

New Intercity Fleet

Stations and Signalling Modifications

FEBRUARY 2019 COMMUNITY NOTIFICATION – PENRITH STATION

The NSW Government is delivering a New Intercity Fleet to replace the trains carrying customers from Sydney to the Central Coast, Newcastle, the Blue Mountains and the South Coast.

The new state-of-the-art trains will replace the ageing V-Sets to provide customers with a more comfortable and reliable journey. The trains will feature wider, more spacious two by two seating for extra room and comfort with arm rests, tray tables and high seat backs, charging ports for mobile devices, dedicated spaces for luggage, prams and bicycles, improved accessibility including wheelchair access and accessible toilets, improved customer information through digital information screens and announcements, CCTV and help points, and modern heating, ventilation and air conditioning.

Project overview

Modifications will be made to existing rail infrastructure at a number of stations along the Blue Mountains and Western Lines to support the introduction of the New Intercity Fleet and allow for improved technology on the new trains.

Construction hours

Standard construction hours are 7am to 6pm Monday to Friday and 8am to 1pm Saturday.

Some work may be required outside these hours however the local community and businesses will be notified prior to work taking place.

Weekend work – Saturday 16 February to Monday 18 February 2019

We will be working at Penrith Station from **6am Saturday 16 February to 7am Monday 18 February 2019** to conduct service locations, construction of stair landing, installation of light pole footing and platform extension works. Work may be audible 6am Saturday 16 February to 6pm Sunday 17 February, but is not expected to be noisy outside these times.

During the weekend work, we will be relocating 10 accessible car parking spaces in the commuter car park on Belmore Street Penrith. Traffic control will be located within the car park to assist with traffic flow and directions to the relocated car parking spaces.

A map of the work area and the 10 temporary accessible car parking spaces is provided overleaf.

To ensure the safety of our customers and staff, this work will be completed during a scheduled Sydney Trains trackwork week. Train services may be affected. Please contact Transport Info on 131 500 or visit transportnsw.info for more information for further information.

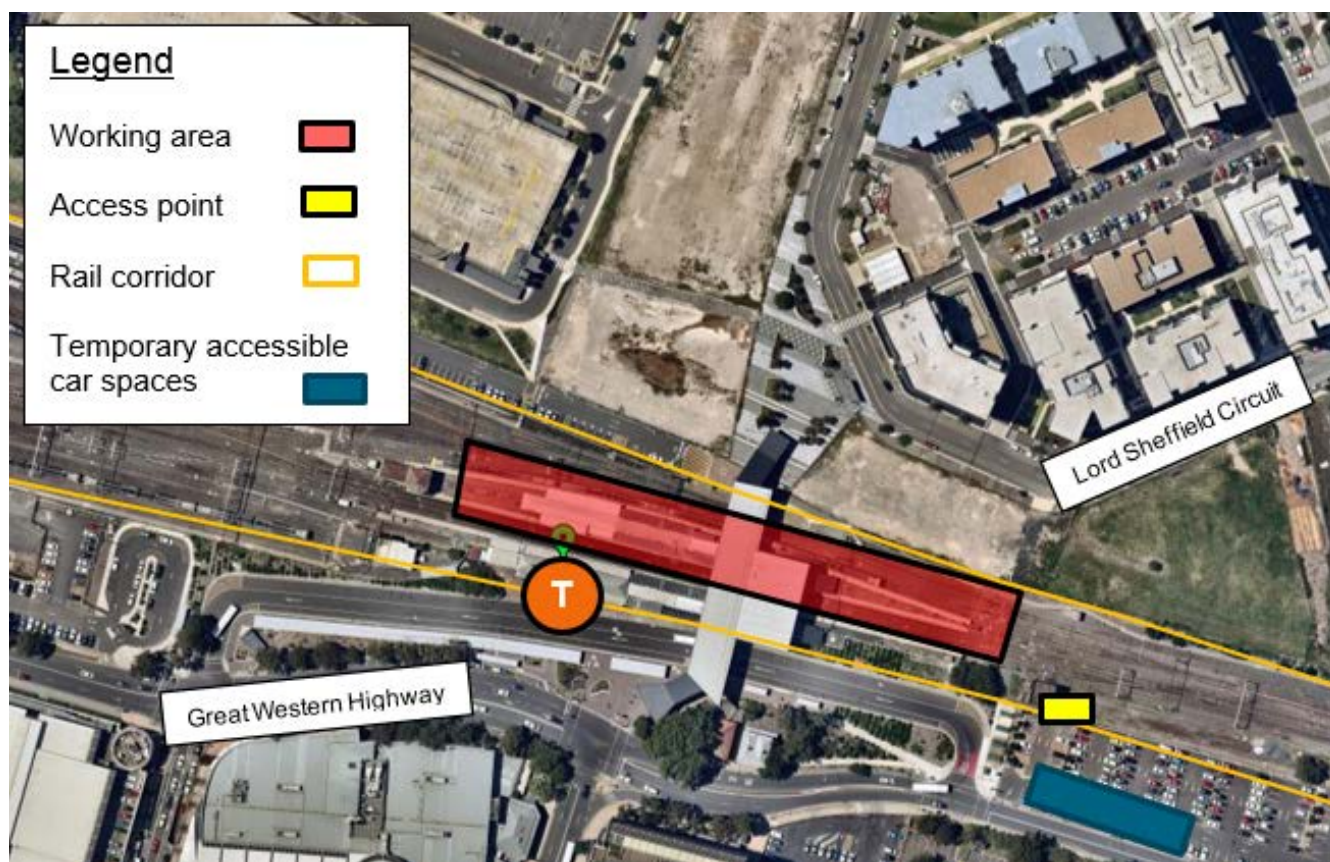

What you may notice

Equipment to be used includes excavators, mobile crane, sucker truck, flatbed truck and powered hand tools. This work may be noisy at times however we will take every possible step to reduce noise such as turning off machinery when not in use.

Keeping the community informed

If you would like to speak with the project team about this work, please contact us at the details provided below. Thank you for your patience and understanding during this work.
