

Commuter Car Park Program

Emu Plains

Artist's impression of the proposed commuter car park, subject to detailed design.

More commuter car parking is coming to Emu Plains

Planning is underway to deliver additional commuter car parking spaces at Emu Plains to provide you with more convenient access to public transport in the first and last part of your journey.

Key features of the proposal include:

- a new commuter car park with up to 750 additional spaces located on vacant land to the west of Emu Plains Station, off Old Bathurst Road
- additional accessible parking spaces
- a new footbridge over Old Bathurst Road to provide safe and direct pedestrian access between the car park and the station
- a new T-intersection on Old Bathurst Road to allow vehicles to enter and exit the car park
- landscaping including a vegetated drainage channel through the car park
- provision for future electric vehicle charging spaces
- motorcycle parking bays
- CCTV, lighting and wayfinding signage for improved safety and security.

Subject to planning approval, construction is planned to begin in early 2021 and is expected to be completed in early 2022.

Have your say on the concept design

You can view and provide feedback on the concept design by completing the online feedback form on our website at www.transport.nsw.gov.au/emuplains, calling **1800 684 490** or emailing projects@transport.nsw.gov.au by **Sunday 25 October 2020**.

Keeping you up to date

We will continue to keep you informed about the project through notifications to customers, local residents and businesses and frequent updates published on our website.

If you have any questions or would like to sign up to receive regular project updates via email, please contact us on **1800 684 490** or email projects@transport.nsw.gov.au.

About the Commuter Car Park Program

The Commuter Car Park Program is a NSW Government initiative to provide you with more convenient access to public transport interchanges and help ease congestion on our roads. We have already delivered more than 10,000 commuter car spaces across Sydney since 2011, with another 8,000 on the way. The additional commuter parking at Emu Plains Station is a joint initiative of the Federal and NSW Governments.
