

Transport Access Program

Glenbrook Station Upgrade

Community Notification

January 2019

Project update – planning approval and site establishment

Work to begin the Glenbrook Station Upgrade is soon to begin with planning approval for the project recently granted in December last year. Site establishment will commence this month on **Tuesday 29 January 2019**.

Work in January will include the installation of site sheds, fencing and hoarding, minor civil construction and locating utility services.

Key features of the station upgrade include:

- a new lift to provide access to the existing footbridge
- an accessible kiss and ride area and upgraded footpaths on Burfitt Parade
- new ambulant toilet and family accessible toilet
- new station entrance and accessible pathways
- upgrades to existing platform surfaces
- upgrades to CCTV, wayfinding and lighting for improved safety and security.

Thank you to everyone who provided feedback during the November community consultation period. Information about the feedback we received and how it was considered, can be found in the project Determination Report available at www.transport.nsw.gov.au/glenbrook

Upcoming changes to parking

From **Tuesday 29 January**, **25 car parking spaces will close** in the western commuter car park on Burfitt Parade for approximately 12 months, to allow establishment of a site compound and sheds.

The remaining spaces in this car park will continue to be available for commuters through the eastern entry off Burfitt Parade, which will function as both an entry and exit point during works. Signage will be in place to assist customers with these access changes.

Location of spaces to be closed within the western commuter car park on Burfitt Parade for establishment of a site compound.

We understand that the upgrades to the station will bring some changes during construction. The project team will be seeking to minimise any inconvenience as we bring these benefits to the community as soon as possible and we thank you for your patience during this time.

Standard working hours

Standard work hours are between **7am to 6pm, Monday to Friday** and **8am to 1pm Saturdays**.
