Government Information (Public Access) Act 2009

Explanatory Table

Victoria Cross Integrated Station Development Station Delivery Deed

Contract Number: 504

Capitalised terms in this table have the meanings given to them in the Victoria Cross Integrated Station Development Station Delivery Deed (SDD), unless the context indicates otherwise.

In preparing this explanatory table, the Principal has:

(a) identified the reason(s) under the Government Information (Public Access) Act 2009 (NSW) (GIPA Act) for each redaction; and

(b) weighed each redaction against the following key public interest considerations for disclosure:

(i) promoting open discussion of public affairs, enhancing government accountability or contributing to positive and informed debate on issues of public importance;

(ii) creating public awareness and understanding on issues of public importance;

(iii) enhancing government transparency and accountability;

(iv) informing the public about the operations of the agency;

(v) ensuring effective oversight of the expenditure of public funds and the best use of public resources; and

(vi) ensuring fair commercial competition within the economy.

Sydney Metro notes that the SWTC and Schedule F1 contain a large number of files. Due to the number of files and technical size limitations, these documents to the SDD have not been made available on Sydney Metro's contracts register. Sydney Metro has determined to make such information available by inspection subject to any overriding public interest against disclosure. Please contact Sam Field at Sam.Field@transport.nsw.gov.au to arrange a time to inspect.

Section 32(1)(d), items 4(b), 4(c) and 4(d) of the table in section 14

There is an overriding public interest against disclosure.

b) exposing the redacted information would reveal the apportionment of risk between the Principal and the VC Contractor of default events, and therefore the level of risk that the VC Contractor was willing to price and accept in relation to those events. Exposing this information may also provide insight into the VC Contractor's views on its potential capabilities and likelihood of default events arising;

c) revealing the information would place the parties at a substantial commercial disadvantage in future projects of a similar nature, as the information would be readily accessible to potential future clients, competitors and contractors. Therefore the disclosure of the information could reduce the information's competitive commercial value and prejudice the parties' legitimate business, commercial or financial interests; and

d) the public interest has been served by revealing the fact that an unconditional undertaking is required from the VC Contractor. In light of the disclosure of this information there is an overriding public interest against the disclosure of the abovementioned information.

**Reason(s) for redaction under GIPA Act**

- Section 32(1)(a), paragraphs (b) and (e) of the definition of "commercial-in-confidence provisions" at section 1 of Schedule 4
- The disclosure of this information would reveal the VC Contractor's cost structure or profit margins and would place the VC Contractor at a substantial commercial disadvantage in relation to potential competitors and other contractors.
- Section 32(1)(d), item 4(b), (c) and (d) of the table in section 14
- The disclosure of this information could reveal commercial-in-confidence provisions of a government contract, diminish the competitive commercial value of information to a person and prejudice a person's legitimate business and commercial interests.
- There is an overriding public interest against disclosure.

**Public interest considerations**

- The Principal weighed the competing public interest considerations and determined that there was an overriding public interest against disclosure for the following reasons:
  - a) the redacted information sets out limits on the parties' liabilities under the SDD;
  - b) exposing the redacted information would reveal the apportionment of risk between the Principal and the VC Contractor in relation to the long term risks associated with the works, and therefore the level of risk that the VC Contractor was willing to price and accept. It would also provide insight into the VC Contractor's cost structure;
  - c) revealing the information would place the parties at a substantial commercial disadvantage in future projects of a similar nature, as the information would be readily accessible to potential future clients, competitors and contractors. Therefore the disclosure of the information could reduce the information's competitive commercial value and prejudice the parties' legitimate business, commercial or financial interests.

  - (i) the effective exercise by an agency of its functions; and
  - (ii) the parties' legitimate business, commercial or interests in the event that the plans are amended before being registered with the NSW Land Registry Services;
- c) the draft Subdivision Plan contains drawings which are intellectual property in which the VC Contractor has an interest;
- d) revealing the information could place the parties at a substantial commercial disadvantage in future projects of a similar nature, as the information would be readily accessible to potential future clients, competitors and contractors. Therefore the disclosure of the information could reduce the competitive commercial value of the information and prejudice the parties’ legitimate business, commercial or financial interests; and

106. Schedule E2 (Performance Incentive Payment Schedule)  
The information redacted is the entire schedule.  

*Section 32(1)(a), paragraphs (b) and (e) of the definition of "commercial-in-confidence provisions" at section 1 of Schedule 4*  

The disclosure of this information would provide visibility on the VC Contractor's cost structure or profit margins and would place the VC Contractor at a substantial commercial disadvantage in relation to potential competitors and other contractors.  

*Section 32(1)(d), items 4(b), 4(c) and 4(d) of the table in section 14*  

The disclosure of this information could reveal commercial-in-confidence provisions of a government contract, diminish the competitive commercial value of information to a person and prejudice a person's legitimate business and commercial interests.  

The Principal weighed the competing public interest considerations and determined that there was an overriding public interest against disclosure of this information because:  

a) the redacted information sets out the mechanism and rates for calculating Performance Incentive Payments under the SDD which is commercially sensitive and, if disclosed, may provide a unique insight into the VC Contractor's cost structures;  

b) revealing the information would provide insight into the VC Contractor's assessment of the risk and commercial impact of delays arising in the course of performing its work, and would also reveal a bespoke mechanism negotiated by the parties;  

c) revealing the information could place the parties at a substantial commercial disadvantage in future projects of a similar nature, as the information would be readily accessible to potential future clients, competitors and contractors. Therefore

The Principal weighed the competing public interest considerations and determined that there was an overriding public interest against disclosure of this information because:

a) the redacted information sets out activities requiring collaboration between the VC Contractor and other contractors on the project, the dates by which those activities are required to be achieved, and the amounts of the collaboration payments which may be due upon achievement of the collaboration events;

b) revealing the information provides insight into key interfaces and risks between different procurement packages on the Sydney Metro City & Southwest project and the dollar value the Principal was prepared to ascribe to those collaboration events being achieved; and

c) the Principal is still in the process of engaging contractors on the Sydney Metro City & Southwest project, and if the redacted information were to be disclosed, potential contractors may be able to use that information to their advantage in negotiations with the Principal, thereby prejudicing the Principal’s negotiating position. (ii) prejudice or limit the Principal's rights against the VC Contractor; or

(iii) preclude the Principal from subsequently asserting that the VC Contractor has not fulfilled its obligations, whether under this deed or otherwise according to Law.

(B) constitute an instruction to accelerate, disrupt, prolong or vary any of the Project Works; or

(C) affect the time for the performance of the VC Contractor's obligations;

(iv) the VC Contractor will not be relieved from compliance with any of its obligations under this deed or from any of its Liabilities as a result of:

(b) the VC Contractor is delayed in achieving a Significant Completion by one or more Excusable Causes of Delay;

(c) in relation to each event of delay caused by an Excusable Cause of Delay, the VC Contractor has given written notice to the Principal's Representative:

(i) promptly upon becoming aware of any Excusable Cause of Delay (and in any event within 10 Business Days after the VC Contractor became aware or ought reasonably to have become aware of the cause of delay) containing:

(d) the VC Contractor has given the Principal's Representative, within 15 Business Days after the cessation of each delay caused by an Excusable Cause of Delay a written claim for an extension of time specifying:

detailed particulars of how the VC Contractor has used Accessible parts of the TSE Site to mitigate the delay; and

(vi) all other information reasonably required by the Principal's Representative.

21.7 Limiting factors

(a) **No entitlement** The VC Contractor is not entitled to any extension of time (and the Principal has no Liability to the VC Contractor) if the VC Contractor fails to deliver notices in the form and within the time required by clause 21.6(c)(i), clause 21.6(c)(ii) and clause 21.6(d).
(b) **(Reduction of entitlement)** The VC Contractor’s entitlement to an extension of time will be reduced to the extent that:

(i) this deed provides that the Principal will have no Liability to the VC Contractor;

(ii) a delay caused by an Excusable Cause of Delay and a delay caused other than by an Excusable Cause of Delay occur at the same time and the VC Contractor would have been delayed even if the Excusable Cause of Delay had not occurred;

(iii) the VC Contractor or any of its Associates caused or contributed to the delay;

(iv) the VC Contractor failed to comply with:

   (A) a Project Cooperation and Integration Deed; or

   (B) its obligations under this deed in connection with the Interface Contractors,

   and such failure caused or contributed to the delay the subject of the VC Contractor’s claim;

(v) the VC Contractor has been given a direction to Accelerate under clause 22.1(a)(ii) to overcome the whole or part of any delay;

(vi) the delay was or would have been reduced had the VC Contractor or any of its Associates taken all reasonable steps to preclude the occurrence of the Excusable Cause of Delay and minimise the consequences of the delay:

   (A) other than applying additional resources to make up the time lost; but

   (B) including by performing the VC Contractor’s Activities on the TSE Site after early access was given under clause 9.2(a) or deemed to be given under clause 9.2(f), where relevant to the cause of delay the subject of the VC Contractor’s claim; or

(vii) the delay is caused or contributed to by a failure of the VC Contractor to comply with its obligations under a VC Station Contract Document or a failure of the VC Developer to comply with its obligations under a VC OSD Contract Document.

21.8 **Determination of extension of time claim**

(a) **(Principal’s determination)** The Principal’s Representative must, acting reasonably, within 20 Business Days after receiving a claim which complies with clause 21.6(d), make a determination of the extension of time to which the VC Contractor is entitled and give the VC Contractor:

   (i) written notice of the determination which includes the extension of time granted and the adjusted Significant Date; or

   (ii) if no extension is granted, written notice of that decision.

(b) **(Principal’s discretion to extend)** The Principal may, in the Principal’s absolute discretion, extend a Significant Date at any time, and for any reason, by giving written notice to the VC Contractor regardless of whether:
(i) the VC Contractor has claimed or is entitled to an extension of time under this deed; or

(ii) the Principal’s Representative has previously either rejected any claim or failed to make a determination under clause 21.8(a).

(c) (Not for the benefit of VC Contractor) The Principal is not required to exercise the discretion under clause 21.8(b) for the benefit of the VC Contractor.

(d) (No impact on Contract Sum Adjustment Event) The Principal’s exercise of its discretion under clause 21.8(b) does not limit the VC Contractor’s right to claim a Contract Sum Adjustment Event where, but for the exercise of the discretion, the VC Contractor would have been entitled to an extension of time for a Compensation Event.

(e) (Principal may take into account) In determining a claim for an extension of time, the Principal is not obliged to, but may in its sole discretion, take into account:

(i) the latest accepted version of the VC Contractor’s Program at the time of the relevant extension of time claim; and

(ii) any other information available to the Principal’s Representative at the time the determination is required to be made, including information regarding the progress of the VC Contractor’s Activities up to the time the determination is required to be made.

(f) (Time not at large) A failure by the Principal’s Representative to grant an extension of time in accordance with this clause 21.8 will not cause time to be set at large, but does not affect the right of the VC Contractor to claim damages.

(g) (Extension of Delay Costs Phase) If there is an extension of time to the Date for Completion under this clause 21.8, there will be a corresponding extension to the dates in each Phase of the Delay Costs Table (as those terms are defined in Schedule E7 (Delay Costs)).

21.9 Risk of delay and disruption and resultant increased Costs

(a) (Risk of delay) Subject to clause 21.9(b) and clause 21.9(c), the VC Contractor accepts the risk of all increased Costs resulting from delay or disruption in the performance of the VC Contractor’s Activities and the performance of its other obligations under this deed, and the Principal will have no Liability to the VC Contractor for additional Costs arising out of or in any way in connection with such delay or disruption (including for damages for breach of contract).

(b) (Extension of time) If the VC Contractor has been granted an extension of time to a Significant Date for a Compensation Event.

(c) (Maximum amount) The amount valued for the Contract Sum Adjustment Event in clause 21.9(b) will not exceed the applicable amount per day specified in Schedule E7 (Delay Costs) for the period of the delay.

21.10 Reduction in time

(a) Where:

(i) a Modification is directed; and
(ii) the Principal's Representative, acting reasonably and in consultation with the VC Contractor, considers that the Modification is likely to result in a reduction of the time required to achieve a Significant Completion, the Principal's Representative may direct the VC Contractor that the Significant Date be brought forward to a date reasonably directed by the Principal's Representative.

(b) If the VC Contractor does not agree with a direction of the Principal's Representative under clause 21.10(a), the VC Contractor may refer the matter as a Dispute under clause 35.

21.11 Delay Liquidated Damages

(a) **(Delay Liquidated Damages)** If the VC Contractor fails to achieve a Significant Completion by the relevant Significant Date, the VC Contractor is liable to the Principal for Delay Liquidated Damages for every day after the Significant Date, up to and including the Date of Significant Completion or the date of earlier termination of this deed.

(b) **(Debt due)** The Delay Liquidated Damages payable pursuant to clause 21.11(a) accrue as a debt due from the VC Contractor to the Principal from each Significant Date.

(c) **(Provisional assessment)** The Principal's Representative, when issuing a payment schedule pursuant to clause 28.3(d)(i) or clause 28.3(d)(ii), may include as an amount due from the VC Contractor to the Principal, an assessment of the amount which has then accrued under clause 21.11(a) and clause 21.11(b) to the date of the payment schedule.

(d) **(Damages where unenforceable)** If the Principal's entitlement to, and the VC Contractor's liability for, Delay Liquidated Damages under this clause 21.11 is or becomes void, voidable or unenforceable for any reason or there is no amount specified for Delay Liquidated Damages, the Principal will be entitled to recover from the VC Contractor the Loss incurred or suffered by the Principal arising out of or in connection with the VC Contractor's failure to achieve each Significant Completion by the relevant Date for Significant Completion but the VC Contractor's liability for such damages (whether per day or in aggregate) will not be any greater than the liability which the VC Contractor would have had if the clause had not been void, voidable or otherwise unenforceable.

(e) **(VC Contractor acknowledgement)** The VC Contractor acknowledges that:

(i) the VC Contractor's Activities represent an important element of the building of Sydney Metro City & Southwest as a major new public transport link which will service the needs of Sydney;

(ii) Sydney Metro City & Southwest is complex and involves interaction with third parties, Interface Contractors and stakeholders to whom the Principal has contractual and policy commitments;

(iii) delay in achieving Significant Dates will result in the Principal being exposed to liability to third parties, Interface Contractors and stakeholders;

(iv) Losses suffered by the Principal as a consequence of delay are not capable of easy or precise calculation; and

(v) the amount of Delay Liquidated Damages is reasonable.
(f) **(Daily cap on liability)** Where, on any day, the VC Contractor is liable for Delay Liquidated Damages in respect of more than one Significant Completion, the VC Contractor's liability to the Principal on that day will not exceed [redacted] per day.

(g) **(Sole and exclusive monetary remedy)** The Principal and the VC Contractor agree that the aggregate of the amount payable under this clause 21.11 is:

(i) limited as set out in clause 31.1(b); and

(ii) a limitation on the VC Contractor's liability to the Principal for a failure to achieve a Significant Completion by the relevant Significant Date,

and the Principal will not be entitled to make, nor will the VC Contractor be liable upon, any Claim in these circumstances other than for the amount for which the VC Contractor is liable under this clause 21.11 (including where applicable common law damages under clause 21.11(d)). Nothing in this clause 21.11 in any way limits the VC Contractor's liability where this deed is terminated by the Principal under clause 32.3 (Rights of the Principal following Default Notice) or clause 32.5 (Immediate termination or take out) or otherwise at Law.

22. **DIRECTIONS TO CHANGE SEQUENCING AND ACCELERATE**

22.1 **Directions to change sequence of work or accelerate**

(a) **(Direction)** The Principal's Representative may, by notice in writing expressly referring to this clause 22.1(a), direct the VC Contractor:

(i) in what order and at what time stages or parts of the VC Contractor's Activities must be performed (Resequencing);

(i) Increased Costs (if any) or Savings (if any);

(ii) Impact on the VC Contractor's Program; and

(iii) Impact on any Significant Date (if any),

arising from the direction and the VC Contractor must provide such details within 10 Business Days of the Principal's Representative's request.

(d) **(Notice of Modification)** Where the VC Contractor considers that a direction given under clause 22.1(a) constitutes a Modification, the VC Contractor must give the Principal’s Representative notice under and in accordance with clause 37.3(a).

(e) **(Principal may withdraw)** The Principal's Representative may, at any time, by notice in writing to the VC Contractor withdraw a direction given under clause 22.1(a) provided that, if the VC Contractor has taken steps to comply with such direction, the withdrawal will be treated as a new direction given under clause 22.1(a) to which clause 22.1(d) also applies.

22.2 Requirement to comply

(a) **(Deferred Activities or Making Accessible)** The VC Contractor must comply with a direction given under clause 22.1(a)(iii) and clause 22.1(a)(iv).

(ii) the VC Contractor, in a notice required under clause 37.3(a), gives a detailed explanation of the reasons why it is not reasonably possible for the VC Contractor to perform the proposed Acceleration or Resequencing.

22.3 Adjustment to Significant Dates

(a) **(Adjustment to Significant Dates)** If a direction has been given under clause 22.1(a), the Principal’s Representative will adjust the affected Significant Dates to:

(i) if a Modification Order has been issued by the Principal's Representative, the earlier dates identified in the Modification Order; or

(ii) if clause 22.3(a)(i) does not apply, and:

(A) the VC Contractor has delivered a notice under clause 22.2(b)(ii), earlier dates determined by the Principal's Representative provided achievement of such dates is reasonably possible; or

(B) the VC Contractor has not delivered a notice under clause 22.2(b)(ii), the earlier dates identified in the direction given by the Principal's Representative under clause 22.1(a).

(b) **(Rights to EOT)** Except to the extent set out in clauses 22.4 (VC Contractor entitlements) and 21.7 (Limiting factors), this clause 22 does not impact the VC Contractor’s entitlement under this deed to an extension of time.

(i) the direction for Acceleration, Resequencing, Deferred Activities or Making Accessible was not, in effect:

(A) a direction to the VC Contractor to perform the VC Contractor's Activities in accordance with this deed (other than this clause), or consistently with this deed;

(i) the VC Contractor being placed under administration; or

(ii) the making of a winding up order in respect of the VC Contractor,
the Principal will not make any payment to a worker or Subcontractor without the concurrence of the administrator, provisional liquidator or liquidator, as the case may be.

(c) (Non-payment of amount) If any moneys are shown as unpaid in the VC Contractor's statutory declaration under clause 28.5(a)(i)(D), the Principal may withhold the moneys so shown until the VC Contractor provides evidence to the satisfaction of the Principal's Representative that the moneys have been paid to the relevant persons.

(d) Not used.

(e) (Preservation of rights) Nothing in this clause 28.6 limits or otherwise affects the Principal's rights under section 175B(7) of the Workers Compensation Act 1987 (NSW), section 18(6) of schedule 2 of the Payroll Tax Act 2007 (NSW) and section 127(5) of the Industrial Relations Act 1996 (NSW).

28.7 Payment for unixed Construction Materials

(a) (Not included in payment schedule) The value of unixed Construction Materials intended for incorporation in the Project Works but not yet incorporated must not be included in a payment claim under clause 28.3(a) and the Principal is under no obligation to pay for such Construction Materials unless:

(i) the VC Contractor:

(A) has provided to the Principal at the same time as its payment claim under clause 28.3(a) an unconditional undertaking that complies with the requirements of clause 3.1(c) for an amount equal to the payment claimed for the Construction Materials; and

(B) gives the Principal's Representative such evidence as may be required by the Principal's Representative that title to the unixed Construction Materials will vest in the Principal upon payment;

(ii) the Construction Materials are clearly marked as the property of the Principal;

(iii) the Construction Materials are properly stored in a place approved by the Principal's Representative (not to be unreasonably withheld); and

(iv) there is evidence (in a form satisfactory to the Principal) that the VC Contractor has registered a Security Interest in favour of the Principal in the unixed Construction Materials.

(b) (Title vests on payment) Upon payment against a payment schedule which includes an amount in respect of unixed Construction Materials, title in the unixed Construction Materials will vest in the Principal.

(c) (Release of unconditional undertaking) If the VC Contractor provides an unconditional undertaking for payment for unixed Construction Materials, the Principal must release the unconditional undertaking to the VC Contractor within 5 Business Days after those Construction Materials:

(i) are incorporated into the Project Works; and

(ii) comply with the requirements of this deed.
28.8 **SOP Act**

(a) **(Definitions)** Expressions defined or used in the SOP Act have the same meaning for the purposes of this clause (unless the context otherwise requires).

(b) **(Communication)** The VC Contractor must ensure that a copy of any written communication it delivers or arranges to deliver to the Principal of whatever nature in relation to the SOP Act, including a payment claim under the SOP Act, is provided to the Principal's Representative at the same time.

(c) **(Principal's agent)** In responding to the VC Contractor under the SOP Act, the Principal's Representative acts as the agent of the Principal and the Principal authorises the Principal's Representative to issue payment schedules on its behalf (without affecting the Principal's right to issue a payment schedule itself).

(d) **(Payment schedule)** If, within the time allowed by the SOP Act for the service of a payment schedule by the Principal, the Principal does not:

(i) serve the payment schedule itself; or

(ii) notify the VC Contractor that the Principal's Representative does not have authority from the Principal to issue the payment schedule on its behalf,

then a payment schedule issued by the Principal's Representative under this deed which relates to the period relevant to the payment schedule will be taken to be the payment schedule for the purpose of the SOP Act (whether or not it is expressly stated to be a payment schedule).

(e) **(Amount of progress payment)** For the purposes of this deed, the amount of the progress payment to which the VC Contractor is entitled under this deed will be the amount certified by the Principal's Representative in a payment schedule under clause 28.3 *(Payment claims)* less any amount the Principal may elect to retain, deduct, withhold or set off in accordance with this deed.

(f) **(No Liability to pay payment claim)** The VC Contractor agrees that:

(i) the date prescribed by clause 28.3(a) as the date on which the VC Contractor is entitled to make a payment claim is, for the purposes of the SOP Act (including section 8 of the SOP Act), the reference date; and

(ii) a payment claim is not a document notifying an obligation on the Principal to make any payment and the Principal will have no Liability to make a payment of any amount in respect of a payment claim unless the amount has been included in a payment schedule issued by the Principal's Representative in accordance with clause 28.3(d)(i) or clause 28.3(d)(ii).

(g) **(No breach of this deed)** Nothing in this deed will be construed to:

(i) make any act or omission of the Principal in contravention of the SOP Act (including failure to pay an amount becoming due under the SOP Act), a breach of this deed (unless the Principal would have been in breach of this deed if the SOP Act had no application); or

(ii) subject to clause 28.8(g)(i), give to the VC Contractor rights under this deed which extend or are in addition to rights given to the VC Contractor by the SOP Act in respect of any act or omission of the Principal in contravention of the SOP Act.

(h) **(No right to claim for suspension)** If the VC Contractor suspends the whole or part of the VC Contractor's Activities pursuant to the SOP Act then, except to the
extent (if any) expressly provided under the SOP Act, the Principal will not be liable for and the Principal has no Liability to the VC Contractor for any Loss suffered or incurred by the VC Contractor as a result of the suspension.

(i) **(VC Contractor indemnity)** The VC Contractor indemnifies and must keep indemnified the Principal against all Loss suffered or incurred by the Principal arising out of a suspension by a Subcontractor of work which forms part of the VC Contractor’s Activities pursuant to the SOP Act unless and except to the extent that the suspension is due to non-payment by the Principal of an amount that is due and payable under this deed.

(j) **(Authorised nominating authority)** The VC Contractor agrees that for the purposes of section 17(3) of the SOP Act:

(i) it has irrevocably chosen the Resolution Institute as the authorised nominating authority to which any adjudication application under the SOP Act in respect of the VC Contractor's Activities is to be made; and

(ii) the VC Contractor must make any adjudication application under the SOP Act to that authorised nominating authority (unless the Principal in its absolute discretion consents to any alternative nominating authority).

(k) **(Adjudication)** When an adjudication occurs under the SOP Act, and the Principal has paid an adjudicated amount to the VC Contractor:

(i) the amount will be taken into account by the Principal's Representative in issuing a payment schedule under clause 28.3(d)(i) or clause 28.3(d)(ii);

(ii) if it is subsequently determined pursuant to this deed that the VC Contractor was not entitled under this deed to payment of some or all of the adjudicated amount that was paid by the Principal (overpayment), the overpayment will be a debt due and payable by the VC Contractor to the Principal which the VC Contractor must pay to the Principal upon demand and in respect of which the VC Contractor is not entitled to claim or exercise any set-off, counterclaim, deduction or similar right of defence;

(iii) if the adjudicator’s determination is quashed, overturned or declared to be void, the adjudicated amount then becomes a debt due and payable by the VC Contractor to the Principal upon demand and in respect of which the VC Contractor is not entitled to claim or exercise any set-off, counterclaim, deduction or similar right of defence; and

(iv) the Principal’s Representative:

(A) is not bound by the adjudication determination;

(B) may reassess the value of the work that was valued by the adjudicator; and

(C) may, if it disagrees with the adjudication determination, express its own valuation in any payment schedule.

(l) **(Withholding)** Without limiting clause 28.9 (Right of set-off), the Principal may withhold any amount that is less than or equal to the amount claimed to be owed under a payment withholding request served on the Principal pursuant to Division 2A of the SOP Act. If the Principal withholds from money otherwise due to the VC Contractor any amount that is less than or equal to the amount claimed to be owed under a payment withholding request served on the Principal pursuant to Division 2A of the SOP Act, then:
(i) the Principal may plead and rely upon Division 2A of the SOP Act as a defence to any claim for the money by the VC Contractor from the Principal; and

(ii) the period during which the Principal retains money due to the VC Contractor pursuant to an obligation under Division 2A of the SOP Act will not be taken into account for the purpose of determining:

(A) any period for which money owed by the Principal to the VC Contractor has been unpaid; and

(B) the date by which payment of money owed by the Principal to the VC Contractor must be made.

(m) \textit{(No proceedings)} The VC Contractor agrees not to commence proceedings to recover any amount withheld by the Principal pursuant to a payment withholding request served on the Principal pursuant to Division 2A of the SOP Act.

(n) \textit{(Debt due)} Any amount paid by the Principal pursuant to section 26C of the SOP Act will be a debt due from the VC Contractor to the Principal.

(o) \textit{(VC Contractor payment)} If the Principal withholds money pursuant to a payment withholding request served on the Principal pursuant to Division 2A of the SOP Act and the VC Contractor:

(i) pays the amount claimed to be due under the adjudication application to which the payment withholding claim relates; or

(ii) becomes aware that the adjudication application to which the payment withholding claim relates has been withdrawn,

then the VC Contractor must so notify the Principal within 5 Business Days after the occurrence of the event in clause 28.8(1)(i) or clause 28.8(1)(ii) above (as applicable) by providing to the Principal a statement in writing in the form of a statutory declaration together with such other evidence as the Principal may require evidencing that the amount has been paid or the adjudication application has been withdrawn (as the case may be).

28.9 \textbf{Right of set-off}

(a) \textit{(Amounts set-off)} The Principal may withhold, set-off or deduct from the money which would otherwise be payable to the VC Contractor or which would otherwise be due to the VC Contractor under this deed:

(i) any debt or other moneys due from the VC Contractor to the Principal;

(ii) any bona fide claim to money which the Principal may have against the VC Contractor, whether for damages (including liquidated damages) or otherwise; or

(iii) any other amount the Principal is entitled to withhold, set-off of deduct under this deed,

under or arising out of or in connection with this deed or the VC Contractor's Activities and the Principal may make such withholding, set-off or deduction whether or not such amounts were included in a payment schedule issued by the Principal's Representative.

(b) \textit{(Survival)} This clause 28.9 will survive the termination of this deed.
28.10 Provisional sums

(a) **(Performance of Provisional Sum Work)** Subject to clause 28.10(h), the VC Contractor may not proceed with any item of Provisional Sum Work unless the VC Contractor has provided the Principal's Representative with a fixed lump sum price proposal for the relevant item of Provisional Sum Work (**Lump Sum Price Proposal**).

(b) **(Lump Sum Price Proposal)** Each Lump Sum Price Proposal submitted by the VC Contractor under clause 28.10(a) must be prepared:

(i) on an Open Book Basis (as defined in Schedule A8 (**Modification Procedure**)); and

(ii) in accordance with the requirements of clauses 28.10(f) and clause 28.10(g).

(c) **(Valuation by the Principal's Representative)** Within 20 Business Days of receiving the VC Contractor's Lump Sum Price Proposal (or within such longer period agreed by the parties) the Principal's Representative will adjust the Contract Sum by the difference between:

(i) the amount allowed for the relevant item of Provisional Sum Work in the Contract Sum Schedule; and

(ii) either:

(A) a fixed amount agreed between the Principal's Representative and the VC Contractor (which may or may not be the amount specified in the Lump Sum Price Proposal); or

(B) if the parties fail to agree upon such amount within 20 Business Days from the date on which the VC Contractor submitted its Lump Sum Price Proposal (or within such longer period agreed by the parties), a fixed amount determined by the Principal's Representative (acting reasonably) in accordance with Schedule E4 (**Valuation Mechanism**), as the amount that will be payable in respect of the relevant item of Provisional Sum Work.

(e) **(Referral to dispute resolution)** If the VC Contractor disagrees with any determination of the Principal's Representative under clause 28.10(c)(ii)(B), the
VC Contractor may refer the matter for resolution in accordance with the Dispute Procedure.

(f) **(Minimise cost)** The VC Contractor must minimise the cost of undertaking Provisional Sum Work.

(g) **(No Liability)** The Principal will have no Liability to the VC Contractor for the following work even if it is related to Provisional Sum Work:

(i) any amounts incurred by VC Contractor in relation to the Provisional Sum Work in addition to the amounts payable pursuant to a subcontract for Provisional Sum Work (including for supervision, management and attendance, and provision of Construction Plant which is used by or accessed by the subcontractor performing Provisional Sum Work);

(ii) not used;

(iii) design costs incurred incorporating Provisional Sum Work into the design;

(iv) costs incurred by the VC Contractor and subcontractors interfacing with the subcontractor performing Provisional Sum Work;

(v) the extra costs incurred by a subcontractor performing Provisional Sum Work as a result of:

(A) a delay for which an extension of time was granted under the Nominated Subcontract; or

(B) a direction by the VC Contractor to compress the performance of the relevant subcontractor's activities as the result of a cause of delay for which the relevant Subcontractor would otherwise have been entitled to an extension of time,

except to the extent that such costs arise as the result of a delay for which the VC Contractor is granted an extension of time under this deed;

(vi) the acceleration costs incurred by the subcontractor performing Provisional Sum Work in order to perform any work earlier than required under the subcontract for Provisional Sum Work, except to the extent that such acceleration is required as the result of a Modification in relation to which the Principal has a Liability to the VC Contractor under this deed;

(vii) not used; and

(viii) those things which Schedule E8 (Provisional Sum Work) provides the Principal shall have no Liability for.

(h) **(Call-off Services)** In the case of any item of Provisional Sum Work that is also a Call-off Service, the VC Contractor:

(i) must carry out such services when directed by the Principal's Representative under this deed;

(ii) will, subject to clauses 28.10(h)(iii) and clause 28.10(i), be paid for the performance of such services in accordance with the relevant rates specified in Schedule E8 (Provisional Sum Work); and

(iii) will be entitled to claim payment under clause 28.3 (Payment claims) in respect of such services only once the aggregate amount payable in respect
of the relevant category of Call-off Service has exceeded the provisional sum allowed for that Call-off Service in the Contract Sum Schedule.

(i) Where the aggregate amount payable by the Principal under this deed in respect of any Call-off Service:

   (i) has exceeded in total the provisional sum allowed for that Call-off Service in the Contract Sum Schedule; or

   (ii) is in total less than the relevant provisional sum allowed in the Contract Sum Schedule, the difference will be deducted from the Contract Sum and will be a debt due and payable from the VC Contractor to the Principal.
28.11 **Performance Incentive Payments**

The VC Contractor will be entitled to claim Performance Incentive Payments in accordance with the Performance Incentive Payment Schedule.

28.12 **Initial Payment**

(a) *(Principal's obligation to pay Initial Payment)*

(ii) Compliance with the NSW Code and NSW Guidelines does not relieve the VC Contractor from responsibility to perform the VC Contractor’s Activities or any other obligation under this deed, or from liability for any Defect in the Project Works or the Temporary Works or from any other legal liability,
whether or not arising from its compliance with the NSW Code and NSW Guidelines.

(iii) Where a Modification is proposed that may be likely to affect compliance with the NSW Code and NSW Guidelines, the VC Contractor must immediately notify the Principal of:

(A) the extent to which compliance with the NSW Code and NSW Guidelines will be, or is likely to be, affected by the Modification; and

Notes

1. This form is prepared for the purpose of section 175B of the Workers Compensation Act 1987, schedule 2 part 5 Payroll Tax Act 2007 and section 127 of the Industrial Relations Act 1996. If this form is completed in accordance with these provisions, a principal contractor is relieved of liability for workers compensation premiums, payroll tax and remuneration payable by the subcontractor. A principal contractor can be generally defined to include any person who has entered into a contract for the carrying out of work by another person (or other legal entity called the subcontractor) and where employees of the subcontractor are engaged in carrying out the work which is in connection with the principal contractor’s business.

2. For the purpose of this Subcontractor’s Statement, a principal contractor is a person (or other legal entity), who has entered into a contract with another person (or other legal entity) referred to as the subcontractor, and employees/workers of that subcontractor will perform the work under contract. The work must be connected to the business undertaking of the principal contractor.

3. Provide the unique contract number, title, or other information that identifies the contract.

4. In order to meet the requirements of s127 Industrial Relations Act 1996, a statement in relation to remuneration must state the period to which the statement relates. For sequential Statements ensure that the dates provide continuous coverage.

Section 127(6) of the Industrial Relations Act 1996 defines remuneration 'as remuneration or other amounts payable to relevant employees by legislation, or under an industrial instrument, in connection with work done by the employees.'

Section 127(11) of the Industrial Relations Act 1996 states 'to avoid doubt, this section extends to a principal contractor who is the owner or occupier of a building for the carrying out of work in connection with the building so long as the building is owned or occupied by the principal contractor in connection with a business undertaking of the principal contractor.'

5. Provide the date of the most recent payment claim.

6. For Workers Compensation purposes an exempt employer is an employer who pays less than $7500 annually, who does not employ an apprentice or trainee and is not a member of a group.

7. In completing the Subcontractor’s Statement, a subcontractor declares that workers compensation insurance premiums payable up to and including the date(s) on the Statement have been paid, and all premiums owing during the term of the contract will be paid.

8. In completing the Subcontractor’s Statement, a subcontractor declares that all remuneration payable to relevant employees for work under the contract has been paid.

9. In completing the Subcontractor’s Statement, a subcontractor declares that all payroll tax payable relating to the work undertaken has been paid.

10. It is important to note that a business could be both a subcontractor and a principal contractor, if a business ‘in turn’ engages subcontractors to carry out the work. If your business engages a subcontractor you are to also obtain Subcontractor’s Statements from your subcontractors.

Statement Retention

The principal contractor receiving a Subcontractor’s Statement must keep a copy of the Statement for the periods stated in the respective legislation. This is currently up to seven years.

Offences in respect of a false Statement

In terms of s127(8) of the Industrial Relations Act 1996, a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence if:

(a) the person is the subcontractor;

(b) the person is authorised by the subcontractor to give the statement on behalf of the subcontractor; or

(c) the person holds out or represents that the person is authorised by the subcontractor to give the statement on behalf of the subcontractor.
In terms of s175B of the Workers Compensation Act and clause 18 of schedule 2 of the Payroll Tax Act 2007 a person who gives the principal contractor a written statement knowing it to be false is guilty of an offence.

2. **Formation of BMCS DSI Contract**

The VC Contractor acknowledges and agrees that:

(a) the Principal will enter into a framework contract with the BMCS Contractor under which the BMCS Contractor will be required to make a standing offer to enter into design, supply and install contracts with other contractors of the Principal for the Project, including the VC Contractor, on the terms and conditions of a template form of BMCS DSI Contract (a copy of which will be provided to the VC Contractor following execution of the framework contract);

(b) in order to accept the offer made by the BMCS Contractor under the framework contract, the VC Contractor will be required to issue a notice to the BMCS Contractor (BMCS Design Order) (with a copy to the Principal's Representative) that is:

(d) if the BMCS Contractor notifies the VC Contractor that it considers a notice purported to be given by the VC Contractor under paragraph 2(b) of this Schedule A27 does not comply with the requirements of paragraph 2(b) of this Schedule A27, the VC Contractor must work directly and fully cooperate with the BMCS Contractor in good faith and do everything reasonably necessary to facilitate the issue of a valid BMCS Design Order; and

(e) the VC Contractor is not entitled to make any Claim against the Principal arising out of or in connection with any delay or failure by the VC Contractor to issue a valid BMCS Design Order to the BMCS Contractor.
1. GENERAL OVERVIEW AND CONTEXT

(a) **Framework Contract** Various Sydney Metro City & Southwest works packages will include a building management and control system (BMCS). In order to ensure a consistent, integrated BMCS across the Sydney Metro City & Southwest project and to achieve a value-for-money outcome, Sydney Metro intends to enter into a "Framework Contract" with a single BMCS contractor (the **BMCS Contractor**).

(b) **Approved Purchasers** Each Sydney Metro City & Southwest contractor engaged by Sydney Metro that requires a BMCS as part of its works (including the VC Contractor) will be nominated as an **"Approved Purchaser"** in the Framework Contract (and Sydney Metro will have the ability to add additional contractors as Approved Purchasers as/when required).

(c) **Construction Contracts** Sydney Metro has entered into, or will enter into, a contract with each of the Approved Purchasers (each a **Construction Contract**), and the BMCS Contractor will be a nominated contractor under each Construction Contract. That is, each Approved Purchaser will be required to procure all BMCS equipment and associated services forming part of its works from the nominated BMCS Contractor. In accordance with each Construction Contract, subcontracting of the BMCS works to the BMCS Contractor will not relieve the relevant Approved Purchaser of, or otherwise affect, any obligation or liability it has to Sydney Metro under the relevant Construction Contract.

(d) **Standing offer** Under the Framework Contract, the BMCS Contractor will be required to provide a standing offer to each Approved Purchaser to design, supply, install, test and commission the BMCS forming part of the Approved Purchaser's works on the terms of the template design, supply and install contract (**DSI Contract**) set out in a schedule to the Framework Contract. The Framework Contract will also set out, among other things:

(i) the baseline scope of BMCS equipment and associated services forming part of each Approved Purchaser's works (with each package to be the subject of a separate DSI Contract); and

(ii) the agreed pricing in respect of each BMCS package (see row 11 of the table in section 2 below).

(e) **Acceptance of offer** In accordance with the Framework Contract, an Approved Purchaser may, at any time during the term of the Framework Contract, accept the BMCS Contractor's offer and elect to be bound by the terms and conditions of the template DSI Contract by issuing a "Design Order" to the BMCS Contractor (with a copy to Sydney Metro's Representative). In order to constitute a valid acceptance of the BMCS Contractor's offer, the Design Order must:

(i) be signed by the relevant Approved Purchaser's authorised representative; and

(ii) be in the form of the template Design Order set out in the Framework Contract, including:

(A) confirmation of:
(aa) the scope of the BMCS forming part of the relevant BMCS package (including any changes to the baseline scope for that package as set out in the Framework Contract); and

(bb) the parts of the SWTC applicable to the BMCS package;

(B) the "Design Price" for the performance of the BMCS Contractor's design activities under the relevant DSI Contract (as set out in the Framework Contract, subject to adjustment to reflect any changes to the baseline scope on the basis of a pre-agreed schedule of rates);

(C) the "Original Supply and Installation Price" for the performance of the BMCS Contractor's supply, installation, testing and commissioning activities under the relevant DSI Contract (as set out in the Framework Contract, and which will be subject to adjustment following completion of the design stage to reflect any changes to the baseline scope on the basis of a pre-agreed schedule of rates);

(D) the program for completion of each design stage (which must not be less than pre-agreed minimum time frames); and

(E) all other variable information required by the template form of Design Order.

(f) (Incomplete Design Order) If the BMCS Contractor considers that a Design Order issued by an Approved Purchaser does not satisfy one or more of the requirements set out in paragraph 1(e) of this Attachment A to Schedule A27, the BMCS Contractor must promptly give notice to the Approved Purchaser (with a copy to Sydney Metro's Representative) providing sufficient details. If the BMCS Contractor gives such notice, the Approved Purchaser will revise and re-issue the Design Order.

(g) (Formation of DSI Contracts) If an Approved Purchaser issues a valid Design Order to the BMCS Contractor, the Approved Purchaser and the BMCS Contractor will be deemed to have entered into a separate, binding DSI contract:

(i) on the date of the relevant Design Order; and

(ii) on the terms of:

(A) the template DSI Contract set out in the Framework Contract; and

(B) the Design Order issued by the Approved Purchaser.

A valid Design Order issued by an Approved Purchaser constitutes acceptance of the BMCS Contractor's offer to that Approved Purchaser (as set out in the Framework Contract) and the BMCS Contractor is not required to sign a Design Order in order to create a valid, binding and enforceable contract between the relevant Approved Purchaser and the BMCS Contractor.

(h) (Drafting approach) The general approach taken when developing the template DSI Contract is to pass down the Approved Purchaser's obligations and liabilities under the Construction Contract to which that Approved Purchaser is a party to the extent that they are applicable to the performance of the BMCS Contractor's activities. However, given the comparative size of the works to be carried out by the BMCS Contractor in relation to each Approved Purchaser's works, a full pass down of each Approved Purchaser's obligations and liabilities under the...
Construction Contract to which it is a party is not appropriate. In addition, given that the Construction Contracts take various forms and the fact that the template DSI Contract needs to be compatible with each Construction Contract, it is not possible to have a straight pass through of the VC Contractor's obligations and liabilities under this deed.

In addition, thresholds under the DSI Contract which correspond to thresholds under the Construction Contracts will be passed through on a reasonable basis to allow each Approved Purchaser sufficient opportunity to rectify any issues in order to avoid a default arising under the relevant Construction Contract.

2. **DSI CONTRACT – KEY TERMS**

The table below sets out the key terms proposed to be included in the template DSI Contract, which will be set out in a schedule to the Framework Contract and will form the basis upon which the BMCS Contractor offers to supply BMCS equipment and associated services to each Approved Purchaser.

Capitalised terms in the table below which are not otherwise defined in this Attachment A to Schedule A27 have the meaning given to them in the DSI Contract.

| 2. Supply and Installation Order          |
| Completion of the BMCS Contractor's design activities under a DSI Contract will be a hold point (i.e., a point beyond which the BMCS Contractor must not proceed without the authorisation or release of the Approved Purchaser). The Approved Purchaser will release this hold point by issuing a notice instructing the BMCS Contractor to commence performance of the supply and installation activities (a **Supply and Installation Order**). A Supply and Installation Order will be required to set out, among other things: |
| (a) confirmation of: |
| (i) the scope of the BMCS that the BMCS Contractor will be required to supply, install, test and commission under the relevant DSI Contract; and |
| (ii) the applicable **Supply and Installation Price** (being the Original Supply and Installation Price as set out in the Design Order, as adjusted to reflect any changes to the baseline scope during the design stage on the basis of a pre-agreed schedule of rates); |
3. Supply and installation

The Approved Purchaser will be engaged by Sydney Metro as principal contractor in respect of the site where the BMCS is to be installed and will be required to provide the BMCS Contractor with access to those parts of the site reasonably necessary for the BMCS Contractor to carry out its installation, testing and commissioning activities.

The BMCS Contractor will be required to:

(a) supply and install the BMCS at the relevant location in accordance with, and to meet the requirements of, the DSI Contract;

(b) liaise with the Approved Purchaser in order to coordinate access to the site (including access routes, unloading of equipment and provision of adequate materials handling and temporary storage areas) as required to carry out its installation, testing and commissioning activities; and

(c) comply with the Approved Purchaser’s site access and work, health and safety procedures.

4. Testing and commissioning

Under each DSI Contract, the BMCS Contractor will be required to undertake comprehensive testing and commissioning of the BMCS installed in accordance with that DSI Contract (including System Acceptance Tests (SAT)) in order to demonstrate compliance with the requirements of the DSI Contract.

5. Post Practical Completion Activities

Following Practical Completion of the BMCS works under each DSI Contract, the BMCS Contractor will be required to carry out certain activities, at its cost, including:

(a) providing support to the Approved Purchaser and the Operator with respect to system-wide Systems Integration and Acceptance Testing (including attendance at tests, drills, Authority inspections etc); and

(b) carrying out routine maintenance and inspection of the BMCS works in accordance with the operations and maintenance manuals prepared by the BMCS Contractor until the end of the defects correction period or such earlier time as notified by the Approved Purchaser.

6. Fitness for purpose

The BMCS Contractor will be required to perform the BMCS Contractor's Activities in accordance with the SWTC, Good Industry Practice (which will be defined in the same manner as in the Construction Contracts) and the relevant DSI Contract and so that BMCS works will:

(a) upon Practical Completion (ie successful completion of SAT), be fit for their intended purpose; and

(b) at all relevant times thereafter be capable of remaining fit for their intended purpose (subject to the relevant Approved Purchaser, Sydney
Time

7. Time

The BMCS Contractor must:

(a) commence performance of the supply and installation activities on the date it receives a Supply and Installation Order from the relevant Approved Purchaser;

(b) diligently perform and progress its activities with due expedition and without delay;

(c) carefully coordinate and interface its activities with the Approved Purchaser's works and other interface works; and

(d) not depart from the program prepared by the BMCS Contractor without reasonable cause.

Without limiting the above, the BMCS Contractor will be required to:

(e) achieve Practical Completion of the BMCS works by the Date for Practical Completion (as set out in the Supply and Installation Order, and which must not be less than the a pre-agreed minimum time period following satisfaction of specified testing and commissioning preconditions); and

(f) achieve Completion by the Date for Completion (which will be the relevant date for completion of System Integration and Acceptance Testing at the relevant location).

The BMCS works to be delivered under each DSI Contract may be broken up into separable portions to align with the separable portions of the Approved Purchaser's works under the relevant Construction Contract, or as otherwise determined by the Approved Purchaser.

8. Extensions of time

The Date for Practical Completion will be subject to extensions of time in specified circumstances generally consistent with those contained in a contract of this nature. This will include:

(a) a breach of the DSI Contract by the relevant Approved Purchaser;

(b) an act or omission of the Approved Purchaser not permitted or allowed by the DSI Contract (which, for the avoidance of doubt, does not include an act or omission of an Interface Contractor (as defined in the Construction Contracts));

(c) a variation directed by the Approved Purchaser;

(d) a direction to suspend the performance of any of the BMCS Contractor's Activities (unless the direction to suspend is as a result of the BMCS Contractor’s failure to perform its obligations in accordance with the DSI Contract);

(e) a Force Majeure Event (which will be defined in a manner that is no broader in scope than the equivalent definition in the Construction Contracts);

(f) a Change in Law (which will be defined in the same manner as in the Construction Contracts) to which the relevant clause of the DSI

Any additional entitlement to claim an extension of time that may be agreed by Sydney Metro and the BMCS Contractor as part of the BMCS procurement process will be not inconsistent with the VC Contractor's entitlement to claim an extension of time under this deed.

The Approved Purchaser will not have any liability to the BMCS Contractor for additional costs arising out of or in any way in connection with any delay or disruption for which the BMCS Contractor is entitled to claim an extension of time.

Subject to the cap set out below and without prejudice to the Approved Purchaser's rights in relation to default and termination, if the BMCS Contractor fails to achieve Practical Completion by the Date for Practical Completion, the BMCS Contractor will be indebted to the Approved Purchaser for delay liquidated damages. The daily rate of delay liquidated damages applicable under each DSI Contract will be pre-agreed by Sydney Metro and the BMCS Contractor as part of the BMCS procurement process and set out in the DSI Contract.

The BMCS Contractor's liability for delay liquidated damages under each DSI Contract will be capped at [ ] of the relevant Contract Sum (as defined in row 11 below), as adjusted from time to time (with this cap being included in the general liability cap, as set out in section 16 below).

10. Suspension

The BMCS Contractor must not suspend the progress of the whole or any part of its activities under the DSI Contract except where so directed by the Approved Purchaser (in its discretion) or allowed by law. The Approved Purchaser will have no liability to the BMCS Contractor to the extent that the reason for a suspension directed by the Approved Purchaser was caused or contributed to by an act, default, or omission of the BMCS Contractor.
### Financial

| 11. Pricing Structure | The Approved Purchasers (not Sydney Metro) will be responsible for making all payments to the BMCS Contractor in respect of the design, supply and installation of BMCS under each respective DSI Contract. The "Contract Sum" payable to the BMCS Contractor under each DSI Contract will be the aggregate of:

(a) a fixed lump sum "Design Price" for the performance of all design activities required under the DSI Contract (based on the baseline scope for that BMCS package set out in the Framework Contract); and

(b) a fixed lump sum "Supply and Installation Price" for the supply, installation, testing and commissioning of the BMCS forming part of the relevant package (based on the baseline scope for that BMCS package set out in the Framework Contract), each of which will be subject to adjustment from time to time (including on account of any variations).

Other than as a result of a variation (including any change to the baseline scope set out in the Framework Contract), the Design Price and Supply and Installation Price bid for each BMCS package will not be subject to escalation or indexation following execution of the Framework Contract.

| 12. Unconditional undertakings | The BMCS Contractor will be required to provide the Approved Purchaser with two unconditional undertakings which in aggregate are equal to the original Contract Sum (see definition in row 11 above) within a specified period after receiving the Design Order. Subject to the Approved Purchaser's right to have recourse to the unconditional undertakings, the Approved Purchaser will be required to:

(a) within a specified time period after the Date of Practical Completion (of the last Portion, where Portions are specified), release so much of the security so that it holds an unconditional undertaking for of the Contract Sum; and

(b) release the balance of the security within a specified time period after expiry of the defects correction period.

### Liability

| 13. Responsibility for care of the BMCS | The BMCS Contractor will be responsible for the care of, and will bear the risk of and indemnify the Approved Purchaser against any loss of or damage to, the BMCS:

(a) until Practical Completion is achieved; and

(b) after Practical Completion is achieved, to the extent that the loss or damage arises from an act or omission of the BMCS Contractor during the defects correction period or from an event which occurred prior to Practical Completion, except to the extent that such loss or damage arises from specified "Excepted Risks" (which will be defined in the same manner as in the Construction Contracts).

The Approved Purchaser will bear the risk of loss or damage to the BMCS arising from an Excepted Risk. |

NOTE: Where required above, this Statement must be accompanied by the relevant Certificate of Currency to comply with section 175B of the Workers Compensation Act 1987.
This form is prepared for the purpose of section 175B of the Workers Compensation Act 1987, Schedule 2 Part 5 Payroll Tax Act 2007 and section 127 of the Industrial Relation Act 1996. If this form is completed in accordance with these provisions, a principal contractor is relieved of liability for workers compensation premiums, payroll tax and remuneration payable by the subcontractor.

A principal contractor can be generally defined to include any person who has entered into a contract for the carrying out of work by another person (or other legal entity called the subcontractor) and where employees of the subcontractor are engaged in carrying out the work which is in connection with the principal contractor’s business.

For the purpose of this Subcontractor’s Statement, a principal contractor is a person (or other legal entity), who has entered into a contract with another person (or other legal entity) referred to as the subcontractor, and employees/workers of that subcontractor will perform the work under contract. The work must be connected to the business undertaking of the principal contractor.

Provide the unique contract number, title, or other information that identifies the contract.

In order to meet the requirements of s127 Industrial Relations Act 1996, a statement in relation to remuneration must state the period to which the statement relates. For sequential Statements ensure that the dates provide continuous coverage.

Section 127(6) of the Industrial Relations Act 1996 defines remuneration as ‘remuneration or other amounts payable to relevant employees by legislation, or under an industrial instrument, in connection with work done by the employees’.

Section 127(11) of the Industrial Relations Act 1996 states ‘to avoid doubt, this section extends to a principal contractor who is the owner or occupier of a building for the carrying out of work in connection with the building so long as the building is owned or occupied by the principal contractor in connection with a business undertaking of the principal contractor.’

Provide the date of the most recent payment claim.

For Workers Compensation purposes an exempt employer is an employer who pays less than $7500 annually, who does not employ an apprentice or trainee and is not a member of a group.

In completing the Subcontractor’s Statement, a subcontractor declares that workers compensation insurance premiums payable up to and including the date(s) on the Statement have been paid, and all premiums owing during the term of the contract will be paid.

In completing the Subcontractor’s Statement, a subcontractor declares that all remuneration payable to relevant employees for work under the contract has been paid.

In completing the Subcontractor’s Statement, a subcontractor declares that all payroll tax payable relating to the work undertaken has been paid.

It is important to note that a business could be both a subcontractor and a principal contractor, if a business ‘in turn’ engages subcontractors to carry out the work. If your business engages a subcontractor you are to also obtain Subcontractor’s Statements from your subcontractors.
Statement Retention

The principal contractor receiving a Subcontractor's Statement must keep a copy of the Statement for the periods stated in the respective legislation. This is currently up to seven years.

(a) **(Provision of Subdivision Proposal)** The VC Contractor must, by the date which is 2 months after the Date of Substantial Completion (or such other date as agreed between the parties), provide to the Principal a Subdivision Proposal.

(b) **(Cooperation)** The VC Contractor must consult in good faith and cooperate with the Principal to develop the Subdivision Proposal.
PREPARATION OF SUBDIVISION PROPOSAL

(a) **Requirements** In preparing the Subdivision Proposal, the VC Contractor must address the following matters:

(i) the creation of all Encumbrances required by the Principal acting reasonably having regard to the operation of clause 9.11 (*Encumbrances*), and that
Encumbrances may be required between the various stratum lots created by the Subdivision and may not have been included in the Draft Section 88B Instrument;

(ii) without limiting clause 5(a)(iii) of this Schedule D12, any matters set out in the Subdivision Principles;

(iii) the sharing of costs and responsibilities for Shared Facilities not included in the Draft BMS between the Lot Owners having regard to clauses 4.3(h) and 4.4 of the Subdivision Principles; and

(iv) any other matters required by the Principal (acting reasonably).

(b) (Appointment of Surveyor) The VC Contractor must:

(i) appoint a Surveyor to prepare the proposed Subdivision Plan and associated Subdivision Documents;

(ii) appoint the Surveyor within after the date of this deed; and

(iii) obtain the prior written consent of the Principal (acting reasonably) to:

(A) the appointment of the Surveyor under clause 5(b)(ii) of this Schedule D12; and

(B) any replacement of the Surveyor from time to time.

6. DETERMINATION OF SHARED FACILITIES AND SHARED COSTS

(Shared Facilities and Shared Costs) If, within after the Subdivision Proposal is submitted by the VC Contractor under clause 4(a) of this Schedule D12, the parties cannot reach agreement in relation to the matters referred to in clause 5(a)(iii) of this Schedule D12, the VC Contractor may, at its Cost, appoint an independent expert (being an expert approved by the Principal (acting reasonably)) to determine the matters, such determination to be made within after the appointment of the independent expert. The determination of the independent expert will be binding on the VC Contractor and the Principal, except where such determination was made fraudulently or contains a manifest error.

7. VC CONTRACTOR BOUND BY ENCUMBRANCES

(VC Contractor is bound) The VC Contractor agrees that:

(a) on registration of all Encumbrances to be created under clause 5(a)(i) of this Schedule D12, it is, or will be, bound by such Encumbrances; and

(b) any lease, licence or other right of occupation granted by the VC Contractor in respect of the Retail Lot, Concourse Lot, Development Lot 1 and/or Development Lot 2 must contain an acknowledgment from any tenant, licensee or occupier that it is bound by the terms of those Encumbrances even if they are registered after the date the VC Contractor enters into its arrangements with the relevant tenant, licensee or occupier.

8. STAGE 1 SUBDIVISION

(a) (Requirements) If:
(i) the Principal is of the view that the OSD Works are required to be, but is not, sufficiently advanced to achieve accurate boundary definitions of Development Lot 1 and the Airspace Lot; or

(ii) the VC Developer has not procured the relevant Approval to Subdivide the Subdivision Land to create Development Lot 1 and the Airspace Lot,

by the date referred to in clause 4(a) of this Schedule D12, then the VC Contractor must provide to the Principal a Subdivision proposal (Stage 1 Subdivision Proposal) which must:

(iii) outline and provide reasonable details of the stratum lots which will comprise the Station Lot, Concourse Lot, Development Lot 2, the Retail Lot and the Stage 1 Residual Lot; and

(iv) attach:

(A) a proposed subdivision plan which creates the Station Lot, the Retail Lot, Concourse Lot, Development Lot 2 and the Stage 1 Residual Lot (Draft Stage 1 Subdivision Plan);

(B) a proposed Section 88B Instrument which includes all easements required to operate and maintain Sydney Metro City & Southwest or are required by an Authority;

(C) a proposed Building Management Statement; and

(D) a certificate from the Surveyor addressed to the Principal confirming that the above documents accord with the Project Planning Approval (Chatswood to Sydenham), the Subdivision Principles and, as much as reasonably practicable, the draft Subdivision Documents,

(the Stage 1 Subdivision Documents).

(b) (Cooperation) The VC Contractor must consult in good faith and cooperate with the Principal to develop the Stage 1 Subdivision Proposal.
9. **LICENCE TO USE LOADING DOCK**

(Loading Dock) If the VC Contractor is unable to create Development Lot 1 by the Date of Completion, then, for the period commencing on the Date of Completion and expiring on the date of registration of an easement in respect of the Loading Dock substantially in the form of the easement for access and use of the Loading Dock as set out in the Draft Section 88B Instrument, the VC Contractor grants a licence or must procure the grant of a licence in favour of the Principal and its Associates to access and use the Loading Dock on the same terms and conditions as set out in the Draft Section 88B Instrument.
10. **NOTICE OF CREATION OF LOTS**

*(Notice)* The VC Contractor must, within [insert time frame] after it becomes aware that each of the Retail Lot, Concourse Lot, Development Lot 2 and Development Lot 1 has been created by way of registration of the Subdivision Documents, notify the Principal in writing of such registration.

11. **OPERATION OF THE BUILDING MANAGEMENT STATEMENT**

*(Building Management Statement)* If the Building Management Statement has been registered on title as contemplated under this Schedule D12, during the period commencing on the date of such registration and expiring on the Date of Completion, the VC Contractor agrees to be bound by and to comply with the terms and conditions of the registered Building Management Statement (to the extent that such terms and conditions apply) as if it were the registered proprietor of Development Lot 1, Concourse Lot, Development Lot 2 and Retail Lot, provided that to the extent there is any inconsistency between the terms and conditions of the registered Building Management Statement and this deed, this deed will prevail.
SCHEDULE D13. – SUBDIVISION PRINCIPLES

(Clause 23.2)

1. DEFINITIONS

In this Schedule D13:

- **Concept SSD Consent** has the meaning given in the OSD PDA.
- **Draft Building Envelope Plan** means the plan in Exhibit 1 Schedule C4 of the OSD PDA.
- **Restricted OSD Area** has the meaning given in the Building Management Statement.
- **Shared Facilities Schedule** has the meaning given in the Building Management Statement.
- **Station Lot Owner** has the meaning given in the Building Management Statement.
- **Transfer Level** has the meaning given to it in the SWTC.

2. SUBDIVISION PLAN

2.1 Surveying principles to be adopted by the Surveyor

(a) Stratum boundaries are required to be defined relative to Australian Height Datum (AHD).

(b) Horizontal boundaries – each Lot extends from within the lowest common floor slab (that is intended to be within the Lot) up to within the slab above (that is intended to be within the Lot). It is common practice to adopt the centre of the respective slabs.

(c) Vertical (perimeter) boundaries – with the exception of item (e) below, each lot extends to the outside structural surface. The lot that is adjacent to the lot that extends outside the structural surface is to be projected to the external boundary to reduce any small slivers of land being created (other than in respect of the Airspace Lot).

(d) For common walls of two internal lots – generally “ad medium filum” applies.

(e) The external perimeter boundaries of the Development Lot 1 and Development Lot 2 above Transfer Level will align with the maximum building envelopes (which is intended to extend beyond the outside structural surface as indicated in the Draft Building Envelope Plan) approved in the Concept SSD Consent.

2.2 Conceptual principles

(a) The intended owner of the Station Lot (Lot 1 in the Subdivision Plan) will be the Principal.

(b) Lot 2 in the Subdivision Plan will be Development Lot 1 and will comprise the OSD.

(c) Lot 3 in the Subdivision Plan will be the Retail Lot. The Retail Lot will be limited in depth and limited in height.
(d) The intended owner of Lot 4 in the Subdivision Plan will be the Principal. Lot 4 will be the Airspace Lot and will comprise the airspace (limited in depth) above and adjacent to Development Lot 1 and Development Lot 2. Lot 4 will not be part of the building referred to, or included, in the BMS.

(e) The Station Lot will be unlimited in depth and limited in height. All infrastructure and services forming part of the Victoria Cross Station (excluding any retail components) must sit within the boundaries of the Station Lot, except as otherwise agreed by the Principal.

(f) Development Lot 1 will be limited in depth and limited in height.

(g) The Station Lot will contain all of the plant and equipment that exclusively or predominantly service the Victoria Cross Station, all platform areas (including the platforms up to the tunnel) and all paid concourse areas, including for example:

(i) the station goods lift;

(ii) the area comprising the bike parking for Victoria Cross Station; and

(iii) the Sydney Metro station manager's office.

(h) Lot 5 in the Subdivision Plan will be Development Lot 2. Development Lot 2 will be limited in depth and limited in height.

(i) Lot 6 in the Subdivision Plan will be the Concourse Lot. The Concourse Lot will be limited in depth and limited in height.

(j) To the extent that there is any land from the Subdivision Land which is in excess of the land required for the purpose of the Victoria Cross Station and the other lots in the Subdivision Plan, this land will comprise the "Residual Lot". The Residual Lot will be created as a separate stratum lot in the Subdivision Plan and will be owned by the Principal.

(k) The VC Contractor and the Surveyor must work collaboratively with the Principal to agree the boundary between the Station Lot and the station platforms with respect to requirements for structural separation and/or easements necessary to define the extent of the Building governed by the Building Management Statement to the satisfaction of LRS.

2.3 **Easement sites**

Where the location of an easement has not been included on the Draft Subdivision Plan, it is to be implied by its intended purpose or:

(a) if the easement benefits or burdens the Station Lot, it must be agreed by the Principal; or

(b) otherwise is subject to agreement between the Principal and the VC Contractor.
3. SECTION 88B INSTRUMENT

3.1 Draft Section 88B Instrument

(a) **(Parties to agree)** As at the date of this deed, the final form of the Section 88B Instrument is to be agreed between the Principal and the VC Contractor based on the Draft Section 88B Instrument and in accordance with Schedule D12 (Subdivision requirements).

(b) **(Draft Section 88B Instrument)** The VC Contractor acknowledges and agrees that:

(i) as a general principle, easements will be registered on the title to each Lot as relevant and will, in conjunction with the Building Management Statement, govern on-going operational rights and obligations and use of and responsibility in respect of Shared Facilities and other relevant areas affected by the easements;

(ii) to the extent that the Principal has agreed with the VC Contractor that certain infrastructure or services or Metro Assets (as defined in the Draft BMS) utilised by the Victoria Cross Station may sit outside of the Station Lot, contrary to the principles described in paragraphs 2.2(e) and 2.2(f) of this Schedule D13, the Principal may require that easements be granted over such infrastructure and services;

(iii) the parties will consider whether the easements need any additional provisions to deal with the interface between Services that are not Shared Facilities and those that are Shared Facilities;

(iv) the parties will consider whether all of the easements set out in the Draft Section 88B Instrument are required; and

(c) the Draft Section 88B Instrument contemplates and includes the proposed wording for easements for access (H), (K) and (S). The Easement Site in respect of each of these easements:

(i) (in respect of (H)) must have a minimum clear width for circulation of 8m wide, with the exception of one column adjacent to the through site link stairs which reduces this to 7.2m and minimum clear height of 2.95m;

(ii) (in respect of (K)) must have a minimum clear width for circulation of 6m and minimum stair width of 2.4m; and

(iii) (in respect of (S)) must have a minimum clear width for circulation of 3m.
3.3 Other easements

(a) The Draft Section 88B Instrument may not yet include those easements, positive covenants and restrictions on use that:

(i) may be required pursuant to the conditions of any Approvals, including the Planning Approvals;

(ii) the Principal may require for the purpose of operation and maintenance of Sydney Metro City & Southwest (including Victoria Cross Station); or

(b) Without limiting paragraph 3.3(a)(ii) of this Schedule D13, the parties have not yet considered whether there will be easements in respect of the following:

(i) the right for the Station Lot Owner to install ticketing machines on one or more of the other Lots;

(ii) the earthing and bonding infrastructure and lightning protection system; and

(iii) access to (and the requirement to maintain) landscaping and public art.

4. BUILDING MANAGEMENT STATEMENT

4.1 BMS provisions

(a) The VC Contractor is required to prepare and finalise each of the schedules and annexures to the Draft BMS (including the Shared Facilities Schedule and the plan showing the Restricted OSD Area) in accordance with the principles outlined in this Schedule D13 and the ISD Operations Principles.

(b) The proposed Building Management Statement to be included in the Subdivision Proposal or the Stage 1 Subdivision Proposal will reflect the principle that the
Restricted OSD Area will not include any areas that need to be accessed by the Station Lot, Concourse Lot, Development Lot 2 or Retail Lot or contain any Shared Facilities which are shared by the Station Lot or Retail Lot.

(c) If the Stage 1 Proposal is adopted, the proposed Building Management Statement will contain appropriate provisions that allow for:

(i) the second stage Subdivision as contemplated by paragraph 8 of Schedule D12 (Subdivision Requirements);

(ii) final members on completion of the second stage Subdivision as contemplated by paragraph 8 of Schedule D12 (Subdivision Requirements); and

(iii) completion of the OSD Works in accordance with the OSD PDA.

(d) The Principal and the VC Contractor will consider whether:

(i) the maintenance and works obligations set out in the Building Management Statement align with the easements in the Draft Section 88B Instrument; and

(ii) the Building Management Statement needs any additional provisions to deal with the interface between services that are not Shared Facilities and those that are Shared Facilities.

(e) The Principal may allow its contractor to exercise the Principal’s rights, as agent for the Principal, under the Building Management Statement.

(f) The parties have not yet considered whether there will be any provisions in the Building Management Statement for access to and the requirement to maintain landscaping and public art.

(g) The VC Contractor may require architectural and landscape standards to be prescribed on registration of the Building Management Statement. If this is the case, the VC Contractor and Principal must agree the form of those standards acting reasonably.

(h) The VC Contractor may require additional provisions to be included in the Building Management Statement to regulate the relationship between Members and use of Shared Facilities, provided that such additional provisions do not adversely impact on the Station Lot Owner, the Station Lot, pedestrian access to and from the Station Lot or result in a Metro Operational Impact.

(i) The parties must ensure that the final Building Management Statement will be in a form that complies with the Subdivision Legislation and is in registrable form.

4.2 ISD Operations Principles

Elements of the BMS that relate to operational issues must be completed to align with the ISD Operations Principles.

4.3 Shared Facilities Schedule

(a) The Shared Facilities Schedule attached to the Draft BMS is in draft form, is incomplete and is to be agreed between the parties (acting reasonably). This includes the parties agreeing on what is included in (or excluded from) the draft
Shared Facilities Schedule, the description and scope of each Shared Facility, the Lots that are allocated the benefit of each Shared Facility and also the cost apportionment percentage allocated to each Lot with the benefit of the Shared Facility.

(b) Notwithstanding paragraph 4.3(a) above, the method of allocation of costs listed in the Shared Facilities Schedule reflect the agreement between the parties at the time of this agreement.

(c) There will be no Shared Facilities behind the operational boundary, unless otherwise agreed by the Principal.

(d) All Shared Facilities will be maintained by the building management committee, except to the extent that clause 6.4 of the Building Management Statement applies.

(e) The division of costs for the consumption of utilities in respect of Shared Facilities requires further consideration by the Principal and the VC Contractor. The basis for calculation of utility consumption is to be agreed between the parties.

(f) Where the concept of "consumables" is included in a Shared Facility, the parties will consider and agree what this includes.

4.4 Shared Facilities Plan

The Shared Facilities Plan attached to the Draft BMS is in draft form, is incomplete and is to be agreed between the parties (acting reasonably). This includes the parties agreeing on each of the Shared Facilities Plans and the Access Easement Sites shown on those plans.

4.5 Licences over Pedestrian Access Ways

Clause 4.14 of the Draft BMS contemplates that a plan will be attached to the Building Management Statement or submitted to the Committee to set out that part of the Pedestrian Access Way the subject of the proposed licences referred to in that clause. The VC Contractor and the Principal will agree the proposed locations and the plan prior to the registration of the Building Management Statement.

Despite clauses 10.2 and 10.3, the Tenant cannot terminate this Lease and must continue to pay the whole of the Rent and other money due under the Lease up to the Terminating Date if the Tenant caused or contributed to the damage or destruction.

10.5 Landlord not obliged to repair or reinstate

Nothing in this clause 10 obliges the Landlord to restore or reinstate the Premises.

10.6 Disputes

(a) If any dispute arises under this clause 10 the Landlord and the Tenant may appoint a Valuer to determine the dispute and the proportion of the Valuer’s costs that each party must pay.

(b) If the Landlord and Tenant are unable to agree on a Valuer, either of them may request the President of the Australian Property Institute Inc – NSW Division to nominate a Valuer to be appointed by the parties.

(c) The Valuer acts as an expert and not as an arbitrator and the Valuer’s decision is final and binding. The parties may make written submissions to the Valuer but the Valuer is not obliged to take account of the submissions.
11. ASSIGNMENT, SUBLEASE AND MORTGAGE

11.1 Restriction on assignment and other dealings

(a) Subject to clauses 11.1(b), 11.1(c) and 19, the Tenant must not do any of the following:

(i) assign this Lease or grant a sublease of the Premises;
(ii) part with or share possession of the Premises;
(iii) grant any licence, franchise or concession affecting the Premises;
(iv) grant an Encumbrance over or otherwise deal with this Lease or the Tenant’s interests in the Premises or the Tenant’s Property; or
(v) procure anything specified in clauses 11.1(a)(i) to 11.1(a)(iv) inclusive.

(b) The Tenant must assign this Lease at the same time and to the same entity as it assigns the Station Delivery Deed. The Tenant must not otherwise assign this Lease.

(c) The Tenant may grant a non-exclusive licence to or share possession of the Premises with any of the Tenant’s Subcontractors, as that term is defined in the Station Delivery Deed.

11.2 Requirements for assignment

If the Tenant proposes to assign this Lease:

(a) the Tenant and assignee must enter into a deed in the form reasonably required by the Landlord under which (among other things):

(i) the assignee agrees to perform all of the Tenant’s express and implied obligations under this Lease, including the obligation to indemnify the Landlord;
(ii) the Tenant releases the Landlord from all its obligations under this Lease;
(iii) the Tenant acknowledges its continuing obligations under this Lease; and

(b) the Tenant must give the Landlord a signed and registrable transfer of this Lease.

12. DEFAULT, TERMINATION AND EXPIRY
13. INFORMATION REQUIRED FOR ENVIRONMENTAL REPORTING

13.1 Tenant to provide assistance

(a) The Tenant must provide all necessary assistance to the Landlord to enable the Landlord to:

(i) comply with its obligations under any law, or the lawful requirements of any Government Agency, relating to GHG emissions, energy consumption, energy production, energy efficiency or ecological sustainability (including, but not limited to, NGERS) insofar as it relates to the Premises or the activities conducted on the Premises; or

(ii) obtain an environmental rating for the Premises (including, without limitation, a National Australian Built Environment Rating System Energy rating).

(b) The assistance that the Tenant must provide includes, but is not limited to:

(i) providing all data relating to GHG emissions, energy consumption and energy production arising from, or in connection with, the activities conducted on the Premises in a form reasonably requested by the Landlord;

(ii) providing all reasonable assistance to an auditor which may be appointed under NGERS;

(iii) allowing the Landlord access to the Premises in connection with assessing or obtaining an environmental rating for the Premises; and

(iv) providing all information that may be required by the Landlord to comply with any statutory disclosure requirements.

13.2 Tenant's warranty

The Tenant warrants that all information and data provided (or to be provided) to the Landlord under this clause 13 is (or will be), to the knowledge of the Tenant, true and correct.
14. POWER OF ATTORNEY

14.1 Appointment of attorney

(a) The Tenant irrevocably appoints the Landlord and each officer (as defined in the Corporations Act) of the Landlord severally as its attorney to:

(i) complete and register this Lease (if required for the exercise of any power);

(ii) do anything that the Tenant must or may do under this Lease if the Landlord considers that the Tenant has not done it or has not done it properly;

(iii) do anything that the Attorney considers is necessary or desirable to remedy any breach of this Lease by the Tenant;

(iv) exercise any right, power, authority, discretion or remedy of the Tenant under this Lease, after the Tenant has breached this Lease; and

(v) execute a transfer or surrender of this Lease or a withdrawal of any caveat, after the Tenant has breached this Lease.

(b) Each Attorney may appoint and remove substitutes, and may delegate its powers (including this power of delegation) and revoke any delegation.

14.2 General

(a) An Attorney may do anything contemplated by this clause even if the Attorney is affected by an actual or potential conflict of interest or duty, or might benefit from it.

(b) An Attorney may do anything contemplated by this clause in its name, in the name of the Tenant or in the name of both of them.

(c) The Tenant must ratify anything done by an Attorney under this clause.

(d) The Tenant gives the power of attorney in this clause:

(i) to secure performance by the Tenant of its obligations to the Landlord under this Lease and any property interest of the Landlord under this Lease; and

(ii) for valuable consideration, receipt of which is acknowledged by the Tenant.

15. PERSONAL PROPERTY SECURITIES ACT

15.1 PPSA clauses

Each party agrees that:

(a) if the Landlord determines that this document (or a transaction in connection with it) is or creates a security interest for the purposes of the PPSA, the Tenant agrees to do anything the Landlord reasonably asks (such as obtaining consents, producing, completing and signing documents) to ensure that the security interest is enforceable, perfected and otherwise effective with the intended priority;

(b) to the extent the law permits:
(i) the Landlord need not comply with, and the Tenant may not exercise rights under, any provisions of Chapter 4 of the PPSA that may be contracted out of; and

(ii) the Tenant waives its rights to receive any notice that is required by the PPSA (but this does not prohibit the Landlord from giving such a notice); and

(c) if the Landlord exercises a right, power or remedy in connection with this document (or a transaction in connection with it), that exercise is taken not to be an exercise of a right, power or remedy under the PPSA unless the Landlord states otherwise at the time of exercise (but this clause does not apply to a right, power or remedy which can only be exercised under the PPSA); and

(d) for the purposes of any provision in this document restricting disclosure, disclosure under section 275 of the PPSA will only be regarded as required by law, to the extent that section 275 requires disclosure despite any agreement to the contrary.

15.2 Meaning of terms

Terms defined in the PPSA have the same meaning in this clause 15 unless the context otherwise requires.

16. NOTICES

16.1 How to give a notice

A notice, consent or other communication under this Lease is only effective if it is:

(a) in writing, signed by or on behalf of the person giving it;

(b) addressed to the person to whom it is to be given; and

(c) either:

(i) sent by pre-paid mail (by airmail, if the addressee is overseas) or delivered to that person's address; or

(ii) sent by fax to that person's fax number and the machine from which it is sent produces a report that states that it was sent in full without error; or

(iii) if the person to whom it is being given is the Tenant, delivered to the Premises.

16.2 When a notice is given

A notice, consent or other communication that complies with this clause is regarded as given and received:

(a) if it is sent by fax or delivered, if received:

(i) by 5.00 pm (local time in the place of receipt) on a Business Day - on that day; or

(ii) after 5.00 pm (local time in the place of receipt) on a Business Day, or on a day that is not a Business Day - on the next Business Day; and

(b) if it is sent by mail:
(i) within Australia - after posting; or
(ii) to or from a place outside Australia - after posting.

16.3 **Address for notices**

A person's address and fax number are those set out below that person's name in the relevant Item in the Information Table in this Lease, or as the person notifies the sender.

17. **GENERAL**

17.1 **Tenant's warranty**

The Tenant warrants that it has not been induced to enter into this Lease by any express or implied statement, warranty or representation:

(a) whether oral, written or otherwise;

(b) made by or on behalf of the Landlord in respect of the Premises or anything relating to, or which could have an effect on, the Premises including but not limited to:

(i) the fitness or suitability of the Premises for any purpose; or

(ii) any fixtures, facilities or amenity in or on the Premises.

17.2 **Governing law**

(a) This Lease and any dispute arising out of or in connection with the subject matter of this Lease is governed by the laws of New South Wales.

(b) Each party submits to the exclusive jurisdiction of the courts of New South Wales and courts of appeal from them, in respect of any proceedings arising out of or in connection with the subject matter of this Lease.

17.3 **Giving effect to this Lease**

Each party must do anything (including execute any document), and must ensure that its employees and agents do anything (including execute any document), that any other party may reasonably require to give full effect to this Lease.

17.4 **Variation and waiver**

(a) A provision of or a right under this Lease may not be waived or varied except in writing signed by whoever is to be bound.

(b) The exercise of a right partially or on one occasion does not prevent any further exercise of that right in accordance with the terms of this document. Neither a forbearance to exercise a right nor a delay in the exercise of a right operates as an election between rights or a variation of the terms of this document.

(c) The Landlord's acceptance of any arrears or late payment of Rent, the Outgoings or other money under this Lease does not operate as a waiver of:

(i) the essentiality of the Tenant's obligation to pay Rent, the Outgoings or other money in respect of those arrears or the late payment; or
(ii) the Tenant's continuing obligation to pay Rent, the Outgoings or other money during the Term.

17.5 Operation of this Lease

(a) Subject to clause 17.5(b), this Lease contains the entire agreement between the parties about its subject matter. Any previous understanding, agreement, representation or warranty relating to that subject matter is replaced by this Lease and has no further effect.

(b) Any right that a person may have under this Lease is in addition to, and does not replace or limit, any other right that the person may have.

(c) Any provision of this Lease which is unenforceable or partly unenforceable is, where possible, to be severed to the extent necessary to make this Lease enforceable, unless this would materially change the intended effect of this Lease.

17.6 Operation of indemnities

(a) Each indemnity in this Lease survives the expiry or termination of this Lease.

(b) A party may recover a payment under an indemnity before it makes the payment in respect of which the indemnity is given.

17.7 Landlord's consent

Where this Lease contemplates that the Landlord may agree or consent to something (however it is described), the Landlord may:

(a) agree or consent, or not agree or consent, in its absolute discretion; and

(b) agree or consent subject to conditions,

unless this Lease expressly contemplates otherwise. Any consent or conditional consent given by the Landlord must be in writing.

17.8 No merger

The provisions of this Lease do not merge on termination.

17.9 Expiry or termination

Expiry or termination of this Lease does not affect any rights arising from a breach of this Lease before then.

17.10 Exclusion of legislation

(a) The covenants, powers and provisions implied in leases by sections 84, 84A, 85 and 86 of the Conveyancing Act 1919 (NSW) do not apply to this Lease.

(b) Without limiting clause 17.10(a), any legislation that adversely affects an obligation of the Tenant, or the exercise by the Landlord of a right or remedy, under or relating to this Lease is excluded to the full extent permitted by law.
17.11 Mitigation of damages

If the Landlord has a duty to mitigate its damages:

(a) the Landlord’s conduct in performing that duty does not constitute acceptance of the Tenant’s breach or repudiation or a surrender by operation of law; and

(b) that duty does not apply if the Tenant vacates or abandons the Premises during the last year of the Term and the Landlord intends to renovate or demolish the Premises.

18. BUILDING ENERGY EFFICIENCY CERTIFICATE

(a) The parties acknowledge and agree that a Building Energy Efficiency Certificate is not required to be provided by the Landlord under this Lease, on the basis that the Landlord is not a “constitutional corporation” for the purposes of the Building Energy Efficiency Disclosure Act.

(b) The Tenant must not make any Claim against the Landlord or seek to terminate this Lease because the Landlord has not provided the Tenant with a Building Energy Efficiency Certificate.
We certify this dealing to be correct for the purposes of the *Real Property Act 1900* (NSW).
