TfNSW's Representative will, as soon as reasonably practicable, instruct the Supplier as to the interpretation to be followed so as to resolve the ambiguity, discrepancy or inconsistency in accordance with the rules set out in clause 1.10(a).

1.11 Resolution of ambiguities between Project Agreement and Technical Documents

(a) If there is any ambiguity, discrepancy or inconsistency between any of the documents comprising the Project Agreements and a Technical Document:

(i) Where the ambiguity, discrepancy or inconsistency is between the provisions of a document comprising the Project Agreement and any part of the Technical Documents, the higher standard, quality or quantum will prevail, but if this does not resolve the ambiguity, discrepancy or inconsistency, the Project Agreement will prevail; and

(ii) Where the ambiguity, discrepancy or inconsistency is between figured and scaled dimensions, figured dimensions will prevail.

(b) If an ambiguity, discrepancy or inconsistency of the type described in clause 1.11(a) is discovered by either party, that party must notify the other party as soon as reasonably practicable. TfNSW's Representative will, as soon as reasonably practicable, instruct the Supplier as to the interpretation to be followed so as to resolve the ambiguity, discrepancy or inconsistency in accordance with the rules set out in clause 1.11(a).

1.12 No Claim

Any direction given by TfNSW's Representative in accordance with clause 1.9(c), 1.10(b) or 1.11(b) will not:

(a) Entitle the Supplier to make any Claim arising out of or in connection with the direction;

(b) Relieve the Supplier from or alter its liabilities or obligations whether under any Project Agreement or otherwise according to law; or

(c) Prejudice or limit TfNSW's rights against the Supplier whether under a Project Agreement or otherwise according to law.

1.13 No bias against drafter

No provision of this deed is to be interpreted to the disadvantage of a party because that party (or its representative) drafted that provision.

1.14 Excluding liability

Any provision of this deed which seeks to limit or exclude a liability of a party is to be construed as doing so only to the extent permitted by law.
1.15 **Indexation**

Unless otherwise expressly provided, a reference to "CPI Indexed" after a monetary amount in a Project Agreement means that the amount will be indexed for movements in the consumer price index in accordance with the following formula:

\[ A \text{ (CPI Indexed)} = A \times \frac{CPI_{Q-1}}{CPI_{\text{Base}}} \]

Where:

- **A** means the monetary amount originally specified;
- **CPI\_Q-1** means the Consumer Price Index All Groups weighted average for the eight capital cities published by the Australian Bureau of Statistics for the Quarter End following the date that occurs 3 months before the relevant calculation date; and
- **CPI\_Base** means the Consumer Price Index All Groups weighted average for the eight capital cities published by the Australian Bureau of Statistics for the Quarter End ending 30 June 2016, being 108.6.

If either:

(i) the Consumer Price Index All Groups weighted average for the eight capital cities ceases to be published quarterly; or

(ii) the method of calculation of the Consumer Price Index All Groups weighted average for the eight capital cities substantially alters,

then the Consumer Price Index All Groups weighted average for the eight capital cities is to be replaced by the nearest equivalent index as selected in good faith by TfNSW’s Representative and any necessary consequential amendments are to be made.

1.16 **Authorities**

(a) The Project Agreements will not in any way unlawfully restrict or otherwise unlawfully affect the unfettered discretion of the Operator, TfNSW or any other NSW Rail Entity to exercise any of its statutory functions, duties or powers pursuant to any law.

(b) The Supplier acknowledges that, without limiting clause 1.16(a), anything the Operator, TfNSW or any other NSW Rail Entity does, fails to do or purports to do pursuant to its functions and powers under any law will be deemed not to be an act or omission by the Operator, that NSW Rail Entity or TfNSW (including a breach of contract) under or in connection with the Project Agreements and will not entitle the Supplier to make any Claim against TfNSW, the Operator or the NSW Rail Entity.

(c) Clauses 1.16(a) and 1.16(b) do not limit any liability which any NSW Rail Entity, the Operator or TfNSW would have had to the Supplier under the Project Agreement as a result of a breach by that NSW Rail Entity, the Operator or TfNSW of a term of the Project Agreement but for clauses 1.16(a) and 1.16(b).

(d) The Supplier acknowledges that:

(i) there are many Authorities (other than the NSW Rail Entities) with jurisdiction over aspects of the Delivery Phase Activities, the Network and other areas affected by the Delivery Phase Activities;
such Authorities may from time to time exercise their statutory functions and powers in such a way as to disrupt, interfere with or otherwise affect the Delivery Phase Activities; and

except to the extent expressly stated otherwise in this deed, the Supplier bears the risk of all occurrences of the kind referred to in clause 1.16(d)(ii) and will not be entitled to make, and TfNSW, the Operator and the NSW Rail Entities will not be liable upon, any Claim arising out of or in any way in connection with such occurrences.

1.17 Reasonable endeavours

If TfNSW and/or RailCorp are required under the terms of this deed to exercise best or reasonable endeavours, the Supplier acknowledges that:

(a) TfNSW and RailCorp will only be obliged to bring about the relevant outcome to the extent that it is reasonably able to do so, having regard to its resources and other responsibilities;

(b) TfNSW and RailCorp cannot guarantee the relevant outcome; and

(c) TfNSW and RailCorp, by undertaking to exercise best or reasonable endeavours, do not agree to:

(i) interfere with or influence the exercise by any person of a statutory power or discretion;

(ii) exercise a power or discretion or otherwise act in a manner that promotes the objectives and expected outcomes of the Project Agreements if TfNSW or RailCorp regards that exercise as not in the public interest;

(iii) develop policy or legislate by reference only or predominantly to the interests of the Project Agreements;

(iv) procure legislation in the future in a manner that is only consistent with the objectives and expected outcomes of the Project Agreements; or

(v) act in any other way that TfNSW or RailCorp regards as not in the public interest.

2. Conditions Precedent

2.1 Agreement of no effect until Conditions Precedent satisfied

(a) Subject to clause 2.4, this deed has no effect unless and until each of the Conditions Precedent are satisfied, or waived by TfNSW under clause 2.2, on or before the Target Contractual Close Date.

(b) Within two Business Days of a party becoming aware that any Condition Precedent has been satisfied, that party shall notify the other party.

(c) If the fulfilment of any of the Conditions Precedent requires or would be assisted by the conduct of a party, that party must use all reasonable endeavours to ensure that the condition is fulfilled. Neither TfNSW or RailCorp have any obligation to incur any expense in relation to those endeavours.
2.2 Waiver of conditions

A Condition Precedent is waived only if TfNSW notifies the Supplier of that waiver in writing. TfNSW may stipulate conditions of waiver in any such notice.

2.3 Termination for failure of Conditions Precedent

(a) The Supplier agrees and acknowledges that the Conditions Precedent are for the benefit of TfNSW. The Supplier must satisfy all of the Conditions Precedent on or before the Target Contractual Close Date.

(b) Unless each of the Conditions Precedent has been satisfied by the Supplier, or waived by TfNSW by notice to the Supplier, by 2.00pm on the Target Contractual Close Date:

(i) TfNSW may give Notice to the Supplier that this deed will be taken to have been terminated on the Target Contractual Close Date;

(ii) if TfNSW gives a Notice under clause 2.3(b)(i):

A. this deed will be of no further force or effect; and

B. no party will be entitled to bring any Claim against the other under or in respect of this deed or in respect of the reimbursement of costs and expenses or otherwise in connection with this deed and the Delivery Phase Activities, other than any Claim in relation to a breach of any Day One Clause.

2.4 Day One Clauses

The Day One Clauses commence on the date of this deed.

(ii) prejudice or limit TfNSW's rights, or the rights of the Operator or any other NSW Rail Entity, against the Supplier whether under any Project Agreement or otherwise according to law; or

(c) Without limiting clause 3.6(b):

(i) neither TfNSW, the Operator or any other NSW Rail Entity nor TfNSW's Representative assumes or owes any duty of care to the Supplier to review, (or if it does review it, in reviewing), any Submitted Document for errors, omissions or compliance with this deed;

(ii) no Review of, comments upon, or notice in respect of, or any failure to Review, comment upon or give any notice in respect of, any document or any other direction, act or omission of TfNSW, the Operator, any other NSW Rail Entity or TfNSW's Representative will:

A. relieve the Supplier from, or alter or affect, the Supplier's liabilities, obligations or responsibilities whether under any Project Agreement or otherwise according to law;

D. affect the time for the performance of TfNSW's or RailCorp's obligations;

(iii) the Supplier will not be relieved from compliance with any of its obligations under any Project Agreement or from any of its liabilities whether under any Project Agreement or otherwise according to law as a result of:

A. compliance with any Project Plan;

C. any failure by TfNSW, the Operator, any other NSW Rail Entity, TfNSW's Representative or anyone acting on behalf of TfNSW, to detect any non-compliance including where any failure arises from any negligence on the part of TfNSW, the Operator, any other NSW Rail Entity, TfNSW's Representative or any other person;
(iv) neither TfNSW, the Operator, any other NSW Rail Entity nor TfNSW’s Representative assumes or owes any duty of care to the Supplier to inspect, or if it does so inspect, in inspecting the Project Activities, the Assets or the Deliverables for errors, omissions or compliance with the requirements of any Project Agreement; and

(v) any inspection of the Project Activities (or lack of inspection) by or on behalf of TfNSW, the Operator, any other NSW Rail Entity or TfNSW’s Representative will not in any way:

A. relieve the Supplier from, or alter or affect, the Supplier’s liabilities, obligations or responsibilities whether under any Project Agreement or otherwise according to law; or

B. prejudice or limit TfNSW’s rights, or the rights of the Operator or any other NSW Rail Entity, against the Supplier whether under any Project Agreement or otherwise according to law.

(ii) not less than 14 weeks before the date on which the Supplier wishes to utilise any specific Network Access Right, a written request containing detailed confirmation of the Network Access Information in relation to the Network Access Rights which the Supplier wishes to utilise on that date (Specific Access Request).

(c) Within 25 Business Days of TfNSW's Representative receiving a Specific Access Request, TfNSW's Representative will determine possible Network Access Rights for the Supplier to utilise, having regard to:

(i) the Indicative Network Access Rights for the relevant period;

(ii) in the case of a Specific Access Request, whether it is consistent with the relevant Annual Access Forward Lookahead previously submitted under this clause;

(iii) the availability of Network Access Rights during the relevant period;

(iv) the matters detailed in the Supplier's request; and

(v) any other factors TfNSW's Representative (acting reasonably) considers relevant,

and will notify the Supplier of possible configurations for the Network Access Rights that are the subject of the relevant request.
Within five Business Days of TfNSW’s Representative issuing a notice under clause 13.4(c) (or such other time as agreed in writing by the Supplier and TfNSW), TfNSW’s Representative and the Supplier must meet and endeavour to agree, in writing, suitable configurations for the Network Access Rights. If the parties cannot agree suitable configurations for the Network Access Rights the configurations will be determined by TfNSW’s Representative.

Where the Supplier has complied with the requirements of clauses 13.4(b) to 13.4(d), the configurations for the Network Access Rights determined by TfNSW’s Representative must be at least as suitable for the activities which the Supplier proposes to carry out during the Network Access Rights as the Indicative Network Access Rights for the relevant period.

13.5 TfNSW may cancel or change rights

(a) TfNSW may cancel or change an Agreed Network Access Right at any time.

(b) If TfNSW does cancel or change an Agreed Network Access Right:

(i) TfNSW’s Representative must notify the Supplier of the cancellation or change; and

(ii) subject to clause 13.5(c), if the Agreed Network Access Right was the subject of a Specific Access Request, accepted under clause 13.4(d), the cancellation of, or a material change to, that Network Access Right will be a Compensation Event.

(c) The Supplier will not be entitled to make any Claim against TfNSW arising out of or in connection with the cancellation of, or a change to, an Agreed Network Access Right:

(i) other than as provided in clause 13.5(b)(ii); and

(ii) the Supplier will have no right to Claim under clause 13.5(b)(ii) to the extent that TfNSW procures equivalent Network Access Rights (having regard to the matters referred to in clauses 13.4(c)(i) to 13.4(c)(v)) and the Supplier is reasonably able to utilise those Network Access Rights.

13.6 Additional Network Access Rights

(a) The Supplier must minimise the need for Network Access Rights that are at different times than, on different dates from or in addition to, the Agreed Network Access Rights (Additional Network Access Rights).

(b) If the Supplier wishes to request any Additional Network Access Rights:

(i) as soon as reasonably practicable the Supplier must issue a written request to TfNSW’s Representative setting out the Network Access Information for each Additional Network Access Right requested; and

(ii) TfNSW will endeavour to procure any Additional Network Access Right requested by the Supplier, but will not be under any obligation to do so.

(c) TfNSW may cancel or change an Additional Network Access Right at any time.

(d) The Supplier releases and indemnifies TfNSW from all Claims by the Supplier and its Associates in connection with or arising out of:

(i) TfNSW’s delay or refusal to grant or procure an Additional Network Access Right; or
13.7 End of occupation

The Supplier must:

(a) cease to occupy the relevant part of the Network at the cessation of a Network Access Right or in the event of an emergency;

(b) immediately notify TfNSW’s Representative and the Operator if the Supplier considers it may be late in vacating the Network; and

(c) indemnify TfNSW and each NSW Rail Entity for all Loss incurred by TfNSW or the relevant NSW Rail Entity as a result of the Supplier continuing to occupy the Network following the cessation of a Network Access Right.

13.8 Supplier unable to utilise

(a) The Supplier must promptly notify TfNSW if the Supplier expects it will not be able to utilise a Network Access Right which has been allocated to it.

(b) If the Supplier fails to utilise any Network Access Right (whether wholly or partially) for any reason other than due to an act or omission of TfNSW or its Associates, the Supplier must indemnify TfNSW and the NSW Rail Entities for all Loss incurred by TfNSW and the NSW Rail Entities, in connection with the Network Access Right, except where the Supplier requests the cancellation of the Network Access Right at least six weeks before the date on which the Network Access Right was to commence or within another period agreed (in writing) by TfNSW’s Representative from time to time in TfNSW’s Representative’s absolute discretion.

13.9 Train Run preconditions

(a) The following preconditions must be satisfied before the Supplier can utilise a Train Run Entitlement:

(ii) where the Set is not included in the TOC Manual, obtain a valid TOC Waiver relevant for the activities to be undertaken;

(iii) comply with, and ensure that its Associates comply with, all Train Orders, all relevant TOC Waivers and all relevant Safe Notices;

(iv) prevent the relevant Set from being driven on any part of the Network that is outside the scope of the Train Run Entitlement; and
(v) notify the Train Controller:

A. as soon as the Supplier becomes aware of any changes in, or delays to, the Train Run or anything else which may affect Train Control; and

B. immediately if the Supplier or its Associates do not comply with a Train Order, or expect that they will not comply with a Train Order.

(c) If during a Train Run there is an Incident due to one or more Defects or any other acts or omissions of the Supplier or its Associates, the Supplier must:

(i) promptly assist TfNSW to remove the Set from the Network causing as little disruption to the Operations Functions as possible; and

(ii) if the Incident results in the cancellation of train services, then the Supplier must pay TfNSW [(CPI Indexed)] in relation to that Incident.

The amount referred to in clause 13.9(c)(ii) represents (and does not exceed) a reasonable and genuine pre-estimate of the Loss and damage which TfNSW will suffer or incur if one or more other train services is cancelled or disrupted due to an Incident during a Train Run (having regard to the times and locations at which Train Runs are expected to occur), and will be Moneys Owing. The parties agree that, as between TfNSW, RailCorp and the Supplier, this clause 13.9(c) is TfNSW's, RailCorp's and each other NSW Rail Entity's sole monetary remedy in respect of any cancellation of train services arising from an Incident during a Train Run due to a Defect or any other act or omission of the Supplier or its Associates to which this clause applies.

(d) The Supplier acknowledges and agrees that:

(i) TfNSW cannot, and will not, guarantee any configuration for a Network Access Right (including an Agreed Network Access Right) as fixed;

(ii) TfNSW may be required to cancel or change a Network Access Right at short notice;

(iii) Interface Parties may perform Interface Activities during certain Network Access Rights;

(iv) TfNSW may be required to provide third parties with access to the Network at the same time as the Supplier has access to the Network, including for the performance of works on the Network;

(v) to the extent within the Supplier's control, the Supplier must co-ordinate its activities with any Interface Parties and any others sharing the Network Access Right; and

(vi) during and in relation to all Network Access Rights the Supplier must comply with:

A. all Mandatory Requirements;

B. all Train Orders;

C. its Safety Management Plan; and

D. all directions of TfNSW's Representative.
13.10 Mass verification

13.11 Results of Verification Activities

(a) As soon as reasonably practicable after completion of a Verification Activity, and in any event not later than 10 Business Days after completion of a Verification Activity, the Supplier must submit a Verification Report to TfNSW's Representative for Review.

(b) If a Verification Activity has failed, the Supplier must:

(i) submit a FRACAS report as they are generated during the course of the Verification Activities;

(ii) carry out any necessary rectification work; and

(iii) when it believes it has completed all necessary rectification work, give TfNSW's Representative reasonable notice of the proposed re-conduct of the Verification Activities, and clauses 13.3 and 13.4 will reapply.

13.12 TfNSW's Representative may require additional Verification Activities

(a) At any time, on giving the Supplier reasonable notice, TfNSW's Representative may carry out, or direct the Supplier to carry out, additional Verification Activities in respect of any of the Assets (Unplanned Verification Activities). The Supplier must provide all reasonable assistance required by TfNSW's Representative in relation to the Unplanned Verification Activities.

(b) TfNSW's Representative may direct that any part of an Asset not be covered up or made inaccessible without TfNSW's Representative's prior written consent.

(c) On completion of Unplanned Verification Activities, the Supplier must promptly make good the work verified so that it fully complies with the Project Agreements.

13.13 Supplier remains responsible

(a) Neither TfNSW nor TfNSW's Representative assumes or owes any duty of care to the Supplier to observe, participate in or conduct any Verification Activity or inspection or, if it does observe, participate in or conduct any Verification Activity or inspection, to identify any non-compliance with the Project Agreements of any Asset verified.

(b) No observation of, participation in or conduct of any Verification Activity or inspection of an Asset or failure by TfNSW or TfNSW's Representative to observe, participate in or conduct any Verification Activity or inspection shall:

(i) lessen or otherwise affect the warranties given by the Supplier under this deed or otherwise relieve the Supplier from, or alter or affect, the Supplier's liabilities, obligations or responsibilities; or

(ii) prejudice or limit TfNSW's rights against the Supplier, whether under any Project Agreement or otherwise according to law.
13.14 Costs of verification

(a) Subject to clause 13.14(b) and clause 13.14(c), each party must bear their own costs of and incidental to Verification Activities carried out under this clause 13.

(b) Except in the circumstances listed in clause 13.14(c), if TfNSW carries out, or directs the Supplier to carry out Unplanned Verification Activities, a Compensation Event will occur.

(c) TfNSW's reasonable incremental costs of and incidental to observing, participating in or conducting any Verification Activity will be Moneys Owing to the extent that the Verification Activity:

(i) involves retesting an Asset that has previously failed a Verification Activity (to the extent that retesting was not already specifically anticipated in the Verification Plan and the Verification Program);

(ii) is an Unplanned Verification Activity and the results of the Verification Activity show:

A. the work is not in accordance with this deed; or

B. that there is a Defect; or

(iii) is an Unplanned Verification Activity:

A. in respect of work covered up or made inaccessible without the prior written approval of TfNSW's Representative where that approval was required; or

B. in respect of work undertaken to correct or overcome a Defect.

(a) The Supplier must present each Set for Provisional Acceptance by TfNSW's Representative at the Maintenance Facility Site:

(i) no later than the date specified in the Delivery Program; and

(ii) in sufficient time for the Set to reach Provisional Acceptance no later than its Date for Provisional Acceptance.

(b) The Supplier must provide TfNSW's Representative with:

A. one month; and

B. five Business Days,

prior to the date on which the Supplier proposes to first present each Set for Provisional Acceptance advising of the proposed date and time on which the Supplier proposes to first present each Set for Provisional Acceptance; and

(ii) not less than five Business Days' notice of the date and time when it proposes to re-present a Set for Provisional Acceptance that has
previously been the subject of a Rejection Certificate under clause 14.1(g).

(c) Without prejudice to the generality of clauses 14.4 and 14.5, the Supplier may present a Set for Provisional Acceptance by TfNSW earlier than the date specified in the Confirmed Delivery Program but neither TfNSW or TfNSW's Representative is obliged to undertake activities required to determine whether the Provisional Acceptance Criteria in respect of a Set have been met or issue a Provisional Acceptance Certificate in respect of a Set:

(i) before the relevant date specified in the Confirmed Delivery Program; or

(ii) less than five Business Days after the Set that was most recently presented for Provisional Acceptance,

unless otherwise agreed in writing by TfNSW's Representative.

(i) identifying the Date of Provisional Acceptance of that Set; and

(ii) listing any Minor Defects.

(g) If TfNSW's Representative is not satisfied that a Set meets the Provisional Acceptance Criteria, TfNSW's Representative may issue a Rejection Certificate to the Supplier, identifying the items which must be rectified before the Set may be re-submitted for Provisional Acceptance.

(h) A Rejection Certificate issued under clause 14.1(g) is a Remedial Direction.

(i) Upon receipt of a Rejection Certificate:

(i) the Supplier must promptly rectify the items set out in the Rejection Certificate and any other rectification works that are necessary to ensure the Set meets the Provisional Acceptance Criteria; and

(ii) on satisfactory completion of all of those works:

A. give the notice required under clause 14.1(b)(ii);
B. re-submit the Set for Provisional Acceptance at the Maintenance Facility on the date and at the time specified in the notice given under clause 14.1(i)(ii)A; and

C. clauses 14.1(b) to 14.1(i) (inclusive) will reapply.

14.2 Minor Defects

(a) As a condition precedent to Final Acceptance of any Set, the Supplier must:

(c) If:

(i) any Minor Defects are identified in respect of a Set:

A. after the Date of Provisional Acceptance of that Set; and

B. before the Date of Final Acceptance of that Set; and

(ii) TfNSW's Representative has, in his or her absolute discretion, agreed, by written notice, that the Supplier cannot rectify those Minor Defects before the achievement of Final Acceptance,

the Supplier must provide TfNSW with a draft plan identifying its proposed schedule for the rectification of those Minor Defects to occur after the achievement of Final Acceptance (as applicable) (Draft Minor Defect Rectification Plan).

(d) TfNSW's Representative must, within 10 Business Days of receiving the Draft Minor Defect Rectification Plan in accordance with clause 14.2(c):

(i) approve the Draft Minor Defect Rectification Plan, in which case the Draft Minor Defect Rectification Plan will be deemed the Minor Defect Rectification Plan; or

(ii) reject the Draft Minor Defect Rectification Plan and provide written reasons for the rejection, in which case a Draft Minor Defect Rectification Plan must be resubmitted by the Supplier to TfNSW within five Business Days in accordance with clause 14.2(c)(ii) and the process this clause 14.2(d) shall re-apply.
(e) The Supplier must rectify all Minor Defects identified in each Minor Defect Rectification Plan in accordance with that Minor Defect Rectification Plan.

14.3 Recurrent Defects

(a) The Supplier must:

(i) monitor and assess the occurrence of any Recurrent Defects; and

(ii) within five Business Days of becoming aware of any Recurrent Defect, give notice of the Recurrent Defect to TfNSW.

(b) If a Recurrent Defect:

A. the Date of Fleet Acceptance for the Continuous Production Fleet; or

B. the Fleet Acceptance Sunset Date (Continuous Production); or

(ii) in respect of the Non-continuous Production Fleet, becomes apparent before the earlier of:

A. the Date of Fleet Acceptance for the Non-continuous Production Fleet; or

B. the Fleet Acceptance Sunset Date (Non-continuous Production),

the Supplier must, subject to clause 14.3(c):

(iii) rectify that Recurrent Defect in all Assets that have suffered the Recurrent Defect;

(iv) undertake all necessary works to prevent the occurrence of the Recurrent Defect in any Assets that have not been affected by the Recurrent Defect; and

(v) undertake all other works that are reasonably necessary to enable all of the Assets to continue in operation in compliance with the terms of this deed pending the carrying out and completion of the rectification and other works,

in each case in accordance with a Recurrent Defect Rectification Plan that is Confirmed.

(c) Within 20 Business Days after the Supplier gives notice of a Recurrent Defect pursuant to clause 14.3(a)(ii), or the Supplier is notified of the existence of a Recurrent Defect by TfNSW's Representative, the Supplier must submit to TfNSW for Review a draft plan (Recurrent Defect Rectification Plan) for complying with its obligations under clause 14.3(a) as soon as practicable. The Recurrent Defect Rectification Plan will be a Technical Document for the purposes of clause 11.5.

(d) If the Recurrent Defect Rectification Plan is Confirmed, the Supplier must as soon as reasonably practicable implement, and thereafter comply diligently with, the Confirmed Recurrent Defect Rectification Plan.
14.4 Final Acceptance and Fleet Acceptance

(a) If the Supplier considers that:

(iii) a Fleet Acceptance Certificate is final and binding on the parties for the purposes only of establishing that Fleet Acceptance has occurred and the date on which it occurred.

(b) Any certificate issued by TfNSW's Representative will not:

The Supplier must promptly commence performance of the Delivery Phase Activities following the Commencement Date.

15.2 **Dates for Completion**

(b) consistent with its obligations under clause 15.2(a), continuously and diligently progress the Delivery Phase Activities.

15.3 **Acceleration by the Supplier**

If the Supplier chooses to accelerate progress of the Delivery Phase Activities then:

(a) TfNSW may assist the Supplier but will not be obliged to take any action to assist or enable the Supplier to:

(ii) complete any of the other Delivery Phase Activities at or before a particular time;

(b) the time for the performance of TfNSW’s or TfNSW’s Representative’s obligations will not be affected; and

(c) the Supplier will not be entitled to make any Claim against TfNSW in relation to that acceleration (or any failure or inability by the Supplier or TfNSW to accelerate).

15.4 **Delay**

(a) The Supplier must take all reasonable steps to:

(i) prevent the cause of any delay to the Delivery Phase Activities; and

(ii) avoid or minimise the consequences of any delay,

including any delay arising from completion of Interface Activities.

(b) If the Supplier becomes aware of any matter which will, is likely to, or has given rise to a delay in achieving Provisional Acceptance of any Set, then the Supplier must give TfNSW:
(i) a notice setting out detailed particulars of the delay; and
(ii) a Recovery Plan in accordance with clause 15.6,
in each case as soon as reasonably practicable.

(c) If TfNSW reasonably believes that the Supplier is likely to be, or has been, delayed in achieving Provisional Acceptance of any Set, then TfNSW may give notice to that effect to the Supplier, and the Supplier must then give TfNSW a Recovery Plan in accordance with clause 15.6.

15.5 Look forward test

(a) Subject to clause 15.5(i), if, at any time TfNSW's Representative considers the Supplier will not, or it is reasonably likely that the Supplier will not, achieve a Longstop Milestone, TfNSW's Representative may appoint an Independent Expert to formally review the progress of the Delivery Phase Activities for the purposes of determining if the Supplier will achieve a Longstop Milestone.

(b) The Independent Expert must prepare a preliminary report within 30 Business Days (or any longer period agreed by TfNSW's Representative in writing) of their appointment giving a preliminary opinion (acting reasonably) of whether the Supplier will be able to achieve a Longstop Milestone.

(c) The Supplier:

(f) If the Independent Expert determines in its final report that the Supplier will be able to achieve a Longstop Milestone, then:

(i) the Supplier must implement and comply with its Recovery Plan; and

(ii) provided the Supplier complies fully with its obligations under clause 15.5(f)(i), TfNSW may not exercise its rights under clause 15.5(a) for a further period of three months.
(g) If the Independent Expert determines in its final report that the Supplier will not be able to achieve a Longstop Milestone, then:

(i) if the relevant Longstop Milestone relates to a Set in the Initial Fleet, a Supplier Termination Event subsists; or

(ii) if the relevant Longstop Milestone relates to a Set in the Option Fleet, TfNSW's Representative may instruct a Variation by the issue of a "Variation Order" under clause 21.4, omitting the relevant Set or Sets from the Option Fleet.

(h) If TfNSW gives an instruction pursuant to clause 15.5(g)(ii):

(i) such an instruction will not invalidate, or amount to a repudiation of, this deed;

(a) Each Recovery Plan which the Supplier must provide for Review pursuant to clause 15.4 or clause 15.5 must:

(i) describe the actions and measures which the Supplier will diligently pursue to remedy or mitigate all delay to the Delivery Phase Activities and to ensure (as applicable):

A. where the plan is required under clause 15.4, to the greatest extent practicable, the Supplier achieves Provisional Acceptance of each Set by the Date for Provisional Acceptance of that Set; or

B. where the plan is required under clause 15.5, to ensure a Longstop Milestone is achieved,

and to avoid, mitigate or minimise the consequences of the delay consistent with its obligations under clause 15.2; and

(ii) contain a proposed updated Delivery Program.

(b) The Supplier must implement and comply with its Recovery Plan subject to any comments on that plan provided by TfNSW on Review.
The Supplier will not be relieved of any liability or responsibility under this deed or otherwise at law arising out of or in connection with:

(i) any comments given by a Reviewing Party on Review of the Recovery Plan; or

(ii) the implementation of any Recovery Plan in respect of which a Reviewing Party has or has not given comments on Review.

(b) where applicable, on the basis of the prices and rates set out in Schedule 12;
(c) on an Open Book Basis (and to this end the Supplier must allow TfNSW to review and audit the Supplier's records to verify that the Supplier's Variation Notice has been prepared on an Open Book Basis);

(k) in the form of an offer capable of immediate acceptance by TfNSW within 40 Business Days after the date on which TfNSW receives the Supplier's Variation Notice.

21.4 Instruction to proceed

Whether or not TfNSW’s Representative has issued a "Variation Proposal" under clause 21.1 and whether or not the Supplier has issued a the Supplier's Variation Notice under clause 21.2 in response to a "Variation Proposal", TfNSW's Representative may at any time prior to the Date of Provisional Acceptance of the last Set to be supplied under this deed, instruct the Supplier to implement a Variation by issuing a notice titled "Variation Order". In these circumstances, the matters set out in clauses 21.2(a), 21.2(d), 21.2(e)(v) and clause 21.2(f) will, until TfNSW and the Supplier agree otherwise or a determination is made in accordance with the Dispute Resolution Procedures, be reasonably determined by TfNSW's Representative. In making his or her determination, TfNSW's Representative will:

(a) have regard to the principles set out in clause 21.3, to the extent relevant; and

(b) determine all matters required to enable the Variation to be implemented.

If the Supplier disagrees with a matter determined by TfNSW's Representative under this clause 21.4:
the Supplier may refer the matter for dispute resolution in accordance with the Dispute Resolution Procedures;

the Supplier must proceed to implement the Variation on the basis determined by TfNSW notwithstanding that the matters in dispute have not been agreed or determined in accordance with the Dispute Resolution Procedures; and

any necessary adjustments will be made following the expert or arbitrator's determination.

If TfNSW has not issued a "Variation Proposal" under clause 21.1, the "Variation Order" under this clause 21.4 will also be taken to be a "Variation Proposal" under clause 21.1. However, clauses 21.5, 21.6(c), 21.7(a), 21.9(a), 21.11, 21.12 and 21.13 will not apply where TfNSW issues a "Variation Proposal" under this clause 21.4.

If a Variation the subject of Variation Order affects:

(f) the TLS Phase Activities, TfNSW's Representative will issue a separate "Variation Order" under the TLS Deed, and clause 24.4 of the TLS Deed will apply; or

g) the MF Works Activities, TfNSW's Representative will issue a separate "Variation Order" under the MF Works Deed, and clause 6.2 of the MF Works Deed will apply.

21.5 Tender for works

If TfNSW issues a "Variation Proposal" under clause 21.1, TfNSW may require that the Supplier conduct a tender process for all or part of the works which would be required to effect the Variation if the value of those works is likely to exceed [CPI Indexed]. If TfNSW elects to require the tender process:

(a) the tender process must be carried out promptly and in accordance with TfNSW's reasonable requirements; and

(b) the date by which the Supplier must provide the Supplier's Variation Notice will be extended by such period as is reasonably required to conduct the tender process.

The Supplier must have regard to the outcome of the tender process (including the tendered prices) in the Supplier's Variation Notice (or, if the Supplier's Variation Notice has been submitted before the completion of the tender process, promptly submit an appropriately amended Supplier's Variation Notice).

21.6 Election by TfNSW

Within 40 Business Days after receipt of the Supplier's Variation Notice or, if clause 21.5 applies, 40 Business Days after the receipt of an amended Supplier's Variation Notice, TfNSW may either:

(b) reject the Supplier's Variation Notice; or

(c) withdraw the proposed Variation,

by notice to the Supplier (which in the case of paragraph (a) must be titled "Variation Order").

the Supplier must proceed to implement the Variation on the basis of the Supplier's Variation Notice (as accepted by TfNSW); and

(b) the Supplier will be relieved of its obligations under this deed to the extent specified in the Supplier's Variation Notice (as accepted by TfNSW).

21.8 TfNSW rejects the Supplier's Variation Notice

If TfNSW rejects the Supplier's Variation Notice in accordance with clause 21.6(b), the parties must consult in good faith, and use their reasonable endeavours to agree on a mutually acceptable resolution to the matters set out in the Supplier's Variation Notice which are in dispute.

21.9 If parties reach agreement

If the parties reach agreement on the disputed matters in the Supplier's Variation Notice and TfNSW directs the Supplier to implement the Variation (by notice titled "Variation Order"):

(a) the Supplier must proceed to implement the Variation on the basis of the Supplier's Variation Notice (as varied by the parties' agreement, as recorded in the "Variation Order" to both parties' reasonable satisfaction, on the matters in the Supplier's Variation Notice which were in dispute); and

(b) the Supplier will be relieved of its obligations under this deed to the extent specified in the Supplier's Variation Notice (as varied by the parties' agreement, as recorded in the "Variation Order", on the matters in the Supplier's Variation Notice which were in dispute).

If the parties are unable to reach agreement within 10 Business Days after the commencement of the consultation under clause 21.8, TfNSW may refer the matter for dispute resolution in accordance with the Dispute Resolution Procedures. In determining the dispute under the Dispute Resolution Procedures:

(i) have regard to the principles set out in clause 21.3, to the extent relevant; and

(ii) determine all matters required to enable the variation to be implemented;
(b) the Supplier must proceed to implement the Variation on the basis determined by TfNSW notwithstanding that the matters in dispute have not been agreed or determined in accordance with the Dispute Resolution Procedures;

(c) the Supplier will be relieved of its obligations under this deed to the extent specified in TfNSW's notice; and

(d) any necessary adjustments will be made following the determination of the matters in dispute.

21.12 TfNSW options following determination

Following determination of the dispute referred for dispute resolution under clause 21.10 (if parties fail to reach agreement), TfNSW may, if it has not already exercised its right under clause 21.11, elect to do either of the following:

(a) require the Supplier to proceed to implement the Variation in accordance with the Supplier's Variation Notice as varied by the determination; or

(a) the Supplier must proceed to implement the Variation in accordance with the Supplier's Variation Notice (as varied by the determination, once made); and

(b) the Supplier will be relieved of its obligations under this deed to the extent specified in the Supplier's Variation Notice (as varied by the determination, once made).

after each month in which the relevant work was undertaken, or (if agreed between the parties or determined under the Dispute Resolution Procedures) at the times or

21.15 Variation Savings

(a) If the Supplier implements a Variation in accordance with clauses 21.4, 21.7, 21.9, 21.11 or 21.13, that results in Variation Savings, the Supplier must pay TfNSW the Variation Savings.

(b) To the extent that the Variation Savings relate to the Delivery Phase Activities, TfNSW may set-off against its obligations to make any payment under this deed, the Variation Savings, in the manner and at the time as agreed between TfNSW and the Supplier or, to the extent that they fail to agree, as determined in accordance with the Dispute Resolution Procedures (or as reasonably determined by TfNSW pending determination under the Dispute Resolution Procedures).

21.17 No liability unless Variation Order

The Supplier will not be entitled to make any Claim in respect of the Delivery Phase Activities against TfNSW arising out of, or in any way in connection with, any Variation, except where the Supplier is directed to carry out a Variation pursuant to a "Variation Order" issued by TfNSW under clause 21.4, 21.6, 21.9, 21.11, 21.12 or 21.16.

C. could not reasonably have been prevented by a prudent, competent and experienced contractor performing work of a similar nature to the Delivery Phase Activities; and

(ii) the Supplier has complied with the requirements of clause 24.5 and clause 24.6.

(b) If the Supplier fails to comply with the requirements of clause 24.5 and clause 24.6:

(i) neither TfNSW or RailCorp will be liable (in so far as it is possible to exclude such liability) upon any Claim by the Supplier; and

(ii) the Supplier will be absolutely barred from making any Claim against TfNSW or RailCorp, arising out of or in connection with the relevant Qualifying Cause.

24.8 Extension of time, relief and/or compensation

If the conditions precedent in clause 24.7 have been satisfied, TfNSW must:

(a) in respect of Claims made under clause 24.3 for an extension of time to which the Supplier is entitled under that clause, subject to clause 24.10 and clause 24.11, extend the relevant Date for Provisional Acceptance of a Set by a reasonable period of time determined by TfNSW's Representative, having regard to the latest Confirmed Delivery Program (to the extent TfNSW's Representative considers it relevant), within 20 Business Days of the Supplier's Claim under clause 24.5(b) or clause 24.6(b) (as applicable); and/or

(b) in respect of Claims made under clause 24.4 for compensation to which the Supplier is entitled under that clause, subject to clause 24.10 and clause 24.11, pay, in accordance with clause 19, compensation to the Supplier calculated under clause 24.9.

24.9 Calculation and payment of compensation

(a) Subject to clause 24.10 and clause 24.11, for each day by which a Date for Provisional Acceptance of a Set is extended due to a Compensation Event and for which the Supplier makes a Claim for and is entitled to compensation in accordance with clause 24.4, the Supplier will be entitled to be paid, subject to clause 24.9(b), the reasonable extra costs necessarily incurred by the Supplier determined by TfNSW's Representative and verified on an Open Book Basis, which will not exceed per day.

(b) The quantum payable to the Supplier by TfNSW under clause 24.9(a) will be determined by TfNSW's Representative and verified on an Open Book Basis and calculated in a manner so that there is no double counting, having regard to:

(i) where applicable or where it is reasonable to use them, the labour rates set out in paragraphs 2.2 and 2.3 of Schedule 12;

(ii) the incremental costs which the Supplier incurs or will incur as a direct result of that Compensation Event, including:

A. maintenance costs; and

B. additional administrative and onsite overhead costs;

(iii) amounts payable to the Supplier under clause 10.13 of the MF Works Deed;
any cost savings which accrue or will accrue to the Supplier as a result of the Compensation Event;

any insurance proceeds, damages, compensation or other revenue which the Supplier receives or is entitled to receive (or would have been entitled to receive but for a failure by the Supplier to comply with this deed or with the terms of any Insurance) as a result of the Compensation Event; and

any liability to third parties incurred by the Supplier as a direct result of the Compensation Event,

and the Supplier will not be entitled to make, nor will TfNSW or RailCorp be liable upon, any Claim in these circumstances other than for the amount which is payable by TfNSW under this clause 24.9(b).

(c) The amounts referred to in clauses 24.9(a) and 24.9(b):

(i) are the agreed costs which will be payable by TfNSW in respect of the delay and/or disruption or a Compensation Event in these circumstances; and

(ii) are the maximum liability of TfNSW and TfNSW's Associates to the Supplier for any delay, disruption or costs which:

A. the Supplier encounters in carrying out the Delivery Phase Activities; and

B. arises out of, or in any way in connection with, a Compensation Event (including breach of this deed by TfNSW or RailCorp or Qualifying Change in Law),

and the Supplier will not be entitled to make, nor will TfNSW or RailCorp be liable upon, any Claim in these circumstances other than for the amount which is payable by TfNSW under this clause 24.9.

24.10 Mitigation

(a) The Supplier must use all reasonable endeavours to overcome or mitigate the effects of any Qualifying Cause (including by putting in place temporary measures reasonably acceptable to TfNSW's Representative) and the Supplier's entitlement to relief and/or compensation under this clause 24 will be reduced to the extent that the Supplier fails to comply with its obligations under this clause 24.10(a).

(b) Without limiting clause 24.10(a), the Supplier must use all reasonable endeavours to:

(i) avoid or minimise the consequences of any delay caused by a Qualifying Cause;

(ii) avoid or minimise any adverse impact on the performance of the Supplier's obligations under this deed;

(iii) minimise any Loss incurred or suffered as a result of a Compensation Event; and

(iv) maximise any cost savings derived as a result of a Compensation Event.

(c) The Supplier's entitlement to an extension of time to the Date for Provisional Acceptance of a Set will be reduced to the extent that:

(ii) the Supplier failed to comply with its obligations under clause 24.10(a);
(iii) the Supplier has not actually been delayed:

A. prior to the Date for Provisional Acceptance of the Set, by a Qualifying Cause in a manner which does or will prevents the Supplier from achieving Provisional Acceptance of the Set by the Date for Provisional Acceptance of that Set; or

B. after the Date for Provisional Acceptance of the Set, by a Qualifying Cause (other than one described in clause 24.1(b), 24.1(c), or 24.1(e)), in a manner which does or will delay it in achieving Provisional Acceptance of that Set; and/or

(iv) there is a concurrent event of delay that is not a Qualifying Cause.

24.11 Non-compliance

The Supplier's entitlement to:

(a) an extension of time to any Date for Provisional Acceptance of a Set will be reduced to exclude any delay which would not have occurred; and

(b) compensation will be reduced to:

(i) exclude any incremental costs or loss of revenue which would not have been incurred or suffered; and

(ii) include any cost savings or additional revenue which would have been derived,

had the Supplier complied with its obligations under the Project Agreements.

24.12 No right to common law damages

Except as provided for by this clause 24, TfNSW and TfNSW's Associates will not be liable upon any Claim by the Supplier arising out of or in connection with a Qualifying Cause, including in respect of any breach of this deed by TfNSW.

24.13 Unilateral extension

Whether or not the Supplier has made, or is entitled to make, a claim for an extension of time to a Date for Provisional Acceptance of a Set under this clause 24, TfNSW's Representative may, in its absolute discretion at any time and from time to time by notice to the Supplier, unilaterally extend any Date for Provisional Acceptance. TfNSW's Representative is not required to exercise this discretion for the benefit of the Supplier.

25. Force Majeure Events

If a Force Majeure Event:

(a) will, in the reasonable opinion of TfNSW's Representative, prevent; or

(b) prevents,

the Supplier from performing its material non-financial obligations for a continuous period of at least 12 months then TfNSW may terminate this deed by giving 20 Business Days' notice to the Supplier.

(a) promptly repair, replace, reinstate or remedy the destruction, loss or damage so that the Supplier continues at all times to comply with its obligations under this deed;

(b) apply all proceeds of the Insurances towards the cost of repair, replacement reinstatement or remediation;

(c) if either the cost to repair, replace, reinstate or remedy the destruction, loss or damage exceeds or the destruction, loss or damage would reasonably be expected to materially impact on either:

(i) the performance of the Operations Functions by a NSW Rail Entity; or

(ii) the Supplier’s ability to perform its obligations under this deed,

promptly provide TfNSW’s Representative with notice of the destruction, loss or damage and any required repair, replace, reinstatement or remediation and as soon as practicable thereafter, provide TfNSW’s Representative fortnightly with a detailed report of all action being taken or to be taken to repair, replace, reinstate or remedy the destruction, loss or damage, including the estimated time that action will require;

(d) consult with TfNSW’s Representative about the programming of the works needed to effect the relevant repair, replacement, reinstatement or remediation;

(e) in carrying out the relevant repair, replacement, reinstatement or remediation, minimise the impact on the Project Activities, the Assets and the performance of the Operations Functions; and

(f) keep TfNSW’s Representative fully informed of the progress of the repair, replacement, reinstatement or remediation activities.

29.3 TfNSW may direct alternative action to be taken

If the Supplier has an obligation to repair destruction or damage to, or reinstate any thing under clause 29.2, TfNSW’s Representative may, in his or her absolute discretion, give a notice directing the Supplier not to carry out its repair and replacement obligations under clause 29.2, in which case:
the Supplier waives in favour of and for the benefit of RailCorp and TfNSW, the Supplier's right to make a claim under the Insurances, other than claims in respect of the Supplier's Loss or any insured legal liability to third parties;

(b) the Supplier must pay to TfNSW all proceeds it receives from the Insurances, other than proceeds in respect of the Supplier's own Loss or any insured legal liability to third parties; and

(c) the rights and obligations of the parties under this deed will be varied so as to leave RailCorp, TfNSW and the Supplier in a 'no net gain, no net loss' position.

29.4 Asset security and protection

Without limiting any of the Supplier's other obligations under this deed, the Supplier must take all reasonable precautions to prevent loss of or damage to the Assets resulting from theft, misuse or vandalism (including Vandalism) by any person when the Supplier has care, custody and/or control of them for the purposes of a Delivery Phase Activity.

30. Insurance

30.1 Supplier's whole of project insurance obligations

The Supplier must, at its own cost and expense, effect and maintain (or cause to be effected and maintained) the insurances specified in paragraph 1 of Schedule 13 on the terms and for the periods set out in this clause 30 and Schedule 13.

30.2 Supplier's Delivery Phase Activities insurance obligations

The Supplier must, at its own cost and expense, effect and maintain (or cause to be effected and maintained) the insurances specified in paragraph 2 of Schedule 13 on the terms and for the periods set out in this clause 30 and Schedule 13.

30.3 Subcontractors

The Supplier must ensure that all Subcontractors effect and maintain appropriate insurances (for the relevant Delivery Phase Activities subcontracted) including workers compensation insurance in accordance with Legal Requirements.

30.4 Additional, increased or varied Insurances

(a) If TfNSW at any time reasonably requires the Supplier to:

(i) insure against a risk not specifically provided for or contemplated under clauses 30.1 or 30.2; or

(ii) increase the extent of, or change the terms of, an existing Insurance from that set out in clauses 30.1 or 30.2,

it may notify the Supplier and request that the Supplier give effect to TfNSW's requirements.

(b) The Supplier must promptly inform TfNSW of the amount of any additional premium payable in giving effect to a requirement of TfNSW under clause 30.4(a) before it implements the requirement (using reasonable endeavours to minimise any increase in or maximise any reduction in the cost of any additional, increased or varied Insurances), and TfNSW will advise the Supplier whether it still requires the Supplier to give effect to that requirement.

(c) Any additional premiums paid on any additional, increased or varied Insurances required by TfNSW under clause 30.4(b), as well as any brokerage and Taxes...
payable in respect of those premiums, will be reimbursed by TfNSW to the Supplier within 20 Business Days after the Supplier provides evidence satisfactory to TfNSW (acting reasonably) that the insurance cover has been so effected and the premium paid.

30.5 Joint names

The Supplier must ensure that all Insurances effected by the Supplier in compliance with this clause 30 other than the Insurances in Schedule 13 referred to as:

(a) Professional Indemnity Insurance;
(b) Employer’s Liability and Workers’ Compensation Insurance; and
(c) Compulsory Third Party Motor Vehicle Insurance,

are in the joint names of the Supplier, TfNSW, RailCorp and the Operator, and extend cover to the Supplier’s Subcontractors and others described in the relevant policy, by specifying them within the definition of “Insured”, for their respective rights and interests.

30.6 Insurance requirements generally

(a) All Insurances effected by the Supplier in compliance with this clause 30, other than the Insurances in Schedule 13 referred to as Employer’s Liability and Workers’ Compensation Insurance and Compulsory Third Party Motor Vehicle Insurance:

(i) must be taken out with Reputable Insurers or with insurers approved by TfNSW’s Representative (such approval not to be unreasonably withheld);
(ii) must be on the terms required by this clause 30 or otherwise as approved by TfNSW’s Representative (such approval not to be unreasonably withheld);
(iii) must not contain any exclusion, endorsement or alteration unless it is first approved in writing by TfNSW’s Representative (such approval not to be unreasonably withheld);
(iv) which name more than one insured, must include a waiver and cross liability clause in which the insurer agrees:

A. to waive all rights of subrogation or action that it may have or acquire against all or any of the persons comprising the insured;
B. that the term "insured" applies to each of the persons comprising the insured as if a separate policy of insurance had been issued to each of them (subject always to the overall sum insured not being increased as a result); and
C. that any non-disclosure, breach of any duty or act or omission by one insured does not prejudice the right of any other insured to claim under any Insurance;

(v) must contain a term which requires the lead insurer or the Supplier’s broker to give TfNSW 30 Business Days’ notice prior to:

A. the lead insurer giving the Supplier a notice of cancellation;
B. the lead insurer cancelling the policy on the request of the Supplier; or
C. the lead insurer giving the Supplier any other notice in respect of the policy;

(vi) must contain a term providing that notice of a claim by any insured will be accepted by the insurer as notice by all insureds;

(vii) must not exclude coverage for innocent non-disclosure;

(viii) for policies written on an occurrence basis, must provide that a single deductible is payable for each occurrence regardless of whether a claim or claims are brought against one or more insureds;

(ix) must not contain any 'other insurance' provisions that attempt or purport to limit or restrict coverage where another insurance policy may also potentially respond;

(x) must be governed by and be construed according to the laws of New South Wales and, in the case of all policies other than legal liability policies, include a provision under which each party to that policy agrees to:

A. submit to the non-exclusive jurisdiction of the courts of New South Wales, and the courts competent to determine appeals from those courts, with respect to any proceedings which may be brought at any time relating to that policy; and

B. waive any objection it may now or in the future have to the venue of any proceedings, and any claim it may now or in the future have that any proceedings have been brought in an inconvenient forum, if the venue falls within clause 30.6(a)(x)A; and

(xi) must not be materially altered, cancelled or permitted to lapse by or on behalf of the Supplier without the prior approval of TfNSW.

(b) All Insurances in Schedule 13 referred to as Professional Indemnity Insurance, must:

(i) cover any legal liability contractually assumed to the extent that the Supplier and any other insureds under those Insurances have contracted out of the operation of Part 4 of the Civil Liability Act 2002 (NSW) or assumed liability for others under this deed;

(ii) without limiting clause 30.6(b)(i), cover the Supplier for potential liability to TfNSW assumed by reason of the exclusion of Part 4 the Civil Liability Act 2002 (NSW); and

(iii) not exclude any potential liability the Supplier may have to TfNSW under or by reason of this deed.

(c) All Insurances in Schedule 13 referred to as Plant and Equipment Insurance and Industrial Special Risks Insurance must be endorsed to note and allow the Supplier's obligations under clause 29, to the effect that compliance with the provisions of those clauses will not prejudice the Supplier's or any other insured's rights to indemnity under the Insurances.

(d) Insurances in Schedule 13 referred to as Public and Products Liability Insurance, must not expressly exclude liability arising under clause 31 solely on the basis that it is a contractually assumed liability.
30.7 **Premiums, coverage and deductibles**

(a) The Supplier must punctually pay all premiums and other amounts payable in respect of the Insurances effected by it, and give TfNSW evidence of payments for premiums if and when requested by TfNSW.

(b) All Insurances required under this deed shall provide coverage for at least the 'Minimum Sum Insured' specified in Schedule 13, and deductibles no greater than the 'Maximum Deductible' specified in Schedule 13.

(c) If an insurer requires payment under a relevant insurance policy by TfNSW, TfNSW may recover the payment of such amount from the Supplier as Moneys Owing.

30.8 **Evidence of insurance**

In respect of the Insurances required to be effected and maintained by the Supplier under this clause 30, the Supplier must give TfNSW's Representative:

(a) certified copies of all:

(i) policies (including policy schedules, wordings and endorsements), other than any policy for Professional Indemnity Insurance;

(ii) renewal certificates; and

(iii) slips and cover notes,

within 10 Business Days after it receives them from the insurer or broker; and

(b) whenever requested by TfNSW's Representative, a certificate of currency satisfactory to TfNSW's Representative (acting reasonably) to confirm that the Insurances which the Supplier must effect and maintain pursuant to this clause 30 have been effected and maintained in accordance with the requirements of this clause 30.

30.9 **Failure to produce proof of insurance**

If the Supplier fails to provide evidence satisfactory to TfNSW's Representative in accordance with clause 30.8(a) or within 10 Business Days of a request under clause 30.8(b), TfNSW may effect and maintain the relevant Insurances and pay the premium. The costs incurred by TfNSW in connection with taking such action will be recoverable from the Supplier as Moneys Owing.

30.10 **The Supplier's obligations not limited**

The taking out of Insurances does not limit the liabilities or obligations of the Supplier under this deed. The Supplier bears the risk of the Insurances being inadequate to enable the Supplier to fulfil its obligations under this deed.

30.11 **General insurance obligations**

The Supplier must:

(a) not knowingly do or permit, or omit to do, anything which prejudices any Insurance;

(b) rectify anything which might prejudice any Insurance;

(c) reinstate an Insurance required to be maintained under clauses 30.1 to 30.2 if it lapses;
not cancel, vary or allow any Insurance required to be maintained under clauses 30.1 to 30.2 to lapse without the prior written consent of TfNSW's Representative and must impose an obligation on its broker to give TfNSW 30 Business Days' notice prior to any policy lapsing;

immediately notify TfNSW of any fact or circumstance or change in circumstances which may prejudice an Insurance;

without limiting clause 30.12(a), immediately notify TfNSW's Representative if it receives any claim or notice in connection with an Insurance;

give full and true particulars to the insurer of all matters and things the non-disclosure of which might in any way prejudice or affect any such policy or the payment of all or any benefits under the Insurance; and

comply at all times with the terms of each Insurance.

30.12 Claims under Insurances

In addition to the obligations to notify the insurer under any Insurance, the Supplier must:

notify TfNSW's Representative of any occurrence of which it is aware that may give rise to a claim (other than a claim by TfNSW or its Associates) under any Insurance other than statutory insurance;

keep TfNSW's Representative informed of subsequent developments of which it is aware concerning the claim;

do everything reasonably required by TfNSW (or any other person in whose name the relevant policy is effected) to enable TfNSW or such other person to claim, collect or recover money due under an Insurance;

subject to clause 30.12(e), diligently pursue any material claim which it has under any Insurance in relation to that occurrence; and

not compromise, settle, prosecute or enforce a claim under any Insurance without the prior written consent of TfNSW's Representative (which must not be unreasonably withheld or delayed).

30.13 Insurance Proceeds Account

This clause 30.13 applies to all amounts received under:

(i) the Insurances in Schedule 13 referred to as Plant and Equipment Insurance;

(ii) the Insurances in Schedule 13 referred to as Transit Insurance; and

(iii) the Insurance in Schedule 13 referred to as Contract Works Insurance,

(Insurance Proceeds).

The Supplier must:

establish an account to be known as the Insurance Proceeds Account;

maintain that account in the name of the Supplier with a financial institution nominated by the Supplier and approved by TfNSW (each approval not to be unreasonably withheld);
(iii) give details of that account to TfNSW;

(iv) if requested by TfNSW's Representative, grant TfNSW a first ranking Security Interest over the Insurance Proceeds Account; and

(v) procure the agreement of the financial institution referred to in clause 30.13(b)(i) not to exercise any right of set-off or combination of accounts in relation to the Insurance Proceeds Account.

(c) All Insurance Proceeds must be deposited into the Insurance Proceeds Account.

(d) Subject to clause 30.13(f), moneys in the Insurance Proceeds Account may only be applied towards the cost of repair or reinstatement.

(e) The Supplier must give TfNSW records of expenditure from the Insurance Proceeds Account within 30 Business Days of such expenditure.

(f) If this deed is terminated under clauses 25 or 27, TfNSW will be entitled to any moneys remaining in the Insurance Proceeds Account on the date of termination.

31. Indemnities

31.1 Indemnity from the Supplier

The Supplier must indemnify each Indemnified Party from and against:

(a) any Loss incurred by an Indemnified Party in respect of:

   (i) damage to, loss or destruction of, or loss of use of or access to (whether total or partial), any real or personal property belonging to an Indemnified Party; or

   (ii) any claim against an Indemnified Party (including by another Indemnified Party) in respect of:

       A. any illness, personal injury to, or death of, any person; or

       B. damage to, loss or destruction of, or loss of use of or access to (whether total or partial), any real or personal property, caused by, arising out of, or in any way in connection with any breach or other act or omission of the Supplier, the Supplier's Associates or the Supplier's Personnel; or

(b) any Loss incurred by an Indemnified Party arising out of or in any way connection with:

   (i) any breach or failure to comply with the terms of any Project Agreement by the Supplier; or

   (ii) any fraudulent, negligent or unlawful act or omission by the Supplier, the Supplier's Associates or the Supplier's Personnel.

31.2 Exclusions from indemnity

The Supplier's liability under clause 31.1 will be reduced to the extent that the Loss arises from:

(a) a fraudulent, negligent or unlawful act or omission of the Indemnified Party; or
31.3 Exclusion of Indirect or Consequential Loss

(a) Subject to clause 32.4, but otherwise despite any other provision of this deed, the Supplier has no liability to any Indemnified Party (whether in contract, tort or otherwise), nor will any Indemnified Party be entitled to make any Claim against the Supplier, in respect of Indirect or Consequential Loss incurred or sustained by the Indemnified Party as a result of any act or omission of the Supplier (whether negligent or otherwise).

(b) Subject to clause 32.4(d), and despite any other provision of this deed, none of the Indemnified Parties has any liability to the Supplier (whether in contract, tort or otherwise), nor will the Supplier be entitled to make any Claim against any Indemnified Party, in respect of Indirect or Consequential Loss incurred or sustained by the Supplier as a result of any breach or other act or omission of any Indemnified Party (whether negligent or otherwise).

31.4 Procedure for Third Party Claims

(a) If an Indemnified Party wishes to claim indemnity under clause 31.1(a)(ii) in respect of a claim against the Indemnified Party (Third Party Claim), a notice of the Third Party Claim must be given to the Supplier as soon as reasonably practicable.

(b) The Indemnified Party must:

(i) subject to clause 31.4(c), take such actions as the Supplier may reasonably direct in defending or mitigating the Third Party Claim;

(ii) not settle or compromise the Third Party Claim without the Supplier’s consent (not to be unreasonably withheld or delayed); and

(iii) periodically inform the Supplier of the status of the Third Party Claim and the actions taken to defend or mitigate it.

(c) If the Supplier wishes to direct an Indemnified Party to take actions in defending or mitigating the Third Party Claim, the Supplier must first give reasonable security to the Indemnified Party for any cost or liability arising out of such direction.

(d) The Supplier’s liability under clause 31.1 will be reduced to the extent that a failure by an Indemnified Party to comply with clause 31.4(b) prejudices the Supplier, but not otherwise.

31.5 Obligations not affected

(a) Clause 31.1 does not limit or otherwise affect the Supplier’s other obligations under this deed or otherwise according to law.

(b) The Supplier is not relieved of any obligation to indemnify an Indemnified Party under clause 31.1 by reason of effecting insurance.

31.6 Indemnified Parties

The Supplier acknowledges and agrees that if the indemnity in clause 31.1 or the matters stated in clause 31.3(b) are unenforceable, all references in this clause 31 to “the Indemnified Party” or “an Indemnified Party” will be read as a reference to “TfNSW and RailCorp” only.
32. Liability

32.1 General Liability Cap

Subject to clause 32.4, but notwithstanding any other provision of the Project Agreements, the Supplier's aggregate liability to the Indemnified Parties or any person claiming through them under any Project Agreement arising out of, or in any way in connection with the Delivery Phase Activities (including any Claim in respect of any Defect in the Assets) and whether arising pursuant to an indemnity, in contract, in tort, in equity, by operation of law or otherwise, is limited in aggregate to an amount equal to \[ \text{of the sum of:} \]

(a) \[ \text{the Initial Fleet Contract Value; and} \]

(b) \[ \text{if RailCorp (or TfNSW on behalf of RailCorp) orders elects to purchase any Option Sets in accordance with clause 20, the Option Fleet Contract Value,} \]

(General Liability Cap).

32.2 Increase to General Liability Cap for CPI

The General Liability Cap will be CPI Indexed on the first day of each Financial Year.

32.3 Delay LDs Cap

(a) Subject to clause 32.4, the parties acknowledge and agree that the Supplier's liability for Delay LDs under clause 15.8 or general damages under clause 32.5(c) is limited to the sum of:

(i) \[ \text{of the Initial Fleet Contract Value; and} \]

(ii) \[ \text{if RailCorp (or TfNSW on behalf of RailCorp) orders elects to purchase any Option Sets in accordance with clause 20, of the Option Fleet Contract Value,} \]

(Delay LDs Cap).

(b) The Delay LDs Cap will be CPI Indexed on the first day of each Financial Year.

(c) The Delay LDs Cap is a subset of the General Liability Cap.

32.4 Exceptions to liability caps and exclusions

Nothing:

(a) in clause 31.3(a) will limit or exclude the Supplier's liability to an Indemnified Party or any person claiming through an Indemnified Party under any of the Project Agreements or at law:

(i) pursuant to clause 13.9(c)(ii);

(ii) in respect of Delay LDs pursuant to clause 15.8;

(iii) in respect of any reduction in the Supplier's entitlement to be paid the full amount of the Initial Fleet Contract Value or Option Fleet Contract Value pursuant to paragraphs 1.3, 2.4 or 3 of Schedule 11;

(iv) for Loss in respect of and liabilities of an Indemnified Party to a third party.
(b) in clause 31.3(a) or this clause 32 will limit or exclude the Supplier's liability to an Indemnified Party or any person claiming through an Indemnified Party under any of the Project Agreements or at law:

(i) for Moneys Owing (except, in respect of clause 15.8 or 32, to the extent that 'Moneys Owing' under clause 15.8(b) or 32.5(d) are limited in accordance with clause 32.3(a) or 32.5(d) (as applicable));

(ii) to the extent that the Supplier has:

A. recovered from a third party (including any Subcontractor and whether by way of indemnity or otherwise); or

B. would have recovered from a third party, but for clause 31.3(a) or this clause 32 (as applicable) and if it had diligently pursued a claim against the third party,

an amount in respect of that liability;

(iii) to the extent that the Supplier:

A. is indemnified in respect of that liability by a policy of insurance; or

B. would have been indemnified in respect of that liability by a policy of insurance but for clause 31.3(a) or this clause 32 (as applicable) and if the Supplier had:

1) diligently pursued a claim under the policy of insurance;

2) complied with the terms and conditions of that policy of insurance; and

3) complied with its insurance obligations under this deed;

(iv) for Loss arising from any criminal acts or fraud on the part of the Supplier or any of the Supplier's Associates;

(v) for Loss arising from wilful misconduct on the part of the Supplier or any of the Supplier's Associates;

(vi) to the extent that, by law, the parties cannot limit, or exclude by contract, that liability;

(vii) in respect of any fine, penalty or impost imposed by an Authority or under any Legal Requirement;

(viii) for Loss arising where the Supplier wholly or substantially abandons the Delivery Phase Activities;

(ix) in respect of any liability to pay or allow any amount under clause 13.9(c)(ii);

(x) for any interest under clause 19.8; or

(xi) in respect of any liability under clause 31.1(a);

(c) in clause 31.3(a) or this clause 32 will limit or exclude the Supplier's liability arising out of, or in connection with, the indemnities given by the Supplier pursuant to
paragraph 2.2 of Schedule 3 to any or all of the persons or entities identified pursuant to paragraph 2.2(b) of Schedule 3; or

(d) in clause 31.3(b) will limit or exclude the Indemnified Parties' liability to the Supplier under any of the Project Agreements:

(i) for Loss arising from any criminal acts or fraud on the part of TfNSW or any of TfNSW's Associates;

(ii) for Loss arising from wilful misconduct on the part of TfNSW or any of TfNSW's Associates;

(iii) for Loss arising from the illness, personal injury, or death of, any person to the extent caused or contributed to by TfNSW or any of TfNSW's Associates;

(iv) for Loss arising from any loss or damage to third party property to the extent caused or contributed to by TfNSW or any of TfNSW's Associates;

(v) in respect of any liability expressly imposed on TfNSW or RailCorp under any of the Project Agreements to pay or procure payment to the Supplier any of the following amounts:

A. any Progress Payments;

B. any interest under clause 19.8; or

C. any amounts payable under and calculated in accordance with the clause 24.9; or

(vi) to the extent that, by law, the parties cannot limit, or exclude by contract, that liability.

32.5 Genuine pre-estimate for Delay LDs

(a) The parties acknowledge and agree that the Delay LDs payable by the Supplier under clause 15.8 represent (and do not exceed) a reasonable and genuine pre-estimate of the Loss and damage that may be suffered or incurred by TfNSW, RailCorp, the Operator or any other NSW Rail Entity arising from late Provisional Acceptance of the Sets.

(b) The Supplier must not commence or bring any proceedings, or seek to rely on any argument that Delay LDs calculated in accordance with clause 15.8 are a penalty or are otherwise invalid or unenforceable or that clause 15.8, or any part of it, is otherwise invalid or unenforceable.

(c) If any part of clause 15.8 is found for any reason to be void, invalid or otherwise unenforceable, so as to disentitle TfNSW, RailCorp, the Operator or any other NSW Rail Entity from recovering Delay LDs, TfNSW, RailCorp, the Operator or the relevant NSW Rail Entity will be entitled to recover from the Supplier, and the Supplier must pay on a full indemnity basis, general law damages arising out of or in connection with the Supplier's failure to achieve Provisional Acceptance of a Set by its Date for Provisional Acceptance.

(d) The Supplier's liability for any general law damages payable under clause 32.5(c) is:

(i) Moneys Owing; and

(ii) limited to the Delay LDs Cap.
32.6 Genuine pre-estimate for mass adjustment

(a) The parties acknowledge and agree:

(i) that the mass adjustments which may be made by TfNSW as calculated under paragraphs 1.3 and 2.4 of Schedule 11 represent (and do not exceed) reasonable and genuine pre-estimates of the loss and damage that may be suffered or incurred by TfNSW, RailCorp, the Operator or any other NSW Rail Entity if the Actual Mass of a Set exceeds the Predicted Mass of the Set;

(ii) each of the parties require formulae for calculation of that cost and diminished value that are able to be readily applied without unnecessary administrative costs, delay or difficulty; and

(iii) there are many and varied matters which form part of the cost to TfNSW and the diminished value which TfNSW, RailCorp, the Operator and the NSW Rail Entities may suffer, many of which are difficult or impossible to calculate with precision.

(b) If any part of the Progress Payment adjustment referred to in clause 32.6(a)(i) is found for any reason to be void, invalid or otherwise unenforceable, so as to disentitle TfNSW from making that Progress Payment adjustment, TfNSW will be entitled to recover from the Supplier, and the Supplier must pay on a full indemnity basis general law damages arising out of or in connection with any Loss suffered by TfNSW, RailCorp, the Operator or any NSW Rail Entity as a result of an event, action or omission which would have entitled TfNSW to make any of the Progress Payment adjustments, up to the full amount of the applicable adjustment, if the relevant provision of this deed had not been found void, invalid or otherwise unenforceable.

(c) The Supplier’s liability for any general law damages payable under clause 32.6(b) is:

(i) Moneys Owing; and

(ii) in respect of damages that are in place of a Progress Payment adjustment, limited to the amount of the Progress Payment adjustment that would otherwise have applied under this deed.

32.7 Genuine pre-estimate for delayed Fleet Acceptance

(a) The parties acknowledge and agree that the non-payment by TfNSW pursuant to paragraph 3.1 of Schedule 11 of the Progress Payment for Fleet Acceptance in relation to the Continuous Production Fleet in circumstances where the Continuous Production Fleet does not achieve Fleet Acceptance on or before the Fleet Acceptance Sunset Date (Continuous Production) represents (and does not exceed) a reasonable and genuine pre-estimate of the Loss and damage that may be suffered or incurred by TfNSW, RailCorp, the Operator or any other NSW Rail Entity arising from the failure of the Supplier to achieve Fleet Acceptance of the Continuous Production Fleet on or before the Fleet Acceptance Sunset Date (Continuous Production).

(b) The parties acknowledge and agree that the non-payment by TfNSW pursuant to paragraph 3.2 of Schedule 11 of the Progress Payment for Fleet Acceptance in relation to the Non-continuous Production Fleet in circumstances where the Non-continuous Production Fleet does not achieve Fleet Acceptance on or before the Fleet Acceptance Sunset Date (Non-continuous Production) represents (and does not exceed) a reasonable and genuine pre-estimate of the Loss and damage that may be suffered or incurred by TfNSW, RailCorp, the Operator or any other NSW Rail Entity arising from the failure of the Supplier to achieve Fleet Acceptance of the
Non-continuous Production Fleet on or before the Fleet Acceptance Sunset Date (Non-continuous Production)

(c) The Supplier must not commence or bring any proceedings, or seek to rely on any argument that the non-payment of a Progress Payment by TfNSW:

(i) pursuant to paragraph 3.1 of Schedule 11; or

(ii) pursuant to paragraph 3.2 of Schedule 11,

is a penalty or is otherwise invalid or unenforceable, or that paragraph 3.1 or 3.2 of Schedule 11 (as the case may be), or any part of either paragraph, is otherwise invalid or unenforceable.

(d) If any part of paragraph 3.1 of Schedule 11 is found for any reason to be void, invalid or otherwise unenforceable, so as to disentitle TfNSW, RailCorp, the Operator or any other NSW Rail Entity from not paying the Progress Payment referred to in paragraph 3.1 of Schedule 11, TfNSW, RailCorp, the Operator or the relevant NSW Rail Entity will be entitled to recover from the Supplier, and the Supplier must pay on a full indemnity basis, general law damages arising out of or in connection with the Supplier’s failure to achieve Fleet Acceptance of the Continuous Production Fleet on or before the Fleet Acceptance Sunset Date (Continuous Production).

(e) If any part of paragraph 3.2 of Schedule 11 is found for any reason to be void, invalid or otherwise unenforceable, so as to disentitle TfNSW, RailCorp, the Operator or any other NSW Rail Entity from not paying the Progress Payment referred to in paragraph 3.2 of Schedule 11, TfNSW, RailCorp, the Operator or the relevant NSW Rail Entity will be entitled to recover from the Supplier, and the Supplier must pay on a full indemnity basis, general law damages arising out of or in connection with the Supplier’s failure to achieve Fleet Acceptance of the Non-continuous Production Fleet on or before the Fleet Acceptance Sunset Date (Non-continuous Production).

(f) The Supplier’s liability for any general law damages payable under:

(i) clause 32.7(d) is:

A. Moneys Owing; and

B. limited to the amount of the Progress Payment that would otherwise be not paid pursuant to paragraph 3.1 of Schedule 11.

(ii) clause 32.7(e) is:

A. Moneys Owing; and

B. limited to the amount of the Progress Payment that would otherwise be not paid pursuant to paragraph 3.2 of Schedule 11.

32.8 Sole remedies

(a) Subject to clause 32.8(b):

(i) the Delay LDs payable under clause 15.8 (or general damages payable under clause 32.5(c)) are TfNSW’s and RailCorp’s sole and exclusive monetary remedy for any Loss in connection with a failure by the Supplier to achieve Provisional Acceptance of a Set by the Date for Provisional Acceptance;
(ii) the Progress Payment adjustment under:

A. paragraph 3.1(b) of Schedule 11 (or general damages payable under clause 32.7(d)) are TfNSW's and RailCorp's sole and exclusive monetary remedy for any Loss due to, or in connection with, the Supplier failing to achieve Fleet Acceptance in respect of the Continuous Production Fleet on or before the Fleet Acceptance Sunset Date (Continuous Production); and

B. paragraph 3.2(b) of Schedule 11 (or general damages payable under clause 32.7(e)) are TfNSW's and RailCorp's sole and exclusive monetary remedy for any Loss due to, or in connection with, the Supplier failing to achieve Fleet Acceptance in respect of the Non-continuous Production Fleet on or before the Fleet Acceptance Sunset Date (Non-continuous Production);

(iii) the mass adjustment referred to in paragraph 1.3 of Schedule 11 (or general law damages payable under clause 32.6(b)) is TfNSW's and RailCorp's sole and exclusive monetary remedy for any Loss due to, or in connection with, the Actual Mass of a Set in the Initial Fleet exceeding the Predicted Mass; and

(iv) the mass adjustment referred to in paragraph 2.4 of Schedule 11 (or general law damages payable under clause 32.6(b)) is TfNSW's and RailCorp's sole and exclusive monetary remedy for any Loss due to, or in connection with, the Actual Mass of a Set in the Option Fleet exceeding the Predicted Mass.

(b) The Supplier acknowledges and agrees that clause 32.8(a) does not limit:

(i) if this deed is terminated as a result of a Supplier Termination Event, the Supplier's liability for Termination Payments; or

C. the Supplier waives its right to receive any verification statement in respect of any financing statement or financing change statement relating to a Security Interest, and also its right to receive any other notice required under the PPSA unless the provision of such notice cannot be excluded;

(iv) the parties agree to the full extent permitted by law not to disclose information of the kind mentioned in section 275(1) of the PPSA;

(v) the Supplier agrees that it will only authorise the disclosure of information under section 275(7)(c), or request information under section 275(7)(d), if the relevant Secured Party approves;

(vi) a Secured Party's Security Interest attaches to any proceeds (including any proceeds within the definition of that term in the PPSA) derived, directly or indirectly, from any sale or dealing with the collateral that is the subject of the Security Interest or otherwise arising out of or relating to the collateral whether or not the sale or dealing is permitted under this deed;

(vii) except where contemplated in clause 40.2(a), the Supplier will not, without the relevant Secured Party's prior written consent, create, purport, or attempt to create or permit to exist any other Security Interest, however ranking, over the collateral; and

(viii) for the avoidance of doubt, pursuant to section 80 of the PPSA, the Supplier covenants not to assert any rights it would otherwise have under section 80(1) of the PPSA and it is intended specifically that any person to whom a Secured Party assigns some or all of its rights and obligations under a Project Agreement should have the benefit of this covenant.
40.2 PPSA procedures

(a) Without limiting clause 40.1(a)(vii), if the Supplier holds any Security Interests in the Assets for the purposes of the PPSA by reason of entering into any supply or other arrangements with a Subcontractor, the Supplier agrees to implement, maintain and comply in all material respects with, procedures for the perfection of those Security Interests. These procedures must include procedures designed to ensure that the Supplier takes all steps to identify Security Interests in its favour and under the PPSA to perfect continuously any such Security Interest including all steps necessary:

(i) for the Supplier to obtain the highest ranking priority possible in respect of the Security Interest (such as perfecting a purchase money security interest (as defined in the PPSA) or perfecting a Security Interest by control); and

(ii) to reduce as far as possible the risk of a third party acquiring an interest free of the Security Interest (such as including the serial number in a financing statement for personal property that may or must be described by a serial number).

(b) If a Secured Party asks, the Supplier agrees to arrange at its expense an audit of the above PPSA procedures. A Secured Party may ask the Supplier to do this if it reasonably suspects that the Supplier is not complying with this clause.

41. Rights to and use of the Intellectual Property

The parties' rights and obligations in relation to Intellectual Property Rights are set out in Schedule 3.

42. Notice of Claims

42.2 The Prescribed Notice

A Prescribed Notice is a notice stating that it is a notice under this clause 42.2 and containing full particulars of:

(a) the Claim Events;

43.5 Formal and information communications

The parties wish to distinguish formal communications from informal communications and agree that:

(a) a formal communication is one which complies with the requirements of clause 43.1;

(b) an informal communication is one which does not comply with the requirements of clause 43.1. Examples of informal communications include:

(i) oral communications, whether made during meetings, discussions, over the phone or otherwise; and

(ii) communications sent by email which are not formal communications (for example, an email which does not attach a .pdf file of a signed letter);

(c) formal communications will have effect as Notices in connection with this deed;

(d) informal communications will not be treated as Notices under or in connection with this deed; and

(e) informal communications will not affect any party's rights or obligations out of or in connection with this deed, and cannot be relied upon.

44. Proportionate liability

44.1 Exclusion of proportionate liability scheme

(a) To the extent permitted by law, Part 4 of the Civil Liability Act 2002 (NSW) (and any equivalent statutory provision in any other state or territory) is excluded in relation to all and any rights, obligations or liabilities of any party under this deed whether these rights, obligations or liabilities are sought to be enforced in contract, tort or otherwise.

(b) Without limiting the above, the rights, obligations and liabilities of TfNSW and the Supplier under this deed with respect to proportionate liability are as specified in this deed and not otherwise, whether these rights, obligations or liabilities are sought to be enforced by a claim in contract, in tort or otherwise.

44.2 Supplier not to apply proportionate liability scheme

To the extent permitted by law:
(a) the Supplier must not seek to apply the provisions of Part 4 of the Civil Liability Act 2002 (NSW) in relation to any claim by TfNSW or RailCorp against the Supplier (whether in contract, tort or otherwise); and

(b) if any of the provisions of Part 4 of the Civil Liability Act 2002 (NSW) are applied to any claim by TfNSW or RailCorp against the Supplier (whether in contract, tort or otherwise), the Supplier will indemnify TfNSW and RailCorp against any Loss, damage, cost or expense that forms part of a claim by TfNSW or RailCorp against the Supplier which TfNSW or RailCorp cannot recover from the Supplier because of the operation of Part 4 of the Civil Liability Act 2002 (NSW).

44.3 Subcontracts

The Supplier must:

(a) ensure that the terms on which it engages all its Subcontractors exclude (to the extent permitted by law) the application of Part 4 of the Civil Liability Act 2002 (NSW) in relation to all and any rights, obligations or liabilities of either party under each Subcontract whether these rights, obligations or liabilities are sought to be enforced by a claim in contract, tort or otherwise; and

(b) require each Subcontractor down the contractual chain from any Subcontractor to include, in any further contract that it enters into with a third party for the performance of the Project Activities, a term that (to the extent permitted by law) excludes the application of Part 4 of the Civil Liability Act 2002 (NSW) in relation to all and any rights, obligations or liabilities of either party under each further agreement whether such rights, obligations or liabilities are sought to be enforced by a claim in contract, tort or otherwise.

45. Taxes

45.1 Goods and Services Tax (GST)

(a) Except where the context suggests otherwise, terms and expressions used in this clause 45.1 have the meanings given to those expressions in the GST Act.

(b) Unless otherwise expressly stated in this deed, all prices or other sums payable or consideration to be provided under this deed are exclusive of GST. Any consideration that is specified to be inclusive of GST must not be taken into account in calculating the GST payable in relation to a supply for the purposes of this clause 45.1.

(c) Despite any other provision in this deed, if GST is payable on a supply made by a party (GST Supplier) under or in connection with this deed, the party that is required to provide consideration to the GST Supplier (Recipient) must pay or procure payment to the GST Supplier an amount equal to the GST payable on the supply (GST Amount) by the GST Supplier.

(d) The Recipient must pay or procure payment of the GST Amount in addition to and at the same time as payment for the taxable supply is required to be made under this deed except where the Supplier has failed to provide sufficient information required to enable TfNSW or RailCorp (as the case may be) to issue a RCTI in accordance with clause 45.1(i), in which case the GST Amount will be payable once that information is provided.

(e) If this deed requires a party to reimburse any other party for any expense, Loss or outgoing (reimbursable expense) incurred by another party, the amount required to be reimbursed by the first party will be the sum of:
(i) the amount of the reimbursable expense net of input tax credits (if any) to which the other party is entitled in respect of the reimbursable expense; and

(ii) if the other party's recovery from the first party is a taxable supply, any GST payable in respect of that supply and for the avoidance of doubt, if the supply is a taxable supply, clause 45.1(c) will apply.

(f) If a payment under this deed is calculated by reference to or as a percentage of another amount or revenue stream, that payment shall be calculated by reference to or as a percentage of that other amount or revenue stream net of any GST component.

(g) If the amount of GST paid or payable by the GST Supplier on any supply made under this deed differs from the amount of GST paid by the Recipient because the Commissioner of Taxation lawfully adjusts the value of the taxable supply for the purpose of calculating GST or for any other reason, then the amount of GST paid by the Recipient will be adjusted accordingly by a further payment by the Recipient to the GST Supplier or the GST Supplier to the Recipient as the case requires.

(h) The parties agree that, unless otherwise agreed in writing, the following will apply to the supply of Assets and any other taxable supplies made by the Supplier to TfNSW and RailCorp under or in connection with this deed:

(i) TfNSW and RailCorp (as the case may be) will issue to the Supplier a recipient created tax invoice (RCTI) for each taxable supply made by the Supplier to TfNSW and RailCorp (as the case may be) under this deed;

(ii) TfNSW and RailCorp (as the case may be) will issue to the Supplier an adjustment note for any adjustment event;

(iii) the Supplier will not issue a tax invoice in respect of any taxable supply it makes to TfNSW and RailCorp (as the case may be); and

(iv) TfNSW and RailCorp (as the case may be) may at any time notify the Supplier that it will no longer issue a RCTI for any taxable supply made by the Supplier under this deed, in which case, from that point in time:

A. TfNSW and RailCorp (as the case may be) will not be required to issue RCTIs in respect of such supply;

B. the Supplier will be required to issue tax invoices to TfNSW and RailCorp (as the case may be); and

C. TfNSW and RailCorp (as the case may be) need not make a payment for a taxable supply made by the Supplier under or in connection with this deed until the Supplier has given TfNSW or RailCorp (as the case may be) a tax invoice for the relevant taxable supply.

(i) Each party acknowledges and warrants that at the time of entering into this deed it is registered for GST and will notify the other parties if it ceases to be registered for GST or ceases to comply with any of the requirements of any taxation ruling issued by the Commissioner of Taxation in relation to the creation or issuing of RCTIs.

45.2 Taxes other than GST and duties

(a) Unless otherwise expressly provided in this deed, the Supplier must pay all Taxes due in connection with the Supplier's performance of its obligations under this deed.
(b) The Supplier acknowledges and agrees that it will be liable for and has made adequate allowance for:

(i) all Taxes other than GST (but including Importation GST);

(ii) all duties including stamp duty, customs duty and import duty; and

(iii) all costs relating to the imposition of any new Taxes, duties or the like, or a change in any of them.

(c) Where the Supplier is granted an import duty concession or there is a change in legislation or any other event that results in a reduction in customs or import duty rates (including, tariff amendments and free trade agreements) applicable to imported goods, the Supplier must, and must ensure that its Subcontractors:

(i) procure the benefit of any customs or import duty savings or any customs or import duty refunds in full as soon as reasonably practicable; and

(ii) account promptly to TfNSW for of those savings or refunds.

Any savings or refunds that the Supplier is required to account to TfNSW under this clause will be Moneys Owing from the Supplier to TfNSW.

(d) The Supplier must not make applications for import customs duty concessions without prior consultation with TfNSW.

(e) The Supplier acknowledges and agrees that:

(i) the Supplier will attend to the importation of any imported goods necessary to fulfil its obligations under this deed;

(ii) unless already approved, prior to the importation of any such goods, the Supplier will apply for approval for the deferral of Importation GST as set out in Division 33 of the GST Act; and

(iii) notwithstanding any other provision of this deed or any other related document, the Supplier will not seek to include in any Payment Claim or in any other way pass on directly or indirectly, any unrecoverable Importation GST incurred in relation to such goods.

45.3 Withholding

(a) If TfNSW is required in its opinion to withhold any amount or procure the withholding of any amount in respect of Taxes from a payment to be made to the Supplier under any Project Agreement, that amount may be withheld and:

(i) such withholding and payment to the relevant taxing Authority will be a good discharge of TfNSW’s obligation to procure payment of the relevant amount to the Supplier; and

(ii) the Supplier will have no Claim against TfNSW or RailCorp arising out of or in any way in connection with such withholding.

(b) If TfNSW procures payment of an amount to the Supplier without withholding an amount in respect of Taxes, the Supplier must indemnify TfNSW for any Loss suffered by TfNSW as a result of TfNSW failing to withhold the amount in respect of Taxes.
46. **General**

46.1 **Certification**

For the purposes of this deed, a copy of a document will be regarded as duly certified by the Supplier if it is certified as a true copy by a director, secretary or general manager of the Supplier.

Subject to any express provision of this deed to the contrary each party must pay its own costs and expenses relating directly or indirectly to the preparation, negotiation, execution, stamping of and performance of its obligations under this deed.

46.3 **Governing law**

(a) This deed is governed by and must be construed according to the laws applying in New South Wales.

(b) Without prejudice to the operation of the provisions in Schedule 8, each party irrevocably:

(i) submits to the non-exclusive jurisdiction of the courts exercising jurisdiction in New South Wales, and any court that may hear appeals from any of those courts for any proceedings in connection with this deed; and

(ii) waives any right it might have to claim that those courts are an inconvenient forum if that venue falls within clause 46.3(b)(i).

46.4 **Amendments**

(a) Subject to clauses 46.4(b) and 46.4(c), this deed may only be varied by a deed executed by or on behalf of each party.

(b) If in respect of any Variation Order that requires a change to the SPR:

(i) TfNSW issues to the Supplier a letter in the form of Schedule 24 (or in such other form as may be agreed by the parties) that has been signed by TfNSW's Representative on TfNSW's behalf; and

(ii) the Supplier replies to TfNSW's letter within 10 Business Days in the form required by TfNSW's letter and signed by the Supplier's Representative on the Supplier's behalf,

the SPR will be deemed to be amended in accordance with TfNSW's letter, with effect from the date of the Supplier's reply.

(c) Nothing in clause 46.4(a) limits clause 20, 21 or 22.

46.5 **Waiver**

A right may only be waived in writing, signed by the party giving the waiver, and:

(a) no other conduct (including failure to exercise or enforce, or a delay in exercising or enforcing, or the partial exercise or enforcement of, a right, power or remedy provided by law or under or in connection with this deed by a party) precludes, or operates as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or remedy provided by law or under this deed;
46.6 Survival of certain provisions; no merger

Without limiting clause 46.12:

(a) clauses 1 (Interpretation), 4.1 (TfNSW's Representative), 9.2 (Information Documents), 9.3 (Supplier warranty), 11.4 (Design warranties), 12.2 (Manufacture and supply warranty), 16 (Project Security), 17.2 (Prices fixed), 19.8 (Interest), 19.9 (Moneys Owing and set-off), 24.5 (Notice of Qualifying Cause and Claim), 27.10 (Consequences of termination), 27.11 (Waiver and no Claim), 28.2 (Supplier’s warranty), 31 (Indemnities), 32 (Liability), 33 (Representations and warranties), 34 (Dispute resolution), 35 (Records, reporting obligation and privacy), 36 (Disclosure, confidentiality, probity and publicity), 41 (Rights to and use of the Intellectual Property), 42 (Notice of Claims), 43 (Notices), 44 (Proportionate liability), 45.1 (Goods and Services Tax (GST)), 45.2 (Taxes other than GST and duties), this clause 46 (General), Schedule 3 (Intellectual Property) and Schedule 15 (Termination Payments), the representations, warranties and indemnities given by the Supplier under this deed and any other provision which is expressed or by implication from its nature is intended to survive termination or is necessary for the interpretation of the clauses set out in this clause 46.6 (together, the Surviving Clauses) will survive rescission, termination or expiration of this deed;

(b) if this deed is rescinded or terminated, no party will be liable to any other party except:

(i) under the Surviving Clauses; or

(ii) in respect of any breach of this deed occurring before such rescission or termination;

(c) no provision of this deed which is expressed to survive termination will prevent any other provision of this deed, as a matter of interpretation, also surviving termination; and

(d) no right or obligation of any party will merge on completion of any transaction under this deed. All rights and obligations under this deed survive the execution and delivery of any transfer or other document which implements any transaction under this deed.

46.8 Consents

A consent required under this deed from a party may be given or withheld, or may be given subject to any conditions, as that party (in its absolute discretion) thinks fit, unless this deed expressly provides otherwise.
46.9 Severance

If at any time any provision of this deed is or becomes illegal, invalid or unenforceable in any respect under applicable law, that provision is to be severed to the extent necessary to make this deed enforceable, and it will not affect or impair the legality, validity or enforceability of any other provision of this deed.

46.10 Exercise of remedies

(a) If the Supplier breaches any of its obligations under this deed or any other Project Agreement, TfNSW may exercise any or all of the rights and powers and pursue any or all of the remedies available to TfNSW under the Project Agreements and/or enforce any other legal or equitable remedy available under applicable law.

(b) Each and every right, power and remedy of TfNSW will be cumulative and in addition to any other right, power and remedy, whether under a Project Agreement or applicable law, which may be exercised by TfNSW and the exercise of a right, power or remedy shall not be construed to be a waiver of the right to exercise any other right, power or remedy.

(c) No delay or omission by TfNSW in the exercise of any right, power or remedy shall impair such right, power or remedy or constitute a waiver of the relevant breach.

46.11 Entire agreement

(i) embodies the entire understanding of the parties, and constitutes the entire terms agreed by the parties; and

(b) imposing any general duty of good faith on TfNSW or RailCorp to the Supplier or its Associates in relation to or arising out of this deed, other than to comply with the obligations (if any) expressly stated to be assumed by TfNSW or RailCorp under this deed or any other Project Agreement on a good faith basis.

Sydney Growth Trains
(ISD-16-5312A)
Schedule 7 – Review Procedures

1. General

This Schedule applies:

(a) where any documents, plans, processes, programs or manuals in any format, or any other document or thing must be submitted to TfNSW, TfNSW's Representative or another person (as applicable) (Reviewing Party) for Review under this deed (Submitted Document); and

(b) to define the Review Procedures.

2. Submission and review

2.1 Submission

When documents and other information are submitted for Review, the submission must include:

(a) details of the Submitted Document, its nature and the relevant clause, schedule or annexure of this deed under which it is submitted for Review;

(b) the Submitted Document; and

(c) any other information required under this deed or otherwise necessary for the Reviewing Party to review the Submitted Document and respond in accordance with these Review Procedures.

2.2 Review

The Reviewing Party may review the Submitted Document and provide any comments in writing to the Supplier in accordance with these Review Procedures and this deed within the Review Period.

2.3 Review Period

The Review Period for a Submitted Document is:

(a) for the AMS Technical Package; and

(b) in all other cases.

from the date the relevant Reviewing Party receives (or is deemed, pursuant to any determination of the issue under the Dispute Resolution Procedures, to have received) the relevant information reasonably required to support the request for Review or comment or in order to make the election or determination. Provided that in each case if at any time during the Review Period a Reviewing Party reasonably requires additional information concerning the request for Review or comment or in order to make the election or determination and such information is available or able to be obtained if the Supplier uses reasonable endeavours to obtain it, then the Review Period will not include the time that the Supplier takes to provide that information after the request for that additional information is made.

3. Further Information

The Supplier must as soon as reasonably practicable upon request by the Reviewing Party submit any further or other information, data or documents, and make available appropriately
qualified Supplier's Personnel, that the Reviewing Party reasonably requires in order to be able to review the Submitted Document and respond in accordance with these Review Procedures.

4. **Comment on Submitted Document**

4.1 **No comment on Submitted Document**

The Reviewing Party may return a Submitted Document to the Supplier with or without comment. If the Reviewing Party has no comments on a Submitted Document, the Reviewing Party may mark that document with a statement 'No comment'.

4.2 **No intention to comment**

If the Reviewing Party decides that it does not intend to Review, comment on or respond to any Submitted Document in accordance with paragraphs 2.1 or 3 then the Reviewing Party must use reasonable endeavours to advise the Supplier as soon as possible after making that decision, and if it does so, the Reviewing Party will be deemed to have returned the Submitted Document to the Supplier marked with the statement 'No comment'.

4.3 **Failure to comment**

Subject to paragraph 4.4, if the Reviewing Party fails to comment on or respond to any Submitted Document submitted in accordance with paragraphs 2.1 and 3 within the Review Period, then the Reviewing Party will be deemed to have returned the Submitted Document to the Supplier marked with the statement 'No comment'.

4.4 **Late comments**

If a Reviewing Party fails to comment on or respond to any Submitted Document within the relevant Review Period, or otherwise wishes to raise a comment on a Submitted Document after the expiry of the Review Period for the Submitted Document, it will nevertheless be entitled to later make comments on the relevant Submitted Document, in which case the provisions of these Review Procedures will apply to those comments as if they had been provided within the Review Period.

4.5 **Response to Submitted Document**

The Reviewing Party may provide comments in respect of a Submitted Document in accordance with paragraph 5.

4.6 **Substantiate comments**

If the Reviewing Party provides the Supplier with comments in respect of the Submitted Document under paragraph 5, the Reviewing Party must provide sufficient detail to the Supplier to substantiate those comments.

5. **Grounds on which Reviewing Party may make comments**

5.1 **General**

The Reviewing Party may provide comments in respect of a Submitted Document where:

(a) the Submitted Document:

(i) is incomplete, of poor quality or otherwise is not in a condition to allow the Reviewing Party to adequately review it;

(ii) is not fit for purpose;
(iii) does not comply with relevant Mandatory Requirements or Approvals (including in respect of safety); or

(iv) is otherwise not in accordance with, or is not submitted in accordance with, the requirements of this deed in respect of the Submitted Document;

(b) the Reviewing Party considers that the Supplier’s ability to perform its obligations under this deed or another Project Agreement would be adversely affected by the implementation of the Submitted Document;

(c) the implementation of the Submitted Document or proceeding on the basis of the Submitted Document would adversely affect any right of TfNSW, RailCorp, the Operator or another NSW Rail Entity under this deed or another Project Agreement or its ability to enforce any such right;

(d) the ability of TfNSW, RailCorp, the Operator or another NSW Rail Entity to perform their respective obligations under this deed or another Project Agreement would be adversely affected by the implementation of the Submitted Document;

(e) the ability of TfNSW, the Operator or another NSW Rail Entity to undertake the Operations Functions would be adversely affected by the implementation of the Submitted Document; or

(f) the implementation of the Submitted Document would be likely to result in an increase to TfNSW’s or RailCorp’s liabilities or potential or contingent liabilities under this deed or another Project Agreement.

5.2 Programs

Where the Submitted Document is a Program required under this deed, in addition to its rights under paragraph 5.1, the Reviewing Party may provide comments in respect of the Submitted Document on the grounds that compliance with the Program would (on the balance of probabilities):

(a) not allow for Provisional Acceptance of a Set to be achieved by the Date for Provisional Acceptance of that Set; or

(b) adversely affect the safety of any person;

(c) mean that the period for carrying out programmed work exceeds or falls short of the period reasonably required for that work; or

(d) increase the likelihood of disruption to the conduct of the Operations Functions by TfNSW, the Operator or another NSW Rail Entity.

5.3 Project Plans

Where the Submitted Document is a Project Plan, or any revision to any such plan, in addition to its rights under paragraph 5.1, the Reviewing Party may provide comments in respect of the Submitted Document and the Supplier must address those comments on the Submitted Document where:

(a) carrying out the relevant Delivery Phase Activities in the periods or at the times suggested is reasonably likely to interfere with the carrying out of the Operations Functions;

(b) there is a risk that the safety of any person would be adversely affected;
the period for carrying out work under the plan would exceed or fall short of the period reasonably required for the relevant work;
(d) the plan is otherwise not in accordance with Good Industry Practice; or
(e) the Life Cycle Cost of the Assets to TfNSW, the Operator or the NSW Rail Entities will be increased.

5.4 Technical Documents

Where the Submitted Document is a Technical Document, in addition to its rights under paragraph 5.1, the Reviewing Party may provide comments in respect of the Submitted Document and the Supplier must address those comments on the Submitted Document where the Reviewing Party considers that the relevant Technical Document:

(a) fails to mitigate safety risk so far as is reasonably practicable;
(b) is not a consistent or logical extension of the Design Books or previously Confirmed Technical Documents;
(c) is not consistent with the physical configuration of the Assets;
(d) fails to consider or address feedback from stakeholders and User Groups;
(e) is not in accordance with Good Industry Practice; or
(f) if implemented, would result in:
   (i) an increase in the Life Cycle Costs of the Assets; or
   (ii) a reduction in the performance of the Assets, including with respect to:
      A. capacity;
      B. quality of the Customer experience and amenity;
      C. quality of the Crew amenity;
      D. safety;
      E. aesthetics, cleanliness, condition and visible features;
      F. Design Life;
      G. maintainability;
      H. durability, including resistance to Graffiti and Vandalism;
      I. reliability;
      J. whole of life performance;
      K. environmental performance;
      L. sustainability performance;
      M. functional performance; or
      N. security.
6. Document management

6.1 Copies of Submitted Documents

Unless otherwise specified in this deed, the Supplier must provide an electronic copy of all Submitted Documents to the Reviewing Party for Review in accordance with these Review Procedures and the SPR via the PDCS, or, if TfNSW has not or does not give the notification referred to in clause 43.1(b), in accordance with clause 43.1.

6.2 Register of Submitted Documents

The Supplier must compile and maintain a register of the date of receipt and content of each Submitted Document, and must regularly update that register to record:

(a) each Submitted Document to which it receives a response or comment from the Reviewing Party, including that response or comment; and

(b) each Submitted Document to which it receives no response or comment or is deemed not to receive any response or comment from the Reviewing Party in accordance with paragraphs 4.1 to 4.3.

7. Compliance with Confirmed Documents

7.1 Commented Submitted Document

Where the Reviewing Party comments on a Submitted Document under paragraph 5 then:

(a) subject to paragraph 7.2; and

(b) provided that the Supplier does not give notice of a Technical Dispute Matter in accordance with paragraph 1.1 of Schedule 8 in relation to the Reviewing Party's comments on that Submitted Document,

the Supplier must, prior to proceeding with any relevant part of the Delivery Phase Activities (or anything else the subject of the Submitted Document) in accordance with the Submitted Document:

(c) amend the Submitted Document in accordance with the comments of the Reviewing Party to ensure that the Submitted Document meets the requirements of this deed; and

(d) re-submit the Submitted Document (as amended) to the Reviewing Party,

and the provisions of paragraphs 2 to 8 (inclusive) shall re-apply until such time as the Submitted Document is returned to the Supplier without any comment or with the statement 'No comment'.

7.2 Proceed at Risk to implement Technical Package

(a) Subject to paragraph 7.2(b), the Supplier may proceed with the development, procurement, engineering, manufacture, construction, testing, commissioning or supply of a Technical Package at its own risk notwithstanding that:

(i) a Reviewing Party has not reviewed one or more Technical Documents related to that Technical Package in accordance with the Review Procedures; or

(ii) a Reviewing Party has issued comments in respect of one or more Technical Documents related to that Technical Package in accordance
with paragraph 5 and the Supplier has not completed the process required to be completed under paragraph 7.1,

(Proced at Risk).

(b) The Supplier may only Proceed at Risk if the Supplier has:

(i) complied with its obligations under the Review Procedures (other than completion of the process required to be completed under paragraph 7.1); and

(ii) submitted to TfNSW's Representative notice of its intention to Proceed at Risk in relation to the relevant Technical Package (Proceed at Risk Notice).

(c) If the Supplier Proceeds at Risk in accordance with paragraph 7.2(a):

(i) the Supplier must prepare the Technical Documents required for the next stage (if any) of Review contemplated in the Systems Engineering Management Plan for Review and submit it to the Reviewing Party within the times and in the manner required by this deed notwithstanding that the Supplier may have Proceeded at Risk in relation to that Technical Package;

(ii) the Reviewing Party may review any Submitted Documents in respect of that Technical Package in accordance with paragraph 5 notwithstanding that the Supplier may have Proceeded at Risk in relation to that Technical Package;

(iii) TfNSW's Representative may, in addition to the rights of a Reviewing Party under paragraph 5 of the Review Procedures, direct the Supplier to amend, rectify, change or modify any as-built (or partially completed) works which relate to that Technical Package to resolve any issues identified by the Reviewing Party as part of its review under paragraph 5 of the Review Procedures with respect to the relevant Submitted Documents; and

(iv) the Supplier must promptly comply with any direction given by TfNSW's Representative in accordance with paragraph 7.2(c)(iii).

(d) The Supplier is not entitled to make any Claim against TfNSW and RailCorp arising out of or in connection with the exercise by the Supplier of its right to Proceed at Risk in accordance with paragraph 7.2(a).

8. Significance of Reviews

(a) The parties acknowledge and agree that these Review Procedures are solely for the purpose of enabling TfNSW to monitor the progress of, and provide feedback on, the Supplier's compliance with the requirements of the Project Agreements in its conduct of the Project Activities.

(b) Nothing which occurs under these Review Procedures will:

(i) relieve the Supplier from, or alter or affect, the Supplier's liabilities, obligations or responsibilities in relation to a Submitted Document whether under a Project Agreement or otherwise according to a Mandatory Requirement;

(ii) prejudice TfNSW's rights against the Supplier whether under any Project Agreement or otherwise under a Mandatory Requirement; or
(iii) be construed as a direction by TfNSW or TfNSW's Representative to do or not do anything.

(c) Neither TfNSW nor TfNSW's Representative assumes or owes any duty of care to the Supplier to review or, if it does review, in reviewing the Submitted Documents submitted by the Supplier for errors, omissions or compliance with the Project Agreements or any Mandatory Requirement.
Schedule 8 – Dispute Resolution Procedures

1. Dispute Resolution

1.1 Notification

(a) Any Dispute must be resolved in accordance with these Dispute Resolution Procedures.

(b) A party that wishes to progress a Dispute must give the other party and TfNSW's Representative notice of the Dispute (Notice of Dispute) in accordance with the notice requirements set out in clause 43. The Notice of Dispute must:

(i) specify the Dispute;

(ii) provide particulars of the party's reasons for being dissatisfied; and

B. second, mediation of the Dispute under paragraph 1.6; and

C. third, arbitration of the Dispute under paragraph 1.7.

(b) A party may not commence court proceedings in relation to a Dispute until it has followed the procedures in this paragraph 1.2, unless the party is seeking appropriate injunctive or other interlocutory relief to preserve property or rights or to avoid losses that are not capable of being adequately compensated by an award of damages.

1.3 Negotiation

(a) Within three Business Days of a party issuing a Notice of Dispute to the other party, the parties must determine whether the Dispute is about a matter that is a Technical Dispute Matter.

(b) If the Dispute is about a matter that the parties have determined under paragraph 1.3(a) is a Technical Dispute Matter then, within five Business Days of a party issuing a Notice of Dispute to the other party:
(i) the parties must each nominate a suitably qualified person to consult on behalf of that party in relation to the relevant Technical Dispute Matter; and

(ii) the persons nominated pursuant to paragraph 1.3(b)(i) must consult in person and use reasonable endeavours to resolve the Dispute by joint discussions and negotiations.

(c) If the parties determine that the Dispute is not about a matter that is a Technical Dispute Matter, or do not agree on a determination as to whether the Dispute is or is not a Technical Dispute Matter within the timeframe specified in paragraph 1.3(a) then, within 15 Business Days of a party issuing a Notice of Dispute to the other party, suitably authorised senior representatives of the parties must consult in person and use reasonable endeavours to resolve the Dispute by joint discussions and negotiations.

1.4 Independent Expert (Technical Dispute Matters)

(a) If negotiations under paragraph 1.3(b) do not resolve a Dispute about a matter that is a Technical Dispute Matter within 10 Business Days after the Notice of Dispute was issued in respect of the Dispute then, unless otherwise agreed by the parties (in writing), the Dispute must be referred for resolution to an independent expert under this paragraph (Independent Expert).

(b) An Independent Expert must be chosen by the parties within five Business Days after the date referred to in paragraph 1.4(a) and appointed within a further five Business Days.

(c) If the parties fail to agree on the choice of an Independent Expert within the time referred to in paragraph 1.4(b), then TfNSW's Representative may:

(i) nominate an Independent Expert from the appropriate discipline on the Technical Dispute Panel; or

(ii) if TfNSW's Representative's nominee is unable or unwilling to act, request the President or Acting President of the Australian Centre for International Commercial Arbitration (ACICA) or any person to whom the President of ACICA has delegated decision making authority, to nominate an alternative expert in accordance with paragraph 1.4(e).

(d) The parties may review and update the Technical Dispute Panel at any time but not more than once in every quarter after the date of this deed.

(e) The Independent Expert may be nominated by the President or Acting President of ACICA on the application of TfNSW's Representative pursuant to paragraph 1.4(c)(ii), provided that:

(i) no person may be appointed to act as the Independent Expert under this paragraph unless qualified by education, experience and training to determine the relevant Technical Dispute Matter; and

(ii) unless the parties otherwise agree in writing, no person may be appointed as the Independent Expert who is (or has been at any time within the preceding three years) an employee of any party or any Associate of that party or who is (or has been at any time within the preceding three years) a consultant to or contractor of any party or any Associate of that party or who holds any significant financial interest in any party.
(f) The parties shall enter into an agreement with the expert on the terms contained in Schedule 21 or such other terms as may be agreed between the parties and the Independent Expert (Independent Expert Determination Agreement).

(g) The parties shall not withhold agreement to:

(i) any amendment the Independent Expert requests to be made to those terms contained in the Independent Expert Determination Agreement, provided the amendment is reasonable and does not conflict with this paragraph 1.4; or

(ii) any reasonable fees and disbursements the Independent Expert requests to be set out in the Independent Expert Determination Agreement.

(h) The Independent Expert shall make the determination in accordance with:

(i) the Independent Expert Determination Agreement and this deed generally; and

(ii) the Expert Determination Rules (2010) published by the Resolution Institute (or by whichever entity subsequently replaces that entity, from time to time), or any rules published by that entity to replace such rules, from time to time, which the parties agree will be modified and amended as required to the extent that such rules conflict with the requirements of this deed or any other Project Agreement,

(Independent Expert Determination Rules).

(i) An expert determination conducted in accordance with the Independent Expert Determination Agreement is not an arbitration.

(j) If the Independent Expert does not submit the determination by the time required under or in accordance with the Independent Expert Determination Agreement, either party may, by notice to the other party, instigate the appointment of another Independent Expert in accordance with the provisions of this paragraph 1.4. On the appointment of a new Independent Expert, the appointment of the previous Independent Expert ceases, unless before the appointment of the new Independent Expert, the previous Independent Expert has submitted a final determination in the manner required, in which case the new Independent Expert must immediately be informed that his or her services will not be required.

(k) The Independent Expert will act as an expert and not an arbitrator and may make a decision from his or her own knowledge and expertise. The parties agree that any law or legislation relating to arbitration will not apply to that Independent Expert or the determinations or the procedure by which such determinations are reached.

(l) The determination of the Independent Expert must be in writing and, unless clause 1.4(m) applies, following the expiry of the period of time allowed for a request for amendment under paragraph 1.4(n), will, to the extent permitted by law, save in the event of fraud, be final and binding on TfNSW, RailCorp and the Supplier unless within:

(i) 20 Business Days of receipt of the determination; or

(ii) 10 Business Days of the receipt of the determination amended under paragraph 1.4(n) or the notification by the Independent Expert that no amendment will be made to the determination,

a party gives notice to the other party of its dissatisfaction and intention to refer the matter to arbitration pursuant to paragraph 1.7. If a notice of dissatisfaction is given
under this paragraph 1.4(l), the Independent Expert's determination will be binding on the parties and must be given effect until it is overturned or varied by the determination of the arbitrator.

(m) Notwithstanding paragraph 1.4(l), the determination of the Independent Expert will not be final and binding on TfNSW, RailCorp or the Supplier where:

(i) the Dispute is about whether any relevant Technical Document, Deliverable or Asset:
   A. is fit for purpose; or
   B. complies with the requirements of any Project Agreement; or

(ii) the Dispute is about whether any of the following have occurred:
   A. Provisional Acceptance or Final Acceptance of a Set; or
   B. Fleet Acceptance.

(n) A party may request the Independent Expert to amend the determination within five Business Days of receipt of the determination and, following such a request by any party, the Independent Expert may amend the determination to correct:

(i) a clerical mistake;

(ii) an error from an accidental slip or omission;

(iii) a material miscalculation of figures or a material mistake in the description of any person, thing or matter; or

(iv) a defect in form.

If a request for amendment to a determination is made by any party under this paragraph 1.4(n), the Independent Expert must amend the determination or notify the parties that no amendment will be made (as is applicable) within 5 Business Days of the request.

(o) Any determination of an Independent Expert which is final and binding will be determinative only of the matters in dispute which were referred to the Independent Expert and will not be binding on the parties in respect of a dispute in respect of any other matter (including related matters).

(p) Each party will bear its own costs relating to its participation in the Independent Expert process established by this paragraph 1.4, including preparation of submissions, attendance at conferences and legal expenses.

(q) The fees, expenses and costs of the Independent Expert will be borne equally between the parties unless otherwise determined by the Independent Expert.

1.5 Independent Expert – Related expert determinations

Where any Dispute is to be referred to the process provided in paragraph 1.4 and that Dispute involves issues that are substantially the same as, or connected with issues raised in a related dispute or difference between TfNSW or RailCorp and any other party or parties involved in the Project, and expert determination proceedings have already commenced in respect of the Dispute or the related dispute or disputes, TfNSW may, in its absolute discretion:

(a) join the Dispute to those existing expert determination proceedings by giving notice to all parties concerned and the relevant expert, and the expert in such proceedings will have the power to make such directions as are necessary to join the parties and
the cause of action to enable the expert to make a determination in respect of the Dispute; or

(b) join the related dispute or disputes to the existing expert determination proceedings concerning the Dispute by giving notice to all parties concerned and the relevant expert, and such parties will be considered parties to the expert determination proceedings for the purposes of paragraph 1.4 and the Independent Expert Determination Rules, and such rules will, to the extent possible, be modified to accommodate this, and the expert in such proceedings will have the power to make such directions as are necessary to join the parties and the cause or causes of action to enable the expert to make a determination in respect of the Dispute and the related dispute or disputes.

1.6 Mediation (non-Technical Dispute Matters)

(a) If negotiations between authorised senior representatives under paragraph 1.3(c) do not resolve the Dispute within 20 Business Days of a party issuing a Notice of Dispute to the other party then, unless otherwise agreed by the parties (in writing), the Dispute must be referred to mediation under this paragraph.

(b) The mediator must be chosen by the parties from the Panel of Mediators within 25 Business Days of a party issuing a Notice of Dispute to the other party and appointed within a further five Business Days.

(c) In the absence of agreement by the parties as to the mediator, the mediator will be appointed on the application of either party by the President or Acting President of ACICA or by any person to whom the President of ACICA has delegated decision making authority.

(d) Each party to the mediation may appoint a person, including a legally qualified person, to represent it or assist it in the mediation.

(e) All meetings and proceedings in relation to the mediation must be held at a place determined by the mediator in the Sydney CBD, administered by ACICA and will be conducted in accordance with the ACICA Mediation Rules (2007), which the parties agree will be modified and amended as required to the extent that such rules conflict with the requirements of this deed or any other Project Agreement.

(f) Each party will bear its own costs relating to the preparation for and attendance at the mediation.

(g) The fees, expenses and costs of the mediator will be borne equally between the parties.

(h) The mediation process will cease if the Dispute has not been settled within 20 Business Days of the mediator being appointed, or such longer time as may be agreed by the parties in writing (having regard to the nature of the Dispute and the time required to assemble relevant information).

1.7 Arbitration – General principles

(a) If:

(i) paragraphs 1.4(l) or 1.4(m) apply; or

(ii) mediation under paragraph 1.6 does not resolve the Dispute within 20 Business Days of the mediator being appointed, or such longer time as may be agreed by the parties in writing (having regard to the nature of the Dispute and the time required to assemble relevant information) (Mediation Cut Off Date).
then, unless otherwise agreed by the parties, the Dispute will be referred to and finally resolved by arbitration in accordance with either:

(iii) the rules of ACICA (ACICA Arbitration Rules); or

(iv) the Australian Centre for International Commercial Arbitration Expedited Arbitration Rules (ACICA Expedited Arbitration Rules),

which the parties agree will be modified and amended as required to the extent that such rules conflict with the requirements of this deed or any other Project Agreements.

(b) Notwithstanding any provision of the ACICA Expedited Arbitration Rules to the contrary (including any monetary thresholds), if:

(i) a party considers that a Dispute about a matter may be resolved in accordance with the ACICA Expedited Arbitration Rules and that party wishes to progress the Dispute in accordance with the ACICA Expedited Arbitration Rules, that party must give the other party notice that it considers that the Dispute may be resolved in accordance with the ACICA Expedited Arbitration Rules (Arbitration Expedition Notice) within three Business Days after the Mediation Cut Off Date; and

(ii) the other party agrees (in writing) that the matter in dispute is suitable to be resolved in accordance with the ACICA Expedited Arbitration Rules, the other party must advise the party that provided the Arbitration Expedition Notice that the proposed use of the ACICA Expedited Arbitration Rules is accepted in writing within two Business Days of receipt of the Arbitration Expedition Notice,

then the Dispute will be referred to and finally resolved by arbitration in accordance with the ACICA Expedited Arbitration Rules.

(c) If:

(i) no Arbitration Expedition Notice is given; or

(ii) within two Business Days of the issue of an Arbitration Expedition Notice, the parties have not agreed in writing whether the matter in dispute will be resolved in accordance with the ACICA Expedited Arbitration Rules,

then the Dispute will be referred to and finally resolved by arbitration in accordance with the ACICA Arbitration Rules.

(d) Within two Business Days after the rules for the arbitration are determined in accordance with paragraph 1.7(b) or paragraph 1.7(c), the party who issued the Notice of Dispute in relation to the relevant Dispute must issue a notice of arbitration to ACICA in accordance with the ACICA Arbitration Rules or the ACICA Expedited Arbitration Rules as the case may be (Notice of Arbitration).

(e) The parties agree that there will be one arbitrator.

(f) The seat of the arbitration will be Sydney.

(g) The language of the arbitration will be English.

(h) The parties further agree to the following general principles relating to the procedure of the arbitration:
arbitration has been chosen for the purposes of achieving a just, quick and cost-effective resolution of any Dispute;

any arbitration conducted pursuant to this paragraph 1.7 shall not necessarily mimic court proceedings and the practices of those courts will not regulate the conduct of the proceedings before the arbitral tribunal;

in conducting the arbitration, the arbitrator must take into account the matters set out above, particularly in deciding issues such as:

A. how many written submissions will be allowed;
B. where appropriate, the length of written submissions;
C. the extent of document discovery permitted, if any;
D. the consolidation of arbitration proceedings, when requested;
E. the joinder of parties or the consolidation of proceedings, when requested;
F. the length of any hearing; and
G. the number of experts, if any, each party is allowed to appoint; and

the arbitrator has the power to grant all legal, equitable and statutory remedies, except punitive damages.

(i) The parties agree that the arbitrator will conduct the arbitration as expeditiously as possible and no party will unnecessarily delay the arbitration proceedings.

(j) All evidence in chief will be in writing, unless otherwise ordered by the arbitrator.

(k) Each party may only rely upon one expert witness in respect of any recognised area of specialisation, unless otherwise ordered by the arbitrator.

(l) After consultation with the parties, the arbitrator will determine whether to conduct the proceedings on the basis of documents and other materials only or whether an oral hearing will be held. In doing so the arbitrator shall have particular regard to the parties' request for an expedited procedure and the rules of natural justice.

(m) If the arbitrator determines that an oral hearing will be conducted, the following principles will apply in respect of the oral hearing:

(i) the duration of the oral hearings will be fixed by the arbitrator;

(ii) unless otherwise ordered by the arbitrator, the oral hearing will be conducted on a stop-clock basis with the effect that the time available to the parties will be split equally between the parties so that each party shall have the same time to conduct its case unless, in the opinion of the arbitral tribunal, such a split would breach the rules of natural justice or is unfair to one of the parties;

(iii) oral evidence in chief at the hearing will be permitted only with the permission of the arbitrator for good cause;

(iv) not less than 10 Business Days prior to the date fixed for the oral hearing, or any other period of time specified by the arbitrator, each party
shall give notice of those witnesses (both factual and expert) of the other party that it wishes to attend the hearing for cross-examination; and

(v) in exceptional circumstances the arbitrator may extend the time for the oral hearing set pursuant to paragraph 1.7(m)(i).

(n) The parties agree that section 24 of the *International Arbitration Act 1974 (Cth)* will apply in respect of consolidations.

(o) The arbitrator has the power, on the application of any party to this arbitration agreement, to allow a third party, who the arbitral tribunal considers has a sufficient interest in the outcome of the arbitration, to be joined in the arbitration as a party. Each party to this deed hereby consents to such joinder. In the event of such joinder of parties in the arbitration, the arbitrator has the power to make a single final award, or separate awards, in respect of all parties so joined in the arbitration.

(p) Any arbitration award will be final and binding upon the parties.

(q) This arbitration agreement is governed by and must be construed according to the laws applying in New South Wales.

1.8 Arbitration – Related arbitral proceedings

Where any Dispute is to be resolved by arbitration in accordance with paragraph 1.7 and that Dispute involves issues that are substantially the same as, or connected with issues raised in a related dispute or difference between TfNSW or RailCorp and any other party or parties involved in the Project, and arbitral proceedings have already commenced in respect of the Dispute or the related dispute or disputes, TfNSW may, in its absolute discretion:

(a) join the Dispute to those existing arbitral proceedings by giving notice to all parties concerned and the arbitral tribunal, and the arbitral tribunal in such proceedings will have the power to make such directions as are necessary to join the parties and the cause of action to enable the arbitral tribunal to make an award in respect of the Dispute; or

(b) join the related dispute or disputes to the existing arbitral proceedings concerning the Dispute by giving notice to all parties concerned and the arbitral tribunal, and such parties will be considered parties to the arbitral proceedings for the purposes of paragraph 1.7 and the ACICA Arbitration Rules or ACICA Expedited Arbitration Rules, and such rules will, to the extent possible, be modified to accommodate this, and the arbitral tribunal in such proceedings will have the power to make such directions as are necessary to join the parties and the cause or causes of action to enable the arbitral tribunal to make an award in respect of the Dispute and the related dispute or disputes.

1.9 Continued performance of obligations

(a) Notwithstanding the existence of a Dispute, each of the parties must continue to perform its obligations under the Project Agreements, save for the payment of any money which is the subject of the Dispute.

(b) Paragraph 1.9(a) will not apply where a Project Agreement has been terminated and does not prevent TfNSW from exercising its rights of set-off under a Project Agreement.

1.10 Final and binding

Where the Dispute Resolution Procedures state that the settlement or the final resolution of any Dispute arising under or in connection with a Project Agreement, including any Dispute as to the Supplier's liability under or in connection with the Project Agreement, in accordance
with the procedures provided for in this deed or otherwise as agreed between the parties (in writing), will be final and binding on the Supplier, the Supplier must not reopen, revisit or otherwise dispute that settlement or resolution or the subject matter of that settlement or resolution.

2. Technical Dispute Panel

The Technical Dispute Panel is comprised of the following persons:

(a) 

(b) 

(c) 

3. Independent Expert for clause 15.5

The Independent Expert for the purposes of clause 15.5 is one of the following persons:

(a) 

(b) 

(c) 

(d) 

(e) 

4. Exclusion from determination or award

(a) The powers conferred and restrictions imposed on a court by Part 4 of the Civil Liability Act 2002 (NSW) are not conferred on an Independent Expert or an arbitrator appointed in accordance with these Dispute Resolution Procedures.

(b) The Independent Expert or arbitrator has no power to make a binding or non-binding determination or any award in respect of a claim by applying or considering the provisions of Part 4 of the Civil Liability Act 2002 (NSW) (and any equivalent statutory provisions in any other state or territory) which might, in the absence of this paragraph, have applied to any Dispute referred to the Independent Expert or arbitrator.

Initial Fleet Contract Value

1.3 Adjustment of Final Acceptance Delivery Milestone Progress Payment if excess mass

If the Actual Mass of a Set in the Initial Fleet exceeds the Predicted Mass then the Final Acceptance Delivery Milestone Progress Payment for that Set referred to in paragraph 1.2, Table 1.2 row (h) will be calculated in accordance with the following formula:

\[
MA(\text{Adj})_{F} = \frac{\text{Adjusted Final Acceptance Delivery Milestone Progress Payment for the Set in the Initial Fleet}}{\text{Initial Fleet Contract Value}}
\]
PPFA_{IF} = \text{Progress Payment for Final Acceptance of Each Set in the Initial Fleet, which for an individual Set will be determined in accordance with Table 1.2, row (h):

AM = \text{Actual Mass of the Set.}

PM = \text{the Predicted Mass.}

If the Adjusted Final Acceptance Delivery Milestone Progress Payment for a Set in the Initial Fleet as calculated in accordance with the above formula is less than zero, then the Adjusted Final Acceptance Delivery Milestone Progress Payment for that Set will be deemed to be zero.

2. Option Sets

2.1 Option Fleet Set Prices for Option Sets purchased under clause 20.3

If RailCorp (or TfNSW on behalf of RailCorp) exercises its right to purchase any or all of the Option Sets under clause 20.3, TfNSW must, subject to paragraph 3.1 procure payment of Progress Payments to the Supplier in respect of the Option Sets in accordance with clause 17.3 and Table 2.3.

\[
\text{Option Fleet Set Price} = \text{Nominal Option Fleet Set Price} \times IF

Where:

\[
\text{Nominal Option Fleet Set Price} = \text{the Nominal Option Fleet Set Price for the relevant Option Set identified in Table 2.2 below}

### 2.4 Adjustment of Final Acceptance Delivery Milestone Progress Payment if excess mass

If the Actual Mass of an Option Set exceeds the Predicted Mass then the Final Acceptance Delivery Milestone Progress Payment for that Set referred to in:

(a) paragraph 2.3, Table 2.3, row 4; and/or

(b) paragraph 2.3, Table 2.4, row 4,

will be calculated in accordance with the following formula:

\[
MA(\text{Adj})_{\text{OS}} = \text{Adjusted Final Acceptance Delivery Milestone Progress Payment for the Option Set.}
\]
PPFA_{OS} = \text{Progress Payment for Final Acceptance of each Option Set, which for an individual Option Set will be determined in accordance with Table 2.3, row 4, or Table 2.4, row 4.}

If the Adjusted Final Acceptance Delivery Milestone Progress Payment for an Option Set as calculated in accordance with the above formula is less than zero, then the Adjusted Final Acceptance Delivery Milestone Progress Payment for that Set will be deemed to be zero.

(iii) any obligation or liability that would otherwise form part of the Obligations being void, voidable or unenforceable against or irrecoverable from the Supplier for any reason, and whether or not any Beneficiary knew or ought to have known of that reason.

(b) TfNSW accepts the benefit of the undertakings provided in this clause 3 in its own right and on behalf of each of the Beneficiaries as trustee and agent for each of the Beneficiaries.

4. Deferral of certain rights

Until TfNSW has given a final discharge to the Guarantor, the Guarantor may not (either directly or indirectly) without TfNSW's prior written consent:

(a) claim, exercise or attempt to exercise a right of set-off, counterclaim or any other right or raise any defence:

(i) against the Supplier; or

(ii) which either Obligor may have against any Beneficiary,

which might reduce or discharge the Guarantor's liability under the Guarantee and Indemnity;

(b) claim or exercise a right of subrogation or contribution or otherwise claim the benefit of a Guarantee, irrespective of whether or not that Guarantee:

(i) relates to the Guaranteed Money;

(ii) is given by the Guarantor; or

(iii) is in favour or for the benefit of any Beneficiary,

and any money the Guarantor receives in breach of this clause 4(b) will be held on trust for the Beneficiaries and must be paid promptly to TfNSW to hold in its own right and on behalf of each of the Beneficiaries as trustee and agent for each of the Beneficiaries; or
unless TfNSW has given a direction to do so (in which case the Guarantor must do so in accordance with the direction as trustee for TfNSW):

(i) prove, claim or exercise voting rights in the Supplier's Liquidation, or otherwise claim or receive the benefit of any distribution, dividend or payment arising out of the Supplier's Liquidation on any account; or

(ii) demand, or accept payment of, any money owed to the Guarantor by the Supplier,

and any such money it receives in excess of what may be or become Guaranteed Money will be held on trust for the Beneficiaries and must be paid promptly to TfNSW to hold in its own right and on behalf of each of the Beneficiaries as trustee and agent for each of the Beneficiaries.

5. Prove in Liquidation

The Guarantor irrevocably authorises TfNSW (in its own right and on behalf of each of the Beneficiaries as trustee and agent for each of the Beneficiaries) and each of TfNSW's Authorised Representatives to prove in the Liquidation of the Supplier for all money that the Guarantor can claim against the Supplier on any account. TfNSW need only account to the Guarantor for dividends it receives in excess of the Guaranteed Money, without interest.

6. Nature and preservation of liability

6.1 Liability as guarantor and indemnifier

A reference in this Deed to the obligations or liabilities of the Guarantor is a reference to the Guarantor's obligations or liabilities as either guarantor or indemnifier (or both) under this Deed. The use of the expression "Guarantor" in this Deed in relation to a party must not be construed as diminishing that party's obligations as an indemnifier under this Deed.

6.2 Absolute liability

(a) The liability of the Guarantor under this Deed is absolute and is not subject to the performance of any condition precedent or subsequent by the Supplier or the Guarantor.

(b) This Deed binds each person who has executed it, notwithstanding:

(i) any person, whether named as a party or not, and whether or not that person was intended to become a "Guarantor", not executing this Deed or not becoming a "Guarantor" or not otherwise being bound by this Deed;

(ii) the execution of this Deed by any person being defective, invalid, forged or irregular in any way; or

(iii) this Deed being or becoming not binding, unenforceable, void or voidable against any other person.
6.3 **Unconditional liability**

The liability of the Guarantor under this Deed will not be affected by any act, omission, matter or thing which, but for this clause 6.3, might operate in law or in equity to release the Guarantor from that liability or to reduce the Guarantor's liability under this Deed, including any of the following:

(a) the occurrence before, on or at any time after the date of this Deed, of any Insolvency Event in relation to the Supplier or the Guarantor;

(b) the receipt by a Beneficiary of any payment, dividend or distribution under any Insolvency Provision in relation to the Supplier or the Guarantor;

(c) the occurrence of any Event of Default;

(d) a Project Agreement or any payment or other act, the making or doing of which would otherwise form part of the Obligations being or becoming or being conceded to be frustrated, illegal, invalid, void, voidable, unenforceable or irrecoverable in whole or in part for any reason whether past, present or future;

(e) TfNSW accepting or declining to accept any Security from any person at any time;

(f) any person granting time, waiver or other indulgence or concession to, or making any composition or compromise with, the Supplier or the Guarantor;

(g) any person not exercising or delaying (whether deliberately, negligently, unreasonably or otherwise) in the exercise of any remedy or right it has for the enforcement of a Project Agreement or any Obligation;

(h) any laches, acquiescence or other act, neglect, default, omission or mistake by TfNSW or RailCorp;

(i) the determination, rescission, repudiation or termination, or the acceptance of any of the foregoing, by TfNSW, RailCorp, the Supplier or the Guarantor of a Project Agreement or any Obligation;

(j) any variation or alteration to, or any substitution of, a Project Agreement or any Obligation, whether or not that variation, alteration or substitution is substantial or material, or imposes any additional liability on or disadvantages the Supplier or the Guarantor;

(k) the full, partial or conditional release or discharge by TfNSW or RailCorp or by operation of law, of the Supplier or the Guarantor from a Project Agreement or any Obligation;

(l) any change in membership (whether by death or retirement of an existing member, admission of a new member, or otherwise) or in the name of any partnership, firm or association in which the Supplier or the Guarantor is a member;

(m) the Guaranteed Money not being recoverable or the liability of an Obligor or any other person to any Beneficiary ceasing or reducing (including due to a release or discharge by any Beneficiary under the terms of any composition or arrangement with the creditors of the Beneficiary or by law);

(n) any Project Agreement not being executed by, or binding against, the Supplier;

(o) the transfer, assignment or novation by TfNSW, RailCorp, the Supplier or the Guarantor of all or any of its rights or obligations under a Project Agreement or under any other Obligation;
any failure by TfNSW, RailCorp or another Beneficiary to disclose to the Guarantor any material or unusual fact, circumstance, event or thing known to, or which ought to have been known by, TfNSW, RailCorp or another Beneficiary relating to or affecting the Supplier or the Guarantor at any time before or during the currency of this Deed, whether prejudicial or not to the rights and liabilities of the Guarantor and whether or not TfNSW, RailCorp or another Beneficiary was under a duty to disclose that fact, circumstance, event or thing to the Guarantor or to the Supplier;

 TfNSW, RailCorp or another Beneficiary agreeing with the Supplier or the Guarantor not to sue, issue process, sign or execute judgment, commence proceedings for bankruptcy or liquidation, participate in any administration, scheme or deed of arrangement or reconstruction, prove in any bankruptcy or liquidation, or do anything else in respect of the liability of the Supplier or the Guarantor;

the provisions of section 440J of the Corporations Act operating to prevent or delay:

(i) the enforcement of this Deed against any Guarantor; or

(ii) any claim for contribution against any Guarantor; or

a disclaimer of any contract or property (including the Contract) made by a liquidator of the Supplier pursuant to Part 5.6 Division 7A of the Corporations Act 2001 or other applicable laws.

6.4 No merger

(a) This Deed is in addition to and does not merge with, postpone, lessen or otherwise prejudicially affect a Project Agreement or any other Power of TfNSW or RailCorp.

(b) TfNSW will hold any judgment or order obtained by it against any person in respect of the Guaranteed Money or the Obligations collaterally with this Deed, and this Deed will not merge in that judgment or order.

6.5 No obligation to gain consent

No consent is required from any Guarantor nor is it necessary for the Guarantor to or be made aware of any event referred to in clause 6.3, any transaction between TfNSW, RailCorp and the Supplier, or any particulars concerning any Obligation.

6.6 Appropriation

(a) TfNSW is under no obligation to marshal or appropriate in favour of any Guarantor, or to exercise, apply, transfer or recover in favour of any Guarantor, any Security or any funds or assets that TfNSW holds, has a claim on, or has received or is entitled to receive, but may do so in the manner and order as TfNSW determines in its absolute discretion.

(b) TfNSW may hold in a suspense account (without liability to pay interest) any money which it receives from the Guarantor, or which it receives on account of the Guarantor's liability under this Deed, and which TfNSW may, at its discretion, appropriate in reduction of the Guarantor's liability under this Deed.

6.7 Void or voidable transactions

If:

(a) TfNSW or any other Beneficiary has at any time released or discharged:

(i) the Guarantor from its obligations under this Deed; or
(ii) any assets of the Guarantor from a Security,

in either case in reliance on a payment, receipt or other transaction to or in favour of TfNSW; or

(b) any payment or other transaction to or in favour of TfNSW or any other Beneficiary has the effect of releasing or discharging:

(i) the Guarantor from its obligations under this Deed; or

(ii) any assets of the Guarantor from a Security;

and

(c) that payment, receipt or other transaction is subsequently claimed by any person to be void, voidable or capable of being set aside for any reason, including under an Insolvency Provision or under the general law; and

(d) that claim is upheld or is conceded or compromised by TfNSW or any other Beneficiary,

then:

(e) the relevant Beneficiary will immediately become entitled against the Guarantor to all rights (including under any Security) as it had immediately before that release or discharge;

(f) the Guarantor must immediately do all things and execute all documents as the relevant Beneficiary may reasonably require to restore to the relevant Beneficiary all those rights; and

(g) the Guarantor must indemnify the relevant Beneficiary against costs, losses and expenses suffered or incurred by the relevant Beneficiary in or in connection with any negotiations or proceedings relating to the claim or as a result of the upholding, concession or compromise of the claim.

6.8 No set-off, counterclaim

The liability of the Guarantor under this Deed will not be reduced or avoided by any set-off or counterclaim available to the Supplier against any Beneficiary.

6.9 Claim on the Guarantor

TfNSW is not required to make any claim or demand on the Supplier, or to enforce a Project Agreement, or any other right, power or remedy against the Supplier, before making any demand or claim on the Guarantor.

6.10 No representation by Principal etc.

The Guarantor acknowledges that it has not entered into this Deed as a result of any representation, promise, statement or inducement to the Guarantor by or on behalf of TfNSW (or any other Beneficiary), the Supplier or any other person.
7. Representations and Warranties

7.1 General representations and warranties

The Guarantor or, if there is more than one Guarantor, each Guarantor represents and warrants to the Beneficiaries that:

(a) this Deed constitutes a valid and legally binding obligation of the Guarantor in accordance with its terms;

(b) the execution, delivery and performance of this Deed by the Guarantor does not breach any law binding on it, or any document or agreement to which the Guarantor is a party or which is binding on it or any of its assets;

(c) no litigation, arbitration, mediation, conciliation, criminal or administrative proceedings are current, pending or, to the knowledge of the Guarantor, threatened, which, if adversely determined, may have a material adverse effect on the ability of the Guarantor to perform its obligations under this Deed;

(d) all information relating to the Guarantor provided to any Beneficiary in connection with this Deed is true in all material respects and is not, by omission or otherwise, misleading in any material respect; and

(e) the Guarantor has not entered into this Deed as the trustee of any trust.

7.2 Corporate representations and warranties

The Guarantor, or if there is more than one Guarantor, each Guarantor, that is or purports to be a body corporate, further represents and warrants to the Beneficiaries that:

(a) it is duly incorporated and has the corporate power to own its property and to carry on its business as is now being conducted;

(b) the execution, delivery and performance of this Deed does not breach the constitution of the Guarantor and, if the Guarantor or any of its subsidiaries is listed on the Australian Stock Exchange Limited or on any other stock exchange, those listing requirements or business rules;

(c) it has the power, and has taken all corporate and other action required, to enter into this Deed and to authorise the execution and delivery of this Deed and the performance of its obligations under this Deed; and

(d) the Guarantor has filed all corporate notices and effected all registrations with the Australian Securities and Investments Commission and all of those filings and registrations are current, complete and accurate to the extent they are material to the performance of the obligations of the Guarantor under this Deed.

7.3 Representations and warranties repeated

Each representation and warranty in this Deed will be repeated on each day whilst any of the Guaranteed Money remains outstanding (whether or not then due for payment) with reference to the facts and circumstances then subsisting, as if made on each such day.
8. Payments

8.1 On demand

All money payable by the Guarantor under this Deed must be paid by the Guarantor on demand by TfNSW in immediately available funds to the account and in the manner notified by TfNSW to the Guarantor.

8.2 Payment in gross

All money received or recovered by TfNSW on account of the Guaranteed Money will be treated as payments in gross without any right on the part of the Guarantor to claim the benefit of any money received or recovered by TfNSW or any Security, until TfNSW has been paid 100 cents in the dollar in respect of the Guaranteed Money.

8.3 Interest

As a liability separate and distinct from the Guarantor’s liability under clauses 2 and 3, the Guarantor must on demand by TfNSW pay interest on all amounts due and payable by it and unpaid under or in respect of this Deed. Interest will accrue on those amounts from day to day from the due date up to the date of actual payment, before and (as a separate and independent obligation) after judgment, at the Specified Rate for successive 90 day interest periods commencing on the date of default and, if not paid when due, will itself bear interest in accordance with this clause 8.3, provided that interest will not be payable under this clause to the extent that interest for late payment to TfNSW is incorporated into the calculation of the amount payable under a Project Agreement.

8.4 Merger

If the liability of the Guarantor to pay to TfNSW any money under this Deed becomes merged in any judgment or order, then, as an independent obligation, the Guarantor will pay interest on the amount of that money at the rate which is the higher of that payable under clause 8.3 and that fixed by or payable under the judgment or order.

8.5 No set-off or deduction

All payments by the Guarantor to TfNSW under this Deed must be:

(a) free of any set-off or counterclaim; and

(b) without deduction or withholding for or on account of any present or future Taxes, unless the Guarantor is compelled by law to make any deduction or withholding.

If the Guarantor is compelled by law to make any deduction or withholding for or on account of any present or future Taxes (not being Taxes on the overall net income of TfNSW), then the Guarantor must:

(c) pay to TfNSW any additional amounts necessary to enable the relevant Beneficiary to receive (after all deductions and withholdings for those Taxes) a net amount equal to the full amount which would otherwise be payable to that Beneficiary if no deduction or withholding was required to be made;

(d) promptly (and within the time prescribed by law) pay to the relevant taxing authority the amount of those Taxes which it is compelled by law to deduct or withhold, and indemnify TfNSW for any Taxes and interest or penalties to which any Beneficiary may become liable consequent on the failure of the Guarantor to pay those Taxes; and
8.6 Certificate of TfNSW

A certificate in writing of TfNSW certifying the amount payable by the Supplier or the Guarantor to TfNSW or stating any other act, matter or thing relating to this Deed or the Delivery Deed will be prima facie evidence of the contents of the certificate.

8.7 Currency indemnity

(a) The Australian Dollar is the currency of payment by the Guarantor under or in connection with this Deed, except that payment by the Guarantor of or in relation to any Obligation which is denominated in a foreign currency must be made in that foreign currency.

(b) If for any reason any amount payable by the Guarantor under or in connection with this Deed is received by TfNSW in a currency (Payment Currency) other than the currency (Agreed Currency) in which that amount is required to be paid under this Deed (whether as a result of any judgment or order, the liquidation of the Guarantor or otherwise), and the amount obtained (net of charges) by TfNSW on its conversion of the amount of the Payment Currency received into the Agreed Currency at market rates prevailing at or about the time of its receipt of the amount of the Payment Currency is less than the amount payable under this Deed in the Agreed Currency, then the Guarantor will, as an independent and additional obligation, indemnify TfNSW and the ultimate receiving Beneficiary (where applicable) for that deficiency and for any loss sustained as a result of that deficiency.

9. Expenses and stamp duties

9.1 Expenses

The Guarantor must on demand reimburse the Beneficiaries for and keep the Beneficiaries indemnified against all expenses, including legal fees, costs and disbursements on a solicitor/own client basis (or on a full indemnity basis, whichever is the higher) assessed without the necessity of taxation, incurred by any Beneficiary in connection with:

(a) any consent, agreement, approval, waiver, amendment to or discharge of this Deed; and

(b) any exercise, enforcement or preservation, or attempted exercise, enforcement or preservation, of any rights under this Deed.

9.2 Stamp duties

(a) The Guarantor must pay all stamp duties, transaction, registration and similar Taxes, including fines and penalties, financial institutions duty and debits tax, which may be payable to or required to be paid by any appropriate authority, or determined to be payable in connection with the execution, delivery, performance or enforcement of this Deed or any payment, receipt or other transaction contemplated by this Deed; and

(b) the Guarantor must indemnify the Beneficiaries against any loss or liability incurred or suffered by it as a result of the delay or failure by the Guarantor to pay Taxes.
9.3 Goods and Services Tax

If a Beneficiary is or becomes liable to pay any GST (including any penalty) in respect of any supply it makes under, or in connection with, this Deed (GST Liability) then:

(a) to the extent that an amount is payable by the Guarantor to TfNSW under this Deed for that supply - the amount will be increased by the full amount of the GST Liability; and

(b) otherwise - the Guarantor will indemnify and keep the Beneficiaries indemnified for the full amount of the GST Liability.

10. Assignment

10.1 By Guarantor

The Guarantor may not assign, transfer or otherwise deal with its rights, interests or obligations under this Deed without TfNSW’s prior written consent.

10.2 By TfNSW

TfNSW may assign, transfer, novate or otherwise deal with all or any of its rights and obligations under the Project Agreements, and may disclose to a proposed assignee or transferee any information in TfNSW’s possession relating to the Guarantor, in each case without the consent of any person.

11. TfNSW’s role as trustee and agent

(a) TfNSW’s role as trustee and agent for the Beneficiaries is limited solely to those express rights and obligations provided in this Deed.

(b) Except as expressly required in this Deed, any dealings which TfNSW has with any other party, including the Obligors, is in its own right and not as agent of the Beneficiaries. No Obligor can rely on any act or omission of any Beneficiary as binding any other Beneficiary, except as expressly provided in this Deed.

(c) Except to the extent expressly required by law, and taking account of the limited nature of TfNSW’s agency contemplated in this Deed, nothing in this Deed constitutes TfNSW acting as a trustee or fiduciary of any other person.

12. Governing law, jurisdiction and arbitration

12.1 Governing law

This Deed and where applicable, the arbitration reference contained in clause 12.3, is governed by and must be construed according to the laws of New South Wales.

12.2 Jurisdiction

(a) This clause 12.2 only applies where clauses 12.3 to 12.9 do not apply.

(b) The Guarantor irrevocably submits to the non-exclusive jurisdiction of the courts and appellate courts of New South Wales, and the courts competent to determine appeals from those courts, with respect to any proceedings which may be brought relating in any way to this Deed.

(c) The Guarantor irrevocably waives any objection it may now or in the future have to the venue of any proceedings, and any claim it may now or in the future have that
any proceeding has been brought in an inconvenient forum, where that venue is a venue described in clause 12.2(b).

12.3 Reference to arbitration

(a) Clauses 12.3 to 12.9 will only apply where the Guarantor is a foreign company (as defined in section 9 of the Corporations Act).

(b) Any controversy, claim or dispute directly or indirectly based upon, arising out of, relating to or in connection with this Deed (including but not limited to any question relating to the existence, validity or termination of this Deed) shall be referred to and finally resolved by arbitration in accordance with the arbitration rules of the Australian Centre for International Commercial Arbitration (known as the ACICA Arbitration Rules).

(c) The seat of the arbitration will be Sydney.

(d) The number of arbitrators will be one.

(e) The language of the arbitration will be English.

12.4 Powers of the arbitrator

The arbitral tribunal has the power to grant all legal, equitable and statutory remedies, except punitive damages.

12.5 Consolidation

The parties agree that section 24 of the International Arbitration Act 1974 (Cth) will apply in respect of consolidations.

12.6 Joinder

The arbitral tribunal has the power, on the application of any party to this Deed, to allow a third party who the arbitrator considers has a sufficient interest in the outcome of the arbitration to be joined in the arbitration as a party. Each party to this Deed hereby consents to such joinder. In the event of such joinder of parties in the arbitration, the arbitrator has the power to make a single final award, or separate awards, in respect of all parties so joined in the arbitration.

12.7 Arbitration – Related arbitral proceedings

Where any claim or dispute is to be resolved by arbitration in accordance with clause 12.3(b) and that claim or dispute involves issues that are substantially the same as, or connected with issues raised in a related dispute or difference between TfNSW or RailCorp and any other party or parties involved in the Project, and arbitral proceedings have already commenced in respect of the related dispute or disputes, TfNSW may, in its absolute discretion:

(a) join the dispute to those existing arbitral proceedings by giving notice to all parties concerned and the arbitral tribunal, and the arbitral tribunal in such proceedings will have the power to make such directions as are necessary to join the parties and the cause of action to enable the arbitral tribunal to make an award in respect of the dispute; or

(b) join the related dispute or disputes to the existing arbitral proceedings concerning the dispute by giving notice to all parties concerned and the arbitral tribunal, and such parties will be considered parties to the existing arbitral proceedings and the ACICA Arbitration Rules or ACICA Expedited Arbitration Rules, and such rules will, to the extent possible, be modified to accommodate this, and the arbitral tribunal in such proceedings will have the power to make such directions as are necessary to
join the parties and the cause or causes of action to enable the arbitral tribunal to make an award in respect of the dispute and the related dispute or disputes.

12.8 Exclusion from determination or award
(a) The powers conferred and restrictions imposed on a court by Part 4 of the *Civil Liability Act 2002* (NSW) are not conferred on an arbitral tribunal appointed in accordance with clause 12.3.
(b) The arbitral tribunal has no power to make a binding or non-binding determination or any award in respect of a dispute by applying or considering the provisions of Part 4 of the *Civil Liability Act 2002* (NSW) (and any equivalent statutory provisions in any other state or territory) which might, in the absence of this provision, have applied to any dispute referred to the arbitral tribunal.

12.9 Award final and binding
Any award will be final and binding upon the parties.

14. Miscellaneous

14.1 Continuing obligation

This Deed is a continuing obligation notwithstanding any termination by the Guarantor, settlement of account, intervening payment, express or implied revocation or any other matter or thing, and TfNSW and the Beneficiaries will continue to be entitled to the benefit of this Deed as regards the due and punctual performance of all the Obligations until a final discharge has been given to the Guarantor.

14.2 Further assurance

The Guarantor must immediately on the request of TfNSW, and at the cost of the Guarantor, do and perform all further acts and things and execute and deliver all further documents as TfNSW reasonably requires, or as are required by law, to perfect or to give effect to the rights and powers of TfNSW created, or intended to be created, by this Deed.

(ISD-16-5312A)
14.4 Entire agreement

This Deed constitutes the entire agreement and understanding between the parties in relation to the subject matter of this Deed and will take effect according to its tenor despite, and supersedes:

(a) any prior agreement (whether in writing or not), negotiations and discussions between the parties in relation to the subject matter of this Deed; or

(b) any correspondence or other documents relating to the subject matter of this Deed that may have passed between the parties prior to the date of this Deed and that are not expressly included in this Deed.

14.5 Joint and several liability

The obligations of the Guarantor, if more than one person, under this Deed, are joint and several. Each person constituting the Guarantor acknowledges and agrees that it will be causally responsible for the acts and omissions (including breaches of this Deed) of the other as if those acts or omissions were its own and TfNSW may proceed against any or all of them. This Deed binds each person who signs as a "Guarantor" even if another person who was intended to become a "Guarantor" does not become a "Guarantor" or is not bound by this Deed.

14.6 Severance

If at any time any provision of this Deed is or becomes illegal, invalid or unenforceable in any respect under the law of any jurisdiction, that will not affect or impair:

(a) the legality, validity or enforceability in that jurisdiction of any other provision of this Deed; or

(b) the legality, validity or enforceability under the law of any other jurisdiction of that or any other provision of this Deed.

14.7 Remedies cumulative

Each Power is cumulative and in addition to each other Power available to TfNSW.

14.8 Principal and independent obligation

Each guarantee, indemnity and other obligation of the Guarantor in this Deed is:

(a) a principal and independent obligation and is not ancillary, collateral or limited by reference to any other obligation and, without limiting in any way the operation of any of the other provisions of this Deed, any limitation on the liability of the Guarantor which would otherwise arise by reason of its status as a guarantor, co-guarantor, indemnifier or co-indemnifier, is negatived; and

(b) is in addition to, and not prejudiced by, any other Guarantee now or later held by any Beneficiary.

14.9 Waiver

(a) Failure to exercise or enforce or a delay in exercising or enforcing or the partial exercise or enforcement of any right, power or remedy provided by law or under this Deed by TfNSW will not in any way preclude, or operate as a waiver of, any exercise or enforcement, or further exercise or enforcement of that or any other right, power or remedy provided by law or under this Deed.
(b) Any waiver or consent given by TfNSW under this Deed will only be effective and binding on TfNSW if it is given or confirmed in writing by TfNSW.

(c) No waiver by TfNSW of:

(i) a breach of any term of this Deed; or

(ii) any other failure by the Guarantor to comply with a requirement of this Deed,

will operate as a waiver of another breach of that term or failure to comply with that requirement or of a breach of any other term of this Deed or failure to comply with any other requirement of this Deed.

14.10 Consents

Any consent of TfNSW referred to in, or required under, this Deed may be given or withheld, or may be given subject to any conditions, as TfNSW (in its absolute discretion) thinks fit, unless this Deed expressly provides otherwise.

14.12 Moratorium legislation

This Deed may only be varied by a document signed by or on behalf of both TfNSW and the Guarantor.

14.14 Provisions limiting or excluding liability

Any provision of this Deed which seeks to limit or exclude a liability of TfNSW or the Guarantor is to be construed as doing so only to the extent permitted by law.

14.15 Set-off

(a) TfNSW may (without prior notice at any time) set off any obligation then due and payable by the Guarantor under this Deed against any obligation (whether or not due and payable) by TfNSW to the Guarantor, regardless of the place or currency of payment of either obligation or the office or branch through which either obligation is booked. If the obligations are in different currencies, TfNSW may convert either obligation into the currency of the other obligation at a market rate of exchange determined by it for the purpose of the set-off. If either obligation is unliquidated or unascertained, TfNSW may effect the set off in an amount estimated by it in good faith to be the amount of that obligation.

(b) TfNSW is not obliged to exercise any right of set off pursuant to paragraph (a), which is in addition to its other rights of combination of account, set-off or lien (by contract or operation of law).

(c) On its exercise of any set off pursuant to paragraph (a), against the Guarantor, TfNSW will promptly notify the Guarantor of details of that set-off.
14.16 Counterparts

(a) This Deed need not be executed by TfNSW.

(b) If the Guarantor is more than one person, a Guarantor may execute this Deed in one or more separate counterparts, each of which constitutes the deed of that Guarantor.

14.17 Confidentiality

(a) Subject to clause 14.17(b), each party must keep the terms of this Deed confidential.

(b) A party may make any disclosure in relation to this Deed:

3. Novation

3.1 Novation

(a) If at any time:
   (i) the Delivery Deed is terminated; or
   (ii) there is an event of default (howsoever described) that entitles the Subcontractor to terminate the Subcontract, or would entitle the Subcontractor to do so subject to giving a requisite notice or with the passage of time,

TfNSW may exercise its rights under this clause 3 by giving a notice of novation (Notice of Novation) to the Subcontractor requiring that the Subcontract be novated to a Suitable Substitute Supplier.
(b) With effect on and from the day that the Notice of Novation is given to the Subcontractor (the Novation Date), the Subcontractor agrees that (subject to clause 4) the Subcontract is discharged and the New Subcontract is created on the same terms and conditions as the Subcontract except that:

(i) the Suitable Substitute Supplier is substituted for the Supplier as a party to the New Subcontract; and

(ii) each reference in the Subcontract to the Supplier will be read as a reference to the Suitable Substitute Supplier in the New Subcontract.

(c) The Subcontractor agrees that if TfNSW issues a notice of novation pursuant to a Secondary Subcontractor Collateral Warranty Deed Poll, it will enter into a Secondary Subcontractor Novation Deed with a Suitable Substitute Party and the Secondary Subcontractor.

3.2 Rights and benefits

With effect on and from the Novation Date, the Suitable Substitute Supplier:

(a) is bound by the New Subcontract as the Subcontract relates to the Supplier provided that, despite clause 3.1(c), the Suitable Substitute Supplier is bound to perform only those obligations under the New Subcontract that are outstanding as at the Novation Date or which occur on or after the Novation Date; and

(b) enjoys under the New Subcontract all the rights and benefits conferred on the Supplier under the Subcontract.

TfNSW must use all reasonable endeavours to procure the Supplier, within 10 Business Days from the Novation Date, to assign to the Suitable Substitute Supplier any Security Interest which it holds from the Subcontractor in respect of the Subcontract and which is capable of assignment and any such Security Interest effectively assigned will reduce the Subcontractor’s obligation to provide security under the New Subcontract.

3.3 Limitation of Liability

The Subcontractor acknowledges and agrees that the liability of the Subcontractor under this Deed Poll is not affected by TfNSW or RailCorp exercising or refraining from exercising any or all of TfNSW’s or RailCorp’s rights against the Supplier under the Delivery Deed, under any other Project Agreement or pursuant to any Mandatory Requirement.

Any information provided to, and any inspection undertaken by, TfNSW pursuant to this Deed Poll will not limit or discharge the obligations of the Subcontractor under the Subcontract nor will it relieve the Subcontractor from any liability which it may have in respect of any defect or default arising under the Subcontract.

3.4 New Security Interest

The Subcontractor will promptly do all further acts and execute and deliver all further documents as the Suitable Substitute Supplier reasonably requires to perfect any Security Interest provided by the Subcontractor to the Supplier to be transferred to a Suitable Substitute Supplier in respect of the New Subcontract.

(a) a breach of any term of the Subcontract;
(b) an event of default under the Subcontract; or
(c) any other event or circumstance which, with the giving of notice, lapse of time, or fulfilment of any condition, would cause the acceleration of any payment to be made under, or the termination or enforcement of, the Subcontract.

3.7 Novation Deed

If TfNSW gives the Subcontractor a Notice of Novation, the Subcontractor agrees that it will enter into a Novation Deed with a Suitable Substitute Supplier and will use its best endeavours to procure that the Supplier enters into a Novation Deed.

4. Accrued Rights

The novation and release under clause 3 do not prejudice any accrued rights, obligations, claims or liabilities arising under the Subcontract in connection with the performance of the Subcontract before the Novation Date which the Supplier and the Subcontractor may have against each other.

5. Indemnity

5.1 Indemnity from the Subcontractor

The Subcontractor indemnifies and holds harmless TfNSW and each Beneficiary from and against any Claim or Loss arising out of, or in connection with, a breach by the Subcontractor of any of the representations and warranties given under this Deed Poll or a failure by the Subcontractor to comply with any of its other obligations under this Deed Poll.

5.2 Continuing indemnities

(a) Each indemnity in this Deed Poll is a continuing obligation, separate and independent from the other obligations of the Subcontractor, and survives termination, completion or expiration of this Deed Poll.

6.5 Waiver and exercise of rights

A right may only be waived in writing, signed by the person giving the waiver, and:

(a) no other conduct (including failure to exercise or enforce, or a delay in exercising or enforcing, or the partial exercise or enforcement of, a right, power or remedy provided by law or under or in connection with this Deed Poll by a person) precludes, or operates as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or remedy provided by law or under this Deed Poll;

(b) a waiver or consent given by a person under or in accordance with this Deed Poll is only effective and binding on that person if it is given or confirmed in writing by that person;

(c) a waiver of a right on one or more occasions does not operate as a waiver of that right if it arises again; and

(d) no waiver of a breach of a term of this Deed Poll operates as a waiver of another breach of that term or of a breach of any other term of this Deed Poll.

6.6 Rights cumulative

Subject to any express provision in this Deed Poll to the contrary, the rights of a person under or in accordance with this Deed Poll are cumulative and are in addition to any other rights of that person.

6.7 Consents

A consent required from a person under or in accordance with this Deed Poll may be given or withheld, or may be given subject to any conditions, as that person (in its absolute discretion) thinks fit, unless this Deed Poll expressly provides otherwise.
6.8 Further assurance

The Subcontractor must promptly execute all documents and do all things that TfNSW from time to time reasonably require of it (including providing any information that a Suitable Substitute Supplier may reasonably request) to effect, perfect or complete the provisions of this Deed Poll and any transaction contemplated by it.

6.9 Power of attorney

The Subcontractor irrevocably appoints, with effect from the date TfNSW gives a Notice of Novation, TfNSW or the Suitable Substitute Supplier (as applicable) and such persons as are from time to time nominated by TfNSW or the Suitable Substitute Supplier (as applicable), jointly and severally, as its attorney with full power and authority to execute and deliver any document contemplated by this Deed Poll if the Subcontractor does not do so within two Business Days of being requested to do so.

6.10 Operation of this Deed Poll

(a) If at any time any provision of this Deed Poll is or becomes illegal, invalid or unenforceable in any respect under applicable law, that provision is to be severed to the extent necessary to make this Deed Poll enforceable, and it will not affect or impair the legality, validity or enforceability of any other provision of this Deed Poll.

(b) The Subcontractor acknowledges and agrees that to the extent permitted by law, in relation to its subject matter, this Deed Poll:

(i) embodies the entire understanding of the Subcontractor, and constitutes the entire terms on which the Subcontractor agrees to be bound by this Deed Poll; and

(ii) supersedes any prior written or other agreement, with respect to its subject matter.

(a) The Subcontractor:

(i) appoints the Supplier as its agent to receive on its behalf service of process of any proceedings in Australia (Process Agent);
may from time to time appoint a replacement of the Process Agent or any replacement Process Agent by giving notice to TfNSW, each such replacement to have an address in the Commonwealth of Australia;

acknowledges that service will be taken to be completed on delivery to the Process Agent or any replacement Process Agent (whether or not it is forwarded to and received by the Subcontractor); and

if for any reason the Process Agent or any replacement Process Agent ceases to be able to act, or ceases to have an address in the Commonwealth of Australia, agrees to appoint a substitute Process Agent acceptable to TfNSW and to deliver to TfNSW a copy of the new Process Agent’s acceptance of that appointment.

(b) The Subcontractor acknowledges that the appointment of the Process Agent or a replacement Process Agent cannot be revoked without the simultaneous appointment of a replacement Process Agent.

3. Novation

3.1 Novation

(a) If at any time:

(i) the Subcontract is terminated; or
(ii) there is an event of default (howsoever described) that entitles the Secondary Subcontractor to terminate the Secondary Subcontract, or would entitle the Secondary Subcontractor to do so subject to giving a requisite notice or with the passage of time,

TfNSW may exercise its rights under this clause 3 by giving a notice of novation (Notice of Novation) to the Secondary Subcontractor requiring that the Secondary Subcontract be novated to a Suitable Substitute Party.

(b) With effect on and from the day that the Notice of Novation is given to the Secondary Subcontractor (the Novation Date), the Secondary Subcontractor agrees that (subject to clause 4) the Secondary Subcontract is discharged and the New Secondary Subcontract is created on the same terms and conditions as the Secondary Subcontract except that:

(i) the Suitable Substitute Party, is substituted for the Subcontractor as a party to the New Secondary Subcontract; and

(b) enjoys under the New Secondary Subcontract all the rights and benefits conferred on the Subcontractor under the Secondary Subcontract.

TfNSW must use all reasonable endeavours to procure the Subcontractor, within 10 Business Days from the Novation Date, to assign to the Suitable Substitute Party any Security Interest which it holds from the Secondary Subcontractor in respect of the Secondary Subcontract and which is capable of assignment and any such Security Interest effectively assigned will reduce the Secondary Subcontractor's obligation to provide security under the New Secondary Subcontract.

3.3 Limitation of Liability

The Secondary Subcontractor acknowledges and agrees that the liability of the Secondary Subcontractor under this Deed Poll is not affected by TfNSW or RailCorp exercising or refraining from exercising any or all of TfNSW's or RailCorp's rights against the Supplier under the Delivery Deed, under any other Project Agreement or pursuant to any Mandatory Requirement.

Any information provided to, and any inspection undertaken by, TfNSW pursuant to this Deed Poll will not limit or discharge the obligations of the Secondary Subcontractor under the Secondary Subcontract nor will it relieve the Secondary Subcontractor from any liability which it may have in respect of any defect or default arising under the Secondary Subcontract.

3.4 New Security Interest

3.7 Novation Deed

If TfNSW gives the Secondary Subcontractor a Notice of Novation, the Secondary Subcontractor agrees that it will enter into a Novation Deed with a Suitable Substitute Party and will use its best endeavours to procure that the Subcontractor enters into a Novation Deed.

4. Accrued Rights

The novation and release under clause 3 do not prejudice any accrued rights, obligations, claims or liabilities arising under the Secondary Subcontract in connection with the performance of the Secondary Subcontract before the Novation Date which the Subcontractor and the Secondary Subcontractor may have against each other.

5. Indemnity

5.1 Indemnity from the Secondary Subcontractor

(a) no other conduct (including failure to exercise or enforce, or a delay in exercising or enforcing, or the partial exercise or enforcement of, a right, power or remedy provided by law or under or in connection with this Deed Poll by a person) precludes, or operates as a waiver of, the exercise or enforcement, or further exercise or enforcement, of that or any other right, power or remedy provided by law or under this Deed Poll;

(ii) they will each bear their own costs of and incidental to the preparation of this agreement and their participation in any determination.

4. Exclusion of liability and indemnity

Except in the case of fraud, the Independent Expert will not be liable to either Party for any act or omission by the Independent Expert in the performance or purported performance of this

Notes

1. This form is prepared for the purpose of section 175B of the Workers Compensation Act 1987, Schedule 2 Part 5 Payroll Tax Act 2007 and section 127 of the Industrial Relations Act 1996. If this form is completed in accordance with these provisions, a principal contractor is relieved of liability for workers compensation premiums, payroll tax and remuneration payable by the subcontractor.

A principal contractor can be generally defined to include any person who has entered into a contract for the carrying out of work by another person (or other legal entity called the subcontractor) and where employees of the subcontractor are engaged in carrying out the work which is in connection with the principal contractor’s business.

2. For the purpose of this Subcontractor’s Statement, a principal contractor is a person (or other legal entity), who has entered into a contract with another person (or other legal entity) referred to as the subcontractor, and employees/workers of that subcontractor will perform the work under contract. The work must be connected to the business undertaking of the principal contractor.

3. Provide the unique contract number, title, or other information that identifies the contract.

4. In order to meet the requirements of s127 Industrial Relations Act 1996, a statement in relation to remuneration must state the period to which the statement relates. For sequential Statements ensure that the dates provide continuous coverage.

Section 127(6) of the Industrial Relations Act 1996 defines remuneration ‘as remuneration or other amounts payable to relevant employees by legislation, or under an industrial instrument, in connection with work done by the employees.’

Section 127(11) of the Industrial Relations Act 1996 states ‘to avoid doubt, this section extends to a principal contractor who is the owner or occupier of a building for the carrying out of work in connection with the building so long as the building is owned or occupied by the principal contractor in connection with a business undertaking of the principal contractor.’

5. Provide the date of the most recent payment claim.

6. For Workers Compensation purposes an exempt employer is an employer who pays less than $7500 annually, who does not employ an apprentice or trainee and is not a member of a group.

7. In completing the Subcontractor’s Statement, a subcontractor declares that workers compensation insurance premiums payable to and including the date(s) on the Statement have been paid, and all premiums owing during the term of the contract will be paid.

8. In completing the Subcontractor’s Statement, a subcontractor declares that all remuneration payable to relevant employees for work under the contract has been paid.

9. In completing the Subcontractor’s Statement, a subcontractor declares that all payroll tax payable relating to the work undertaken has been paid.

10. It is important to note that a business could be both a subcontractor and a principal contractor, if a business ‘in turn’ engages subcontractors to carry out the work. If your business engages a subcontractor you are to also obtain Subcontractor’s Statements from your subcontractors.

Statement Retention

The principal contractor receiving a Subcontractor’s Statement must keep a copy of the Statement for the periods stated in the respective legislation. This is currently up to seven years.

Offences in respect of a false Statement

In terms of s127(8) of the Industrial Relations Act 1996, a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence if:

(a) the person is the subcontractor;
(b) the person is authorised by the subcontractor to give the statement on behalf of the subcontractor; or
(c) the person holds out or represents that the person is authorised by the subcontractor to give the statement on behalf of the subcontractor.

In terms of s175B of the Workers Compensation Act and clause 18 of Schedule 2 of the Payroll Tax Act 2007 a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence.

Notes

1. This form is prepared for the purpose of section 175B of the Workers Compensation Act 1987, Schedule 2 Part 5 Payroll Tax Act 2007 and section 127 of the Industrial Relations Act 1996. If this form is completed in accordance with these provisions, a principal contractor is relieved of liability for workers compensation premiums, payroll tax and remuneration payable by the subcontractor.

A principal contractor can be generally defined to include any person who has entered into a contract for the carrying out of work by another person (or other legal entity called the subcontractor) and where employees of the subcontractor are engaged in carrying out the work which is in connection with the principal contractor’s business.

2. For the purpose of this Subcontractor’s Statement, a principal contractor is a person (or other legal entity), who has entered into a contract with another person (or other legal entity) referred to as the subcontractor, and employees/workers of that subcontractor will perform the work under contract. The work must be connected to the business undertaking of the principal contractor.

3. Provide the unique contract number, title, or other information that identifies the contract.

4. In order to meet the requirements of s127 Industrial Relations Act 1996, a statement in relation to remuneration must state the period to which the statement relates. For sequential Statements ensure that the dates provide continuous coverage.

Section 127(6) of the Industrial Relations Act 1996 defines remuneration ‘as remuneration or other amounts payable to relevant employees by legislation, or under an industrial instrument, in connection with work done by the employees.’

Section 127(11) of the Industrial Relations Act 1996 states ‘to avoid doubt, this section extends to a principal contractor who is the owner or occupier of a building for the carrying out of work in connection with the building so long as the building is owned or occupied by the principal contractor in connection with a business undertaking of the principal contractor.’

5. Provide the date of the most recent payment claim.

6. For Workers Compensation purposes an exempt employer is an employer who pays less than $7500 annually, who does not employ an apprentice or trainee and is not a member of a group.

7. In completing the Subcontractor’s Statement, a subcontractor declares that workers compensation insurance premiums payable up to and including the date(s) on the Statement have been paid, and all premiums owing during the term of the contract will be paid.

8. In completing the Subcontractor’s Statement, a subcontractor declares that all remuneration payable to relevant employees for work under the contract has been paid.

9. In completing the Subcontractor’s Statement, a subcontractor declares that all payroll tax payable relating to the work undertaken has been paid.

10. It is important to note that a business could be both a subcontractor and a principal contractor, if a business ‘in turn’ engages subcontractors to carry out the work. If your business engages a subcontractor you are to also obtain Subcontractor’s Statements from your subcontractors.

Statement Retention

The principal contractor receiving a Subcontractor’s Statement must keep a copy of the Statement for the periods stated in the respective legislation. This is currently up to seven years.

Offences in respect of a false Statement

In terms of s127(8) of the Industrial Relations Act 1996, a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence if:

(a) the person is the subcontractor;
(b) the person is authorised by the subcontractor to give the statement on behalf of the subcontractor; or
(c) the person holds out or represents that the person is authorised by the subcontractor to give the statement on behalf of the subcontractor.

In terms of s175B of the Workers Compensation Act and clause 18 of Schedule 2 of the Payroll Tax Act 2007 a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence.
