Transport for NSW is upgrading electrical infrastructure as part of the Power Supply Upgrade Program, which is designed to meet expected power requirements for Sydney’s future rail network and new fleet of air-conditioned trains.

**Upcoming construction activities**

We will be upgrading and installing power poles and wires in and around the rail corridor between Strathfield and Chullora.

**Traffic changes**

From **8pm Friday 6 December to 6am Saturday 7 December**, three out of four lanes on Richmond Road, Homebush West will be closed. Traffic control will be in place to provide directions to motorists and pedestrians. Traffic access will be maintained in both directions, however delays may be experienced.

For detailed information regarding this work, please see map over the page.

**Construction equipment**

Equipment to be used includes cherry pickers, an excavator, a street sweeper, a concrete truck, lighting towers, a crane, a vacuum truck, a wood chipper, work vehicles and various hand and power tools.
Transport for NSW is committed to minimising noise impacts on the community. We switch off equipment when it is not being used, place equipment as far away from properties as possible and monitor our work activities to make sure noise levels are being managed effectively.

**Keeping the community informed**

If you would like to speak with the project team about this work, please contact us through the details provided below. Thank you for your understanding during this work.
