Hornsby power pole replacement
From Tuesday 26 November to Saturday 30 November

What we’re doing
Sydney Trains and its contractors will be undertaking electrical maintenance - replacing a power pole - near the intersection of Railway Parade and Denison Street between Tuesday 26 November and Saturday 30 November.

The pole replacement works will require the closure of Railway Parade from 11.30pm on Friday 29 November to 5am on Saturday 30 November. Following this full closure, one lane of Railway Parade will remain closed between 5am and 4pm on Saturday 30 November.

This closure is necessary to ensure safety. A crane and elevated work platform will be used to remove the existing pole and lift the new pole into position.

Detours will be marked and traffic controllers will be on duty during this work.

We understand this work may have an impact on you and appreciate your patience and understanding.

How this affects you

Road closure and night work
- These works may create additional noise at night on the weekend.
- Preparation works will take place daily (7am to 3pm) from 26 to 29 November.
- The Railway Parade/Denison Street intersection will be closed to traffic during the pole replacement works from midnight Friday 29 November to 5am Saturday 30 November.
- One road lane will remain closed to traffic from 5am to 4pm on 30 November.
- Work vehicles will use local streets to access the site and street parking on Railway Parade may be limited during these works.

Noise and light pollution
- Residents can expect to hear noise associated with rail vehicles and crane operations. We will aim to reduce noise by limiting vehicle movements.
- Light pollution will be minimised by directing lights away from properties.

We apologise for any inconvenience and thank you for your cooperation during these essential works.
