cost consequences of the acceleration and submit for approval a written notice (Acceleration Impact Notice) setting out:

(i) the details of any changes required to the PS Developer's Program to reflect the effects of the acceleration on the OSD Works; and

(ii) if the acceleration would result in the PS Developer incurring additional Costs, the amount of those Costs (being the direct Costs of the acceleration) calculated on the basis that those Costs are reimbursed to the PS Developer by the Principal by way of a lump sum payment, except to the extent that such Costs relate to or the requirement for the acceleration was caused by or contributed to by any breach by the PS Developer or its Associates of any of their obligations under the PS OSD Contract Documents or the PS Station Contract Documents.

(c) **(Acceptance or rejection of Acceleration Impact Notice)** The Principal's Representative must, within 20 Business Days after receipt of an Acceleration Impact Notice, notify the PS Developer in writing as to whether it accepts or rejects the Acceleration Impact Notice.

(d) **(Acceptance)** If the Principal's Representative accepts the Acceleration Impact Notice:

(i) the PS Developer must procure the acceleration of the OSD Works in accordance with the Principal's Representative's direction under clause 21.2(c) (or as varied by the parties' agreement);

(ii) the PS Developer's Program will be amended as specified in the Acceleration Impact Notice;

(iv) the costs of acceleration as specified in the Acceleration Impact Notice (or as varied by the parties' agreement) must be paid by the Principal to the PS Developer within 20 Business Days after completion of the relevant OSD Works by way of a lump sum payment.

(e) **(No obligation to accelerate)** If the Principal's Representative rejects the Acceleration Impact Notice or does not provide the PS Developer with a notice under clause 21.2(c) within the period referred to in clause 21.2(c), the Acceleration Impact Notice will have no force and effect and the PS Developer is not obliged to procure the acceleration of the OSD Works.

(f) **(No Liability)** Except where the Principal has accepted the Acceleration Impact Notice in accordance with clause 21.2(c), the Principal will have no Liability to the PS Developer as a consequence of any acceleration, change or re-sequencing of the OSD Works.

37.5 **Undertakings by each party**

Each party undertakes to notify the other party promptly if any representation or warranty made or taken to be made by or on behalf of the party in connection with a PS OSD Contract Document other than this deed is found, having regard to the other party’s rights under, or by virtue of this deed, to be materially incorrect or materially misleading when made or taken to be made.

38. **COSTS AND OTHER AMOUNTS**

38.1 **Cost of OSD Works**

Despite any other provision of this deed, in relation to the Cost of the carrying out or procuring the carrying out of the OSD Works:

38.2 **PS Developer Claims**

(a) **(Progress Claim)** The PS Developer may give the Principal’s Representative a progress claim with respect to a cost referred to in clause 38.1(a)(i) *(Cost of OSD Works)*:

(i) on the twentieth day of each month; and

(ii) 30 Business Days after the issue of a Certificate of Completion.
(b) **Format of Claim** For each progress claim made by the PS Developer under clause 38.2(a), the PS Developer must give the Principal’s Representative a claim in a format required by the Principal’s Representative (including electronic format), together with a tax invoice, showing the amount claimed by the PS Developer and identifying the work, services, Construction Materials and Construction Plant to which the claim relates.

(c) **Supporting information** Each claim made by the PS Developer under any PS OSD Contract Document must set out or be accompanied by:

(i) all details, calculations, supporting documentation and other information required to substantiate the amounts claimed; and

(ii) such other documentation or information as the Principal’s Representative may require from time to time.

(d) **Principal’s payment** The Principal must, within 15 Business Days after receipt of a claim made by the PS Developer in accordance with clause 38.2(a), pay the amount due to the PS Developer, unless the amount is disputed by the Principal in accordance with the Dispute Procedure.

### 38.3 Taxes, Outgoings and other fees and levies

(a) **PS Developer to pay** Subject to clause 38.3(b) and clause 38.4 *(Stamp duty reimbursement)*, the PS Developer must pay:

(i) all Taxes and Outgoings of whatever description in cash or in kind as lawfully imposed by any Authority in respect of each part of the Construction Site on and from the Construction Licence Commencement Date until the date of completion of the Residential Sale Contract; and

(ii) all Taxes and fees (including registration fees) and fines and penalties in respect of fees, which may be payable or determined to be payable in connection with any PS OSD Contract Document (including any discharge of a PS OSD Contract Document) or a payment or receipt or any other transaction excluding any fine or penalty incurred due to the default of the Principal.

(b) **Principal to pay** The Principal must pay all council rates, water rates and land taxes imposed by any Authority in respect of the Construction Site until the date of completion of the Residential Sale Contract.

(c) **Employment and Similar Taxes** The PS Developer indemnifies the Principal against, and must pay on demand the amount of, all losses, liabilities and Taxes incurred as a result of the Principal becoming liable to pay any Taxes or withhold any amount in respect of employees, contractors or personnel of the PS Developer or any Associate (including by being treated as the employer of any such persons).
38.5 Each party to pay its costs

Unless otherwise expressly provided for in this deed, each party agrees to pay its own costs of and incidental to the negotiation and execution of this deed.

38.6 Right of set-off

(a) (Amounts set-off) The Principal may withhold, set-off or deduct from the money which would otherwise be payable to the PS Developer or which would otherwise be due to the PS Developer under this deed:

(i) any debt or other money due from the PS Developer to the Principal;

(ii) any bona fide claim to money which the Principal may have against the PS Developer, whether for damages (including liquidated damages) or otherwise; or

(iii) any other amount the Principal is entitled to withhold, set-off or deduct under this deed,

under or arising out of or in connection with this deed or the carrying out or procuring the carrying out of the OSD Works and the Principal may make such withholding, set-off or deduction whether or not such amounts were included in a payment schedule issued by the Principal's Representative.

(b) (Survival) This clause 38.6 will survive the termination of this deed.

38.7 General payment requirements

(a) (Method of payment) A party must make payments under this deed to the other party (or a person nominated by the other party in a notice to the first party) by the method the other party reasonably requires without deduction, unless prohibited by Law or otherwise provided in this deed.

(b) (When to make payments) A party must make payments to the other party under this deed on the due date in immediately available funds.

(c) (No demand) A party need not make demand for any amount required to be paid by the other party under this deed, unless this deed expressly specifies that demand must be made.

(d) (Incorrect amount paid) If a party pays an amount and it is found later that the amount payable should have been:

(i) higher, then the other party may demand payment of the difference; or

(ii) lower, then the other party must repay the difference,

even though the other party has given the first party a receipt for payment of the incorrect amount.

(e) (Currency) The parties waive any right which they have in any jurisdiction to pay an amount in a currency other than the currency payable under this deed.

(f) (Interest on overdue money) A party must pay simple interest at the rate of above the Bank Bill Rate on any amount under this deed which is not paid on the due date for payment. That interest:
Execution Version

(i) accrues daily from (and including) the due date to (but excluding) the date of actual payment and is calculated on actual days elapsed and a year of 365 days; and

(ii) is payable on demand from the other party or, if no such demand is made, on the last day of each calendar month.

(g) **Compounding** Interest payable under clause 38.7(f) which is not paid when due for payment may (at any time before payment) be added to the overdue amount payable by a party monthly or the last day of each calendar month. Interest is payable on the increased overdue amount at the rate of [ ] above the Bank Bill Rate in the manner set out in clause 38.7(f).

(h) **Interest on Liability merged in judgment or order** If a Liability under this deed becomes merged in a judgment or order, then a party agrees to pay interest to the other party on the amount of that liability as an independent obligation. The interest accrues both before and after that judgment or order from the date the Liability was due for payment until it is paid, at a rate that is the higher of [ ] above the Bank Bill Rate and the rate payable under the judgment or order.

(i) **Tender on termination** Money tendered by a party after the termination of this deed and accepted by the other party may be applied in the manner the other party decides.

38.8 **Principal’s right to reimbursement**

Any moneys paid by the Principal in respect of any Liability expressly imposed on the PS Developer under this deed, notwithstanding that any Law imposes that Liability on the Principal, becomes a debt due and payable by the PS Developer to the Principal under this deed.

40. **GENERAL**

40.1 **Governing Law and jurisdiction**

(a) This deed is governed by and must be constructed according to the Law in force in New South Wales.

(b) Each party irrevocably and unconditionally submits to the non-exclusive jurisdiction of the courts of New South Wales and the courts competent to determine appeals from those courts, with respect to any proceedings that may be brought at any time relating to this deed.

40.2 **Amendments**

This deed may only be amended, varied or replaced by written agreement executed by or on behalf of each party.

40.3 **Waiver**

(a) Failure to exercise or enforce, or a delay in exercising or enforcing, or the partial exercise or enforcement of, a right, power or remedy provided by Law or under this deed by a party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or remedy provided by Law or under this deed.

(b) A waiver or consent given by a party under this deed is only effective and binding on that party if it is given or confirmed in writing by that party.

(c) No waiver by the Principal of:

(i) a breach of a term of this deed; or

(ii) any other failure by the PS Developer to comply with a requirement of this deed, including any requirement to give any notice which it is required to give in order to preserve its entitlement to make any Claim against the Principal,

operates as a waiver of another breach of that term or of a breach of any other term of this deed or failure to comply with any other requirement of this deed.

40.4 **Survival of certain provisions; no merger**

(a) **(Surviving clauses)** Without limiting clause 40.11(a) (**Indemnities**) or the schedules to this deed:

(I) clause 1 (**Definitions and Interpretation**), clause 3 (**Security**), clause 5.8 (**Home Building Act**), clause 10.2 (**Information Documents**), clause 23 (**Intellectual Property Rights**), clause 28 (**GST**), clause 29 (**Care of the OSD Works, Risks and Insurance**), clause 30 (**Indemnity and Liability Exclusions**), clause 31.8 (**Principal's rights after termination**), clause 31.9 (**Termination Payments**), clause 31.10 (**Preservation of rights**), clause 33 (**Confidentiality and Permitted Disclosure**), clause 36 (**Dispute Resolution**), clause 38 (**Costs and other amounts**), clause 39 (**Notices**), clause 40 (**General**), the representations, warranties and indemnities given by the PS Developer under this deed and any other provisions which are expressed to survive termination or by implication from their nature are intended to survive termination (together, the **Surviving Clauses**) and any
rights arising on termination will survive rescission, termination or expiration of this deed; and

(ii) if this deed is rescinded or terminated, no party will be liable to any other party except:

(A) under the Surviving Clauses; or

(B) in respect of any breach of this deed occurring before such rescission or termination.

(b) (No merger) No right or obligation of any party will merge on completion of any transaction under this deed. All rights and obligations under this deed survive the execution and delivery of any transfer or other document which implements any transaction under this deed.

40.5 Further acts and documents

Each party must promptly do all further acts and execute and deliver all further documents (in form and content reasonably satisfactory to that party) required by Law or reasonably requested by another party to give effect to this deed.

40.6 Consents

A consent required under this deed from a party may be given or withheld, or may be given subject to any conditions, as that party (in its absolute discretion) thinks fit, unless this deed expressly provides otherwise.

40.7 No representation or reliance

(a) Each party acknowledges that no party (nor any person acting on a party's behalf) has made any representation or other inducement to it to enter into this deed, except for representations or inducements expressly set out in this deed.

(b) Each party acknowledges and confirms that it does not enter into this deed in reliance on any representation or other inducement by or on behalf of any other party, except for representations or inducements expressly set out in this deed.

40.8 Exercise of remedies

(a) If the PS Developer breaches any of its obligations under this deed or any other PS OSD Contract Document, the Principal may exercise any or all of the rights and powers and pursue any or all of the remedies available to the Principal under the PS OSD Contract Documents and/or enforce any other legal or equitable remedy available under applicable Law.

(b) Each and every right, power and remedy of the Principal will be cumulative and in addition to any other right, power and remedy, whether under a PS OSD Contract Document or applicable Law, which may be exercised by the Principal and the exercise of a right, power or remedy will not be construed to be a waiver of the right to exercise any other right, power or remedy.

(c) No delay or omission by the Principal in the exercise of any right, power or remedy will impair such right, power or remedy or constitute a waiver of the relevant breach.
40.9 **Entire agreement**

To the extent permitted by Law, in relation to its subject matter, this deed embodies the entire understanding of the parties, and constitutes the entire terms agreed by the parties and supersedes any prior written or other agreement of the parties.

40.10 **Joint and several liability**

(a) The rights and obligations of the Principal and the PS Developer, if more than one person, under this deed, are joint and several.

(b) Each person constituting the PS Developer acknowledges and agrees that it will be causally responsible for the acts and omissions (including breaches of this deed) of the other as if those acts or omissions were its own and the Principal may proceed against any or all of them.
40.12 **Excluding liability**

Any provision of this deed which seeks to limit or exclude a liability of a party is to be construed as doing so only to the extent permitted by Law.

40.13 **Severability**

If, at any time, any provision of this deed is or becomes void, illegal, invalid or unenforceable in any respect under the Law of any jurisdiction, then:

(a) that will not affect or impair:

(i) the legality, validity or enforceability in that jurisdiction of any other provision of this deed; or

(ii) the legality, validity or enforceability under the Law of any other jurisdiction of that or any other provision of this deed; and

(b) the provision will be construed in a manner which:

(i) avoids the provision being void, illegal, invalid or unenforceable; and

(ii) subject to clause 40.13(b)(i), preserves to the maximum possible extent:

(A) the enforceability of the provision and the provisions of this deed; and

(B) the original effect and intent of this deed.

40.14 **Relationship between the Principal and PS Developer**

Nothing in, or contemplated by, this deed or any other PS OSD Contract Document will be construed or interpreted as:

(a) constituting a relationship between the Principal and the PS Developer, or any other person, of partners, joint venturers, fiduciaries, employer and employee or principal and agent;

(b) imposing any general duty of good faith on the Principal to the PS Developer or the PS Developer’s Associates in relation to or arising out of this deed, other than to comply with the obligations (if any) expressly stated to be assumed by the Principal under this deed or any other PS OSD Contract Document on a good faith basis; or

(c) imposing any general duty of good faith on the PS Developer to the Principal or the Principal’s Associates in relation to or arising out of this deed, other than to comply with the obligations (if any) expressly stated to be assumed by the PS Developer under this deed or any other PS OSD Contract Document on a good faith basis.

40.15 **Transfer of functions or Public Transport Agency assets**

(a) The parties acknowledge that:

(i) a Public Transport Agency may be reconstituted, renamed, dissolved, replaced or restructured and that some or all of the powers, functions, assets, rights, liabilities or responsibilities of a Public Transport Agency may be transferred to or vested in another entity;
Execution Version

(ii) if a Public Transport Agency is reconstituted, renamed, dissolved, replaced or restructured and/or some or all of that Public Transport Agency’s powers, functions, rights or responsibilities are transferred to or vested in another entity, then unless otherwise notified by the Public Transport Agency, references in this deed to that Public Transport Agency must, subject to any facilitative legislation, be deemed to refer, as applicable, to the reconstituted, renamed, restructured or new entity or entity replacing that Public Transport Agency to the extent that such entity has assumed or has had transferred to it or vested in it those powers, functions, rights or responsibilities; and

(iii) a Public Transport Agency may be required to or may, at its absolute discretion, elect to (including as a result of changes to New South Wales government policy or directions) acquire, or dispose of, any property or assets.

(b) The PS Developer acknowledges and agrees that it must, to the extent required by a Public Transport Agency and without limiting any facilitative legislation, negotiate in good faith any variations required to any PS OSD Contract Document, or any replacement agreement or agreements for any PS OSD Contract Document to give effect to a Public Transport Agency being reconstituted, renamed, dissolved, replaced or restructured.

(c) The PS Developer will be taken for all purposes to have consented to, and will not have, and no Public Transport Agency will be liable for, any claim as a result of any action, matter or circumstance referred to in, or contemplated by this clause 40.15.

d) For the purposes of this clause 40.15, "another entity" means a government or semi-government entity including any agency, statutory corporation, statutory authority, department or state owned corporation.

40.16 Principal not Liable

Except to the extent expressly provided for in this deed, the Principal has no Liability for any Loss caused by or Claim in relation to the exercise or attempted exercise of, failure to exercise, or delay in exercising a right, power or remedy.

40.17 Supervening legislation

Any present or future legislation which operates to vary the obligations of the PS Developer in connection with this deed with the result that the Principal’s rights, powers or remedies are adversely affected (including by way of delay or postponement) is excluded, except to the extent that its exclusion is prohibited or rendered ineffective by Law.

40.18 Set off of unliquidated amounts

Except to the extent expressly provided for in this deed a party cannot set off any unliquidated amount owing by it to the other party under this deed arising from a breach of this deed by that party, against any liquidated amount owing by that other party.

40.19 Continuing breaches

The expiry or termination of this deed does not affect the rights of the parties to this deed for a breach of this deed by the other party or parties before the expiry or termination.

40.20 Step-in

(a) **(Principal may act)** Subject to any rights an Investor may have under an Investor Side Deed or a Financier may have under a Financier’s Side Deed, if a Step-in
Event occurs, the Principal may, either itself or by a third party, perform an obligation under this deed that the PS Developer was obliged to perform but which it failed to perform.

(b) **(Notice)** Except in an emergency, the Principal must provide the PS Developer with 5 Business Days' prior written notice of its intention to take action under clause 40.20(a).

(c) **(Costs)** Any Loss suffered or incurred by the Principal in so performing such an obligation will be a debt due and payable by the PS Developer to the Principal.

(d) **(No obligation)** Where the Principal or the Principal's Representative is entitled under this deed to exercise any right or power to:

(i) direct or instruct the PS Developer; or

(ii) itself step-in to,

take any action, or omit to take any action, it is not obliged to exercise that right or power, and may do so in their absolute discretion.

(e) **(PS Developer remains responsible)** Where the Principal or the Principal's Representative does exercise any such right or power, the PS Developer remains responsible for, controls and assumes the risk of all environmental, health and safety issues relating to the OSD Works.

### 40.21 Personal Property Securities Act

(a) **(Security Interest)** By signing this deed, the PS Developer acknowledges and agrees that if this deed and the transactions contemplated by it, operate as, or give rise to, a Security Interest, the PS Developer must do anything (including amending this deed or any other document, executing any new terms or any other document, obtaining consents, getting documents completed and signed and supplying information) that the Principal considers necessary under or as a result of the PPS Act for the purposes of:

(i) ensuring that the Security Interest is enforceable, perfected or otherwise effective and has the highest priority possible under the PPS Act;

(ii) enabling the Principal to apply for any registration, or give any notification, in connection with the Security Interest, including the registration of a financing statement or financing change statement; or

(iii) enabling the Principal to exercise rights in connection with the Security Interest and this deed.

(b) **(Provisions not applying)** If Chapter 4 of the PPS Act applies to the enforcement of the Security Interest, the PS Developer agrees that sections 95, 120, 121(4), 125, 130, 132(3)(d), 132(4), 135, 142 and 143 of the PPS Act will not apply to the enforcement of the Security Interest.

(c) **(PS Developer agreements)** The PS Developer:

(i) acknowledges that the Security Interests created under or pursuant to this deed relate to collateral and all proceeds in respect of that collateral (until the Principal is paid in full for the collateral);

(ii) acknowledges that to the maximum extent permitted by Law, it waives any right to receive a verification statement under the PPS Act in respect of the Security Interest;
Execution Version

(iii) undertakes it will not register a financing change statement without the prior written consent of the Principal; and

(iv) agrees to waive any right it may have, or but for this clause may have had, under section 275(7)(c) of the PPS Act to authorise the disclosure of the above information.

(d) **(No disclosure)** The parties agree that neither of them will disclose information of the kind referred to in section 275(1) of the PPS Act and that this clause constitutes a confidentiality agreement within the meaning of the PPS Act.
