Regional Rail Project
Business Support Catalogue
Connecting regional businesses to programs that can enhance skills and capability

In partnership with Momentum Trains
1. Who should use this Catalogue?

Does your business...

- Want to supply goods and/or services to the Regional Rail Project (the Project), for example (but not limited to) landscaping, building systems, rail component supply or civil works?

- Operate in the Central West & Orana region?

- Have a contract to supply goods and/or services to the Project (including contracts that require specific jobs and skills targets to be met)?

- Want to build capacity to support winning and delivering work on other projects in the region?

If you answered YES to one or more of these questions, then this Business Support Catalogue is for you.
2. What is the Regional Rail Project?

The NSW Government is replacing the ageing NSW regional rail fleet of XPT, XPLORER and Endeavour trains.

The new regional trains will improve safety, accessibility, amenities and reliability for customers who travel from Sydney to many regional centres in NSW, as well as Canberra, Melbourne and Brisbane.

The NSW Government awarded the contract to deliver the Project to Momentum Trains in February 2019. Momentum Trains is an international consortium comprising CAF, UGL Rail Services, Pacific Partnerships, CAF Investment Projects and DIF Infrastructure V Coöperatief.

As part of the Project, a new train maintenance facility will be built in Dubbo to stimulate the regional economy and help create sustainable job opportunities and skills. Opportunities exist for businesses to tender for work with consortium partners and their sub-contractors to deliver the new maintenance facility and support ongoing maintenance activities. The jobs, skills and industry participation (JSIP) program within the Project aims to develop the skills of local small to medium enterprises (SMEs), helping them tender more successfully for this and future projects.
To support these opportunities the Project has identified three key priority areas and objectives:

**Regional jobs – valuing diversity**
- Provide sustainable regional jobs
- Increase Aboriginal participation
- Provide opportunities for young people

**Developing our skills base**
- Help resolve regional skills shortages
- Enhance regional workforce retention and career prospects
- Transferable skills and qualifications

**Opportunities for Regional NSW businesses**
- Increase opportunities for regional NSW business, ANZ SMEs and recognised Aboriginal businesses to access the Regional Rail supply chain
- Help boost and improve regional and broader NSW business capability and capacity

FIGURE 2: JSIP Strategy for the Project

This catalogue promotes Local, State and Federal programs aimed at supporting businesses. Throughout the document several different terms are used for the original people of Australia and their descendants – depending on the program being discussed. The NSW Government is committed to using inclusive language that recognises all First Nations Peoples in Australia.
3. What is in this Catalogue?

This Business Support Catalogue provides information on programs, grants and general support for businesses to build capability and capacity, such as accessing funding to expand their operations or service offerings, or develop their employees’ skills.

The Catalogue focuses on support for businesses in and around the Central West and Orana Region (Figure 1), although other businesses across NSW may benefit from these programs. There may be other programs relevant to your business that are not included in this Catalogue - you can explore other opportunities in consultation with your local Council or Chamber of Commerce.
4. Key contacts for this Catalogue

For further support using this Business Support Catalogue, contact: Momentum Trains JSIP Hub at project@momentumtrains.com.au or by visiting 64 Wingewarra Street, Dubbo.

For information on the NSW Government’s JSIP-related policies or if you are interested in having your business used as a case study in future versions of the Catalogue, contact Transport for NSW at: JSIP@transport.nsw.gov.au.

For more information regarding the Regional Rail Project visit www.transport.nsw.gov.au/projects/current-projects/regional-rail
5. Programs and grants

Dubbo Regional Council

Type of support: Dubbo Regional Council’s Economic Development team help business and industry with connections, economic statistics, access to grants and funding, workforce development and more.

CASE STUDY: Dubbo Regional Council – Economic Development Services team support

Helping win Government tender success story

Location: Dubbo, NSW

Services: Building contracting

A local building contractor had committed to tender for work on a Federal Government funded construction project in the Dubbo region. As well as the usual contractor based submission information required, they were looking for an edge as to how their submission could stand out from the competition.

The contractor decided to include economic data and projections supplied by the Economic Development Team, to demonstrate that if the local contractor was successful, what the impact to the local economy would be.

The information demonstrated if they were chosen as primary contractors, the economic flow on effects to the local economy would be extremely beneficial in increasing economic output, supporting local jobs and also supporting the local supply chain.

The construction company was also provided with a letter of support and was subsequently successful in winning the project work.

Why should you contact Dubbo Regional Council?

Dubbo Regional Council takes a holistic approach to economic development, growth and expansion. This involves supporting the attraction of new investment via new businesses, development of existing businesses, expansion of industries, workforce development, events support and jobs and skills development.

We can put you in touch with the right people in the right place to get things done, whether that’s the right staff in the right department to get through the Development Approval process efficiently, or putting you in touch with different Council departments that can assist in getting your business operation up and running.

CASE STUDY: NSW Government Business Connect

HR & staffing support success story

Business name: SqueegeeMEclean

Services: Window cleaning

Location: Parramatta, NSW

Support: HR & staffing

Kevin Galea knows that in business, a first impression can be the difference between a loyal customer and a missed opportunity. His window cleaning business, SqueegeeMEclean, looks after more than 140 customers in Parramatta on a regular basis. Kevin first noticed the Business Bus in the centre of Parramatta Square, but it wasn’t until he began the process of hiring new staff that he reached out for business advice.

Kevin was placed in the expert hands of Robert Green, a Business Connect advisor with more than 45 years’ experience in small business. “Bob played an important role in the recruitment process, giving me advice on what to look out for and high-level oversight every step of the way,” he said.

Thanks to Robert’s support and advice, Kevin was able to hire two staff who now deliver exceptional service and results for SqueegeeMEclean’s clients. He now meets with Robert on a monthly basis to make sure his business continues to grow, and he stays accountable every step of the way.

“Finding the right people was so hard. I would hire someone and spend time training them, before realising they weren’t a good fit for the business. It became a vicious cycle and I spent more time trying to manage staff than look for new business. This went on for about six or seven months before I decided to reach out to the Business Connect program.”

Kevin Galea, Business Owner
Australian Federal Government – The Entrepreneurs’ Programme

Type of support: The Entrepreneurs’ Programme delivers advice, networking and grants to help Australian businesses grow, innovate and commercialise.

They help businesses grow by improving management capabilities, extending supply networks and taking advantage of growth and trade opportunities.

Targeted business: All – Eligibility criteria applies

Details:

- **Specialist advice**: Provide advice and support to businesses around competitiveness, productivity and growth using a network of 100 Advisers and Facilitators, drawn from industry.
- **Business evaluation**: Broad review of business, action plan and support from a mentor for up to one year.
- **Supply chain facilitation**: Access to a skilled business adviser for up to one year and a supplier improvement plan.
- **Growth services**: Customised growth plan and access to a business adviser who will assist with growth opportunity for up to two years.
- **Funding**: Opportunity to apply for funding to action the adviser’s recommendations.
- **Learning events**: Targeted and tailored events and activities.

Advisers and facilitators:

Contact Details:

Why should you contact the Entrepreneurs’ Programme?

The Entrepreneurs’ Programme helps transform Australian businesses. They help you grow your business by developing your capability to trade and export in global markets, and improve your supply chain performance. Their unique services give you access to expert advice and financial support through grants and incentives.

When you join the program, you will receive practical advice and mentorship from a dedicated team of facilitators, who will work together with you to help achieve your business’ vision. Their facilitators can help guide you to be more competitive and productive, attract investors and commercialise your products, and work with the research sector to solve problems.
CASE STUDY: Australian Federal Government – The Entrepreneurs’ Programme

Business development and strategy success story

**Business name:** Jayben Group

**Services:** Original equipment manufacturer (OEM) company and specialises in power train products and light to medium industrial plant equipment, resource and development, manufacturing and domestic and international development.

**Location of manufacturing plants:** Burnie, Tasmania and Adelaide

**Current reach:** Distribution throughout Australia and Asia

**Support:** Supply chain facilitation

A few years ago, Jayben was hit hard by the news that its main customer, Caterpillar, was moving its manufacturing plant to Thailand. During this difficult time, Jayben Group decided to turn the risk into an opportunity.

An Entrepreneurs’ Programme Facilitator worked with this innovative business, providing tailored guidance on how it could improve its supply chain relationships, maximise networking opportunities and better communicate its value proposition to potential customers. This program provided practical support to build management and business capability, helping business to grow and improve.

The company is participating in other supply chain facilitation offerings to continue improving their competitiveness in international markets.

“Through the Entrepreneurs’ Programme, we learnt what it takes to be in global supply chain and how to really make that jump from being a local supplier to be a global supplier. We are now setting up a warehouse in Thailand in collaboration with another Tasmanian manufacturer, so we can fully manufacture our products in Australia and then export to a warehouse close to Caterpillar’s manufacturing plant.”

Chris Johnson, Lean Production Manager, Jayben

Transport for NSW Regional Rail Business Support Catalogue 13
Public Works Advisory and Regional Development

**Type of support:** The Public Works Advisory and Regional Development branch of the Department of Regional NSW delivers programs to support local communities, build strong industries, activate regional economies and grow investment in NSW.

**Contact details:**
Contact your local Council for further advice/information.
CASE STUDY: Upstairs – start-up business hub in the Central West
Helping a start-up to grow success story

Business name: Constructive Energy Pty Ltd

Location: Bathurst, NSW

Services: Energy efficiency, renewable energy action plans and facilitation.

Current Reach: Central West / Orana / Far West / Riverina

Key clients: Local government, builders, commercial and industrial business founded by Ashley Bland in November 2018 with first year profit at $1,400. Current projections for 2020 are $300K.

Support: Office space, mentoring, business planning and practical advice.

“The Upstairs start-up Hub provided exactly what I needed to start my business; affordable office space, mentoring, business planning, practical advice, referrals and a positive and supportive working environment. I have also gained two contract employees and evolved my business plan to the point of offering end-to-end services in energy, both efficiency and renewable generation, across regional NSW, VIC and SA. I have no doubt that I would not be in this position without Upstairs.”

Ashley Bland, Managing Director.

Ashley and a new member have begun a collaboration to develop a new entity – novel gen-retailer with national/global potential. Linking energy generation and delivery with smart management. Market projection is $100 million in five years. Both Ashley and this new member continue to work on their original business.

Address: PO Box 789, Bathurst NSW 2795
Phone: 0488 033 301
6. Aboriginal and Torres Strait Islander Business support programs

Contact details:
Ciorsdan Daws, Senior Engagement Officer Central West – Western NSW, National Indigenous Australians Agency
Phone: (02) 5852 1006
Email: ciorsdan.daws@official.niaa.gov.au
Address: Level 1, 65 Church St, Dubbo NSW 2830

CASE STUDY: Recruitment services

Business name: First People

Services: Labour hire and Indigenous workforce placement and training across Australia.

Location of manufacturing plants: Dubbo, NSW

Current reach: Distribution throughout Australia

Support: First People is a partnership between two Supply Nation 100 percent Aboriginal owned businesses. First People provides jobs for Indigenous people on rail projects throughout QLD, NSW and VIC, and the Dubbo Hospital upgrade. They are also the maintenance contractor for a Dubbo project (Rare Earth Mine), achieving a significant Indigenous presence on site.

The NIAA provided support through their Indigenous Entrepreneur Fund to help First People purchase key equipment and update outdated equipment to support the Aboriginal workforce.

For more information see www.firstpeople.com.au
Many Rivers

**Type of support:** Many Rivers is a for-purpose organisation that provides Microenterprise Development (MED) and Community Economic Development (CED) support to Indigenous and other Australians who want to access the economy, however for various reasons lack the financial or practical business support to do so.

**Targeted business:** Aboriginal and/or Torres Strait Islander businesses/small businesses

**Details:** Specialist advice/business support: Free advice for eligible businesses on business start-up and strategy from Microenterprise Development Managers (MEDMs)

**Funding:** MEDM’s support access to micro business loans (loans up to $5,000 for a sole business and up to $10,000 for businesses with additional owners)

**Other services:** legal advice and tools for keeping business records

Business can undertake a self-assessment for eligibility here: [www.manyrivers.org.au/are-we-right-for-you/](http://www.manyrivers.org.au/are-we-right-for-you/)

**Contact details:**

Tim Griffiths, Microenterprise Development Manager, Dubbo, Many Rivers  
Mobile: **0428 238 733**  
Phone: **1300 626 974**  
General: [enquiry@manyrivers.org.au](mailto:enquiry@manyrivers.org.au)

---

**CASE STUDY: Athletics coaching**

**Business name:** X-cellerate Athletics Coaching

**Services:** Labour hire and Indigenous workforce placement and training across Australia.

**Location:** Dubbo, NSW

**Current reach:** Distribution throughout Australia with a focus on Dubbo

**Support:** Many Rivers supported the business through the access of a small Micro-loan to purchase athletics equipment, with further support in financial management and business planning. Mentors were provided to the business, providing support and creative ideas on business projections and website opportunities. Many Rivers supplied a manager that provided one-on-one support that was friendly and supportive.

Supply Nation

**Type of support:** Provides Australia’s leading database of verified Indigenous businesses.

**Targeted business:** Aboriginal and/or Torres Strait Islander businesses

**Details:**
- **Connections:** Provides an extensive database of verified Aboriginal and/or Torres Strait Islander businesses.
  
  Supply Nation is the Australian leader in supplier diversity. They join the biggest national database of Aboriginal and/or Torres Strait Islander businesses with the procurement teams of Australia’s leading organisations and government departments to help them engage, create relationships and do more business.

- **Registration and certification**\(^\text{i}\): Businesses can either be registered or certified as an Aboriginal and/or Torres Strait Islander business by Supply Nation, which can support businesses to access targeted procurement opportunities such as those facilitated by the NSW Aboriginal Participation in Construction Policy\(^\text{iii}\)

**Contact details:**

**Peterson Opio**, Relationship Manager – NSW

Mobile: **02 9056 1334**

Phone: **1300 055 298**

Email: **Peterson.Opio@supplynation.org.au**

---

**CASE STUDY: Photography services**

**Business name:** Darkeye Photography

**Services:** Photographer, video production and editing services.

**Location:** Geurie, NSW

**Current reach:** Orana Region and statewide

**Support:** Darkeye Photography is a family photography business based in Central West NSW, offering a wide range of photography services including wedding, corporate and event photography. They also have an inflatable photo booth used for weddings and parties.

Becoming certified with Supply Nation provided the business with exposure to a wider client base and provided opportunity to work on major projects.

For more information see: **www.darkeyephotography.com.au**
NSW Indigenous Chamber of Commerce

Type of support: Peak body for Aboriginal business in NSW.

Targeted business: Aboriginal and/or Torres Strait Islander businesses

Details:
- Business support and advice: including in new market expansion and strategic branding development.
- Connections: facilitate networking and introductions to industry contacts, with a key tool being the NSW Aboriginal Business Portal.

Contact details:
Contact form: www.nswicc.com.au/contact/
ICC Hunter Region Office & Business Hub
Address: 86 Racecourse Rd, Rutherford NSW 2320
Phone: 02 4932 7722

CASE STUDY: Electrical materials

Business name: Australian Indigenous Electrical Wholesalers

Services: Supply of all electrical material from start to end of works. Cables and accessories, lighting, data comms, general wiring accessories, switchboards, building automation and security.

Location of manufacturing plants: St Marys, NSW

Current reach: National Supplier. Currently supply to HMAS sterling WA and Walgett Hospital.

Support: NSW ICC provided personal support that was culturally appropriate to the needs of a new Aboriginal business. They supported the business to better understand policies and marketing. The business has grown over the years and has since been successful on many projects with major tier one contractors such as CPB Contractors and John Holland.

NSW ICC has further helped support the business through a procurement course and connecting the business with networking events to meet various government and tier one contractors.

The business was registered in 2018 and started trading in 2019, and since then has grown, and continues to grow, thanks to the personal connection of the staff of NSW ICC.

For more information see www.aiew.com.au
Training Services NSW Aboriginal Programs

**Type of support:** Training Services’ Aboriginal Initiatives Unit manages several programs to support workplace mentoring, improving access to employment and training, and creating business opportunities for Aboriginal and Torres Strait Islander people.

**Targeted business:** All

---

**Why should you contact Apprenticeship Support Australia?**

Apprentices and trainees can play a vital role in delivering big projects, strengthening your workforce and contributing to overall business growth.

With offices in Dubbo and Orange and a group of local experts working across the entire Central West and Orana region, Apprenticeship Support Australia are ready to support you, whatever your goals are. They have signed up over 1 million apprentices and trainees over the last 20+ years and are excited to work with you and your business to find the right fit for you.

They offer employers holistic business-wide training advice and can assist in recommending suitable qualifications, advice on how to access Government funding for training, help with matching and recruitment of new staff, as well as ongoing coaching, mentoring and support of apprentices and trainees.
The Apprentice Employment Network

Type of support: The Apprentice Employment Network is a peak body representing a network of independent, not-for-profit Group Training Organisations in NSW and ACT.

The Apprentice Employment Network works to create high quality apprenticeship and traineeship opportunities.

Group Training is a training and employment arrangement where an organisation, known as a Group Training Organisation (GTO), employs apprentices and trainees under an Apprenticeship / Traineeship Training Contract and places them with host employers.

A GTO assumes the employer responsibilities for the quality and continuity of the apprentices’ and trainees’ employment and training. The GTO also manages the additional care and support necessary to achieve the successful completion of the training contract.

Targeted business: All

Details:

Benefits of undertaking an apprentice or trainee through Group Training:

• AEN take the hassle out of finding the apprentice or trainee and take the responsibility of employing the apprentice or trainee.

• AEN cover all of the apprentice or trainee entitlements including sick leave, holiday leave, superannuation and workers compensation costs.

• All of the administration and government paperwork is handled by the GTO.

• All training is arranged by the GTO.

• GTOs work to a set of National Standards to ensure the highest quality of service is provided.
