Government Information (Public Access) Act 2009

Explanatory Table

Pitt Street Integrated Station Development Station Delivery Deed

Contract Number: 506

Capitalised terms in this table have the meanings given to them in the Pitt Street Integrated Station Development Station Delivery Deed (SDD), unless the context indicates otherwise.

In preparing this explanatory table, the Principal has:

(a) identified the reason(s) under the Government Information (Public Access) Act 2009 (NSW) (GIPA Act) for each redaction; and

(b) weighed each redaction against the following key public interest considerations for disclosure:

(i) promoting open discussion of public affairs, enhancing government accountability or contributing to positive and informed debate on issues of public importance;

(ii) creating public awareness and understanding on issues of public importance;

(iii) enhancing government transparency and accountability;

(iv) informing the public about the operations of the agency;

(v) ensuring effective oversight of the expenditure of public funds and the best use of public resources; and

(vi) ensuring fair commercial competition within the economy.

Sydney Metro notes that Schedule C1 (Scope of Works and Technical Criteria) (the SWTC) and Schedule F1 (Electronic Files) contain a large number of files. Due to the number of files and technical size limitations, these documents to the SDD have not been made available on Sydney Metro’s contracts register. Sydney Metro has determined to make such information available by inspection subject to any overriding public interest against disclosure. Please contact Sam Field (Sam.Field@transport.nsw.gov.au) to arrange a time to inspect.

The Principal weighed the competing public interest considerations and determined that there was an overriding public interest against disclosure for the following reasons:

- a) the redacted information is commercially sensitive information regarding the allocation of risk between the Principal and the PS Contractor;
- b) exposing the redacted information would reveal the apportionment of risk between the Principal and the PS Contractor, and therefore the level of risk that the PS Contractor was willing to price and accept in relation to those events. The disclosure of this information would reveal the PS Contractor's cost structure or profit margins and would place the PS Contractor at a substantial commercial disadvantage in relation to potential competitors and other contractors.

Section 32(1)(a), paragraphs (b) and (e) of the definition of “commercial-in-confidence provisions” at section 1 of Schedule 4

The disclosure of this information could reveal commercial-in-confidence provisions of a government contract, diminish the competitive commercial value of information to a person and prejudice a person’s legitimate business and commercial interests.

There is an overriding public interest against disclosure.

(b) the Principal is still in the process of negotiating the Adjoining Property Easements. If the redacted information were disclosed, the relevant easement holders may be able to use that information to their advantage in negotiations with the Principal, thereby prejudicing the Principal’s negotiating position. Therefore the disclosure of the information may prejudice the effective exercise by the Principal of its functions; and

(c) disclosing the redacted information would provide insight into the apportionment of risk between the Principal and the PS Contractor in relation to the Adjoining Property Easements, and therefore the risk that the PS Contractor was willing to price and accept. If this information were revealed, it could place the parties at a substantial commercial disadvantage in future projects of a similar nature, as the information would be readily accessible to potential future clients, competitors and contractors. (B) details of the likely delay; and

(C) a description of all actions and measures taken to preclude the cause of the delay and all actions which the PS Contractor will be taking to avoid or minimise the consequences of the delay; and

(ii) in the case of an ongoing delay, every 10 Business Days after the date on which the notice is given pursuant to clause 21.6(c)(i) the PS Contractor has given to the Principal’s Representative written notice which provides details of the status of the delay and an update on the details required by clause 21.6(c)(i); and

(d) the PS Contractor has given the Principal’s Representative, within 15 Business Days after the cessation of each delay caused by an Excusable Cause of Delay a written claim for an extension of time specifying:

(i) the number of days claimed;

(ii) details of the Excusable Cause of Delay and why the Excusable Cause of Delay actually caused a delay in achieving a Significant Completion, including a statement of the facts and the provisions of this deed on which the claim is based;

(iii) detailed evidence in satisfaction of the requirements of this clause 21.6;

(iv) critical path analysis in the same format as the PS Contractor’s Program for the period of the delay;

(v) if early access to the Construction Site was given, or deemed to be given under clause 9.2(f), detailed particulars of how the PS Contractor has used Accessible parts of the TSE Site to mitigate the delay; and

(vi) all other information reasonably required by the Principal’s Representative.

21.7 Limiting factors

(a) **(No entitlement)** The PS Contractor is not entitled to any extension of time (and the Principal has no Liability to the PS Contractor) if the PS Contractor fails to deliver notices in the form and within the time required by clause 21.6(c)(i), clause 21.6(c)(ii) and clause 21.6(d).

(b) **(Reduction of entitlement)** The PS Contractor’s entitlement to an extension of time will be reduced to the extent that:

(i) this deed provides that the Principal will have no Liability to the PS Contractor;

(ii) a delay caused by an Excusable Cause of Delay and a delay caused other than by an Excusable Cause of Delay occur at the same time and the PS Contractor would have been delayed even if the Excusable Cause of Delay had not occurred;
(iii) the PS Contractor or any of its Associates caused or contributed to the delay;

(iv) the PS Contractor failed to comply with:

(A) a Project Cooperation and Integration Deed; or

(B) its obligations under this deed or the OSD PDAs in connection with the Interface Contractors,

and such failure caused or contributed to the delay the subject of the PS Contractor's claim;

(v) the PS Contractor has been given a direction to Accelerate under clause 22.1(a)(ii) to overcome the whole or part of any delay;

(vi) the delay was or would have been reduced had the PS Contractor or any of its Associates taken all reasonable steps to preclude the occurrence of the Excusable Cause of Delay and minimise the consequences of the delay:

(A) other than applying additional resources to make up the time lost;

(B) but including by performing the PS Contractor's Activities on the TSE Site after early access was given under clause 9.2(a) or deemed to be given under clause 9.2(f), where relevant to the cause of delay the subject of the PS Contractor's claim; or

(vii) the delay is caused or contributed to by a failure of the PS Contractor to comply with its obligations under a PS Station Contract Document or a failure of a PS Developer to comply with its obligations under a relevant PS OSD Contract Document.

21.8 Determination of extension of time claim

(a) Principal's determination The Principal's Representative must, within 20 Business Days after receiving a claim which complies with clause 21.6(d), make a determination of the extension of time to which the PS Contractor is entitled and give the PS Contractor:

(i) written notice of the determination which includes the extension of time granted and the adjusted Significant Date; or

(ii) if no extension is granted, written notice of that decision.

(b) Principal's discretion to extend The Principal may, in the Principal's absolute discretion, extend a Significant Date at any time, and for any reason, by giving written notice to the PS Contractor regardless of whether:

(i) the PS Contractor has claimed or is entitled to an extension of time under this deed; or

(ii) the Principal's Representative has previously either rejected any claim or failed to make a determination under clause 21.8(a).

(c) Not for the benefit of PS Contractor The Principal is not required to exercise the discretion under clause 21.8(b) for the benefit of the PS Contractor.

(d) No impact on Contract Sum Adjustment Event The Principal's exercise of its discretion under clause 21.8(b) does not limit the PS Contractor's right to claim a
Contract Sum Adjustment Event where, but for the exercise of the discretion, the PS Contractor would have been entitled to an extension of time for a Compensation Event.

(e) **(Principal may take into account)** In determining a claim for an extension of time, the Principal is not obliged to, but may in its sole discretion, take into account:

(i) the latest accepted version of the PS Contractor’s Program at the time of the relevant extension of time claim; and

(ii) any other information available to the Principal’s Representative at the time the determination is required to be made, including information regarding the progress of the PS Contractor’s Activities up to the time the determination is required to be made.

(f) **(Time not at large)** A failure by the Principal’s Representative to grant an extension of time in accordance with this clause 21.8 will not cause time to be set at large, but does not affect the right of the PS Contractor to claim damages.

(g) **(Extension of Delay Cost Phase)** If there is an extension of time to a Date for Completion of a Portion under this clause 21.8, there will be a corresponding extension to the dates in each Phase of the Delay Costs Table (as those terms are defined in Schedule E7 (Delay Cost Caps)) applicable to that Portion.

21.9 **Risk of delay and disruption and resultant increased Costs**

(a) **(Risk of delay)** Subject to clause 21.9(b) and clause 21.9(c), the PS Contractor accepts the risk of all increased Costs resulting from delay or disruption in the performance of the PS Contractor’s Activities and the performance of its other obligations under this deed, and the Principal will have no Liability to the PS Contractor for additional Costs arising out of or in any way in connection with such delay or disruption (including for damages for breach of contract).

(b) **If the PS Contractor has been granted an extension of time to a Significant Date for a Compensation Event**

(c) **(Maximum amount)** The amount valued for the Contract Sum Adjustment Event in clause 21.9(b) will not exceed the relevant amount per day specified in Schedule E7 (Delay cost caps) for the period of the delay.

21.10 **Reduction in time**

Where a Modification is likely to result in a reduction of the time required to achieve a Significant Completion, the Principal’s Representative may direct the PS Contractor that the Significant Date be brought forward to a date reasonably directed by the Principal’s Representative.

21.11 **Delay Liquidated Damages**

(a) **(Delay Liquidated Damages)** If the PS Contractor fails to achieve a Significant Completion by the relevant Significant Date, the PS Contractor is liable to the Principal for Delay Liquidated Damages for every day after the Significant Date, up to and including the Date of Significant Completion or the date of earlier termination of this deed.
(b) **(Debt due)** The Delay Liquidated Damages payable pursuant to clause 21.11(a) accrue as a debt due from the PS Contractor to the Principal from each Significant Date.

(c) **(Provisional assessment)** The Principal's Representative, when issuing a payment schedule pursuant to clause 28.3(d)(i) or clause 28.3(d)(ii), may include as an amount due from the PS Contractor to the Principal, an assessment of the amount which has then accrued under clause 21.11(a) and clause 21.11(b) to the date of the payment schedule.

(d) **(Damages where unenforceable)** If the Principal's entitlement to, and the PS Contractor's liability for, Delay Liquidated Damages under this clause 21.11 is or becomes void, voidable or unenforceable for any reason or there is no amount specified for Delay Liquidated Damages, the Principal will be entitled to recover from the PS Contractor the Loss incurred or suffered by the Principal arising out of or in connection with the PS Contractor's failure to achieve each Significant Completion by the relevant Date for Significant Completion but the PS Contractor's liability for such damages (whether per day or in aggregate) will not be any greater than the liability which the PS Contractor would have had if the clause had not been void, voidable or otherwise unenforceable.

(e) **(PS Contractor acknowledgement)** The PS Contractor acknowledges that:

(i) the PS Contractor's Activities represent an important element of the building of Sydney Metro City & Southwest as a major new public transport link which will service the needs of Sydney;

(ii) Sydney Metro City & Southwest is complex and involves interaction with third parties, Interface Contractors and stakeholders to whom the Principal has contractual and policy commitments;

(iii) delay in achieving Significant Dates will result in the Principal being exposed to liability to third parties, Interface Contractors and stakeholders;

(iv) Losses suffered by the Principal as a consequence of delay are not capable of easy or precise calculation; and

(v) the amount of Delay Liquidated Damages is reasonable.

(f) **(Daily cap on liability)** Where, on any day, the PS Contractor is liable for Delay Liquidated Damages in respect of more than one Significant Completion, the PS Contractor's liability to the Principal on that day will not exceed [redacted] per day.

(g) **(Sole and exclusive monetary remedy)** The Principal and the PS Contractor agree that the aggregate of the amount payable under this clause 21.11 is:

(i) limited as set out in clause 31.1(b); and

(ii) a limitation on the PS Contractor's liability to the Principal for a failure to achieve a Significant Completion by the relevant Significant Date,

and the Principal will not be entitled to make, nor will the PS Contractor be liable upon, any Claim in these circumstances other than for the amount for which the PS Contractor is liable under this clause 21.11 (including where applicable common law damages under clause 21.11(d)). Nothing in this clause 21.11 in any way limits the PS Contractor's liability where this deed is terminated by the Principal under clause 32.3 (Rights of the Principal following Default Notice) or clause 32.5 (Immediate termination or take out) or otherwise at Law.
22. **DIRECTIONS TO CHANGE SEQUENCING AND ACCELERATE**

22.1 Directions to change sequence of work or accelerate

(d) **(Notice of Modification)** Where the PS Contractor considers that a direction given under clause 22.1(a) constitutes a Modification, the PS Contractor must give the Principal's Representative notice under and in accordance with clause 37.3(a).

(e) **(Principal may withdraw)** The Principal's Representative may, at any time, by notice in writing to the PS Contractor withdraw a direction given under clause 22.1(a) provided that, if the PS Contractor has taken steps to comply with such direction, the withdrawal will be treated as a new direction given under clause 22.1(a) to which clause 22.1(d) also applies.

22.2 Requirement to comply

(a) **(Deferred Activities or Making Accessible)** The PS Contractor must comply with a direction given under clause 22.1(a)(iii) and clause 22.1(a)(iv).
(b) **(Acceleration or Resequencing)** The PS Contractor must comply with a direction given under clause 22.1(a)(i) and clause 22.1(a)(ii) except to the extent:

(i) it is not reasonably possible for the PS Contractor to perform the proposed Acceleration or Resequencing; and

(ii) the PS Contractor, in a notice required under clause 37.3(a), gives a detailed explanation of the reasons why it is not reasonably possible for the PS Contractor to perform the proposed Acceleration or Resequencing.

### 22.3 Adjustment to Significant Dates

(a) **(Adjustment to Significant Dates)** If a direction has been given under clause 22.1(a), the Principal's Representative will adjust the affected Significant Dates to:

(i) if a Modification Order has been issued by the Principal's Representative, the earlier dates identified in the Modification Order; or

(ii) if clause 22.3(a)(i) does not apply, and:

   (A) the PS Contractor has delivered a notice under clause 22.2(b)(ii), earlier dates determined by the Principal's Representative, having regard to what is reasonably possible; or

   (B) the PS Contractor has not delivered a notice under clause 22.2(b)(ii), the earlier dates identified in the direction given by the Principal's Representative under clause 22.1(a).

(b) **(Rights to EOT)** Except to the extent set out in clause 22.4 (PS Contractor entitlements) and clause 21.7 (Limiting factors), this clause 22 does not impact the PS Contractor's entitlement under this deed to an extension of time.

### 22.4 PS Contractor entitlements

(a) **(No Liability)** The Principal will have no Liability to the PS Contractor as a consequence of any Acceleration, Resequencing, Deferred Activities or Making Accessible except in the circumstances described in clause 22.4(b).

(A) a direction to the PS Contractor to perform the PS Contractor's Activities in accordance with this deed (other than this clause), or consistently with this deed;

(b) (Disagreement regarding existence of Defect) If the PS Contractor does not agree that the fault identified in a notice under clause 27.4(a) is a Defect, then the PS Contractor must, before commencing rectification work, deliver a notice to the Principal’s Representative which complies with clause 37.3(a).

(c) (Rectification) The PS Contractor must promptly, at its cost, rectify the Defect, and the damage caused by the Defect.

27.5 Acceptance of a Defect

(a) (Principal’s Notice) At any time prior to the rectification of a Defect, the Principal may, in its absolute discretion, by notice in writing from the Principal’s Representative to the PS Contractor, accept a Defect if:

(i) the Principal’s Representative has given notice under clause 27.4(a) and the PS Contractor has failed to rectify the Defect within the time specified in such notice; or

(ii) the Defect is of such a nature that the time required to rectify the Defect would materially delay or disrupt the further construction, testing, commission or operation of Sydney Metro City & Southwest.
(b)  **(Loss is a debt due)** If a notice is delivered under clause 27.5(a), the Loss reasonably suffered and likely to be suffered by the Principal as a consequence of the Defect, assessed by the Principal's Representative, will be a debt due and payable from the PS Contractor to the Principal including:

(i)  the additional maintenance and operating costs which will be incurred by the Principal as a result of the Defect;

(ii)  costs which the Principal is reasonably likely to incur to overcome the impact of the Defect;

(iv)  a reasonable amount for reduction in design life.

27.6  **Access to remedy Defects**

After the Construction Licence in respect of a part of the Construction Site has expired or terminated pursuant to clause 9.4(b), the Principal will procure such access to the relevant part of the Construction Site (other than any part of the Construction Site which is no longer owned or controlled by the Principal) as is reasonably necessary for the PS Contractor to correct any Defect having regard to clause 27.2 (Defects) and subject to the PS Contractor complying with the requirements of clause 26.1 (Access following expiry or termination of the Construction Licence).

27.7  **Failure to rectify Defect**

(a)  **(PS Contractor failure)** If the PS Contractor fails to rectify a Defect within the time specified in a notice given under clause 27.4(a), the Principal's Representative may have the Defect and the damage caused by it rectified by itself or others (which may include an Interface Contractor).

(b)  **(Principal's costs)** The costs of rectification which are suffered or incurred by the Principal as a consequence of exercising its rights under clause 27.7(a) or 27.8(a) will be a debt due and payable from the PS Contractor to the Principal.

27.8  **Interface Contractors**

   (i) on the 25th day of each month;

   (ii) 30 Business Days after the issue of the Notice of Completion for the last Portion to achieve Completion; and

   (iii) together with a notice of Final Completion under clause 23.4(a).

(b) **(Format of progress claims)** For each progress claim made under clause 28.3(a), the PS Contractor must:

   (i) give the Principal's Representative a claim in a format required by the Principal's Representative (including electronic format) showing the amount claimed by the PS Contractor and identifying the works, services, Construction Materials and Construction Plant to which the progress claim relates; and

   (ii) in the case of the progress claims issued after the issue of the Notice of Completion for the last Portion to achieve Completion and with a notice of Final Completion under clause 23.4(a), comply with clause 28.3(i).

(c) **(Supporting information)** Each progress claim made under clause 28.3(a) must set out or be accompanied by:

(i) The Principal's Representative must, within 10 Business Days after receipt of the PS Contractor's claim under clause 28.3(a), issue to the PS Contractor and the Principal a payment schedule stating the amount (if any) which the Principal's Representative believes to be then payable by the Principal to the PS Contractor under this deed or the amount which the Principal's Representative believes to be then payable by the PS Contractor to the Principal, including details of the calculation of the progress amount. In issuing a payment schedule the Principal's Representative:

(A) may deduct from the amount which would otherwise be payable to the PS Contractor any amount which the Principal is entitled to retain, deduct, withhold or set-off under this deed, including under clause 28.5 (Provision of documentation and other requirements), clause 28.6 (Payment of Subcontractors, workers compensation and payroll tax), clause 28.7 (Payment for unfixed Construction Materials) and clause 28.9 (Right of set-off); and

(B) must, if the payment schedule shows an amount less than the amount claimed by the PS Contractor in the progress claim, set out in the payment schedule why the amount is less and if the reason for the difference is that the Principal has retained, deducted, withheld or set-off payment for any reason, the reason for the retention, deduction, withholding or setting-off of payment.

(ii) If the PS Contractor does not give the Principal's Representative a progress claim at a time required by clause 28.3(a), the Principal's Representative may nevertheless (but is not obliged to) issue a payment schedule as if a progress claim was made at the time required.

(iii) A payment schedule issued under clause 28.3(d)(i) or clause 28.3(d)(ii) will separately identify the sum of the amounts due on account of the Contract Sum, and any other amounts payable under the deed by the Principal to the PS Contractor.

(iv) If the amount set out in a payment schedule issued under clause 28.3(d)(i) is different to the amount in the PS Contractor's progress claim or if the Principal's Representative issues a payment schedule under clause 28.3(d)(ii), the Principal will issue a recipient created tax invoice or adjustment note (as the case may be) to the PS Contractor to reflect the amount in the payment schedule.

(e) **Principal's payment** Within the earlier of 15 Business Days after the date of the PS Contractor's progress claim in accordance with clause 28.3(a) or within 5 Business Days after the issue of a payment schedule in accordance with clause 28.3(d)(i) or clause 28.3(d)(ii):

(i) where the payment schedule provides that an amount is payable by the Principal to the PS Contractor, the Principal must pay the PS Contractor the progress payment due to the PS Contractor as certified in the payment schedule; and
(ii) where the payment schedule provides that an amount is payable by the PS Contractor to the Principal, the PS Contractor must pay the Principal the amount due to the Principal as certified in the payment schedule.

(f) **(Early progress claim)** If the PS Contractor lodges a progress claim earlier than at the times specified under clause 28.3(a), the Principal's Representative will not be obliged to issue the payment schedule in respect of that progress claim earlier than it would have been obliged had the PS Contractor submitted the progress claim in accordance with this deed.

(g) **(Amounts)** Despite any other provisions of this deed to the contrary, the amount of any progress claim to which the PS Contractor is entitled in relation to this deed and the amount to be allowed by the Principal's Representative in any payment schedule issued under clause 28.3(d)(i) or clause 28.3(d)(ii) as the amount payable to the PS Contractor arising out of or in any way in connection with this deed will:

(i) not include the following amounts:

(A) any Milestone Performance Payment unless the relevant part of the PS Contractor's Activities to which the Milestone Performance Payment relates has been completed to the satisfaction of the Principal's Representative;

(B) any amount which this deed provides cannot be claimed or is not payable because of the failure by the PS Contractor to take any action (including to give any notice to the Principal or the Principal's Representative);

(C) any amount which represents damages claimed against the Principal (whether for breach of contract, in tort or otherwise);

(D) any amount which this deed provides is not payable until certain events have occurred or conditions have been satisfied, to the extent those events have not occurred or those conditions have not been satisfied (including those conditions set out in clause 28.5(a));

(E) any amount in respect of which the obligation of the Principal to make payment has been suspended under this deed;

(F) any amount in respect of which the PS Contractor has failed to provide supporting information as required by this deed;

(G) subject to the terms of this deed, any amount for work which has not yet been performed or for goods or services which have not yet been supplied; or

(H) any amount for work which is not in accordance with this deed;

(ii) deduct the following amounts:

(A) any amounts which have become due from the PS Contractor to the Principal under this deed; and

(B) any amounts which the Principal is entitled under this deed to retain, deduct, withhold or set-off;
(iii) in determining amounts to be excluded or deducted under clause 28.3(g)(i) and clause 28.3(g)(ii), have regard to matters or circumstances occurring at any time before the date that the determination is being made; and

(iv) be determined having regard to the Contract Sum.

(h) **(No prejudice to the Principal)** Failure by the Principal's Representative to set out in a payment schedule an amount which the Principal is entitled to retain, deduct, withhold or set-off from the amount which would otherwise be payable to the PS Contractor by the Principal will not prejudice the Principal's right to subsequently exercise its right to retain, deduct, withhold or set-off any amount under this deed.

(i) **(Post Completion and final payment claims)** The PS Contractor must include in each of the payment claims lodged by it in accordance with clause 28.3(a)(ii) and clause 28.3(a)(iii) all Claims for amounts which the PS Contractor considers it is entitled to be paid in any way arising out of, or in any way in connection with, this deed, the PS Contractor's Activities, the Project Works or the Temporary Works.

(j) **(Release)** Except to the extent that it is claimed in the relevant payment claim, the PS Contractor releases the Principal from any Liability in respect of any fact, matter or thing arising out of, or connected in any way with, this deed, the PS Contractor's Activities, the Project Works or the Temporary Works that:

(i) in the case of the payment claim issued in accordance with clause 28.3(a)(ii), occurred prior to Completion of the last Portion to reach Completion; and

(ii) in the case of the payment claim issued with the notice of Final Completion under clause 28.3(a)(iii) occurred at all.

28.4 Effect of payment schedules and payments

(a) **(On account)** Any payments made by the Principal pursuant to a payment schedule are payments on account only.

(b) **(No approval)** Neither the issue of a payment schedule under clause 28.3(d)(i) or clause 28.3(d)(ii), nor the making of any payment pursuant to any such payment schedule, will:

(i) constitute the approval of any work or other matter or prejudice any Claim by the Principal or the Principal's Representative;

(ii) constitute evidence of the value of any work or an admission of Liability or evidence that work has been executed or completed in accordance with this deed; or

(iii) prejudice the right of either party to dispute under the Dispute Procedure whether any amount certified as payable in a payment schedule is the amount properly due and payable under this deed.

(c) **(Correction of error)** The Principal's Representative may at any time correct any error in a payment schedule.

28.5 Provision of documentation and other requirements

(a) The value of the construction work carried out by the PS Contractor, and the amount of the progress payment to which the PS Contractor is entitled, will be:
(i) **(No more than** [redacted] **) no more than [redacted] of the amount that the Principal's Representative would otherwise have set out in any payment schedule unless and until the PS Contractor has:

(A) effected and is maintaining all Insurances that the PS Contractor is required to effect and maintain under clause 30.6 *(PS Contractor's Insurance obligations)*;

(B) complied with clause 3.1 *(Unconditional undertakings)* and clause 3.4 *(Parent Company Guarantee)*;

(C) where clause 28.8(o) applies, provided the Principal's Representative with the statement and evidence (if any) required to be provided by the PS Contractor pursuant to that clause;

(D) provided the Principal's Representative with a statutory declaration in the form of Schedule B15 *(Statutory declaration)* which has been duly executed:

(aa) by a representative of the PS Contractor who is in a position to know the facts declared; and

(bb) on the date the relevant payment claim was issued;

(E) in relation to any unfixed plant and materials which the PS Contractor proposes to claim in a payment claim, provided the evidence and documents required by, and otherwise satisfied the requirements of, clause 28.7 *(Payment for unfixed Construction Materials)*; and

(F) done everything else that it is required to do under this deed before being entitled to make a payment claim or receive payment; and

(ii) **(No more than** [redacted] **) no more than [redacted] of the amount that the Principal's Representative would otherwise have set out in any payment schedule unless and until the PS Contractor has complied with its obligations under clause 21.5 *(PS Contractor's Program)* and provided all information required by section 4.2.3 of Appendix F2 of the SWTC.

(b) **(Payment of withheld amount)** Any amount withheld by the Principal under clause 28.5(a) must be paid within 10 Business Days after the PS Contractor has complied with the relevant obligation.

### 28.6 Payment of Subcontractors, Workers Compensation and Payroll Tax

(a) **(Court order)** If a worker or a Subcontractor obtains a court order in respect of the moneys payable to him, her or it in respect of his, her or its employment on, materials (including Construction Materials) supplied for, or work performed with respect to, the PS Contractor's Activities, and produces to the Principal the court order and a statutory declaration that it remains unpaid, the Principal may (but is not obliged to) pay the GST exclusive amount of the order and costs included in the order to the worker or Subcontractor, and the amount paid will be a debt due and payable from the PS Contractor to the Principal.

(b) **(Notices)** If the Principal receives notices of:

(i) the PS Contractor being placed under administration; or

(ii) the making of a winding up order in respect of the PS Contractor,
the Principal will not make any payment to a worker or Subcontractor without the concurrence of the administrator, provision liquidator or liquidator, as the case may be.

(c) **(Non-payment of amount)** If any moneys are shown as unpaid in the PS Contractor's statutory declaration under clause 28.5(a)(i)(D), the Principal may withhold the moneys so shown until the PS Contractor provides evidence to the satisfaction of the Principal's Representative that the moneys have been paid to the relevant persons.

(d) Not used.

(e) **(Pay amounts to Subcontractors)** If a Subcontractor has become entitled to suspend work under a Subcontract in accordance with the SOP Act because of a failure by the PS Contractor or any Subcontractor to pay moneys due and payable to that Subcontractor, the Principal may pay to the Subcontractor the amount owing to the Subcontractor in connection with that work, and the amount paid by the Principal will be a debt due and payable by the PS Contractor to the Principal. Where practicable, the Principal will provide prior written notice to the PS Contractor prior to paying the relevant Subcontractor.

(f) **(Payment of other amount to Subcontractors)** Notwithstanding clause 28.6(e), if any amount is:

(i) certified as payable; or

(ii) otherwise due and payable (and not disputed amounts),

    to a Subcontractor under a Subcontract, and the PS Contractor or the relevant Subcontractor does not pay such amount to that Subcontractor in accordance with that Subcontract, then the Principal may pay such amount to that Subcontractor provided it has given the PS Contractor 10 Business Days' notice of its intention to do so, and the amount paid by the Principal to that Subcontractor will be a debt due and payable by the PS Contractor to the Principal.

(g) **(Preservation of rights)** Nothing in this clause 28.6 limits or otherwise affects the Principal's rights under section 175B(7) of the Workers Compensation Act 1987 (NSW), section 18(6) of schedule 2 of the Payroll Tax Act 2007 (NSW) and section 127(3) of the Industrial Relations Act 1996 (NSW).

28.7 Payment for unfixed Construction Materials

(a) **(Not included in payment schedule)** The value of unfixed Construction Materials intended for incorporation in the Project Works but not yet incorporated must not be included in a progress claim under clause 28.3(a) and the Principal is under no obligation to pay for such Construction Materials unless:

(i) the PS Contractor:

   (A) has provided to the Principal at the same time as its progress claim under clause 28.3(a) an unconditional undertaking that complies with the requirements of clause 3.1(c) for an amount equal to the payment claimed for the Construction Materials; and

   (B) gives the Principal's Representative such evidence as may be required by the Principal's Representative that title to the unfixed Construction Materials will vest in the Principal upon payment;
(ii) the Construction Materials are clearly marked as the property of the Principal;

(iii) the Construction Materials are properly stored in a place approved by the Principal’s Representative (not to be unreasonably withheld); and

(iv) there is evidence (in a form satisfactory to the Principal) that the PS Contractor has registered a Security Interest in favour of the Principal in the unfixed Construction Materials.

(b) (Title vests on payment) Upon payment against a payment schedule which includes an amount in respect of unfixed Construction Materials, title in the unfixed Construction Materials will vest in the Principal.

(c) (Release of unconditional undertaking) If the PS Contractor provides an unconditional undertaking for payment for unfixed Construction Materials, the Principal must release the unconditional undertaking to the PS Contractor within 5 Business Days after those Construction Materials:

(i) are incorporated into the Project Works; and

(ii) comply with the requirements of this deed.

28.8 SOP Act

(a) (Definitions) Expressions defined or used in the SOP Act have the same meaning for the purposes of this clause (unless the context otherwise requires).

(b) (Communication) The PS Contractor must ensure that a copy of any written communication it delivers or arranges to deliver to the Principal of whatever nature in relation to the SOP Act, including a payment claim under the SOP Act, is provided to the Principal’s Representative at the same time.

(c) (Principal’s agent) In responding to the PS Contractor under the SOP Act, the Principal’s Representative acts as the agent of the Principal and the Principal authorises the Principal’s Representative to issue payment schedules on its behalf (without affecting the Principal’s right to issue a payment schedule itself).

(d) (Payment schedule) If, within the time allowed by the SOP Act for the service of a payment schedule by the Principal, the Principal does not:

(i) serve the payment schedule itself; or

(ii) notify the PS Contractor that the Principal’s Representative does not have authority from the Principal to issue the payment schedule on its behalf,

then a payment schedule issued by the Principal’s Representative under this deed which relates to the period relevant to the payment schedule will be taken to be the payment schedule for the purpose of the SOP Act (whether or not it is expressly stated to be a payment schedule).

(e) (Amount of progress payment) For the purposes of this deed, the amount of the progress payment to which the PS Contractor is entitled under this deed will be the amount certified by the Principal’s Representative in a payment schedule under clause 28.3 (Payment claims) less any amount the Principal may elect to retain, deduct, withhold or set off in accordance with this deed.
(f) **(No Liability to pay progress claim)** The PS Contractor agrees that:

(i) the date prescribed by clause 28.3(a) as the date on which the PS Contractor is entitled to make a progress claim is, for the purposes of the SOP Act (including section 8 of the SOP Act), the reference date; and

(ii) a progress claim is not a document notifying an obligation on the Principal to make any payment and the Principal will have no Liability to make a payment of any amount in respect of a progress claim unless the amount has been included in a payment schedule issued by the Principal's Representative in accordance with clause 28.3(d)(i) or clause 28.3(d)(ii).

(g) **(No breach of this deed)** Nothing in this deed will be construed to:

(i) make any act or omission of the Principal in contravention of the SOP Act (including failure to pay an amount becoming due under the SOP Act), a breach of this deed (unless the Principal would have been in breach of this deed if the SOP Act had no application); or

(ii) subject to clause 28.8(g)(i), give to the PS Contractor rights under this deed which extend or are in addition to rights given to the PS Contractor by the SOP Act in respect of any act or omission of the Principal in contravention of the SOP Act.

(h) **(No right to claim for suspension)** If the PS Contractor suspends the whole or part of the PS Contractor's Activities pursuant to the SOP Act then, except to the extent (if any) expressly provided under the SOP Act, the Principal will not be liable for and the Principal has no Liability to the PS Contractor for any Loss suffered or incurred by the PS Contractor as a result of the suspension.

(i) **(PS Contractor indemnity)** The PS Contractor indemnifies and must keep indemnified the Principal against all Loss suffered or incurred by the Principal arising out of a suspension by a Subcontractor of work which forms part of the PS Contractor's Activities pursuant to the SOP Act unless and except to the extent that the suspension is due to non-payment by the Principal of an amount that is due and payable under this deed.

(j) **(Authorised nominating authority)** The PS Contractor agrees that for the purposes of section 17(3) of the SOP Act:

(i) it has irrevocably chosen the Resolution Institute as the authorised nominating authority to which any adjudication application under the SOP Act in respect of the PS Contractor's Activities is to be made; and

(ii) the PS Contractor must make any adjudication application under the SOP Act to that authorised nominating authority (unless the Principal in its absolute discretion consents to any alternative nominating authority).

(k) **(Adjudication)** When an adjudication occurs under the SOP Act, and the Principal has paid an adjudicated amount to the PS Contractor:

(i) the amount will be taken into account by the Principal's Representative in issuing a payment schedule under clause 28.3(d)(i) or clause 28.3(d)(ii);

(ii) if it is subsequently determined pursuant to this deed that the PS Contractor was not entitled under this deed to payment of some or all of the adjudicated amount that was paid by the Principal (overpayment), the overpayment will be a debt due and payable by the PS Contractor to the Principal which the PS Contractor must pay to the Principal upon demand.
and in respect of which the PS Contractor is not entitled to claim or exercise any set-off, counterclaim, deduction or similar right of defence;

(iii) if the adjudicator’s determination is quashed, overturned or declared to be void, the adjudicated amount then becomes a debt due and payable by the PS Contractor to the Principal upon demand and in respect of which the PS Contractor is not entitled to claim or exercise any set-off, counterclaim, deduction or similar right of defence; and

(iv) the Principal’s Representative:

(A) is not bound by the adjudication determination;

(B) may reassess the value of the work that was valued by the adjudicator; and

(C) may, if it disagrees with the adjudication determination, express its own valuation in any payment schedule.

(l) **Withholding** Without limiting clause 28.9 *(Right of set-off)*, the Principal may withhold any amount that is less than or equal to the amount claimed to be owed under a payment withholding request served on the Principal pursuant to Division 2A of the SOP Act. If the Principal withholds from money otherwise due to the PS Contractor any amount that is less than or equal to the amount claimed to be owed under a payment withholding request served on the Principal pursuant to Division 2A of the SOP Act, then:

(i) the Principal may plead and rely upon Division 2A of the SOP Act as a defence to any claim for the money by the PS Contractor from the Principal; and

(ii) the period during which the Principal retains money due to the PS Contractor pursuant to an obligation under Division 2A of the SOP Act will not be taken into account for the purpose of determining:

(A) any period for which money owed by the Principal to the PS Contractor has been unpaid; and

(B) the date by which payment of money owed by the Principal to the PS Contractor must be made.

(m) **No proceedings** The PS Contractor agrees not to commence proceedings to recover any amount withheld by the Principal pursuant to a payment withholding request served on the Principal pursuant to Division 2A of the SOP Act.

(n) **Debt due** Any amount paid by the Principal pursuant to section 26C of the SOP Act will be a debt due from the PS Contractor to the Principal.

(o) **PS Contractor payment** If the Principal withholds money pursuant to a payment withholding request served on the Principal pursuant to Division 2A of the SOP Act and the PS Contractor:

(i) pays the amount claimed to be due under the adjudication application to which the payment withholding claim relates; or

(ii) becomes aware that the adjudication application to which the payment withholding claim relates has been withdrawn,
then the PS Contractor must so notify the Principal within 5 Business Days after the occurrence of the event in clause 28.8(1)(i) or clause 28.8(1)(ii) above (as applicable) by providing to the Principal a statement in writing in the form of a statutory declaration together with such other evidence as the Principal may require evidencing that the amount has been paid or the adjudication application has been withdrawn (as the case may be).

28.9 Right of set-off

(a) **(Amounts set-off)** The Principal may withhold, set-off or deduct from the money which would otherwise be payable to the PS Contractor or which would otherwise be due to the PS Contractor under this deed:

(i) any debt or other moneys due from the PS Contractor to the Principal;

(ii) any bona fide claim to money which the Principal may have against the PS Contractor, whether for damages (including liquidated damages) or otherwise; or

(iii) any other amount the Principal is entitled to withhold, set-off or deduct under this deed,

under or arising out of or in connection with this deed or the PS Contractor's Activities and the Principal may make such withholding, set-off or deduction whether or not such amounts were included in a payment schedule issued by the Principal's Representative.

(b) **(Survival)** This clause 28.9 will survive the termination of this deed.

28.10 Provisional sums

(a) **(Performance of Provisional Sum Work)** Subject to clause 28.10(g), the PS Contractor may not proceed with any item of Provisional Sum Work unless the PS Contractor has provided the Principal's Representative with a fixed lump sum price proposal for the relevant item of Provisional Sum Work (**Lump Sum Price Proposal**).

(b) **(Lump Sum Price Proposal)** Each Lump Sum Price Proposal submitted by the PS Contractor under clause 28.10(a) must be prepared:

(i) on an Open Book Basis (as defined in Schedule A8 (**Modification Procedure**)); and

(ii) in accordance with the requirements of clause 28.10(e) and clause 28.10(f).

(c) **(Valuation by the Principal's Representative)** Within 20 Business Days of receiving the PS Contractor's Lump Sum Price Proposal (or within such longer period agreed by the parties) the Principal's Representative will adjust the Contract Sum by the difference between:

(i) the amount allowed for the relevant item of Provisional Sum Work in the Contract Sum Schedule; and

(ii) either:

(A) a fixed amount agreed between the Principal's Representative and the PS Contractor (which may or may not be the amount specified in the Lump Sum Price Proposal); or
(B) if the parties fail to agree upon such amount within 20 Business Days from the date on which the PS Contractor submitted its Lump Sum Price Proposal (or within such longer period agreed by the parties), a fixed amount determined by the Principal's Representative in accordance with Schedule E4 (Valuation Mechanism),

as the amount that will be payable in respect of the relevant item of Provisional Sum Work.

(d) **Referral to dispute resolution** If the PS Contractor disagrees with any determination of the Principal's Representative under clause 28.10(c)(ii)(B), the PS Contractor may refer the matter for resolution in accordance with the Dispute Procedure.

(e) **Minimise cost** The PS Contractor must minimise the cost of undertaking Provisional Sum Work.

(f) **No Liability** The Principal will have no Liability to the PS Contractor for the following work even if it is related to Provisional Sum Work:

(i) any amounts incurred by the PS Contractor in relation to the Provisional Sum Work in addition to the amounts payable pursuant to a subcontract for Provisional Sum Work (including for supervision, management and attendance, and provision of Construction Plant which is used by or accessed by the subcontractor performing Provisional Sum Work);

(ii) any amount payable by the PS Contractor to the subcontractor performing Provisional Sum Work as a consequence of a breach of the subcontract for Provisional Sum Work:

(A) by the PS Contractor; or

(B) resulting from an act or omission of the PS Contractor;

(iii) design costs incurred incorporating Provisional Sum Work into the design;

(iv) costs incurred by the PS Contractor and other subcontractors interfacing with the subcontractor performing Provisional Sum Work;

(v) the extra costs incurred by a subcontractor performing Provisional Sum Work as a result of:

(A) a delay for which an extension of time was granted under the Nominated Subcontract; or

(B) a direction by the PS Contractor to compress the performance of the relevant subcontractor's activities as the result of a cause of delay for which the relevant Subcontractor would otherwise have been entitled to an extension of time,

except to the extent that such costs arise as the result of a delay for which the PS Contractor is granted an extension of time under this deed;

(vi) the acceleration costs incurred by the subcontractor performing Provisional Sum Work in order to perform any work earlier than required under the subcontract for Provisional Sum Work, except to the extent that such acceleration is required as the result of a Modification in relation to which the Principal has a Liability to the PS Contractor under this deed;
(vii) any increase in the contract sum of a subcontract for the performance of Provisional Sum Work as the result of a change, modification or variation directed by the PS Contractor under that subcontract, except to the extent that such change was required as the result of a Modification for which the Principal has a Liability to the PS Contractor under this deed; and

(viii) those things which Schedule E8 (Provisional Sum Work) provides the Principal shall have no Liability for.

(g) **Call-off Services** In the case of any item of Provisional Sum Work that is also a Call-off Service, the PS Contractor:

(i) must carry out such services when directed by the Principal’s Representative under this deed;

(ii) will, subject to clause 28.10(g)(iii) and clause 28.10(h), be paid for the performance of such services in accordance with the relevant rates set out in section 2 of Schedule E4 (Valuation Mechanism); and

(iii) will be entitled to claim payment under clause 28.3 (Payment claims) in respect of such services only once the aggregate amount payable in respect of the relevant category of Call-off Service has exceeded the provisional sum allowed for that Call-off Service in Schedule E8 (Provisional Sum Work).

(h) Where the aggregate amount payable by the Principal under this deed in respect of any Call-off Service:

(i) has exceeded in total the provisional sum allowed for that Call-off Service in the Contract Sum Schedule, or

6. OBLIGATIONS OF THE OTHER PARTIES

NOTE: Where required above, this Statement must be accompanied by the relevant Certificate of Currency to comply with section 175B of the Workers Compensation Act 1987.
Notes

1. This form is prepared for the purpose of section 175B of the Workers Compensation Act 1987, schedule 2 part 5 Payroll Tax Act 2007 and section 127 of the Industrial Relation Act 1996. If this form is completed in accordance with these provisions, a principal contractor is relieved of liability for workers compensation premiums, payroll tax and remuneration payable by the subcontractor.

A principal contractor can be generally defined to include any person who has entered into a contract for the carrying out of work by another person (or other legal entity called the subcontractor) and where employees of the subcontractor are engaged in carrying out the work which is in connection with the principal contractor's business.

2. For the purpose of this Subcontractor's Statement, a principal contractor is a person (or other legal entity), who has entered into a contract with another person (or other legal entity) referred to as the subcontractor, and employees/workers of that subcontractor will perform the work under contract. The work must be connected to the business undertaking of the principal contractor.

3. Provide the unique contract number, title, or other information that identifies the contract.

4. In order to meet the requirements of s127 Industrial Relations Act 1996, a statement in relation to remuneration must state the period to which the statement relates. For sequential Statements ensure that the dates provide continuous coverage.

Section 127(6) of the Industrial Relations Act 1996 defines remuneration as 'remuneration or other amounts payable to relevant employees by legislation, or under an industrial instrument, in connection with work done by the employees.'

Section 127(11) of the Industrial Relations Act 1996 states 'to avoid doubt, this section extends to a principal contractor who is the owner or occupier of a building for the carrying out of work in connection with the building so long as the building is owned or occupied by the principal contractor in connection with a business undertaking of the principal contractor.'

5. Provide the date of the most recent payment claim.

6. For Workers Compensation purposes an exempt employer is an employer who pays less than $7500 annually, who does not employ an apprentice or trainee and is not a member of a group.

7. In completing the Subcontractor's Statement, a subcontractor declares that workers compensation insurance premiums payable up to and including the date(s) on the Statement have been paid, and all premiums owing during the term of the contract will be paid.

8. In completing the Subcontractor's Statement, a subcontractor declares that all remuneration payable to relevant employees for work under the contract has been paid.

9. In completing the Subcontractor's Statement, a subcontractor declares that all payroll tax payable relating to the work undertaken has been paid.

10. It is important to note that a business could be both a subcontractor and a principal contractor; if a business 'in turn' engages subcontractors to carry out the work. If your business engages a subcontractor you are to also obtain Subcontractor’s Statements from your subcontractors.

Statement Retention

The principal contractor receiving a Subcontractor’s Statement must keep a copy of the Statement for the periods stated in the respective legislation. This is currently up to seven years.

Offences in respect of a false Statement

In terms of s127(8) of the Industrial Relations Act 1996, a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence if:

(a) the person is the subcontractor;

(b) the person is authorised by the subcontractor to give the statement on behalf of the subcontractor; or

(c) the person holds out or represents that the person is authorised by the subcontractor to give the statement on behalf of the subcontractor.

In terms of s175B of the Workers Compensation Act and clause 18 of schedule 2 of the Payroll Tax Act 2007.
Tax Act 2007 a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence.

(k) "includes" in any form is not a word of limitation; and

(l) a reference to "$" or "dollar" is to Australian currency.

3. NOVATION

3.1 Novation

(a) the parties novate the Contract so that the Substitute Party and the Continuing Party are parties to a new agreement on the same terms as the Contract; and

(b) any reference in the Contract to the Retiring Party will be read as a reference to the Substitute Party.

3.2 Assumptions of rights and obligations

(a) From the Effective Date the Substitute Party:
(i) will be bound by and will comply with the terms of the Contract as amended by this deed, and will enjoy the rights and benefits conferred on the Retiring Party under the terms of the Contract; and

in all respects as if the Substitute Party had originally been named in the Contract as a party instead of the Retiring Party.

(b) From the Effective Date the Continuing Party will comply with the terms of the Contract on the basis that the Substitute Party has replaced the Retiring Party under the Contract in accordance with this deed.

3.3 Release by Continuing Party

From the Effective Date:

(i) any obligation or Liability under or in respect of the Contract; and

(ii) any action, claim and demand it has against the Retiring Party under or in respect of the Contract; and

3.4 Release by Retiring Party

From the Effective Date the Retiring Party releases the Continuing Party from:

(a) any obligation or Liability under or in respect of the Contract; and

3.5 Insurance

From the Effective Date:

(a) the Substitute Party must have in place insurances which replace the insurances required to be effected and maintained by the Retiring Party under the terms of the Contract; and

3.7 Indemnity

The Retiring Party must indemnify the Substitute Party and each of their officers, employees and agents from and against any Loss (including legal costs on a full indemnity basis) in respect of or arising out of or as a result of the Substitute Party assuming the obligations and Liabilities of the Retiring Party under or in connection with the Contract that the Continuing Party may have or claim to have or might have had against the Retiring Party under or in connection with the Contract but for the operation of this deed, regardless of whether those obligations or Liabilities arose before or after the Effective Date.

4. OVERRIDING EFFECT

The parties agree that the execution and operation of this deed will for all purposes be regarded as due and complete compliance with the terms of the Contract relating to any requirement for consent to assignment of the Contract so far as any such provisions would apply with respect to the novation of the Contract to the Substitute Party.

6.2 Costs

Except as otherwise provided in this deed, each party must pay its own costs and expenses in connection with negotiating, preparing, executing and performing this deed.

6.3 GST

(a) Any payment or reimbursement required to be made under this deed that is calculated by reference to a cost, expense or other amount paid or incurred will be limited to the total cost, expense or amount less the amount of any input tax credit to which an entity is entitled for the acquisition to which the cost, expense or amount relates.
Execution Version

The additional amount must be paid, and the Supplier must provide a tax invoice, at the same time as the other consideration for that supply is to be provided under this deed. Terms used in this clause 6.3 have the meanings given to those terms by the A New Tax System (Goods and Services Tax) Act 1999.

7.3 Amendments

This deed may only be varied by a document signed by or on behalf of each party.

7.4 Waiver

(a) Failure to exercise or enforce, or a delay in exercising or enforcing, or the partial exercise or enforcement of, a right, power or remedy provided by law or under this deed by a party does not preclude, or operate as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or remedy provided by law or under this deed.

(b) A waiver or consent given by a party under this deed is only effective and binding on that party if it is given or confirmed in writing by that party.

(c) No waiver of a breach of a term of this deed operates as a waiver of any other breach of that term or of a breach of any other term of this deed.

Signature ...........................................

Full name..................................................

Position/Title ............................................

Date ....../....../.....

NOTE: Where required above, this Statement must be accompanied by the relevant Certificate of Currency to comply with section 175B of the Workers Compensation Act 1987.
1. This form is prepared for the purpose of section 175B of the Workers Compensation Act 1987, Schedule 2 Part 5 Payroll Tax Act 2007 and section 127 of the Industrial Relation Act 1996. If this form is completed in accordance with these provisions, a principal contractor is relieved of liability for workers compensation premiums, payroll tax and remuneration payable by the subcontractor.

A principal contractor can be generally defined to include any person who has entered into a contract for the carrying out of work by another person (or other legal entity called the subcontractor) and where employees of the subcontractor are engaged in carrying out the work which is in connection with the principal contractor’s business.

2. For the purpose of this Subcontractor’s Statement, a principal contractor is a person (or other legal entity), who has entered into a contract with another person (or other legal entity) referred to as the subcontractor, and employees/workers of that subcontractor will perform the work under contract. The work must be connected to the business undertaking of the principal contractor.

3. Provide the unique contract number, title, or other information that identifies the contract.

4. In order to meet the requirements of s127 Industrial Relations Act 1996, a statement in relation to remuneration must state the period to which the statement relates. For sequential Statements ensure that the dates provide continuous coverage.

Section 127(6) of the Industrial Relations Act 1996 defines remuneration ‘as remuneration or other amounts payable to relevant employees by legislation, or under an industrial instrument, in connection with work done by the employees.’

Section 127(11) of the Industrial Relations Act 1996 states ‘to avoid doubt, this section extends to a principal contractor who is the owner or occupier of a building for the carrying out of work in connection with the building so long as the building is owned or occupied by the principal contractor in connection with a business undertaking of the principal contractor.’

5. Provide the date of the most recent payment claim.

6. For Workers Compensation purposes an exempt employer is an employer who pays less than $7500 annually, who does not employ an apprentice or trainee and is not a member of a group.

7. In completing the Subcontractor’s Statement, a subcontractor declares that workers compensation insurance premiums payable up to and including the date(s) on the Statement have been paid, and all premiums owing during the term of the contract will be paid.

8. In completing the Subcontractor’s Statement, a subcontractor declares that all remuneration payable to relevant employees for work under the contract has been paid.

9. In completing the Subcontractor’s Statement, a subcontractor declares that all payroll tax payable relating to the work undertaken has been paid.

10. It is important to note that a business could be both a subcontractor and a principal contractor, if a business ‘in turn’ engages subcontractors to carry out the work. If your business engages a subcontractor you are to also obtain Subcontractor’s Statements from your subcontractors.
Statement Retention

The principal contractor receiving a Subcontractor’s Statement must keep a copy of the Statement for the periods stated in the respective legislation. This is currently up to seven years.

Offences in respect of a false Statement

In terms of s127(8) of the Industrial Relations Act 1996, a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence if:

(a) the person is the subcontractor;
(b) the person is authorised by the subcontractor to give the statement on behalf of the subcontractor; or
(c) the person holds out or represents that the person is authorised by the subcontractor to give the statement on behalf of the subcontractor.

In terms of s175B of the Workers Compensation Act and clause 18 of Schedule 2 of the Payroll Tax Act 2007 a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence.

The determination of the independent expert will be binding on the PS Contractor and the Principal, except where such determination was made fraudulently or contains a manifest error.

7. **PS CONTRACTOR BOUND BY ENCUMBRANCES**

**PS Contractor is bound** The PS Contractor agrees that:

8. **TWO STAGE SUBDIVISION**

(a) **Requirements** If:

(i) the Principal is of the view that the OSD Works are required to be, but are not, sufficiently advanced to achieve accurate boundary definitions of:

10. NOTICE OF CREATION OF LOTS

(Notice) The PS Contractor must, within [time period] after it becomes aware that the Commercial Lot or the Residential Lot (as relevant) has been created by way of registration of the Subdivision Documents or Stage 2 Subdivision Documents, notify the Principal in writing of such registration.

11. OPERATION OF THE BUILDING MANAGEMENT STATEMENTS

(Building Management Statements) If the Building Management Statements have been registered on title as contemplated under this Schedule D12, during the period commencing on the date of such registration and expiring on the Date of Completion, the PS Contractor agrees to be bound by and to comply with the terms and conditions of the registered Building Management Statements (to the extent that such terms and conditions apply) as if it were the registered proprietor of the Commercial Lot and the Residential Lot, provided that to the extent there is any inconsistency between the terms and conditions of the registered Building Management Statements and this deed, this deed will prevail.

2. SUBDIVISION PLANS

2.1 Surveying principles to be adopted by the Surveyor
(a) Stratum boundaries are required to be defined relative to Australian Height Datum (AHD).

(b) Horizontal boundaries – each stratum lot extends from within the lowest common floor slab (that is intended to be within the lot) up to within the slab above (that is intended to be within the lot). It is common practice to adopt the centre of the respective slabs.

(c) Vertical (perimeter) boundaries – with the exception of item (e) below, each stratum lot extends to the outside structural surface. The lot that is adjacent to the lot that extends outside the structural surface is to be projected to the external boundary to reduce any small slivers of land being created.

(d) For common walls of two internal lots – generally "ad medium filum" applies.

(e) The external boundaries of the Commercial Lot and the Residential Lot will be in accordance with the Draft Subdivision Plans (as may be modified by a Development Consent).

2.2 Conceptual principles

(a) The intended owner of the North Station Lot (Lot 1 in the North Subdivision Plan) will be the Principal.

(b) The intended owner of the South Station Lot (Lot 1 in the South Subdivision Plan) will be the Principal.

(c) Lot 2 in the North Subdivision Plan will be the Commercial Lot and will comprise the North OSD.

(d) Lot 2 in the South Subdivision Plan will be the Residential Lot and will comprise the South OSD.

(e) The owner of Lot 3 in the North Subdivision Plan will be the Principal. Lot 3 will be the North Airspace Lot and will comprise the airspace (limited in depth, unlimited in height) above the North OSD. Lot 3 will not be part of the building referred to, or included, in the North Building Management Statement.

(f) The owner of Lot 3 in the South Subdivision Plan will be the Principal. Lot 3 will be the South Airspace Lot and will comprise the airspace (limited in depth, unlimited in height) above the South OSD. Lot 3 will not be part of the building referred to, or included, in the South Building Management Statement.

(g) The North Station Lot and South Station Lot will be unlimited in depth and limited in height. All infrastructure and services forming part of the Pitt Street Station must sit within the boundaries of the Station Lot, except as otherwise agreed by the Principal.

(h) The Commercial Lot and the Residential Lot will be limited in depth and limited in height.
(i) The North Station Lot and the South Station Lot will contain all of the plant and equipment that exclusively or predominantly service the Pitt Street Station, all platform areas (including the platforms up to the tunnel) and all paid concourse areas, including for example:
   (i) the station goods lift; and
   (ii) the Metro station manager’s office.

(j) To the extent that there is any land from the Subdivision Land which is in excess of the land required for the purpose of the Pitt Street Station and the other lots in the North Subdivision Plan and South Subdivision Plan, this land will comprise:
   (i) the "North Residual Lot", to the extent that the land is within the North Site; and
   (ii) the "South Residual Lot", to the extent that the land is within the South Site.

(k) The North Residual Lot and the South Residual Lot will be created as separate stratum lots in the North Subdivision Plan and the South Subdivision Plan (as applicable) and will be owned by the Principal.

2.3 Easement sites

Where the location of an easement has not been shown on the Draft Subdivision Plan, such location is to be implied by its intended purpose or is otherwise subject to agreement between the Principal and the PS Contractor.

3. SECTION 88B INSTRUMENT

3.1 Draft Section 88B Instrument

(a) **Parties to agree** As at the date of this deed, the final form of the Section 88B Instruments are to be agreed between the Principal and the PS Contractor based on the Draft Section 88B Instruments and in accordance with Schedule D12 (Subdivision Requirements).

(b) **Draft Section 88B Instrument** The PS Contractor acknowledges and agrees that:
   (i) as a general principle, easements will be registered on the title to each lot as relevant and will, in conjunction with the Building Management Statements, govern on-going operational rights and obligations and use of and responsibility in respect of Shared Facilities and other relevant areas affected by the easements;
   (ii) to the extent that the Principal has agreed that certain infrastructure or services or Metro Assets (as defined in the Draft BMSs) utilised by the Pitt Street Station may sit outside of the North Station Lot and the South Station Lot, contrary to the principles described in clauses 2.2(g) and 2.2(h) of this Schedule D13, the Principal may require that easements be granted over such infrastructure and services;
   (iii) the parties will consider whether the easements need any additional provisions to deal with the interface between services that are not Shared Facilities and those that are Shared Facilities; and
(iv) the parties will consider whether all of the easements set out in the Draft Section 88B Instruments are required.
3.3 Other easements

(a) The Draft Section 88B Instruments do not yet include those easements, positive covenants and restrictions on use that:

(i) may be required pursuant to the conditions of any Approvals, including the Planning Approvals;

(ii) the Principal may require for the purpose of operation and maintenance of the Metro (including Pitt Street Station); or

(b) Without limiting clause 3.3(a)(ii) of this Schedule D13, the parties have not yet considered whether there will be easements in respect of the following:

(i) the right for the North Station Lot Owner and the South Station Lot Owner to install ticketing machines on one or more of the other lots;

(ii) the earthing and bonding infrastructure and lightning protection system; or

(iii) access to (and the requirement to maintain) landscaping and public art.

4. BUILDING MANAGEMENT STATEMENT

4.1 BMS provisions

(a) The PS Contractor is required to prepare and finalise each of the schedules and annexures to the Draft BMSs (including the Shared Facilities Schedules and the plans showing the Restricted OSD Areas) in accordance with the principles outlined in this Schedule D13 and the ISD Operations Principles.

(b) Each proposed Draft BMS to be included in the Subdivision Proposal or the Stage 1 Subdivision Proposal will reflect the principle that the Restricted OSD Areas will not include any areas that need to be accessed by the North Station Lot Owner or the South Station Lot Owner or contain any Shared Facilities which are shared by the North Station Lot or the South Station Lot.

(c) The Principal and the PS Contractor will consider whether:
(i) the maintenance and works obligations set out in each Draft BMS align with the easements in the Draft Section 88B Instruments; and

(ii) each Draft BMS needs any additional provisions to deal with the interface between services that are not Shared Facilities and those that are Shared Facilities.

(d) The Principal may allow its contractor to exercise the Principal’s rights, as agent for the Principal, under the Building Management Statements.

(e) The parties have not yet considered whether there will be any provisions in the Building Management Statements for access to and the requirement to maintain landscaping and public art.

(f) Each proposed Draft BMS to be included in any Subdivision Proposal must be split into the Draft North BMS and the Draft South BMS by following the drafting notes in the Draft BMS document. In addition, references to the "Station Lot" in the:

(i) Draft North BMS are to be amended to "North Station Lot"; and

(ii) Draft South BMS are to be amended to "South Station Lot".

4.2 ISD Operations Principles

Elements of each Draft BMS that relate to operational issues must be completed to align with the ISD Operations Principles.

4.3 Shared Facilities Schedule

(a) The Shared Facilities Schedules attached to each Draft BMS are in draft form, are incomplete and are to be agreed between the parties (acting reasonably). This includes the parties agreeing on what is included in (or excluded from) the draft Shared Facilities Schedules, the description and scope of each Shared Facility, the stratum lots that are allocated the benefit of each Shared Facility and also the cost apportionment percentage allocated to each stratum lot with the benefit of the Shared Facility.

(b) There will be no Shared Facilities behind the Metro operational boundary, unless otherwise agreed by the Principal.

(c) All Shared Facilities will be maintained by the building management committee under the Building Management Statement, except to the extent that clause 6.4 of the Building Management Statement applies.

(d) The division of costs for the consumption of utilities in respect of Shared Facilities requires further consideration by the Principal and the PS Contractor. The basis for calculation of utility consumption is to be agreed between the parties.

(e) Where the concept of "consumables" is included in a Shared Facility, the parties will consider and agree what this includes.

4.4 Shared Facilities Plan

The Shared Facilities Plans attached to each Draft BMS are in draft form, are incomplete and are to be agreed between the parties (acting reasonably). This includes the parties agreeing on each of the Shared Facilities Plans.
