

# Sutherland to Cronulla Active Transport Link

COMMUNITY NOTIFICATION

September 2019

## Stage 1 Sutherland to Kirrawee

The Sutherland to Cronulla Active Transport Link (SCATL) is a pedestrian and bicycle path between Sutherland and Cronulla to help make walking and bike riding a more convenient, safer and enjoyable transport option.

Stage 1 Sutherland to Kirrawee will connect key destinations such as transport interchanges, schools, residential areas and business precincts.

Construction of Stage 1 is underway, and work will be completed progressively between Sutherland and Kirrawee. Parts of Stage 1 will open as each area is completed with bike riders and pedestrians able to use the whole stage by early 2020.

## Continuing work at Sutherland

Work will continue along Eton Street between McCubbens Lane and President Avenue, and on President Avenue between Eton Street and Acacia Road. Work along these sections includes landscaping, tree trimming and removal, line marking, concreting and the relocation of utilities to continue building the new pedestrian and bicycle pathway.

New work will begin along President Avenue between Acacia Road and Fauna Place. The work includes tree trimming and removal and investigation. New and continuing work will be completed during standard construction hours from **7am to 6pm, Monday to Friday**, and **8am to 1pm on Saturdays**.

Pedestrian access will be maintained at all times, with traffic control present when work is in progress. Please see the map overleaf for more detail about the work.

## Night work on President Avenue

Some work is required outside standard construction hours to minimise impacts on local traffic and to improve the safety for pedestrians and workers. This includes the investigation activities on President Avenue between Acacia Road and Fauna Place.

Additionally, President Avenue will have partial closures and detours between Glencoe Street and Acacia Road to complete drainage work and build the new pedestrian and bicycle crossing across Auburn Street. Our night work activities will occur for **four-night shifts** from **6pm and 5am** between **Wednesday 4 September** and **Saturday 14 September** (weather permitting).

This work may be noisy at times, as it includes truck movements, saw cutting of the road, jack hammering, concreting and asphaltting. We will implement measures to minimise impacts on the community, by completing noisier works as early as possible, switching off equipment when it is not being used, placing equipment as far away from properties as possible, and monitoring our work activities to ensure noise levels are being managed effectively.

Residents in close proximity to the night work will be provided more information closer to the time.

## Changes to parking on President Avenue

There will be ongoing temporary parking changes along President Avenue during construction hours. Approximately 24 parking spaces between Merton Street and Acacia Road will be temporarily unavailable until **Saturday 5 October 2019**, to allow work to be completed safely. Please note parking loss will be staged across the period we are working along this section.

## Traffic changes

There will be temporary traffic changes during our work hours to ensure the work zone is safe. Lane closures and detours may be in place during our work which may affect travel times. Please keep to the speed limits and follow signs and traffic controllers' directions.

## Keeping the community informed

We will be conducting ongoing landscaping and maintenance work along the new pathway until the completion of the project in January 2020.

We will keep the community informed of upcoming work via regular notifications and updates on our website. If you would like to speak to the project team about this work, please contact us on 1800 684 490 or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au).

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.

For more information call **1800 684 490**,
