Pymble cutting stabilisation works
From Saturday 16 November to Sunday 17 November

What we’re doing
Sydney Trains will be undertaking cutting stabilisation works along a railway cutting near Beechworth Road at Pymble from Saturday 16 November to Sunday 17 November.

To reduce the risk of falling rock disrupting rail operations, we will be shotcreting the cutting face, removing loose rocks and vegetation on the cutting face and along the top/edge of the northern side of the cutting. This work will not involve the removal of any mature trees.

We understand this work may have an impact on you and your neighbours. We appreciate your patience and understanding.

How this affects you

Noise
- These works may create additional noise at night and over the weekend.
- **Work will take place daily between 6am and 6.30pm from Saturday 16 November to Sunday 17 November.**
- Equipment may be delivered to the worksite outside of the above times. Some deliveries may occur at night due to travel restrictions on large vehicles.
- Finishing works may take place following this period, including the removal of equipment.

Traffic and Parking
- Work vehicles and heavy vehicles will be using local streets to access the rail corridor via Avon Road and Beechworth Road.
- While we will park our vehicles inside the rail corridor where possible, please be aware that on-street parking may be limited near worksites.

We apologise for any inconvenience and thank you for your cooperation during these essential works.
