

# Transport Access Program

## Wye Station Upgrade

Project Update

July 2019

## Transport Access Program

The Wye Station Upgrade is being delivered as part of the Transport Access Program, a NSW Government initiative to provide a better experience for public transport customers by delivering accessible, modern, secure and integrated transport infrastructure.

### Project overview

Transport for NSW is upgrading Wye Station to make it easier for everyone to access, including people with a disability, limited mobility, parents/carers with prams and customers with luggage.

### Upcoming weekend work

We have work coming up that will be undertaken outside of standard work hours. To ensure the safety of our customers and staff, this work will be completed during a scheduled Sydney Trains track work weekend when **no train services will be operating**.

From **6am Saturday 13 July** until **10pm Sunday 14 July 2019** work will be undertaken to install concrete foundations for the two external station lifts, weather permitting.

Activities include using equipment to excavate and construct concrete foundations (piling work) for two lift shafts - one on Gorokon Road and one on Wye Road, as well as concrete placement for the platform lift shaft.

Equipment used includes piling rig, excavators, concrete trucks, temporary lighting and generators, power and hand tools.

For more information **1800 684 490**.

Email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au) or visit [www.transport.nsw.gov.au/projects/current-projects/wye-station-upgrade](http://www.transport.nsw.gov.au/projects/current-projects/wye-station-upgrade).

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

To create a safe working zone for the construction team, a section of Wyee Station commuter car park (off Gorokon Road) and a section of Wyee Road footpath including the kiss and ride space will be temporarily closed.

## Construction hours

Work will be carried out continuously from **6am Saturday 13 July** until **10pm on Sunday 14 July 2019**. The construction plant will be positioned as far away from residential areas as possible with regular respite periods for any noisy works.

## Ongoing July work

Ongoing construction activities during July include:

- concrete works for new lift shaft at platform (within scaffolding)
- concrete works for the two external lift shafts (one on Gorokon Road / one on Wyee Road).

Equipment used includes piling rig, jack hammers, concrete trucks, vacuum trucks and surveying equipment.

## Standard construction hours

Standard working hours are **7am to 6pm, Monday to Friday**, and **8am to 1pm, Saturday**.

Notifications of any works occurring outside of these standard hours will be given prior to works commencing.

## Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: [www.transport.nsw.gov.au/projects/current-projects/wyee-station-upgrade](http://www.transport.nsw.gov.au/projects/current-projects/wyee-station-upgrade). For further information on the project, please call the Project Infoline on **1800 684 490** or email [projects@transport.nsw.gov.au](mailto:projects@transport.nsw.gov.au). For information about train replacement services, please visit [transportnsw.info](http://transportnsw.info) or phone Transport Info on 131 500.
