

Transport Access Program

Waratah Station Upgrade

Project Update

January 2020

January work

Construction on the Waratah Station Upgrade is progressing well, with ongoing upgrades to the station facilities and lift shaft construction undertaken throughout the month of December. Activities will continue in January and will include:

- installation of cladding and glazing for the three lift shafts
- work to the station toilets and waiting room pouring a new ground floor slab, installing plumbing and electrical services
- construction of new access stairs and retaining walls at the station entry off Platt Street.

Equipment to be used includes elevated work platforms, concrete trucks, concrete pumps, delivery trucks, vacuum truck, power and hand tools.

The site will be closed from Friday 20 December 2019. We wish the community a restful holiday period.

Work will recommence from Monday 6 January 2020, and most work will continue to be carried out during standard construction hours, which are **7am to 6pm Monday to Friday**, and **8am to 1pm Saturday**. We will notify nearby residents and businesses in advance if we need to work outside these times.

Toilet and waiting room closure

The existing toilets and waiting room on Platform 2 are closed for refurbishment. The waiting room will re-open in early 2020 and the toilets will re-open in late March 2020. Two temporary unisex toilets are located on Platform 2 at the rear of the existing building.

Keeping the community informed

The community will be kept informed with regular project notifications and information via the project website found at: www.transport.nsw.gov.au/waratah.

For further information on the project, please call the Project Infoline on **1800 684 490** or email projects@transport.nsw.gov.au.

For all urgent enquiries or complaints regarding construction activities, please call our 24-hour Construction Response Line on 1800 775 465.
