

Commuter Car Park Program

Leppington

Project update

July 2020

Above: Artist impression Leppington Commuter Car Park, subject to detailed design

Transport for NSW is delivering additional commuter car parking at Leppington Station to provide you with more convenient access to public transport and reduce congestion on our roads. Key benefits of the project include:

- a multi-storey car park with up to 1,000 additional parking spaces
- free parking for up to 18 hours with Transport Park&Ride
- additional accessible parking spaces
- lift access
- road pavement and pedestrian pathway upgrades
- CCTV, lighting and wayfinding for improved safety and security
- provision for electric vehicle charging spaces and motorbike parking is also being assessed.

Construction in stages

Construction of the new multi-storey car park will be staged to ensure minimal disruption to current parking arrangements. The first stage of construction will begin on the vacant land to the west of the existing northern commuter car park and will not require the removal of any existing parking spaces.

For more information call **1800 684 490**

Email projects@transport.nsw.gov.au or visit www.transport.nsw.gov.au/leppington

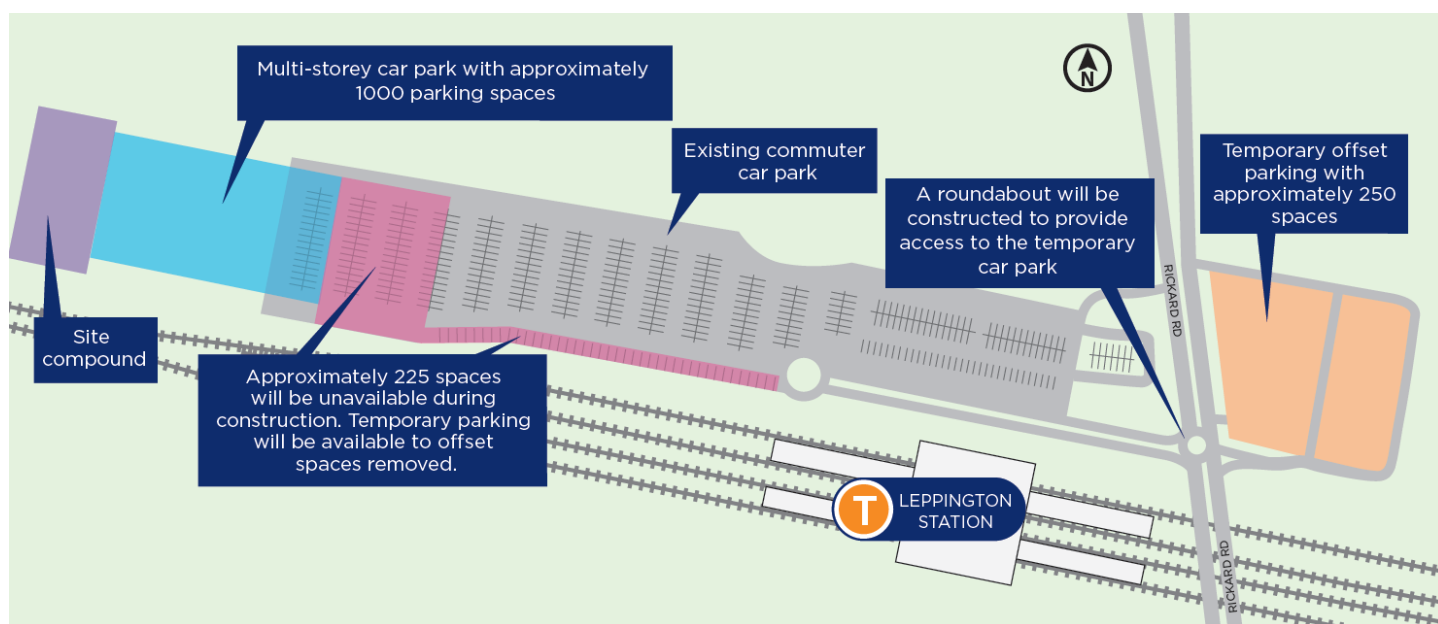

For urgent enquiries or complaints regarding construction activities, please call 24 hours **1800 775 465**

The second stage of construction will require the temporary removal of some parking spaces in the existing commuter car park in order to complete the work safely and alternative temporary parking will be available.

Temporary parking arrangements during construction

On behalf of Transport for NSW, Camden Council will build a temporary car park on vacant land to the north east of the station to offset the spaces removed in the second stage of construction. Construction of the temporary facility is expected to be completed in September.

Site map

Upcoming construction work

Geotechnical work for the multi-storey car park is commencing on site from Friday 10 July. This work will occur on vacant land to the west of the existing northern commuter car park and will not disrupt access to parking spaces.

Work will take place within standard construction hours between **7am-6pm Monday to Friday and 8am-1pm on Saturdays**.

Keeping you up to date

We will continue to keep the community informed with regular project updates. More information is available on our website transport.nsw.gov.au/leppington. If you would like to sign up to our project distribution list, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au and we will email you regular updates.

For all urgent enquiries or complaints regarding construction activities, please call our **24-hour Construction Response Line** on **1800 775 465**.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
