

Commuter Car Park Program Edmondson Park

Artist's impression of the first new commuter car park, subject to detailed design

More commuter car parking is coming to Edmondson Park Station

Transport for NSW is taking the first step in delivering up to 2,000 additional parking spaces at Edmondson Park Station.

Key features of the proposal include:

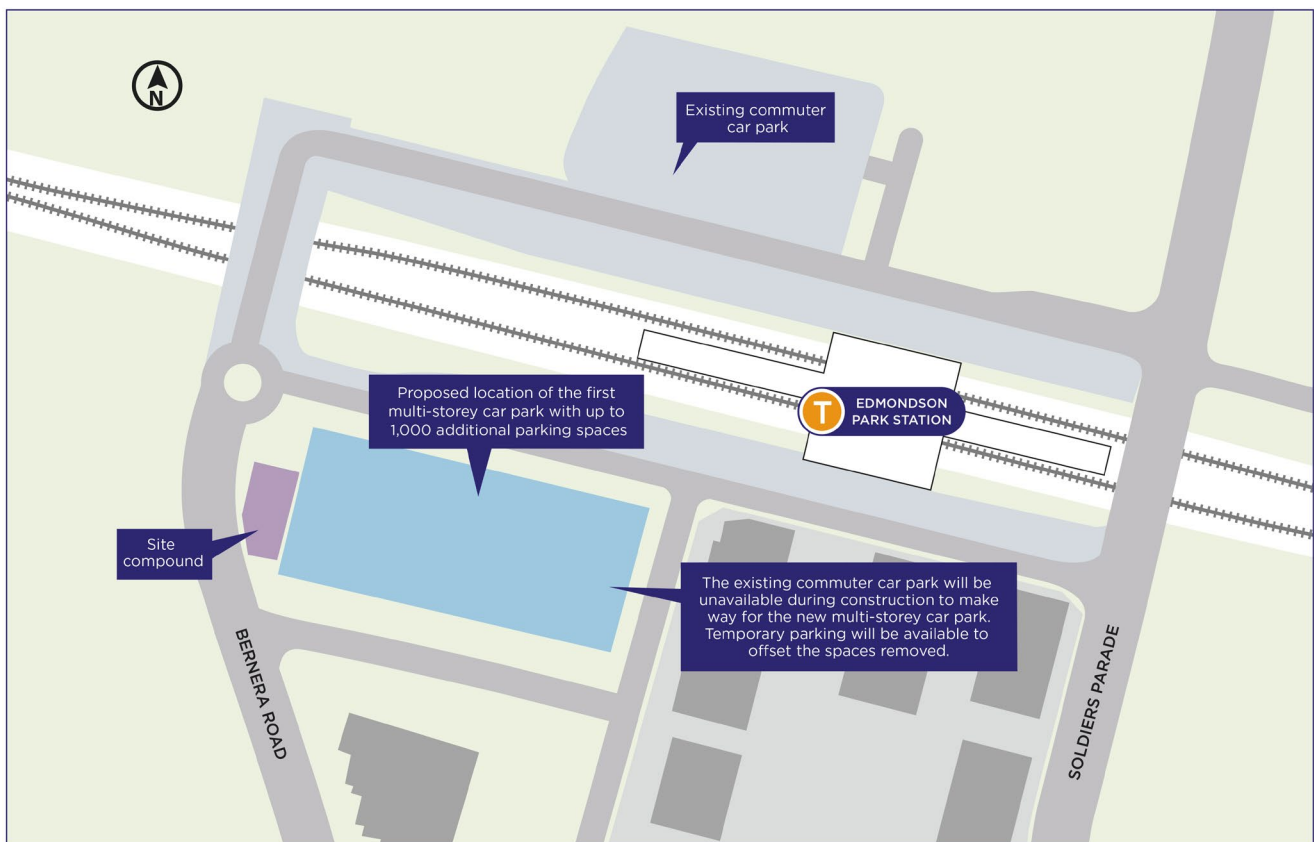

- a multi-storey car park with up to 1,000 additional spaces
- park and ride for free for up to 18 hours – just tap on to your connecting train trip with your Opal card
- additional accessible parking spaces
- CCTV, lighting and wayfinding for improved safety and security
- lift access
- road pavement and pedestrian pathway upgrades for safe and convenient access to and from the station
- provision for electric vehicle charging spaces, solar power and motorbike parking is also being assessed.

Commuter Car Park Program

The Commuter Car Park Program is a NSW Government initiative to provide you with more convenient access to public transport at key transport interchanges, and help ease congestion on our roads. We have already delivered more than 10,000 commuter car spaces across Sydney since 2011, with around 8,000 additional spaces on the way.

The first step in delivering 2,000 spaces

We're taking the first step to deliver up to 2,000 additional parking spaces. The first multi-storey car park will provide up to 1,000 additional spaces on the existing commuter car park site, south of Edmondson Park Station. Work is planned to start around mid-2020 and is expected to be complete in mid-2021. Transport for NSW will continue to work with key stakeholders to finalise the plans for the remaining car parking spaces and more information will be shared with the community soon.

Parking during construction

When construction begins, the existing southern car park will be closed to make way for the multi-storey car park. Temporary parking will be available for the community during construction to offset spaces removed. The existing car park to the north of the station will remain open.

Provide your feedback by Friday 10 April

You can view and provide feedback on the concept design for the first new multi-storey car park on our website at www.transport.nsw.gov.au/edmondsonpark. If you have any questions or feedback, please complete our online feedback form, call 1800 684 490 or email projects@transport.nsw.gov.au.

Keeping you up to date

We will continue to keep you informed about the project through notifications to customers, local residents and businesses, and frequent updates published at www.transport.nsw.gov.au/edmondsonpark.

If you would like to be added to the project distribution list, please email projects@transport.nsw.gov.au and we will email you updates as the project progresses.

This document contains important information about public transport projects in your area. If you require the services of an interpreter, please contact the Translating and Interpreting Service on **131 450** and ask them to call Transport for NSW on **(02) 9200 0200**. The interpreter will then assist you with translation.
