

In Brookvale, the main construction work for the new pedestrian bridge is complete. The signalised pedestrian crossing will be decommissioned in the coming weeks and reserved only for use should the pedestrian lifts be out of service. The bridge is accessed via stairs and lifts near the bus stops on each side of Pittwater Road.

The new pedestrian bridge spans Pittwater Road from the side of the Brookvale Community Health Centre across to the bus stops outside Westfield Warringah Mall, and will improve traffic flow whilst providing safer accessibility for pedestrians and cyclists.

Work is continuing on a new dedicated left-hand turn northbound into Cross Street from Pittwater Road. This work is planned for completion by March 2020 and will also improve northbound traffic flow in the area.

Details of work during March

Construction activities for the **pedestrian bridge** will involve traffic control signal works and finishing works. Construction activities for the left-turn lane into **Cross Street** will involve pouring and laying the new concrete pavement, kerbs, asphalt and footpaths as well as landscaping.

Hours of work

Work will occur at the **pedestrian bridge** site located on the map overleaf during the following hours:

- **7am to 5pm Monday to Friday**
- **7am to 4pm Saturday**
- up to two nights a week (generally between **Sunday to Thursday**) from **8pm to 6am**.

Work will occur at the **Cross Street** site located on the map overleaf during the following hours:

- **7am to 6pm Monday to Friday**
- **8am to 1pm Saturday**
- up to five nights a week (generally between **Monday to Friday**) from **6pm to 5am**.

Minimising community impact

Some of the work may be noisy, measures will be implemented to reduce the impact of work, including turning off vehicles when not in use, completing noisy work early in the evening where possible, using barriers to reduce the noise and directing noise and lights away from residents.

Traffic, parking, bus stop and pedestrian changes

There may be some temporary traffic, parking, bus stop and pedestrian changes to ensure the work zone is safe. There may also be lane closures, footpath closures and pedestrian detours in place during construction. Please keep to speed limits and follow the direction of traffic controllers and signs.

Night work

Night work is undertaken outside of standard construction hours to improve the safety of workers, pedestrians and motorists, and to minimise impacts to traffic. Works are dependent on weather and site conditions and are subject to change.

Cross Street

To continue construction of the new left turn into Cross Street, night work will be required for up to five nights per week, generally between Monday to Friday. The calendar below is indicative only and work may not always occur for the five consecutive nights, subject to weather, scope and site conditions.

| March 2020 | | | | | | |
|------------|--------|---------|-----------|----------|--------|----------|
| Sunday | Monday | Tuesday | Wednesday | Thursday | Friday | Saturday |
| 1 | 2 | 3 | 4 | 5 | 6 | 7 |
| 8 | 9 | 10 | 11 | 12 | 13 | 14 |
| 15 | 16 | 17 | 18 | 19 | 20 | 21 |
| 22 | 23 | 24 | 25 | 26 | 27 | 28 |
| 29 | 30 | | | | | |

Key Night work

Brookvale pedestrian bridge

We will be working up to **two nights** per week on **2 and 3 March 2020**, subject to weather conditions with contingency dates of **11 and 12 March 2020**. Activities will include completion of the failsafe gates and traffic control signals. Impacted stakeholders will be notified separately of any date changes and details around specific activities prior to the commencement of work.

Contact information

For more information on the work on the Northern Beaches B-Line Program, please contact us via the **Project Infoline on 1800 048 751**, visit www.transport.nsw.gov.au/b-line or email projects@transport.nsw.gov.au.
