

Transport Access Program

Waratah Station Upgrade

Project Update

August 2019

Transport Access Program

The Waratah Station Upgrade is being delivered as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

Project overview

Transport for NSW is upgrading Waratah Station to make it easier for everyone to access, including people with a disability, limited mobility, parents/carers with prams and customers with luggage.

August work

Construction activities will continue in August and will include:

- concrete work for the lift on Platform 1 (within hoarding)
- concrete work for the two external lifts, both inside the rail corridor and on Railway Terrace
- removal of four trees (one is deceased) nearby the Railway Terrace lift location, subject to approval.

Equipment to be used includes jack hammers, excavators, concrete pumps, trucks, vacuum truck, surveying equipment, power and hand tools.

Standard construction hours

Work will be carried out during standard construction hours, **7am to 6pm, Monday to Friday**, and **8am to 1pm, Saturday**. Notifications of any works occurring outside of these standard hours will be given prior to works commencing.

Pedestrian and traffic detours

To carry out work safely on Railway Terrace there will be some intermittent traffic and pedestrian access changes in place. Traffic control and signage will be in place to assist pedestrians and motorists with these temporary changes.

Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: www.transport.nsw.gov.au/waratah.

For further information on the project, please call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au.
